***Doruntina Nikçi***

*She completed Primary School in Peja at the "Smajl Hajdaraj" School and secondary school at the "Bedri Pejani" Gymnasium. She completed her Bachelor studies at the University of Peja "Haxhi Zeka", in Accounting and Finance. But she always felt deficient in choosing a profession. Therefore, she decided to study teaching because the dissemination of knowledge to children was for her the greatest virtue and the most valuable thing. She had in her genes the love and care for children as she comes from an educated family of teachers. Thus, she completed her Bachelor studies in teaching at the University of Gjakova "Fehmi Agani", being a distinguished student. Thanks to her dedication and the help of University professors she managed to graduate and currently works as a teacher in Peja practicing the profession she has always dreamed of. Her goals around knowledge do not end here, after the pandemic state will continue with Master studies.*

*"Those who know do. Those who understand, teach. " (Aristotle)*

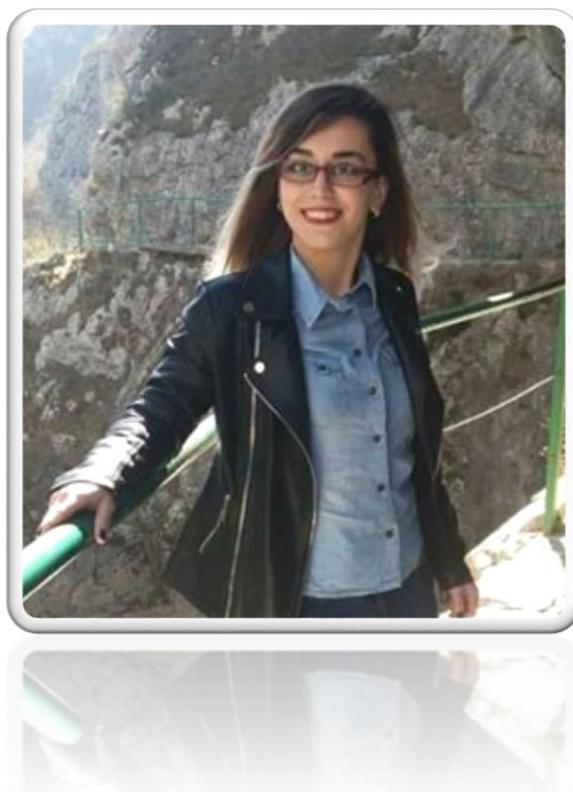

### ***Leuandra Shehu***

*She completed her primary education at the "Mustafa Bakija" School and continued her higher education at the "Hajdar Dushi" Gymnasium. During this period she engaged in English Language courses, which were the impetus for her to continue her studies at the University of Gjakova "Fehmi Agani", in the Program of English Language and Literature. In addition to the commitment and success shown in her department, she worked also in many other aspects of professional development. Leuandra became part of many trainings and scientific conferences with various papers and presentations, including the Summer School of the University of Prishtina, where she was certified with maximum achievement by professors at Indiana University in Bloomington. On a voluntary basis she has developed campaigns for lower secondary school students who won first place awards as well as training for upper secondary school students. Her dedication was also appreciated by the teachers with whom she collaborated during the internship in teaching, lesson development and research on the diploma topic. She was not satisfied with the completion of the Bachelor level and continues her Master studies at the University of Prishtina.*

*These and many other achievements, made her be appreciated by employers, becoming part of the "Elite School" Course Center as an English teacher.*

*Leuandra believes that education begins with the opening of new horizons and encourages students through language to develop themselves and help others to create a society with positive thoughts and willingness to work and advance in life.*

