Summer 2018

Noted Marine Executive to Speak at Muster 2018

LtCol Raul Arturo Sifuentes, USMC (Ret)

We are indeed fortunate to have as our honored guest and speaker in San Antonio, fellow Marine Mustang LtCol Raul Arturo Sifuentes, USMC (Retired). Known throughout the Corps and business world as Art, his call sign is 'Mad Mex'. Beginning with his enlistment in 1956, he continues to serve with and for Marines today, arranging for return visits to Iwo Jima for veterans of that iconic battle.

One interesting tidbit of Art's many years service involves a single UH-34 helicopter. Art flew it on the way to Vietnam, with more missions in-country in 1966. Forty-six years later, in 2012, while serving as Executive Director of the Marine Corps Aviation Association, Art flew that same UH-34 over Marblehead, Massachusetts while celebrating Marine aviation's Centennial, the same location the Corps' first aviator, 1stLt A. A. Cunningham flew in 1912. After that flight the grin on his face lasted for days. That very helicopter, "*Gracious Lady*" *Bev*, is now in the main gallery of the National Museum of the Marine Corps in Quantico, VA.

Born and reared in the small farming Community of Lakeview in mid-western Michigan, Art joined the Marine Corps Reserves in 1956 while still in high school, and went on active duty immediately upon graduation in 1957. Graduating from Boot Camp, meritoriously promoted PFC Sifuentes was sent to Infantry Training Regiment (ITR) at Camp Pendleton, CA followed by Radio/Telegraph

FROM: THE PRESIDENT

Greetings, Mustangs:

It has been a great tour; really enjoyed being your President. All good things must come to an end. During the Muster in San Antonio, TX. You have received information about the election process. This is your organization and I am certain that there is enough commitment among you that some Mustang to step up as I did. There are systems in place that will assure a smooth transition and the continuity maintained.

I want to express my gratitude to the Officers, Directors and Business Manager who served with me and worked diligently to ensure that the Mustang Association remains vital. It has not always been easy, but we stuck together and got it done.

- *The Board of Directors meets quarterly to ensure that all business is managed in a timely manner. An Executive Committee is in place to manage any business between Board of Directors meetings and reports any action taken to the Board of Directors.*
- *The Board of Directors recognizes the advantages and values of using electronic technology*
- *MCMA business email addresses for all Officers and Business Manager communications in lieu of using the private/personal email address.*
- *Conference Call.com is used to conduct business meetings*
- *We are using a communications system to enhance the communications to members.*
- *The Membership Data base is almost current and accurate; it been a long haul.....*
- *The web site is current and up to date. Use it for current information...*
- *We are currently operating on a FY budget; it keeps us focused on the financial status of MCMA; it still needs some refining. The membership dues are not sufficient to sustain the operating expenses. Donations from members, advertising your business in the MESTENGO and/or web site and bequest from members would relieve this situation and keep us solvent.*

During my tenure I have realized that the National Headquarters level does well with the operational and administrative tasks. It is seriously limited in having access communications resources to promote and expose the Mustang Association to the communities. We rely on MCMA Chapters to represent the Mustang Association in these areas. Currently there are three MCMA Chapters, we need more. I am appealing to you to start a Chapter in your area/region.

See each of you at the 2018 MCMA Muster; 8-12 August 2018; San Antonio, TX. MarineCorpsMustang.org for details.

Semper Fidelis,

A handwritten signature in black ink, appearing to read "Ernest E. Johnson". The signature is fluid and cursive, with a long horizontal stroke at the end.

Ernest

Continued from front page

Operators Course in San Diego, CA. Upon completion of Radio School, PFC Sifuentes was sent to the Territory of Hawaii to join 1st ANGLICO (AirNavalGunfire Control LiaisonCo) where he was meritoriously promoted to Corporal E.3 and deployed to Japan and Korea. He served with ANGLICO until honorably discharged in 1959.

Upon release from active duty, Art worked his way through college in East Texas and, in 1964 rejoined the Marine Corps upon graduation from Stephen F. Austin State College in Nacogdoches, Texas. Following Officer Candidate School in Quantico, VA, and with a new bride, 2nd Lt. Sifuentes was off to Pensacola, Florida where he earned his aviator's wings in April of 1966.

After a short squadron tour in New River, Jacksonville, NC for 3 months), 1stLt Sifuentes joined Helicopter Marine Medium (HMM) Squadron 163 in Okinawa in September of 1966 where the squadron immediately deployed via the USS Iwo Jima to Viet Nam and offloaded the UH-34 helicopter squadron to Hue/Phu Bai. HMM 163 conducted operations throughout I Corps from Hue/Phu Bai to the DMZ, etc... Newly promoted Captain Sifuentes returned to the US to Marine Corps Air Facility in New River, Jacksonville, NC in October of 1967 where he transitioned to the CH-46 Sea Knight and deployed a number of times aboard ship in support of Med and Caribbean operations with HMM 264.

