## MORE VICTIMS ARE CLAIMED

### Two New Plague Cases Reported This Morning.

Big House Burning on Nuuanu Street—Health Board and Citizens Committees Hard at Work—New Barracks.

2:30 p. m.—Outside of the two cases today there is nothing new in the plague situation. It is probable that Block 10 will be destroyed tomorrow morning, but this will be decided at today's Board of Health meeting.

### Cases of Wednesday and Today.

Following are the cases of the plague that developed yesterday afternoon: Kaanohi, male Hawaiian, aged 19, employee of Board of Health on odorless excavator. Stricken with the plague yesterday morning and removed to the pest house in the afternoon. Kaanohi was a member of the same gang in which Ione, the other odorless excavator plague patient, was employed. He, with his fellow laborers, had been in a special quarantine place in Kakaako since Ione was stricken with the plague.

Kaneho, male Hawaiian, age 21, member of Co. H, National Guard of Hawaii. This young man was on duty at the corner of Panahi and River streets until noon Tuesday. He went home and was taken sick. Yesterday he was taken to the Queen's Hospital, but was refused admittance by Dr. Cooper who reported the case to the Board of Health. Investigation showed a well developed case of the plague and the patient was removed to the pest house.

Paula, male Hawaiian, aged 12. Body taken from one of the houses to the rear of Kaunakapili church this morning. This is one of the queerest cases on record so far. Last evening Paula was playing Russian War on the streets and this morning at 6 o'clock he was dead, plague having developed during the night. The body was immediately cremated and the buildings of the vicinity will be burned as soon as possible.

Ah Chow, male Chinese, aged 45. Died at detention camp, kerosene oil house, Kakaako, this morning. The case was not very well marked but, upon an autopsy being held, unmistakable signs of the plague were found. The body was cremated.

### Didn't Know About It.

An old white man living in the building on Nuuanu street next the Commercial saloon was with great difficulty persuaded to remove from the place this morning. He was told that the Board of Health would certainly burn the old house but he protested that there were no germs on his premises and that he didn't know whether he would be burned out or not. There was a sudden change of opinion when the engines arrived on the scene and kerosene oil was poured about.

### In Judicial Atmosphere.

The beds used by the physicians and other officers of the Board of Health have been moved from the old legislative hall to the private room of Judge Stanley on the upper floor of the government building. Certainly the men who have to sleep on these beds will enjoy more peaceful rest now that they have been removed from the vicinity of the laboratory into which germs of the plague are daily carried.

### Chief Hunt's Fire Carriage.

Chief Hunt was seated quietly in his fire carriage at the corner of Berea and Nuuanu streets this morning watching the fire on Kukui lane when some one called his attention to the top of the vehicle. A piece of burning wood had fallen there and, before any one could get to it, had burned quite a hole.

### Quarantine Expired.

At a meeting of the Board of Health yesterday Mr. Galt reported that eighty-two Chinese, Japanese and Hawaiians at his detention camp had undergone their quarantine of ten days. The Board decided that these people would have to remain in quarantine ten days without coming in contact with new arrivals. This will keep the eighty-two people in until Saturday.

### Population of Infected District.

The taking of the census in the infected district was finished last evening by Dr. Pratt and the following returns noted: Block 1, 834; 2, 893; 3 and 4, 368; 5 and 6, 548; 7, 257; 8 and 9, 417; 10, 195; 11, 210; 12 and 22, 307; 13 and 14, 70; 15, 617; 16, 1,547; 17 and 18, 310; 19, 19 and 20, 379; 21, 23 and 25, 60. Total, 7,012.

### Violating Health Regulations.

Kamalu (w) and Amala and Keolaha, two boat boys, were arrested today and fined \$10 and costs in the Police Court on the charge of violating Board of Health regulations. Kamalu was taken aboard the Helene last evening by the two boat boys. She was discovered aboard this morning and her immediate arrest was caused.

## Fire on Nuuanu.

Several cottages along Kukui lane and three large buildings directly on Nuuanu street, forming a compact settlement were burned this morning by order of the Board of Health.

Kerosene oil was distributed about in liberal quantities and Dr. Wood saw that the room in which the Japanese woman stricken with the plague was taken from, was given an extra large dose. Then the torch was applied in one of the shacks to the rear and, in a very short time, this was on fire. The flames caught the other shanties and, in about an hour's time, all these had been leveled to the ground.

It was not long before a long building connecting the back part of the premises with the three large buildings facing on Nuuanu street was on fire. The slight breeze from the north-east fanned the flames to good purpose and the latter were soon on fire.

It was at that time the fire ladders had to use their heads and handle the lines of hose with rapidity in order to protect the frame buildings surrounding the fire and those on the other side. At about noon the whole place was burned to the alley on the mauka, the Commercial saloon on the makai, the Orpheum on the Waikiki and Nuuanu street on the Ewa side.

### About Eoreign Bottoms.

After this no foreign vessels in the stream will be allowed to discharge, either in the stream or ashore without a special permit from the Collector General of the port.

## American Wireless

### Telegraph Outside Hawaii

The Electrical World and Engineer says of the new American wireless telegraph company:

Articles of incorporation have been filed with the Secretary of State at Trenton, N. J., for a corporation with an authorized capital of \$10,000,000. This company is to be known as the Marconi Wireless Telegraph Company of America. One-half of the authorized capital is preferred stock, with 8 per cent non-cumulative dividend.

Arrangements have already been made for the purchase of the Marconi patents and the acquiring of rights to operate in all the American possessions and in Cuba. The company is empowered to operate over land and sea. The incorporators are Guglielmo Marconi, London; Isaac L. Rice, August Belmont and Clement A. Griscom, New York; and Robert Goodbody, Paterson, N. J.

Mr. Isaac L. Rice, who is to be president of the new company, states that the factories and headquarters will be established in New York. "We shall be in active operation just as soon as it is possible to find suitable quarters and build the machinery. Special attention will be given to the manufacture of wireless instruments with which to equip ships that they may communicate at sea. There will be large orders for establishing communication between points where it is not practicable to maintain cables. We expect to equip the signal and life-saving stations along the coast with the wireless system, that they may warn approaching vessels in time of fog or storm. The uses to which the wireless system may be put are almost unlimited. There is an immense field before us, and the system is as yet in its infancy. We shall have no interest in the contract that was recently made to connect five of the Hawaiian Islands by wireless telegraphy. That was entered into before our company was fully organized. We shall control all other rights, however, as well as in all the American possessions and Cuba."

August Belmont is to be treasurer of the company, and Mr. Rice is now taking active steps to organize his forces for the development of the company. Just how much Mr. Marconi is to get for his system here is not known, but it is authoritatively stated that in England after refusing £10,000 from the Government he got £17,000 from the English company and £50,000 in £1 shares which afterwards rose in value to £8.

A special dispatch from London says: Wireless telegraphy, Marconi's system, has finally been introduced into the navy as a branch study. The old hulk Hector, lying at Portsmouth, has been fitted out as a school of instruction, and signalmen from her will be attached to the battleship Canopus, which goes to the Mediterranean in December, taking Marconi instruments as part of her regular equipment. She will be the first British ship to do this.

### TROUBLE ON W. G. HALL.

There was trouble on the W. G. Hall yesterday afternoon. It is understood that the mate wanted the native sailors to work on the water tanks until after 12 o'clock noon. The natives kicked, saying they wanted their lunch at 12 as usual. The mate told them they could go ashore if they didn't want to work. This is just what they wanted and, taking a boat they came ashore. Luckily they did not land. A lot of talking was done and the men finally consented to back aboard. The wharf superintendent was sent out and the situation was relieved.

## AT WAIKAMULO CAMP

### What Is Being Done Under C. B. Wilson's Superintendence.

Scene of Great Activity—Laborers Hurrying Back and Forth—Trains With Loads of Lumber—Detail of Camp.

