## Begin your voyage...

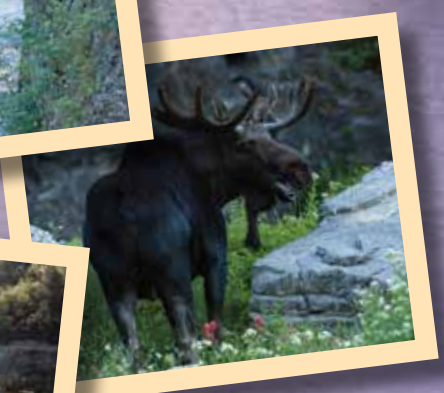

Crane Lake is part of a wilderness so vast, so unspoiled, that it has been preserved in remembrance of the Indian and French-Canadian fur traders who roamed this region from the 1790s to the 1890s. Voyageurs National Park is Minnesota's only national park and its beauty and magnificence present some of the most spectacular vistas in the United States.

Huge granite outcroppings, sculpted by glaciers and crowned with evergreens, meet the lakes' sparkling blue water. Between the rocky bluffs, beaches hide in secluded coves. From breathtaking overlooks and Vermilion Gorge, Vermilion Falls and Grassy Bay Cliffs, you will see some of the oldest geological formations in the nation.

*Welcome to  
America's National  
"Water" Park!*

## Capture lifelong memories...

More than a quarter million acres of waterways that offer outstanding fishing, views of bald eagles nesting in towering pine trees, wind-and-water chiseled rock formations, private, secluded beaches, loons calling across endless blue water, portage trails taking you to yet another lake, a carpet of blueberries waiting to be tasted and so much more...

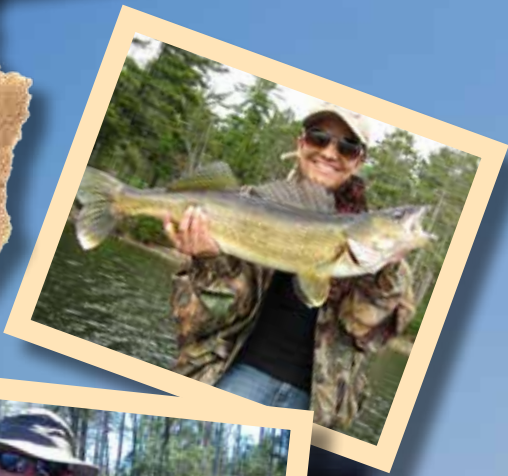

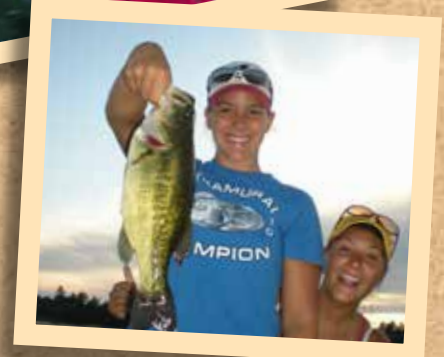

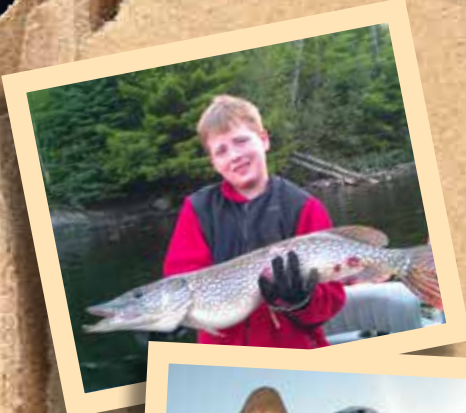

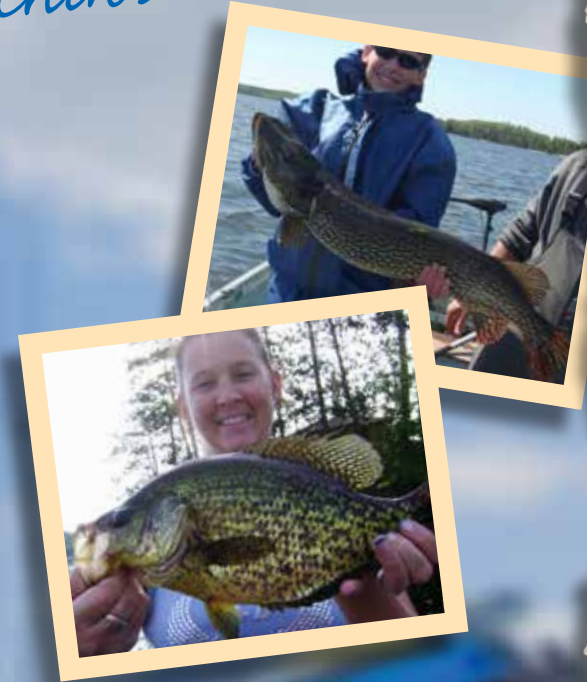

**Stay in the perfect spot to get all of the action you are fishing for...**

Crane Lake is a 3,088 acre, 80-foot deep lake, located at the southernmost entrance to Voyageurs National Park. Crane is an entry point into the Park as well as U.S. Customs port for seaplane traffic. From Crane Lake you connected to all of the Us and Canadian border waters of the Park including Sand Point, Namakan, Kabetogama, Lac la Croix and Rainy Lakes.

Fishing licenses, permits and regulations are here for fishing in U.S. and Canadian waters. From Crane Lake you can motorboat, canoe, kayak or fly-in to anywhere in Voyageurs National Park, or reach the Boundary Waters Canoe Area Wilderness and on to Quetico Provincial Park.

*Fishin's always good...  
but catchin's even better!*

**"What to fish for" may be the toughest decision to make...**

Minnesota's most sought-after fish species are all present here. Cast away for walleye, northern, smallmouth bass, largemouth bass, black crappie, lake trout, lake sturgeon and panfish. Area resorts and related businesses offer fishing guide services, boat and motor rentals, gas, bait and everything you need to have a most memorable experience fishing these National Park lakes.

**You will find us most accommodating to your every need and wish...**

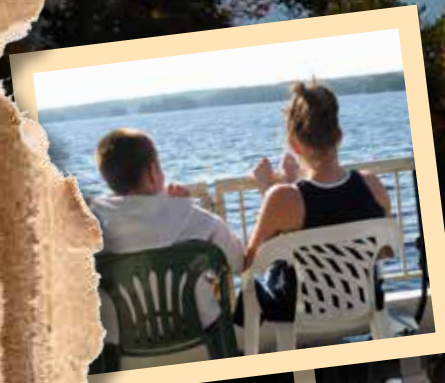

Your experienced hosts in the Crane Lake Area offer unbeatable hospitality and a vacation experience you'll never forget. Our resorts, lodges and motels cater to an array of individual tastes, from all-inclusive resorts to rustic housekeeping cabins nestled in remote wilderness settings.

*Feeling comfortable...  
on, in and off the water!*

Fishing boats, canoes, pontoons, kayaks, bait, tackle, licenses and groceries are available at convenient locations.

For a unique twist to your vacation experience, plan a canoe outfitting trip, designed to fit your schedule and level of experience. Wilderness campsites or RV sites, complete with hookups, are positioned along the water's edge. Find full service marinas and a seaplane base to meet all your travel needs. And if your idea of the ultimate vacation means spending all your time on the water, consider reserving a houseboat to explore the incredible waterways of the Crane Lake area.

Welcome to the vacation of a lifetime

*Pierre*