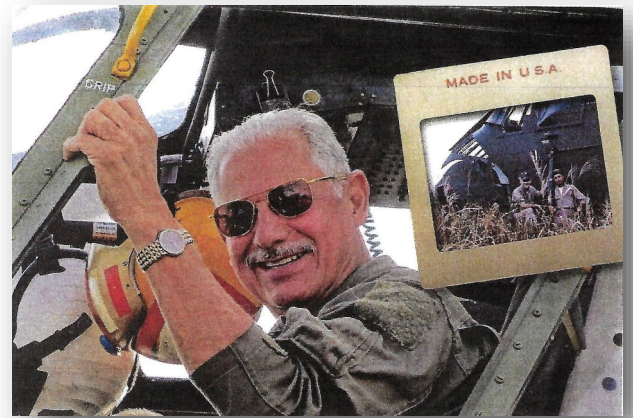

Transitioning to the CH-53 Sea Stallion in 1970, he returned to WESTPAC to Okinawa, Japan and deployed back to Viet Nam aboard ship with HMM 164 supporting I Corps Operations flying both the CH-46 and CH-53. Returning to Okinawa, he transferred to Helicopter Marine Heavy Squadron (HMH) 462 CH-53 helicopters. Upon returning to the US, Capt Sifuentes, now as a family of 4, was assigned to HMH 463 flying the CH-53 D in Kaneohe, Hawaii. Within months the squadron was deployed back to Viet Nam on Operation End Sweep, joining with Navy Minesweeping Squadron 12 (HM-12), assigned to sweep whatever active mines remained in all the North Vietnamese harbors that the US had laid. Early 1972, the Task Force returned and newly promoted Major Sifuentes was transferred to Headquarters and Maintenance Squadron 24, flying the AH-1 Cobra and UH-1 Huey. During this period Maj Sifuentes earned a Master's Degree via off-duty education.

Now 1975, Major Sifuentes was sent to the US Naval Academy (USNA) in Annapolis, MD as the 28th Company Officer, where he commanded a Company of 125 Midshipman teaching leadership and officer-skills to male and female Midshipmen.

From the Naval Academy in 1978, his orders sent him back to Quantico, VA to attend the Marine Corps Command and Staff College. Following graduation he was ordered to Tustin, CA to become the Executive Officer to assist in reforming the newly-returned-from-Viet Nam (and former squadron)

HMH 462. Within months the newly formed squadron deployed to Okinawa for a 6 month Unit Deployment. Upon return, Major Sifuentes was promoted to LtCol and granted Command of HMH 462. Twelve months later, LtCol Sifuentes, and the squadron, returned to Okinawa for another 6 month unit-deployment.

Shortly upon returning to Tustin in April of 1982, LtCol Sifuentes relinquished Command of HMH 462 and was assigned to the Staff of the Chief of Naval Aviation in Corpus Christi, Texas as the Training Officer.

His final flight in UH-34 Lady Bev, May 2012

Continued on next page

Art welcomes Lady Bev to the National Museum of the Marine Corps

Art and his daughter pose in front of the Lady Bev display at the NMMC, 2018

During this time he flew the C-12 King Air, UH-1 Huey and the A-4 Skyhawk. Completing a three year tour in 1985, Art elected to retire in February.

LtCol Sifuentes has 34 Air Medals, Vietnam Campaign and Vietnam Service medals among other awards.

Post Military Employment

1985-1995- Boeing Helicopter Co., Philadelphia, PA--International Marketing CH-47/Marketing V-22/CH-46 Program Manager (early retirement)

1995-1997- Consultant, aviation programs

1997-2005- Rolls-Royce, Marketing Director, USMC aviation (Engines) programs

2005-2015-Executive Director, Marine Corps Aviation Association

2016-present- Director, Business Dev., Military Historical Tours and Iwo Jima Association of America

He has two grown daughters and has been married to beautiful Jeanette for 54 years.

FROM: THE SECRETARY

TogetherWeServed.com offers a FREE video profile to all it's members made from pictures that you provide, which are then turned into a video/slideshow designed to be posted on your TWS profile. The intent behind this video profile is to provide your military history and experience which can be passed down to your family and friends. If you are interested in having the video profile created for free, contact the Secretary at **Secretary@MarineCorpsMustang.org**.