Undoubtedly the busiest spot in town just now is at Waikamulo where, under the able superintendence of Chas. B. Wilson, buildings for the people of the infected district and all the necessary appointments for the same are being rushed along with a rapidity that is, to say the least, astonishing. A reporter of the Bulletin called at the place early this morning just as the men were starting in with the day's work and was shown about by Mr. Wilson and one of his assistants.

Before the work of the carpenters was started it was necessary to cut down hundreds of trees from the railroad track to the sea, opening up a space ample for all the operations and discovering the beautiful scenery about the place.

The work on the buildings was then started and this morning the floors of the last of these, near the sea, were nearly completed.

Facing Diamond Head is the first lot of houses—a row of nine divided off into sections of three. Between these sections is a driveway fifty feet in width while each of the three houses of the section are separated by twenty feet.

Facing in the opposite direction and separated by a space of 52 feet is another row of nine buildings divided in the same manner already described. Through the middle of this dividing space is to run the box flume (now in process of construction,) over which will be built the water closets and washhouses.

Running through the center of the spaces between the houses of each section and going as far as the flume, will be erected wooden fences so that there may be no communication between the people of each section or those of the different sections. Thus, should it be necessary, a quarantine within a quarantine may be maintained.

Each building is 105 feet long and is divided into three sections of four rooms each, separated by a five-foot alleyway. Each room has a door opening into this alleyway. One window apiece for the front rooms opens on the veranda that runs the whole length of the building, while the windows of the back rooms open into the space dividing the two rooms. Several of these buildings have already been completed and are now ready for occupancy. They are built of rough lumber and roofed with corrugated iron but are comfortable and cool. Each will accommodate ninety-six people. On this basis the twelve will be able to take care of nearly two thousand.

It is expected that the 10x12 flume will be completed in a short time. Along the short distance from the tanks to the deep water this will have a fall of about fourteen feet. The three redwood tanks were taken out today. These are to be at the mauka end of the buildings. Into these the engine near the shore will pump the water from the sea for the continual flushing out of the flume. The sections of iron pipe from the engine to the tanks have already been placed in position ready to be joined together.

A two-inch pipe for a supply of fresh water has been laid from the King street main to the railroad track and from there to the buildings the necessary sections have been placed ready to be put together.

The food for the people who are to occupy these buildings will be delivered from driveways along the front of each row. Absolutely no communication from the rear will be allowed.

The electric light wires are being put up today and lights will be in shortly. In fact, all parts of the work are being rushed along together so that when the detention camp is completed it will be completed in its entirety with no part of the work left lagging behind. In fact the work is going on with such rapidity that a man watching the operations this morning said: "This reminds me of a sausage machine. You put the lumber in at one end and it comes out in the shape of a house at the other end in a very short time."

What has greatly facilitated the dispatch in the matter of building the camp is the spur of the railroad running to within a few feet of the buildings. This was started Monday night by Superintendent Denison of the O. R. & L. with a gang of thirty Japanese and was completed the next day. Not a cent was charged for this work.

Trains are continually running back and forth with materials and now it has been decided to take the laborers to and from work on the cars.

In a day or so all of twelve buildings will be started at a place nearer the sea and on the same plan as those described.

It is a well known fact that, but for the pride entertained by most English noblemen for their deer parks, many estates would of late have found their way into the market.

## TRAMWAYS CALLED DOWN

### Ordered to Suspend Tracklaying Pending Results of Litigation.

Twenty Thousand Dollars for Relieving Plague Sufferers—Hilo to Have Its New Government Building Right Away.

At the meeting of the Executive Council this morning it was voted to request from the Council of State an appropriation of \$15,000 for the acquisition of lands and the construction thereon of dwellings for the people rendered homeless by efforts at suppressing the plague.

The sum of \$5,000 is to be requested at the same time for the temporary maintenance of the same people. It was decided to convene the Council of State at 3 o'clock this afternoon for the presentation of these recommendations.

Under Act 63 of the Laws of 1898, the Minister of the Interior was authorized to expend the appropriation of \$12,000 for a new custom house and postoffice building at Hilo.

The Council advised the Minister of the Interior by resolution to notify the Hawaiian Tramways Company that it must immediately cease the laying of its second track on King street until the litigation now before the courts is determined.

## BATTLE OF THE RAILS

### The Hawaiian Tramways Co. Will Stand Upon Its Claimed Rights.

New Phase of Controversy—The Rapid Transit Company Proposes to Brook No Further Interference With Its Irons.

Hon. Paul Neumann, attorney for the Hawaiian Tramways Co., when seen this afternoon had not yet received the prescribed notification from the Government. When told of its tenor he said:

"Then they had better order the court to give its decision."

He was asked if he considered the Government had no power to order the company to cease tracklaying.

"Of course not," Mr. Neumann replied. "So long as we comply with the law the Government has no right to interfere. We are ready to comply with any reasonable request—we have no quarrel with the Government—but shall not allow our lawful rights to be set aside. You do not find the public much inconvenienced by our operations."

"No, we shall not stop the work now being done. It is our intention to continue laying track until we connect with our switch, so that we may be able to utilize the extent of street for our traffic."

As to the power of the Government's ordering the additional track laid on the opposite side of the street from where it is being laid, Mr. Neumann being questioned made answer simply that they would not shift the location of the second track.

C. G. Ballentyne, manager of the Honolulu Rapid Transit Co., was asked what his people were going to do, since the Government had complied with their request to order a suspension of the other concern's operations.

"We do not propose to allow any more of our track to be pulled up," was the answer.

"You will place day and night guards along the line?"

"Yes."

"Shotguns or clubs?"

"Well, we shall adopt whatever means may be necessary to protect our property. It is not contemplated, though, to have any breach of the peace. Still, we have the men ready."

On this point, however, Mr. Ballentyne said he should consult their attorney, Mr. Thurston, before deciding on the course to take.

Mr. Ballentyne was saying that the Tramways people had no intention of operating a double track on King street, but merely wanted to shut out the Rapid Transit from the use of that thoroughfare, when he strode away to meet Mr. Thurston then coming down Fort street.

### TROUBLE WITH SAILORS.

The captains of the Poseidon and Beechdale have made complaint to the Marshal that two young men, recently arrived in this city have been persuading a number of their sailors to leave their ships for the purpose of going to another vessel now in port. All kinds of promises were made and the men were spirited away. These fellows have been arrested for desertion and penal summonses are now out for the men who, it is alleged, have been making all the trouble.

The Evening Bulletin, 75 cents per month.

## TO HOUSE THE HOMELESS

### The Committee of Business Men Make An Acceptable Report.

Several Locations Adopted for Villages to Receive the Dependent People From Quarantine—Work Promptly Started.

The adjourned conference of representatives of the Hawaiian Planters' Association, the Honolulu Chamber of Commerce and the Hawaiian Medical Association with the Executive Council was held yesterday afternoon. There were present: President Dole, Minister Cooper, W. F. Allen, F. A. Schaefer, T. J. King, Dr. Raymond, F. W. McChesney, W. M. Giffard, J. F. Hackfeld, R. F. Lange, W. W. Hall, J. B. Atherton, A. V. Gear, F. M. Swany, J. P. Cooke, C. L. Wright and T. R. Walker.

Mr. Allen, as chairman of the general committee appointed the previous day, called on Mr. Gear as secretary to read the report of the committee. This comprised the reports of two sub-committees as follows:

The report of the special committee of nine (9) appointed by President Dole on motion of L. A. Thurston to ascertain through the Japanese and Chinese Consuls the wishes and desires of the Chinese and Japanese at present in quarantine as to their prospects of finding homes and being able to take care of themselves after release from quarantine, and to look up locations for temporary camps for the shelter and food of said people.

The committee resolved itself into two sub-committees. The committee to interview the Japanese and Chinese Consuls consisted of Messrs. F. M. Swany, W. M. Giffard, and F. W. McChesney, and a committee to provide for the location for temporary camps consisting of Messrs. J. P. Cooke, C. L. Wright, E. F. Bishop, T. J. King, W. F. Allen and A. V. Gear.

