

## New Jersey Fingerprint and Background Check Services

### Frequently Asked Questions (FAQ's)

#### MISCELLANEOUS:

Q: What does the acronym 'UEP' represent?

A: The acronym 'UEP' represents the Universal Enrollment Platform, and is the innovative solution provided by IDEMIA to simplify and reduce costs.

Q: Will there be any change to the delivery of New Jersey background check results?

A: No, there will not be any changes to the delivery of fingerprint results.

#### SERVICE CODES:

Q: What is a Service Code?

A: IDEMIA has assigned a unique Service Code for each unique combination of Agency and Reason for Fingerprinting. This six character Service Code is used to accurately identify the Agency (ORI), Reason for Fingerprinting (RFP)/Civil Type Code, Doc Type, and Price for the transaction. Service Code is a required field for all pre-authorization/pre-enrollment transactions.

1. Service Codes are not sequential numbers. Therefore, it is highly improbable that an applicant accidentally enrolls for the wrong Agency or Service.
2. Applicants will be required to enter the assigned Service Code to begin registration and appointment setup. The new website will offer the ability to lookup Service Code for some fingerprint reasons, but NOT ALL Service Codes or Agencies will be listed in the lookup tool. This restriction is due to requirements to confirm applicants are using the correct fingerprint reason.

Q: How do I obtain my Service Code to register for my background check?

A: Obtaining a Service Code will vary by agency. It may be shared by visiting your agency website or by mail/fax communication. Please contact your employer, potential employer, agency contact, or licensing agency to find out how to obtain your Service Code. IDEMIA staff are not permitted to provide the Service Code onsite or to callers.