We could also create a video profile of the history of the Marine Corps Mustang Association, but we need your help. We need pictures of past presidents, and past musters that could be put together to tell the story of the Marine Corps Mustang Association. Please send any pictures you may have to the Secretary at **Secretary@MarineCorpsMustang.org**. Please provide as much detail as possible of the picture such as people's names, dates and the event name such as Muster 1990 etc.. If you do not have scan and email ability, please call Tim Cook at (817) 800-3575.

CALLING ALL OLD MESTENGOS

I've been hard at work getting as much history about the Mustang Association documented and saved electronically in the cloud (Box.com) as permanent history available for the Mustangs of the future. Unfortunately, I am missing multiple Mestengo newsletters. Listed below are the issues I am missing. Please check your library and see if you have any of the missing newsletters.

You can send them to me at **209 Evergreen Trl, Weatherford, TX 76087**
OR, you can scan and email them to me at Secretary@MarineCorpsMustang.org

Marines Unveil New Drone Operator Badge Design

UNMANNED AIRCRAFT SYSTEMS BADGE

Officer

Enlisted

The newest breast insignia for Marines has been approved and is ready for issue. In May, the Corps unveiled two new badges that had been approved in November 2017, but were still in the design phase. The UAS Officers' (MOS 7315) badge is gold, featuring a pair of wings almost 3 inches wide with a downward-pointing 'delta' on a shield over fouled (crossed) anchors. The UAS Operator (enlisted) (MOS 7314) badge has the same wings but without anchors and the 'delta' is silver with a silver circle bordering it.

100 Years Proud 1918-2018

First Woman Marine Grave Marker Fundraiser

All Marines, female and male, are taught about Opha May Johnson, the first woman Marine. She joined the Marine Corps in August 1918 and paved the way for thousands of other women to be able to serve as Marines through the current day.

The tragedy is that she is buried in her family plot in an unmarked grave in St. Paul's Rock Creek Cemetery in Washington DC. To date, her important place in history is not even mentioned in the cemetery's list of notables who are buried there.

This oversight must be corrected. The Women Marines Association has sponsored a special project to get an appropriate marker installed to honor this pioneer veteran Marine. We have established a financial goal of \$30,000. To date, we have raised about \$11,500. We could use your help to complete this project. If you would like to donate as a group, or as individuals, you can mail checks made out to **Women Marine Association** with note that the donation is for the Opha May Johnson project.

Thanks for your
consideration,
Kathy Sheppard

ORAL HISTORY PROGRAM AT THE MUSTER

Dr. Fred Allison
Maj, USMC (Ret)

During our Muster in San Antonio, Dr. Fred H. Allison will be on hand to conduct oral history interviews of Marine Mustangs in attendance. Dr. Allison is a retired Marine Major, former F-4 Phantom RIO, and has managed the Oral History Section since 2000. He earned his PhD in history from Texan Tech University in 2003. A quiet space will be set aside for Dr. Allison to conduct the interviews. Please come prepared to share your personal history as a Marine for posterity.

As part of the Marine Corps History Division, the Oral History Section was established in 1966 on order of the 23rd CMC, Gen. Wallace M. Greene, Jr. He defined oral history as *living history*, or the recorded voices of U.S. Marines in Vietnam. He believed that historical interviews would help fill the gap of historical information between the event and what was recorded in official documents, such as command chronologies and after action reports.

In some instances, organizations have undertaken oral history projects to interview their members that have resulted in the donation of several quality interviews. For example, the Women Marines Association donated more than 200 interviews of female Marines extending back to World War II. California State University-Fullerton conducted a social archaeology project on MCAS El Toro, California, because the base had been closed and was being converted to green space. Marines who had served at El Toro were interviewed, resulting in the donation of almost 400 digitized interviews and bound transcripts to the History Division.

Sometimes there is resistance to a request for an interview because Marines humbly do not want to take credit for something that many others had a part in. However, the purpose of oral history interviews is not to elevate one Marine above another, but rather simply to capture the experience of that Marine for posterity. Marine Corps historians emphasize that an oral history interview is dissimilar to an after action report or lessons learned report. The intent is to capture the subject's personal experience – the sights, sounds, smells, feelings, and notable memories of time spent in combat or in the Corps. Such raw descriptions hold tremendous value to researchers and authors who write each new chapter of Marine Corps history. It has been said that every “generation of Marines leaves a heritage to the next.”

Excerpted from *Oral History Program* by Fred H. Allison, PhD

On the Lighter Side

In 1963 Cpl Walter H. Meyer (MOS 2143) wrote this humorous "Dedication to Lifers" poem. Cpl Meyer and his cousin Klaus Berger, (both from Germany) joined the Corps in 1960 and were sent to Parris Island speaking very little English. Cpl Meyer served with distinction and worked with the ONTOS. He served from 25 April 1960 - 24 April 1964.