The committee appointed to interview the Japanese and Chinese Consuls ascertained the following facts:

There are eighty people in quarantine to be released January 10th or 11th, 1900 to be released January 18th. Out of the 380, 130 are Chinese, 70 are Japanese, about 30 are natives, and the remainder various nationalities. Of the 130 Chinese, 83 state that they have places to go to and are able to look after themselves, and 47, consisting chiefly of clerks, shopkeepers, etc., doubt where to go, and must be taken care of. Of the eighty who are to be

(Continued on page 6.)

### CASUAL EXPRESSIONS.

A citizen expressed the opinion to a Bulletin reporter that there ought to be greater precautions taken with guards of infected places. While he was talking another citizen came along and declared that he had seen guards "buzzing" with people of both sexes upon their beats. Both these citizens and a third one agree that the guards should be under the strict surveillance of officers of squads, who should be responsible for them at every moment while on duty, and whose certificate of their disinfection when relieved should be requisite to pass them into uninfected places.

Citizen No. 1 feared that unless the most stringent measures of safety were adopted, we should still have desultory cases of plague at the end of six months and no money in the treasury. One of the group produced a memorandum of the plague at Oporto, Portugal, showing that in about five months ending December 8, there were only 98 fatal out of 280 cases. Able physicians from various countries, however, had congregated there especially to combat as well as study the pestilence, and they had the benefit of an ample supply of serum.

### Lyrics Last Nights.

A crowded house gave ear to the operas Cavalleria Rusticana and Trial by Jury at the Orpheum last evening. In the former the orchestral music forms one of the features of the opera. Between the first and second parts the intermezzo was played on the violin by Paul Egry, accompanied by the orchestra, calling forth a well merited encore. The opera itself was well rendered and enthusiastically received. Miss Nellie Andrews as Santuzza put in some effective work, her prayer with chorus accompaniment being encored. Miss Maude Leekley as Lola, A. L. Parmlay as Turiddu and the balance of the cast was ably filled. Trial by Jury is a humorous sketch by Gilbert and Sullivan. Tonight these operas will be repeated, tomorrow Olivette.

### CASE OF MEASLES.

A case of the measles aboard the schooner Robert Lewers was reported at the Board of Health office by Dr. Carmichael this forenoon. Dr. Garvin was sent out to investigate.

Twenty-five stamp fotos 50 cents by J. W. Sandison, stamp artist, at J. J. Williams' Photo Parlors.

## ALL ABOARD FOR OLAH

### The Railroad Thus Far Will Be Completed in February.

Material for the Workshops at Hilo on the Ground—Engines on the Way—Puna Extension Will Proceed Immediately.

Amongst all the dolorous talk of Honolulu's unfortunate situation, a cheerful note was heard on the street regarding the prospects of an early opening of the Puna and Hilo railroad. For particulars the reporter went to Mr. Paxton, at Mr. Dillingham's offices in the Judd block.

"The grading is now very nearly completed to the Olaha mill site," Mr. Paxton began by saying.

"Material for the complete equipment of car and machine shops and foundry has arrived at Hilo and is being unloaded at the dock just finished by the company on Waialakea stream."

"We have two large engines on the way, one to arrive shortly, and expect to have the road completed to Olaha by the middle or end of February. As soon as we get the Olaha part completed we shall immediately begin the extension to Puna. We only wish we had the line to Olaha completed, when we should be carrying the large quantity of freight now being transported by mules to Olaha plantation."

"It is comparatively an inexpensive railroad to build, having no costly bridges or culverts. The old controversy has been adjudged with the Hilo and Kohala railroad company, whereby the Hilo railroad company obtains an ample amount of water frontage for the accommodation of its freight."

"In time we may run a line to the Volcano. What we are after in the meantime is freight traffic. We have forty-year contracts with the plantations of Olaha and Puna, so that although we have no exclusive franchise nobody else can get a pound of plantation freight."

### IMPOSITION ON PATRONS.

A business man living at Waikiki complains of the crowding of the laborers of the Hawaiian Tramways Co. into the cars at five o'clock every evening. With their clothing dirty from the soil of the street these laborers, getting free passage withal, are allowed to squeeze the regular passengers. The complainant considers this liberty taken by the company as impudent enough in the case of gentlemen patronizing the cars, but to the ladies subjected to such treatment he regards as nothing short of infamous.

### HILO'S QUARANTINE

The Noca came in from Hamakua this forenoon bringing the news that Hilo had established a ten-day quarantine on all steamers from Honolulu for Hawaii. The Kinau will be the first to come under these regulations and the four business men who went from here Tuesday after a quarantine of seven days at Waikiki will find themselves in all kinds of pickle. Hilo does not intend to run the risk of the plague reaching Hawaii.

### OFF TO THE WRECK.

The Waialeale was taken off the marine railway yesterday and is now at the Inter-Island wharf. If all goes well she will be dispatched to the scene of the wreck of the Kiloahua tomorrow for the purpose of getting the machinery and other parts of the steamer.

Miss Hall Caine, sister of the novelist, is playing Polly Love in "The Christian" in England.

(c) Duet—"The Magic Lantern."  
Miss Kellian and Mrs. Alapai.

PART II.  
Selection—"La Perichole"..... Offenbach

Fantasia—"The Mill in the Forest"..... Ellenberg  
Waltz—"The Source"..... Waldenfel  
Polka—"Red and Black"..... Cootie  
"The Star Spangled Banner."

PER S. S. AUSTRALIA.

Just landed a full line of grapes, plums, peaches, apples, Bartlett pears, oranges, lemons, celery, cabbage, cauliflower, cranberries, burbank and red potatoes, dates, salmon flounders, halibut, crabs, eastern and California oysters (in tin and shell), turkeys, chickens, ducks, quail, chestnuts. A full line of canned goods. CAMARINOS' REFRIGERATOR.

Count Witte, the great Russian Minister of Finance, comes of the humblest people. His father was a peasant and was a station agent in an obscure Russian town. Witte got his start when he was a telegrapher by refusing on his own responsibility to send certain orders for the transportation of troops, knowing that if they should be carried out a great disaster would follow. The president of the road was so pleased with him that he made him his private secretary, from which place Witte rose rapidly.

**CASTLE ORPHAN HOME**

A public meeting of the Free Kindergarten and Children's Aid Association, and all in the community interested in the establishment of the "Castle Home for Homeless Children," was held in the Y. M. C. A. hall yesterday morning.

A large number of people representing all the religious denominations and all classes of society, responded to the call.

Thus far no plans have been formulated for conducting the Home, but it is hoped responsibility will be placed in the hands of a committee of nine ladies and an advisory committee of five gentlemen.

The following article was read by the President, Mrs. Hyde, presenting to those present the needs of the Home:

The proposed "Castle Home" for homeless children will accommodate from thirty to forty children, and it is estimated that the running expenses for the year will be in the neighborhood of \$2,000, exclusive of the salary of the matron and the care of the grounds, the money for these being guaranteed by Mrs. Castle.

As this is a charity in which the whole community should be interested it necessarily follows that every one ought to desire to have a part in the work. It is therefore proposed to ask not only for the generous donations of those who can afford to give liberally, but for the mites of those of lesser means, and it is hoped that those who have no money to give, may find among their household possessions some articles of furniture or crockery, bed or table linen, which they will be willing to donate for the furnishing of the home. There are nine dormitories, and pledges have been made for the furnishing of seven. The name for each room to be designated by the donor.

One lady has promised to secure all the necessary kitchen utensils. A fine range is already in place. The following articles must be secured before the Home can be opened: Twelve chairs for the dining room and four for the parlor, crockery and table linen.

No rules or regulations in regard to receiving applicants have yet been formulated, but each case will be decided on its individual merits. The age limit will probably be from three to twelve, leaving it discretionary with the Board of Directors to make such exceptions as they may deem wise. Children who are old enough will be taught to help in domestic work, as the design of the Home is to fit the children for usefulness and not make them paupers. When friends are not absolutely destitute part payment will be required for the child's maintenance.

