Rosemarie Morelli has more than 13 years experience teaching drawing and painting to children and adults of all levels. She is dedicated full time to her school and brings over 30 years of a professional career as a fine art oil painter, muralist, commercial illus-

trator and graphic designer that will further enrich the diverse art interests of the students, ranging from traditional realism to contemporary and expressive styles. Rosemarie was awarded several major art commissions for her paintings, murals and 3D multi-media design installations at Children's Hospital Boston.

Rosemarie studied classical realism and impressionism oil painting at the Boston School of Painters Atelier under Nadia Mahfuz, the former pupil of RH Ives Gammell. Rosemarie has developed her own teaching methods that incorporates some of the techniques of the masters into a kid-friendly program that is fun and easy to learn.
