## SUPPLEMENTAL REFERENCE

### ARPEGGIO FINDER

*Arpeggio Finder for Guitar* is an extensive reference guide to over 1,300 arpeggio shapes. It's essential for absolute beginners or those who need to brush up on their skills. Twenty-eight different qualities are covered for each key, and each quality is presented in four different shapes. Open strings are used when possible, but most of the shapes are moveable, and therefore easily transposed to any key. The shapes are shown first with a sixth-string root, then with a fifth-string root. There are a few shapes built off the fourth string as well. Most of the arpeggios (besides the extensions) span two full octaves. A fingerboard chart of the guitar neck is provided for reference.