**MERCHANTS' REPORT.**

At a meeting of the Board of Health yesterday the following report was submitted:

President Board of Health.  
 Sir:—We, the undersigned merchants, respectfully beg leave to inform you that at a meeting held this afternoon, the following resolution was passed for your consideration and approval, in the hope that, without conflict with your published orders regarding specified goods to be allowed shipment in accordance with the wishes of the Sugar Planters' Association, we may be allowed to take advantage of the saving clause which reads, "And such other articles as the Board may deem equally unobjectionable."

Resolved, That in the opinion of this meeting all general merchandise coming from reliable and known business houses outside of the infected and quarantine district are clean and uninfected and should be allowed shipment to the other islands subject to the approval of the Board of Health.

Resolved, That a committee representative of the different trades be appointed by the chairman, which committee shall draw up a schedule of goods considered safe for shipment and appoint two of its members as delegates to wait on the Board of Health and submit such schedule for the consideration of the Board.

Sir,  
 Your obedient servants,  
**WM. W. HALL,**  
 For the Committee.

Committee—W. W. Hall, chairman; W. M. Wolters, F. L. Waldron, T. J. King, A. Barnes, P. Munkendorf, M. Green, W. L. Hopper, H. A. Parmelee, W. O. Atwater, J. G. Rothwell, E. M. Marshall, J. T. Crawley.

Accompanying the communication was a list of such articles as boots and shoes, barrelled fish, cigars and cigarettes, rice, paddy and sugar in storage before the quarantine, iron work and dry goods repacked by white labor. After much discussion it was decided to refer the matter to the Sugar Planters' Association for its views on the subject.

Dean Hole, of Rochester, England, tells of a very innocent and gentle curate who went to a Yorkshire parish where the parishioners bred horses and sometimes raced them. He was asked to invite the prayers of the congregation for Lucy Grey. They prayed three Sundays for Lucy Grey. On the fourth the clerk told the curate he need not do it any more. "Why," said the curate, "is she dead?" "No," said the clerk, "she's won the steeplechase."

The curate became quite a power in the parish.

There is only one Jesse Moore Whiskey in the world and that is cold and pure. Lovejoy & Co. are distributors for the Hawaiian Islands.

Wait for the Le Munyon Photo Supply Co. calendar for 1900 which will be here on next steamer from the Coast. ## EVENING BULLETIN.

Published Every Day, except Sunday,  
at 210 King street, Honolulu, H. I.,  
by the

BULLETIN PUBLISHING COMPANY  
W. R. FARRINGTON ..... Editor  
DANIEL LOGAN ..... City Editor

THURSDAY, JANUARY 11, 1900.

Be charitable toward the homeless people, but let the able bodied men receive aid if possible through labor furnished them on public work.

With electric lights and plenty of air and water, the new barracks at Waiakamilo are a paradise compared with the shacks from which their occupants were removed.

Now that Hilo's public building has been authorized, it is to be hoped the Public Works department will not require eighteen months in which to "order material."

Judging from the rapidity with which the local government obtains information from Washington relative to matters of real public interest, Mr. Dole's agent, Hartwell, is giving his whole time to mourning over the fall of the official idols.

It is to be hoped the next mail from Washington will bring news of the introduction of a bill to straighten out the land question. Hartwell has thus far shown his uselessness by delay in bringing this question before Congress which alone has authority to render relief.

From the attitude of some of our officials one might suppose President McKinley personally responsible for the delays due to the questionable authority of the local executive. It is a very easy manner for the local executive to leave its authority if it so desires.

Builders and contractors can at least see bright prospects ahead in the destruction of the old buildings of the town. When Honolulu once gets started again in its new business ways, the building operations of the past will be put completely in the shadow. Best of all the new structures must be buildings worthy of a progressive modern city.

It is a noticeable fact that none of the government organs have arisen to state that Congressman Hitt, in speaking of the land question, does not know what he is talking about. It would have been fortunate for the islands had the wisecracks of local officialdom had sense enough to withhold their criticism of the President and his secretaries.

One writer speaking of the advance of the plague from its usual Asiatic boundaries makes the prediction that the disease will not be stayed till it circles the globe. With New York and the east coast threatened from Europe and Brazil, and San Francisco constantly receiving freight from the Orient, the people of Hawaii may anticipate that the most strenuous measures will be enforced against the traffic from this country.

Did B. F. Dillingham ever go to the States on a business trip that Hawaii did not get up some untoward happening to frighten foreign investors. In former days it was revolutions and now comes the plague. Notwithstanding Mr. Dillingham has played in hard luck on this score, he has yet to lose heart or experience anything more serious than temporary delay. For constantly keeping at it and overcoming obstacles, Dillingham has not a superior in the business community.

If the representative men of the Japanese colony will join heartily in the movement, the people of Honolulu can rid the town of the miserable blackmailers, who not only live on the earnings of fallen women, but threaten with violence any of their own nationality who interfere with them. Few white people of the town appreciate the power of these low lived coolies. Any Japanese who opposes them openly is subject to a blackmailing boycott and threats of personal injury are by no means unknown. To put an end to this business the people must have the co-operation of the Japanese business men.

Lack of proper statistics is a shortcoming that the Board of Health shares with nearly every department of the government. For years it has been a practical impossibility to secure from various legislatures sufficient appropriations to supply the additional clerical force for such work in every department. The people are not quick to appreciate the value of dry

statistics and it is probable that the legislators have gone as far in the expenditures on this work as the majority of their constituents would allow. Under American rule, however, a more careful attention to detail will be forced upon the departments, and this is by no means the least of the important benefits to the country that will result from annexation.

It is very natural for those whose pocketbooks are seriously affected by the general quarantine measures to seek a let up on the stringent rules relative to inter-island traffic. But the losses now experienced are a mere bagatelle compared with the results should the plague make its appearance in any of the plantation districts. Whether Honolulu has to continue its fight against the plague six weeks or six months, the disease must be kept within its present limits, and no possible chances can be taken. Let alone the financial damage from possible disturbance of sugar cargoes, an outbreak in sections where Chinese and Japanese outnumber the ruling nationality almost a hundred to one, is a situation not pleasant to contemplate. Until Honolulu is reasonably certain that progress of the plague is stayed a Chinese wall of protection should be held about the other islands.

## THE RESIDENCE DISTRICT.

The proposition by Col. Fisher to inaugurate in the outside districts, a system of inspection similar to that carried out during cholera times is one that will meet with favor among the majority of residents beyond the business limits. Under present conditions nearly every householder has to be on guard against visitors in the servants quarters, and, although these visitors are promptly ordered out they are apparently wandering about and probably overcrowding the boarding houses which are little better than those in Chinatown.

It is apparent that the outside districts now contain a good sized floating Oriental population composed largely of men who got out of Chinatown while the quarantine was raised or have since escaped the vigilance of the guards. Should the plague break out in one of the Chinese or Japanese boarding houses in the residence districts it is probable there would be a general scattering similar to that which has gone on in Chinatown. To establish a system of inspection similar to that of cholera times every person in every house would be accounted for twice each day, and the custom now apparently in vogue of Japanese changing their places of abode without knowledge of the authorities would be practically impossible.

With the city divided into small districts each inspector could easily make his rounds twice each day, before and after business hours. If the Board of Health will say the word, volunteers for the work will respond quickly if more men are needed.

## REPUBLICANS AND TRUSTS.

[Indianapolis Journal.]

The Supreme Court has decided in every case in which unlawful combinations are attempted in violation of interstate commerce that Congress has power to legislate. It has, therefore, sustained the views of Harrison, Sherman and leading Republicans which are embodied in the Sherman law, and has rejected the doubts of Mr. Cleveland and his associates, which seemed to prevent the two entirely Democratic Congresses which followed the Congress enacting the Sherman law from taking any action hostile to trusts. In this latest decision (the Addystone case) the court has declared without reservation that Congress has power to legislate against all combinations of manufacturers which are in restraint of commerce between the States. And now President McKinley urges Congress, which has the highest assurance of its right to legislate against trusts prejudicial to interstate commerce, to enact further anti-trust laws.

