

It's almost here! Browse unique water-wise and native Idaho plants for your home gardens at the 2019 Members Only Plant Sale! This exclusive members' event includes a carefully curated selection of plants suited for Treasure Valley gardens, many grown at the Idaho Botanical Garden; a complimentary beverage; live music; and an opportunity to pick up Mother's Day gifts.

### **Plant Sale Tips:**

- Become a member today! This is an exclusive Members Only sale.
- Bring your membership card for faster entry (if you do not have your card, a membership list will be available for look-up).
- Arrive early for best selection. Plant quantities are limited.
- Bring your own wagons and boxes to collect and carry all your plants. We provide a limited number of wagons and plenty of friendly volunteers to help tally and tote your purchases.

### **GREETINGS FROM THE HORTICULTURE DIRECTOR**

Hello! For this year's plant sale, we have expanded our efforts to feature plants suited for our region, with an emphasis on local and regional growers. In addition to plants grown here at the Garden — many using local seeds from Snake River Seed Cooperative — you'll find plants that are grown by students in the College of Western Idaho's Horticulture program, as well native and drought-tolerant plants from local grower, Draggin' Wing Farm, and stunning perennials from Old Valley Farm. This year's plant sale also celebrates IBG's debut as a Plant Select® propagator! We're especially excited to participate in this celebrated plant program, featuring regionally hardy plants that have been specifically selected to thrive in the Intermountain West.