"DEDICATION TO LIFERS"

IT WAS THE NIGHT BEFORE ROTATION
AND HERE ON THE ROCK
ALL SHORT-TIMERS EYE'S
WERE PACING THE DOCK

YOU LAY BACK ON YOUR RACK
IN YOUR EYE THERE'S A TEAR
THINKING OF CONUS
AND THE GIRL YOU LOVE DEAR

THEN IN YOUR WEARY EAR
WHAT DO YOU HEAR?
LOUD DRUNKEN LAUGHTER
A SHORT-TIMER'S NEAR!

YOU GRINSE ON YOUR PILLOW
FULL SHEETS OVER YOUR HEAD
WHISING LIKE HELL
HE WOULD SOON GO TO BED!

"TOO BAD ALL YOU LIFERS
I'V ENDED MY SPREE
TOO BAD I GO HOME IN SIXTY-THREE!!

GIVE ME THE ADDRESS
OF THE GIRL YOU LEFT HOME
I WILL MAKE SURE
SHE IS NOT LEFT ALONE!

"SHORT-TIMER", YOU SAY
PLEASE GO FROM MY RACK
I JUST LEFT THE STATES
BUT YOU'RE GOING BACK

OH! SHORT-TIMER, NOW MY
HART'S FULL OF WOE
I'M THINKING OF _____
THE HELL WITH ANY-KO!!

SO SHORT-TIMER, PLEASE
GO AWAY 'FOR I CRY
I THINK I'LL BE HERE
TILL THE DAY THAT I DIE!!

"LIFER", HE SAYS
DON'T GIVE ME THAT BIT
LOOK IN MY HAND
SEE MY SHORT-TIMERS STICK??

"WELL NOW MY LAD
SO YOU THINK IT'S TOUGH?
BELIEVE ME FELL
IT'S JUST GETTING ROUGH!"

JUST DO YOUR TIME SON
AND JUST WAIT AND SEE
IN A FEW MORE MONTHS
YOU'LL BE FOLLOWING ME!

BUT WHILE YOU'RE STILL HERE
WITH THE OLD SLIDING DOOR
I'LL BE HOME DRIVING
NEW SHINY FORD'S!!!!

NOW LISTEN LIFER
REMEMBER THIS HINT
THE SHIP YOU RIDE HOME
IS SPILL A BLUE PRINT!!

BESIDES, BOO, HERE ON THE ROCK
YOU HAD BEST PLAY IT COOL
BECAUSE YOUR REPLACEMENT DRAFT'S
STILL IN HIGH SCHOOL!!

SAVE YOUR MONEY LIFER
TO PURCHASE A CAR
BECAUSE WHEN YOU GO HOME
THEY'LL HAVE BRIDGES THAT FAR

AND WITH THOSE LAST WORDS
HE STAGGERS FROM SIGHT
BUT COME NEXT ROTATION
HE'LL MAKE HIS FLIGHT!!

YOU LAY IN YOUR RACK
GIVE A DEEP SIGH
AND GET SETTLED DOWN
FOR YOUR NIGHTLY CRY!!

REGRETFULLY "THE SHORT-TIMER"

New Revisions to Mustang Association Bylaws

The Board of Directors has approved a revised and amended Article of Incorporation and Bylaws of the Marine Corps Mustang Association, Inc. These documents will be posted on the website for members with a valid email address and will be mailed to members, upon request, without an email address.

Members must advise the Business Manager of correct contact information. IAW Article XII of the Bylaws members must be notified of the revisions and amendments thirty (30) days prior to a vote of approval by members. A vote on these documents will be held during the Membership meeting at the Muster in August 2018. Members not present at the Muster may vote via a ballot.

Any and all proposed recommendations or alterations must be sent to the Board of Directors in writing.

Your date of Retirement! Any required corrections!

And, don't forget to let us know your new phone number and email address. Please include all nine digits of your zip code!

PURPOSE

The principal purpose of the Marine Corps Mustang Association, Inc., is to advocate and provide career enhancing support for Marine Officers and Associate Members from other military services who have enlisted Marine Corps experience. We are an organization made up primarily of Mustang Officers with a broad spectrum of successful military and civilian experience. We pursue this mission through mentoring, networking and facilitating relationships that assist Mustang Officers in their careers and civilian transitions. We provide a venue of sharing lessons-learned in occupational fields and industry initiatives that support the mission of the United States Marine Corps.