Reciprocity Treaties  
California is Fighting

Washington, Dec. 19.—The reciprocity treaties negotiated between the United States and France and between the United States and Great Britain during the past summer, the terms of which have been carefully guarded, have at last been printed. They were transmitted to the Senate on Tuesday.

The treaty with Great Britain covers the dependencies of Jamaica, Bermuda, Barbadoes, British Guiana and Turks and Caicos Islands.

All the agreements include lists of articles on which concessions are made by the respective parties.

The French convention is made applicable to Algeria and its products, as it is to France and its products. The general terms of all the treaties are practically the same, the stipulation being in most cases that "in case either of the contracting parties shall, during the continuance of this

convention, increase the duties upon the importation of merchandise the increase shall be without discrimination or prejudice against the products of the other."

All the treaties are to continue in force for five years, and from year to year thereafter, at the pleasure of the contracting parties.

Following are the principal reductions provided for in the British treaties:

Jamaica—The following articles are to be admitted from Jamaica into the United States at a reduction of 20 per cent:

Citrus fruits, pine apples, fresh vegetables, including potatoes and onions, and rum. Cane sugar and molasses are to be admitted at a reduction of 12½ per cent. The following are to be admitted free or at greatly reduced rates. Bananas, coconuts, coffee, crude cocoa, unground ginger root, kola nuts, pimento and annatto, bees wax, crude sarsaparilla, tortoise shell, logwood and fustica and mahogany. Jamaica agrees to admit free of the products of the United States a long list of articles, including agricultural implements and tools of all kinds, cured meats, wheat, flour, oats, petroleum, pine lumber and machinery.

Bermuda—From among the articles which are to be admitted into the United States at a reduction of 20 per cent from present rates of duty are potatoes, onions, bulbs and natural flowers, tomatoes and other fresh vegetables.

Reciprocally there shall be admitted into Bermuda lists of articles much the same as provided for in the Jamaica schedules.

Barbadoes and Guiana—The United States agrees to a reduction of 12½ per cent on the duties on cane sugar and molasses, fresh fruits, fresh vegetables and asphalt imported from Barbadoes, and to the same reduction on cane sugars, fresh vegetables and koolin brought from British Guiana. Both countries agree to admit free from the United States corn, horses, mules, machinery and many manufactured articles. Reduced rates are conceded on other products of the United States.

Turks and Caicos Islands—The agreement covering these islands provides for a reduction of 12 per cent on the duty imposed upon manufactured sponges and undressed sisal grass imported from the islands into the United States. The list of articles of United States origin which are to be admitted free and at reduced rates into the islands is very similar to that of the same list for Barbadoes and Guiana.

We Are Still  
In the Swim!

That's an old saying, yet true, and when we say we are in the swim, why we mean every word of it.

We have the swellest TIES for the Holidays that you want to lay your eyes on, in all of the Latest Styles and Shapes. We have just replenished our stock of GOLF SHIRTS, and are strictly speaking right up-to-date in as complete a line of men's and boys' FURNISHINGS as can be shown in the largest city of the Mainland.

At our Hotel Street Store, Nos. 9 and 1, Waverley Block, we are going to give you a chance to win a fine BICYCLE. For every purchase of 50c the customer is entitled to one ticket. The party who holds the greatest number of tickets on Christmas morning at 10 o'clock gets the wheel.

HEIGHTS.

## Residence Lots on Pacific Heights

ARE NOW OFFERED FOR SALE.

No residence property having similar advantages and attractions, as for healthfulness of location, having an elevation of from 170 to 800 feet, and affording the grandest marine and scenic views; as also its proximity to the business part of the city, being less than a mile from the Progress Block,—has ever before been presented to the people of Honolulu.

One of the main features of this property, and procured at great expense, is the abundant supply of pure spring water, pronounced by Dr. C. B. Wood as being the purest and best drinking water obtainable in the Island, which is now being conducted into storage reservoirs upon the property by an independent pipe line, and will be supplied to residents at Government rates.

OUR GUARANTEE: We guarantee to all purchasers of lots on Pacific Heights, that we will, within six months, provide rapid transportation to the highest lots on the property, connecting the same with the Honolulu Rapid Transit Co.'s line on Pauoa Road, at the beginning of Kaulani Drive.

TERMS: ⅓ cash, ⅓ in one year, ⅓ in two years; interest 6 per cent. per annum on deferred payments.

Our carriage will convey parties desiring to inspect the property to and from the same.

For maps and full particulars call at our office, Rooms 7 and 8 Progress Block.

BRUCE WARING & CO.

## LOCAL AND GENERAL.

The Westminster may get away for  
Manila Saturday.

Pretty little fotos 25 for 50 cents, at  
J. J. Williams' Photo Parlors.

The J. D. Spreckels will sail for the  
Coast on or about January 20.

The Alden Beese and Star of France  
are expecting to sail this afternoon.

Two more matched teams just received  
ex-Irwin. Club Stables, Fort St.

The remainder of the old passes in-  
to Chinatown were collected today and  
new red and blue ones issued.

The Ruby A. Cousins hauled in  
alongside the Fort street wharf this  
morning and began discharging.

The office of the PERLESS PRE-  
SERVING PAINT CO is removed to  
617 Fort street, opposite the Club Sta-  
bles.

Among the passengers for Manila in  
the Athenian yesterday was Dr. Yule,  
former assistant surgeon at Buena  
Vista.

A gold buckle has been lost, for  
which liberal reward is offered. See  
Lost column for reward and descrip-  
tion.

The tug boat is all right again. She  
towed in three vessels from their an-  
chorage off port this forenoon and af-  
ternoon.

Old pupils of the St. Andrew's  
Priory hold a special meeting at 3  
o'clock tomorrow afternoon. A full  
attendance is asked.

Waikiki Inn, having "caught on" to  
an extra fine green turtle, Ah Chuck  
will serve him up in his own peculiar  
way, Saturday night.

A meeting of the Board of Manage-  
ment of the Waverley Club takes place  
this evening at 7:30, when business of  
importance will be discussed.

The A. J. West, with lumber, came in  
from her anchorage off port this morn-  
ing and hauled alongside the Kinai  
wharf to discharge her lumber.

The Love Bakery Company has pur-  
chased the bakery of L. Andrade which  
will be carried on under the manage-  
ment of Mr. P. Johnson. See New To-  
day.

The Athenian sailed for Manila yester-  
day afternoon and her place at the  
Pacific Mail wharf was immediately  
taken by the tramp steamer Lady Jol-  
cey.

J. S. Smithies of Mahukona, one of  
Honolulu's old-timers, recalls the fact  
that the building burned this morning  
were in the same yard where smallpox  
started in 1881.

A Chinaman who tried to drive over  
one of the guards in Chinatown last  
night was fined \$5 and costs in the  
Police Court this forenoon on the charge  
of furious and heedless driving.

Only two more days in which to se-  
cure bargains at Sachs Dry Goods Co.'s  
stocktaking sale. Don't put it off until  
the last minute. You can save fifty  
cents on the dollar if you want dress  
goods.

The Noeau that came from Hamakua  
this forenoon, brought 53 bags of cof-  
fee for T. H. Davies & Co. She reports  
having gone to Hilo to be fumigated.  
There were 2,228 bags of sugar at P.  
S. M. when she left.

Dr. Day has been appointed a com-  
mittee of one for the purpose of con-  
ferring with Dr. Carmichael as to the  
matter of the use of the Queen hotel as  
a place for the quarantine of passen-  
gers intending to depart for the States.

Mr. Paul Egry, violinist, is now pre-  
pared to receive a limited number of  
pupils, also to furnish music for con-  
certs; afternoon or evening parties.  
Mr. Egry is well known as a violin  
soloist in connection with the Boston  
Lyric Opera Company. See New To-  
day.

"The Hawaiian Scenic Calendar" for  
1900, published only by the Golden  
Rule Bazaar, 316 Fort street, is a beau-  
tiful work of art. It eclipses all pre-  
vious efforts in this line, and nothing  
would be more appropriate at this time  
than to mail one of these to the "folks  
at home." Price 50 cents.