***Edlira Jaka***

### ***Elinda Rexha Pruthi***

*She completed her primary education at the “Mustafa Bakija” Primary School in Gjakova, where she later completed her secondary education at the “Hajdar Dushi” Scientific-Mathematical Gymnasium in Gjakova. She was a student with great success, despite what were the most difficult years at that time, when teaching took place in private homes, in mosques and in primary schools. The desire for teaching has long been planted in her. So, after a few years break, she decided to start her studies, which she had dreamed of very early, and so she enrolled in the Program of Albanian Language and Literature – in Gjakova, which was part of the University of Prishtina in 2009. These studies were very fruitful for her, within which she received a lot of recognition from both the University and the MEST. At the same time, within these 4 years of studies, she was also a beneficiary of the student scholarship, where she completed her studies with an average grade of 9.61. The great will made her, despite the fact that she was a family and a mother with children, still decided to continue her Master studies at the State University of Tetova in the department of Albanian Language and Literature. At the same time, with the Master studies she enrolled in the Preschool Program of the University of Gjakova, with the first generation of the academic year 2013/2014, as she needed it anyway because in 2009 she had opened the kindergarten "Dielli" in Gjakova. During her studies she led the work in her institution for children aged 6 months - 6 years, either as an educator or as a coordinator and also managed to get this institution licensed several times by MEST. During her studies, she also worked in many schools of the municipality of Gjakova, as a teacher of Albanian language with a fixed contract, where among others it is worth mentioning SHMT "Nexhmedin Nixha", SHFMU "Selman Riza", SHFMU "Emin Duraku", SHMU "Yll Morina", where it is worth mentioning many projects on repatriated children within the MEST and other NGOs within which it was engaged in additional education. In 2017 she*

*managed to crown all her study work with success, in which case she completed her masters degree at the University of Tetova with an average grade of 9.5, and in the same year she graduated in the Preschool Program at the University of Gjakova with a average of 9.16. Also, tried to contribute in the field of science, being a participant in several inter-Albanian and Balkan conferences. The years 2009-2019 were the years when her dedication was mainly to the academic world, while the main focus was on trainings and seminars, which belonged to the field of teaching in order to improve their professionalism.*

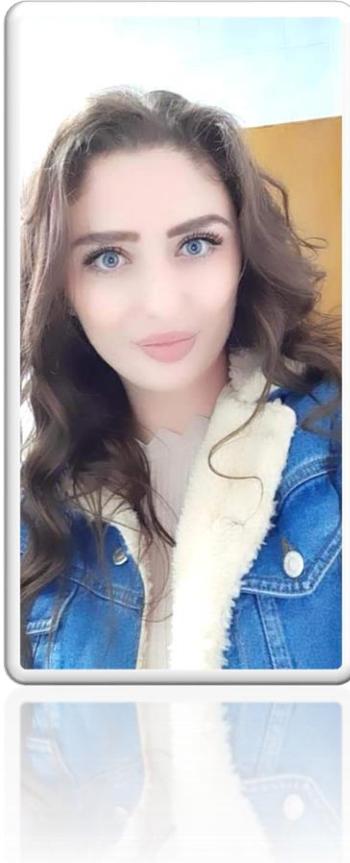

*After many efforts and commitments, she managed to be hired in November 2019 as a Student Officer at the University of Gjakova, where she continues to work today. She is very happy to work in the institution where she spent 8 years studying and where she got the most beautiful student experiences.*

***Ilda Zeka***

*She finished primary school in the school "Mazllom Këpuska" where she then attended high school in the gymnasium "Hajdar Dushi". After high school she continued her studies at the University of Gjakova "Fehmi Agani" at the Faculty of Education. After 4 years of successfully managed to graduate with a high grade point average. But her work did not stop here, she completed the second cycle of Master studies in Specialized Social Pedagogy at the Public University of Tirana "Social Sciences". Now Ilda has her kindergarten Private IEAPP "Driola" in Gjakova where she manages the kindergarten in the most adequate way and practices the profession as an educator and pedagogue.*

*"As we try to teach our children everything about life, our children teach us what life is."*

***Ema Kadriqeli***

*She completed her primary education at the "Mustafa Bakija" School, while her secondary education at the "Hajdar Dushi" Gymnasium of Natural Sciences.*

*She completed her studies at the University of Gjakova "Fehmi Agani", in Primary Program.*

*After graduation she attended several trainings where she was certified by ShoPsiko (Association of Psychologists of Kosovo).*

*One of them is the certificate for the training of progressive color matrices - Raven test for measuring the MDG, for the ages from 5 to 11 years old.*

*Her dedication and cooperation was also appreciated by the teachers with whom she collaborated during the teaching practice in the primary schools "Yll Morina" and "Emin Duraku".*

*Today she practices her profession as a class teacher at the "Zgjimmi" Learning Center.*

*"The mediocre teacher speaks. The good teacher explains. The superior teacher demonstrates. The great teacher inspires."*

*William A. Ward*
