Re: Grainger Support – Texas Winter Relief Efforts

Ref#: 2021-03-04(3)—GraingerSupportTexasWinterReliefEfforts

Texas Farm Bureau is proud of our member benefit partners who step up in the time of need! In light of the recent extreme weather event and its lasting effects, we reached out to Grainger to see how we might help obtain many hard-to-find recovery items. It is impossible to know just what items each individual situation calls for, so we have provided several ways to contact Grainger – including the cell phone number of our Grainger representative who can personally answer questions and take orders. We are truly appreciative of Grainger's support to expand Texas Farm Bureau's discount program to help Texans recover and repair.

With more than 1.7 million products available, Grainger has discounted items to help with ongoing impacts from winter events and helping for future weather preparations, including:

1. Generators (discounted list is attached – we know some larger generators are on backorder, so please reach out to our Grainger rep for other options.)
2. Heaters (Electric, Gas, Oil/Kerosene) Utilize the Grainger [heater selection guide](#).
3. Plumbing Supplies
4. Electrical Cords
5. 250 Clean Up, Flooding and Cold Weather Supplies
6. Electric Motors for Water Pumps (Please contact Lance for help with any available discounts on motors needed.)
7. + many other products with 1-2 day shipping availability

-continued on next page-

**HOW TO ORDER:**

1. **Order online at www.Grainger.com** (You must be logged in and connected to the TFB account to receive discounted prices. Don't have an account online? Use the PDF attached with step-by-step instructions to set it up.)
2. **Call Grainger Customer Support: 708-396-1900** (They will assist with getting registered, placing orders, answering questions and providing support.)

TFB Account Number: 852881176

TO HELP DETERMINE GENERATOR WATTAGE NEED:

Table 1

Device	Running Watts	Device	Running Watts
Air conditioner (12,000 BTU)	1700 (a,b)	Jet pump	800 (a)
Battery charger (20 Amp)	500	Lawn mower	1200
Belt sander (3")	1000	Light bulb (100 Watt)	100
Chain saw	1200	Microwave oven	700
Circular saw (6 1/2")	2000 (a,b)	Milk cooler	1100 (a)
Coffee maker	1800 (a,b)	Oil burner on furnace	300
Compressor (1 HP)	1400 (a,b)	Oil-fired space heater (140,000 Btu)	400
Compressor (3/4 HP)	1800 (a)	Oil-fired space heater (85,000 Btu)	225
Compressor (1/2 HP)	1400 (a)	Oil-fired space heater (30,000 Btu)	150
Curling iron	700	Oven	4500
Dishwasher	1200	Paint sprayer, Airless (1/3 HP)	600 (a)
Edge trimmer	500	Paint sprayer, Airless (handheld)	150
Electric nail gun	1200	Radio	200
Electric range (1 element)	1500	Refrigerator	600 (b)
Electric skillet	1250	Slow cooker	200
Furnace fan (1/3 HP)	1200 (a)	Submersible pump (1-1/2 HP)	2800 (a)
Freezer	800 (b)	Submersible pump (1 HP)	2000 (a)
Hair dryer	1200	Submersible pump (1/2 HP)	1500 (a)
Hand drill (1")	1100	Sump pump	600 (a)
Hand drill (1/2")	875	Table saw	2000 (a)
Hand drill (3/8")	500	Television	500
Hand drill (1/4")	250	Toaster	1000
Hedge trimmer	450	Vacuum cleaner	250
Home computer	150	VCR	70
Impact wrench	500	Water Heater	3000
		Weed trimmer	500

(a) Hard-starting motors require 3-5 times the rated running watts

(b) For extremely hard to start loads such as air conditioners and air compressors, consult the equipment dealer to determine maximum wattage