Some historical trees have lately  
come into the New York lumber mar-  
ket from the Wilderness battlefield of  
the Civil War. The bills of lading  
showed that the trees had been felled  
and the lumber sawed there. In some  
of the planks the minute balls can be  
seen plainly, the wood directly adja-  
cent to the bullets being discolored or  
rotten, but not enough to damage the  
lumber.

Governor Rollins of New Hampshire  
pays a distinguished honor to the late  
Commodore George Hamilton Perkins,  
U. S. N., by accepting his daughter's  
offer of a bronze statue of the Commo-  
dore, to stand in the State House  
grounds in Concord with the statues of  
Daniel Webster, John Stark and John  
P. Hale.

When the will of Charles G. Moody  
of Bath, Me., was read the other day it  
was discovered that he had revoked an  
intended bequest of \$75,000 for a new  
City Hall for Bath. The reason as-  
signed was that the City Council had  
refused his request to set up a street  
lamp near his residence.

The League of American Wheelmen  
is beginning to receive applications for  
membership from the owners of auto-  
mobiles, who are much interested in  
the cause of good roads on the whole,  
men and farmers.

Edward Gideon has been a public  
school teacher in Philadelphia for fifty  
years, and in recognition of the nume-  
rary his former pupils gave him a  
reception the other evening.

## TO HOUSE THE HOMELESS.

(Continued from page 1.)

released tomorrow, 41 are Chinese, 33  
are Japanese and 6 are other national-  
ities. The forty-one Chinese state that  
they can all take care of themselves,  
and of the thirty-three Japanese,  
eight have no homes to go to. Of the  
total number of Japanese, there are a  
number who came from the Japanese  
hotels in the quarantine district, which  
were destroyed, and who were there  
waiting to secure passage accommodations  
to Japan. These desire to go in to  
quarantine at the quarantine island,  
so that they can obtain passage by the  
first vessel leaving for Japan. It was  
also ascertained that in the quarantine  
district at Chinatown at present there  
are some 3,242 Japanese men and 1  
woman and 152 children. Of this  
number about 700 are willing to go  
to work on plantations.

A committee to pick out locations  
for those released from quarantine sub-  
mit the following available locations:  
First, a portion of the land on  
Punchbowl street, known as "Kapiolani  
premises." This land was offered  
by Lewers & Cooke free of rent for one  
year, and the committee recommend it  
for immediate use.

Second, government land on the new  
Beach road on the makai side, leading  
from the town end of said road toward  
Sheridan street.

Third, government land being the  
slope between Punchbowl hill and  
Lunalilo home.

Fourth, 2 1/2 acres of land at Kaula-  
well at the foot of Vineyard street, just  
across Nuuanu stream, which is offered  
by Mr. Theo. F. Richards.

Fifth, about forty acres of land at  
Palamalai between the two railroads  
and the town side of the present Ka-  
piolani quarantine station, which can be  
arranged for with the Bishop Estate.

The committee recommends all the  
above locations as their use may be  
deemed necessary.

A. V. Gear,  
Secretary of the Committee.  
Mr. Allen stated that the committee  
strongly recommended the site on the  
Beach road. In answer to a question  
he said this land would contain build-  
ings to accommodate 2,000 people and  
the Richards site 300, while the Kapiolani  
property had a building now upon it  
which would hold the eighty odd  
people to be released next day.

President Dole thought the offer of  
the Kapiolani property, which was  
free for one year, ought to be accepted  
promptly. A general discussion en-  
sued.

Mr. Swanzy gave additional figures  
furnished him by the Japanese Consul,  
relating to the condition of the Japa-  
nese about to be released from quaran-  
tine. Only eight of them were home-  
less and dependent.

President Dole considered the reports  
more favorable than had been antici-  
pated, as promising a smaller number  
of people who were helpless and re-  
quiring protection.

Mr. Atherton, on eliciting informa-  
tion from Minister Cooper, expressed  
the opinion that the \$250,000 voted by  
the Council of State for the suppres-  
sion of the plague, could not be drawn  
upon for the object under discussion.  
They could only recommend the work  
to the Executive Council for carrying  
through.

A motion that the recommendations  
of the committee be adopted and re-  
ferred to the Executive Council for  
carrying through was carried unani-  
mously.

President Dole thereupon handed J.  
P. Cooke the papers relating to the  
Kapiolani property, with directions for  
having the premises at once prepared  
for the reception of those requiring  
shelter tomorrow morning. The Presi-  
dent thanked the committee for its  
prompt and satisfactory action, and de-  
clared the conference adjourned.

**HEALTH BOARD MEETING.**  
Besides the members of the Board of  
Health there were present at yester-  
day's session the following: President  
Dole, Messrs. L. A. Thurston, J. H.  
Fisher, Geo. R. Carter, Andrew Brown,  
A. G. M. Robertson and Galt.

Maps of proposed new streets and  
alleyways in Chinatown were sub-  
mitted by Mr. Cooper. These were re-  
ferred to the Survey Department.

The application of Dr. Chas. Davis  
for a physician's license was referred  
to the Minister of the Interior for  
favorable action upon the recommenda-  
tion of the Examining Board of Physi-  
cians.

The offer of J. F. Colburn to allow  
the Board free use for one year of land  
in the vicinity of the Waiakamilo de-  
tention camp, containing about 50  
acres and being the property of the  
Kapiolani Estate, Ltd., was referred  
to the general committee in charge of  
the matter of detention camps.

**"DEEDS ARE FRUITS."**  
Words are but leaves. It is not what  
we say, but what Hood's Sarsaparilla  
does that tells the story. The many  
wonderful cures effected by this medi-  
cine are the fruits by which it should  
be judged. These prove it to be the  
great, unequalled remedy for dyspep-  
sia, rheumatism, scrofula, salt rheum,  
catarrh and all other ailments due to  
impure or impoverished blood.

Hood's Pills are non-irritating, mild,  
effective.

**THE LAST CAR.**  
The last cars of the King street line  
going to Waikiki and Palama pass the  
Anchor Saloon. The cleverest mixolo-  
gists in the city are there always to  
put you up anything you may desire.  
Drop in and take a drop before you  
take the car. The celebrated Seattle  
beer is to be had here on draught. A  
full line of liquors, including the fa-  
mous Jesse Moore Whiskey, etc., al-  
ways on hand. Received per War-  
rino, Rainier Bock Beer on draught.  
The Anchor Saloon is here to please its  
patrons.

Horses properly suited to correct  
faults of gait at the Steadyards shop.

## BY AUTHORITY.

Lorin Andrews, Esq., has this day been  
appointed a Notary Public for the First  
Judicial Circuit of the Hawaiian Islands.  
ALEX. YOUNG,  
Minister of the Interior.  
Interior Office, Jan. 6, 1900. 1424-31

**WANTED.**  
A half dozen healthy rabbits at the la-  
boratory of the Board of Health in the  
government building.  
DR. HOFFMANN,  
Government Bacteriologist.  
1423-1f

**IRRIGATION NOTICE.**  
Holders of water privileges, or those  
paying water rates, are hereby notified  
that the hours for irrigation purposes  
are from 6 to 8 o'clock a. m. and from  
1 to 6 o'clock p. m.

**ANDREW BROWN,**  
Superintendent Water Works.  
Approved by A. YOUNG,  
Minister of Interior.  
Honolulu, June 14, 189. 1244-1f

**OFFICE OF THE BOARD OF  
HEALTH.**  
Honolulu, H. I., Jan. 8, 1900.

At a meeting of the Board of Health  
held this afternoon a resolution was adopt-  
ed with relation to steamers leaving Hono-  
lulu for island ports, which provides as  
follows:

1. That all steamers or other vessels  
engaged in inter-island commerce, are  
prohibited from approaching closer than 100  
feet to the wharves, except by special per-  
mission of the Board of Health, and that  
they proceed outside the harbor and re-  
main at anchor during the night.

