Welcome to Your One Minute Finishers Workout and Exercise Guide!

What You Need for Your Workouts	4
Tips and Tricks	4
When and How to Exercise	6
Workout Routines	7-13

Hey!

I am super happy you are here because that means you are ready to get toned, with your exclusive follow along **One Minute Finishers Workouts**.

Here, you'll find everything you need to get started right away! Remember, this is only a guide and your follow-along workouts can be found below to download at your convenience.

What You Need for Your Workouts

The greatest part is that you don't need ANY equipment.

The only things you need are:

- Yourself
- A mat or towel
- A watch (digital or with second hand) or timer
- Water

Tips and Tricks

There are 3 target areas for the workouts with 4 workouts each – Arms, Core, and Legs & Butt.

Some Basics

Each set of the One Minute Finishers Workouts is 2 minutes long with:

- 3 x 30 second exercises with 10 second active recovery in between
- The workouts are designed for maximum target and tone in minimum time

Putting It All Together

Use your One Minute Finishers workouts whenever you want to target and tone certain trouble spots.

For best results, add 2-3 One Minute Finishers sets to your One & Done workout routine.

How to “Downscale” Each Workout

If you are having a hard time keeping up with the sprint-recover cycle, IT'S OK! I want you to do your best and remember...

...one minute is all you need. Just by giving it your best, you will build a habit structure that will make you MASSIVELY successful in the long-run!

Take your time.

I want you to succeed. If you need to slow down, then slow down, BUT DO NOT stop. Consistency is key, and I want you to do 110% of what your ability can handle. We can build you up!

How to “Up” Each Workout

Increase the amount of sets. Although you will get amazing results from the traditional One Minute Finishers, you can always increase the number of sets you perform.

Perform 2 One Minute Finishers sets before and after you One & Done workout.

When and how to do One Minute Finishers

With the One & Done Workout Program

- Follow your One & Done workout calendar and do 1 One Minute Finishers exercise after your One & Done Workout, before doing the Flow Down. You can choose any one of the One Minute Finishers exercises you like.
- If you have purchased One Minute Abs, follow your One & Done + One Minute Abs workout calendar. Do 1 One Minute Finishers exercise after your One & Done Workout, before doing the Flow Down. You can choose any one of the One Minute Finishers exercises you like.

One Minute Finishers on their own

If you are doing the One Minute Finishers workouts by themselves, simply do 1 exercise from each category (1 from Arms, 1 from Core, and 1 from Legs & Butt) at a time. Your workout frequency per week will depend on your fitness level.

- At the Beginner Level, you should work out 3 times per week.
- At the Intermediate Level, you should work out 4 times per week.
- At the Advanced Level, you should work out 5+ times per week.