2. That no passengers be allowed to  
leave Honolulu for other ports on the Is-  
lands until further notice. This does not  
apply to Japanese laborers from the Quar-  
antine Station at Mauiola to the steamer  
without communication with the shore, or  
to cabin passengers who have been trans-  
ferred directly from foreign steamers in the  
stream to the inter-island steamers with-  
out communication with the shore.

3. That shipment of food and fodder  
materials be allowed only when same are  
transhipped from foreign vessels lying in  
the stream (without having touched the  
wharf.)

4. That shipment of the following  
articles, not liable to infection be per-  
mitted from the port of Honolulu under super-  
vision of the Board viz:

Coin in bags (after boiling or disin-  
fection), Lime, Machinery, Coal from vessels  
in harbor only, Bricks, Portland Cement,  
Sugar bags (when same are disinfected by  
steam or other effective means), and such  
other articles as the Board may deem  
equally uninfected.

C. B. WOOD,  
President Board of Health.  
1423-31

**IN THE CIRCUIT COURT, FIRST  
Circuit of the Hawaiian Islands.**—In the  
matter of the Bankruptcy of Simpson  
Decker of Honolulu.

Upon reading and filing the petition of  
Simpson Decker of Honolulu, Oahu, alleg-  
ing that more than six months have elap-  
sed since he was adjudicated a bankrupt,  
and praying for a discharge from all his  
debts.

It is ordered that Friday January 26th,  
1900, in Aliioli Hale, Honolulu, at 10  
a. m. of that day, at Chambers, be, and  
the same is hereby appointed for the hear-  
ing of said petition, at which time and  
place all creditors who have proved their  
claims against said Bankrupt may appear  
and show cause, if any they have, why  
the prayer of said Bankrupt should not be  
granted.

Mowara—Victoria..... Jan. 17

**BJER REPORT OF STROMBERG.**

Pretoria, Sunday, Dec. 17.—Over 500 British prisoners, captured at the battle of Stormberg, have arrived here. They have been taken to Waterfall to join the other prisoners.

An official account of the Boer casualties at the Tugela river says thirty men were killed or wounded.

General Schalkberg's report of the battle, dispatched from the head laager December 16th, says: "Friday at dawn the long expected arrived. The Pretoria detachment of artillery gave the alarm. General Buller's Ladysmith relief column was in battle array, advancing on the Boer position close to the Tugela and Colenso. The center consisted of an immense crowd of infantry, flanked on each side by two batteries, with strong bodies of cavalry supporting. The Boer artillery preserved absolute silence, not disclosing its position. Two batteries came within rifle distance of our foremost position and then opened fire. Our artillery also commenced and apparently absolutely confused the enemy, who were allowed to think the bridge was open for them to cross.

"Their right flank, in the meantime, attacked the Boers' southernmost position, but the Mauser rifle fire was so tremendous that they were rolled back like a spent wave, leaving ridges and ridges of dead and dying humanity behind. Again the British advanced to the attack, but again fell back, swelling the heaps of dead. The cavalry charged to the river, where the Ermelo command delivered such a murderous fire that two batteries of cannon had to be abandoned, which the Boers are going to bring here. Twice the British essayed to bring horses to remove them.

The first time they succeeded in hitching on to one cannon, and on the second trial the horses and men fell in a heap. Then the British were in full retreat to their camp, whence they sent a heavy sharpshooter fire on Bulwer bridge, across the Tugela, to prevent the burghers from recovering the cannon.

"The French attache, Villiebois, and the German attache, Braun, say the fight could not have been improved upon by the armies of Europe. Generals Botha and Trichart were always at the most dangerous point of the fighting. Eleven ambulances removed the English dead and wounded.

"Such a tremendous cannonade has seldom been heard. The yell for miles was covered with dead and wounded. It was a most crushing British defeat. Nine of the cannon have since been brought across the river. The British asked for and were granted a twenty-four-hour armistice."

**SEATTLE BEER.**

The ever popular Taitner beer is becoming a household word and "we'll soon have a glass of Seattle" is more often heard than anything else. The Criterion Saloon has the beer on tap or in bottles.

### Lubricating Oils

Will be used very freely for the next 6 or 8 months so we wish again  
to call the attention of all mill men and users of machinery to our TROPIC  
LUBRICATING OILS. For years it is brand has been used on these islands  
and each season the demand has increased so that this year we have  
had to build a special oil warehouse at Kakaia to hold the hundreds of  
barrels of oil we have to carry in stock. Tropic Cylinder, Engine, Ma-  
chine, Dynamo and Carbox Oils are the ones you want if you want every-  
thing to run smoothly.

### Benton Boiler Compound

This compound is entirely vegetable, contains no oil or acid, it being a  
natural preservative for iron or steel. It rots the scale in the boiler and  
gradually cleans same. After the boiler becomes clean, the Compound, if  
used according to directions, will keep the scale forming properties of the  
water in the form of solution or deposit, and the boiler can be kept clean,  
and the scale forming properties of said water can be blown out in the form  
of mud. It is a great saver of fuel as it will clean and keep clean any  
boiler. Let us send you a barrel on trial, no pay if not satisfactory.  
Packages, Waxes, Compounds, Engineers' tools and supplies of all kinds.

All on College street. For further particulars  
apply to W. M. CUNNINGHAM, at the Favorite  
Saloon. 1427-11

### SANITARY COMMITTEE REPORT

At yesterday's meeting of the Board  
of Health Dr. N. B. Emerson and  
George W. Smith, the special sanitary  
committee of the Board, reported the  
following recommendations:

Rain Water—Where space between  
buildings is less than fifteen feet, water  
from roofs on both sides shall be con-  
ducted into suitable drains leading to  
street or alley gutters.

Air space between buildings—If used  
for residence, must be clear space of  
fifteen feet between each building if  
not more than two stories high; five  
feet additional for each additional  
story. Wooden buildings must be  
three feet from boundary of lot, except  
those fronting on street or public way  
at least 15 feet wide.

Light and ventilation—Each and  
every room must have at least eight  
feet window space for each 100 square  
feet of floor area; one half such win-  
dow space movable for ventilation  
purposes.

Air space under buildings—Every  
building must have at least twenty  
inches between the ground and floor  
timbers; if this cannot be done floor  
must be concrete or masonry.

Yards, areas, courts, etc.—Where  
water is used for washing of any kind  
must be graded, cemented and properly  
conducted to sewer.

Water tight floors—All structures  
where water is used in such quantities  
as to make floor damp, floors must be  
absolutely water tight and properly  
drained, satisfactory to Board of  
Health or building inspector.

Privies, privy vaults and cesspools—  
Within thirty days after completion of  
sewer system all privy vaults shall be  
entirely discontinued, and transformed  
to approved water closets. Pending  
completion of sewer all privies must  
have three feet clear space on all sides.

No privy allowed to cover cesspool.  
Contents of cesspool must not be al-  
lowed to rise higher than within 18  
inches of the top, or allowed to over-  
flow.

No cesspool shall be maintained  
wholly or in part under any building  
unless enclosed and made water tight  
by masonry.

All cesspools or privy vaults must  
have substantial curb. All must have  
cast iron vent pipe extending not less  
than 12 feet in air. All connections  
shall be cast iron, lead or vitrified pipe.  
All cesspools cleaned and disinfected at  
least once in three months. Open  
drains must be of water tight mason-  
ry. All cesspools abandoned must be  
emptied of liquid contents, disinfected  
and filled in.

Habitations—No building or struc-  
ture shall be used as a residence or  
place for human habitation or abode  
that is situated upon land where there  
is standing water within eighteen  
inches of the surface of the ground; nor  
shall any building or structure be so  
used that is placed on land that has  
been made by filling in with refuse or  
garbage, or that is declared by the  
Board of Health to be of foul or cor-  
rupt material.

Garbage—It shall be the duty of  
each houseowner, householder, lessee  
or tenant who is a housekeeper to pro-  
vide, maintain and keep ready for use  
a suitable container or containers for the  
reception of all garbage, and to cause  
the same to be set forth in such places  
and at such times as the Board of  
Health direct for the convenience of  
the garbage collectors.

All buildings and premises which  
do not conform in every respect to the  
requirements of the foregoing regula-  
tions are hereby declared a nuisance  
and dangerous to the public health and  
are condemned as unfit for human  
habitation or residence.

night.

### TO SAIL THIS AFTERNOON.

Stmr. Kenyon, Mosler, for Kilauea  
and Anahola at 4 p. m.  
Stmr. Nihaui, Thompson, for Elelea  
at 4 p. m.

## Penioners Almost As Numerous As Fighters

Washington, Dec. 24.—Officials of the  
Pension Bureau are considerably ex-  
ercised over the apparent fact that the  
increase in the pension rolls because of  
death and wounds received by soldiers  
in the Spanish and Philippine wars will  
more than offset the decrease for the  
year by reason of the death of Civil  
War veterans. Statistics are being pre-  
pared under the direction of Commis-  
sioner Evans, setting forth this fact  
very plainly. It is shown that already  
nearly 25,000 applications for pensions  
have been filed because of deaths or  
wounds received since the war with  
Spain began. As the entire enlistment  
of soldiers since the beginning of the  
war with Spain is less than 300,000, the  
applications for pensions are about one  
to two. Since thousands of men  
who served in the Spanish war are still  
in the service in the Philippines, the  
total from which the applications are  
made is much less than 300,000, and it  
is likely that of every ten men who  
have served in both wars one has asked  
for aid from the Government.

The bulk of these claims have been  
filed by comparatively few firms of  
pension attorneys. These men watch  
the list of casualties very closely. Each  
name is copied, and in case of death,  
the War-Department records are care-  
fully examined for the name of the  
next of kin. These are written to,  
blank applications for pensions being  
inclosed, with careful directions how  
to proceed to secure a pension, the only  
stipulation being that the name of this  
particular firm of pension attorneys be  
included in the application. As the  
law allows \$10 to the attorney for each  
pension granted, it is easily computed  
that a quarter of a million dollars will  
go to the pension attorneys.

A startling fact is that claims come  
in the greatest number from the mem-  
bers of regiments that never got out of  
the country. The soldiers of regiments  
which suffered severely, according to  
both official and newspaper reports,  
are not sending as many claims as or-  
ganizations that have no battle record.  
Applications from the 10th Cavalry,  
which saved Roosevelt's Rough Riders  
from annihilation, are very few—not  
over twenty or thirty.

The volunteer regiments are far  
ahead of regulars so far as applica-  
tions are concerned. These attorneys  
are not worried by the law which is  
provided for the punishment of those  
members of the bar found guilty of en-  
couraging litigation. The question has  
been discussed in the Pension Office  
as to whether they can be charged with  
the misdemeanor called embracery.  
Of course the prosecution of a claim  
for a pension is not really a lawsuit,  
but if the Government could be sued as  
individuals, there would probably be  
no hesitation on the part of these at-  
torneys in drumming up pensions.

### A Unique Caprice.

An awful lot of fads has Maud—  
Each one a reckless, costly fraud.  
Yet this one solace I can boast—  
I am the one she dates on most.  
—Detroit Free Press.

## NEW TO-DAY

Paul Egry,  
VIOLINIST.

—16 Beretania Street, —

Will furnish a limited number of pupils.  
Music received for concerts, afternoon or  
evening parties.

## Guardian's Sale of Real Estate.

By direction of Belle F. Jones, Guardian  
of Edwin Austin Jones, Helen Jones, Mar-  
garet Jones and Catherine Hay Jones,  
minors, and acting under and by virtue of  
an order issued out of the Circuit Court of  
the First Circuit, dated the 2nd day of  
January, 1900, I am directed to sell at  
public auction, at my salesroom in the city  
of Honolulu, Island of Oahu, on Saturday,  
the 27th day of January, 1900, at 12  
o'clock noon of that day, all the right,  
title and interest of said minors, being an  
undivided half of, in and to all those cer-  
tain pieces or parcels of land situate at  
Waikane, District of Koolahupo, Island  
of Oahu, and more particularly described  
as follows:

1. All that land described in R. P. 186,  
L. C. A. 5721 and 8095 to Kaikaina, more  
particularly described as follows:

"Apana 1. 6 lol kalo me ke Kakuahale

Alaila Ak, 43 15 Kom. 1. 8 Kaul, ma ka  
Kapule; Alaila Ak, 50 1/2 Hike, 1. 40 Kaul, ma  
ko Kauli; a hiki i kahi i hoomaka.

Maloko o la Apana 15-100 Eka.  
2nd. All that portion of the land de-  
scribed in R. P. 158, L. C. A. 5919 to  
Palahulu, as is described in deed of  
Palahulu to Nakea, dated May, 1857,  
and of record in Liber 27 on page 410.

3rd. All that land, being a portion of the  
makai half of R. P. 158, L. C. A. 5919, to  
Palahulu, more particularly described as  
follows:

Beginning at the northwest corner of the  
land of M. Phillips & Co., adjoining the  
Protestant church yard, and running south  
33 East 5.25 chains along the line dividing  
the mauka from the makai half of R. P.  
158; thence south 63 West 1.05-100 chains  
along the land of Puka to the Government  
road; thence north 33 West 5.30 chains  
along the Government road to the Protes-  
tant church yard; thence north 64 1/2 East  
1.05 chains along the said church yard to  
the point of commencement. Containing  
an area of 1.027-1000 acres.

4th. Five undivided shares or interest in  
the land known as the Ahupuaa of Waikane,  
and held and owned by a number of  
people as tenants in common, and called  
the Hui of Waikane.

5th. All that land at Kumunui, Waikane  
aforsaid, and more particularly de-  
scribed in R. P. 152, L. C. A. 6051, to-  
gether with dwelling houses, cook house,  
servants' dwellings, stable and bath house  
situate thereon.

6th. That certain spring of water known  
as Ulaivini, situate in the Ahupuaa of  
Waikane, conveyed by the officers of said  
Hui of Waikane to P. C. Jones, together  
with the pipes leading the water from  
said spring to the last above mentioned  
premises.

7th. Lease from the officers of said Hui  
of Waikane of about ten acres of land  
known as the Peterson lot; rent paid in  
full to October 1st, 1907.

8th. Note for \$120 secured by mortgage  
dated May 17, 1892, at 12 per cent per  
annum, made by Pini to Peterson, Larsen  
and Hopkins, of his interest in the Hui of  
Waikane.

The property above described has for  
the most part been used as a country re-  
sidence, and has on a portion thereof two  
dwelling houses, outhouses, stables, etc.,  
all in good order and condition. A portion  
of the land's three pieces are leased, and  
bring in a rental of \$155 a year.

P. C. Jones, Esq., who is the owner of  
the other undivided half of said property,  
has consented to a sale of his half at the  
same time and place, and will join in the  
deed for his half interest with the Guar-  
dian, so that the party buying can secure  
the whole property. The five shares in  
the Hui of Waikane represent nearly a  
sixth interest in between 1,500 and 1,600  
acres, consisting of Kula and rice land, the  
land being known as the Ahupuaa of  
Waikane.

Upset price for all the above property  
will be \$12,000.00.

Deeds at the expense of purchaser.  
Dated Honolulu, January 3rd, 1900.  
For further particulars apply to Cecil  
Brown, Esq., or

J. F. MORGAN,  
Auctioneer.

## Pacific Import Co.

(INCORPORATED),

PROGRESS CLOCK.

## Great News!

We beg to inform the Ladies  
that we have just opened out  
five cases of Embroideries, In-  
sertions, and All-Over Embroid-  
eries---1,000 pieces of Embroid-  
eries of all grades in widths and  
qualities to select from, high  
novelties in new patterns that  
must be seen to be appreciated.  
Having imported the same direct  
from the largest manufacturer  
in Switzerland, we are able to  
sell the same at very reasonable  
prices.

We invite inspection.

PACIFIC IMPORT CO.  
S. EHRLICH, Manager.
