HTK Tunnel Package – Includes (2) HTK's with bases, 15" touch screen display, custom touch screen theme, custom door and cabinet wraps, barcode reader, dual bill dispenser and econo dan.

MSRP - \$62,803

KC Chemical – \$30,000 Chemical Product Credit

\$30,000 Product Credit

Free to pick any KC Chemical manufactured products that fit your need.

MSRP - \$30,000

Micro Logic – Tunnel Controller

PurClean/PurWater – 120GPM Reclaim System

THE PURWATER 350 SERIES (120GPM) WATER RECOVERY SYSTEM

The PurWater Recovery System has been engineered and designed specifically with the Professional Car Wash Operator in mind and incorporates the same innovative, cutting edge technology the industry has come to expect from PurClean. Modular in design, the PurWater System platform provides a simplified approach that allows the system to be easily adapted to meet the needs and requirements of the targeted wash facility and eliminates the confusion typically associated with water recovery.

- 5hp Motor with a Variable Frequency Drive to provide constant recirculation
- PLC controlled for smooth consistent operation
- Stainless steel frame
- Ozone Generator producing 24 grams of ozone per hour
- PurWater succession technology to provide 5-micron quality water
- New Human Machine Interface (HMI) allows carwash operator to visually see faults and status – conveniently located on outside of control box
- New underflow valve is PLC controlled and operates thru HMI to keep the cyclones clean automatically – one of the most overlooked maintenance items

MSRP - \$28,595

Simoniz – Hot Wax System

Includes Motor City Wash Works Sudz Arch with Simoniz graphics, 100:1 Dosatron Solution Delivery, 30Gallon drum of Hot Wax, and Marketing

MSRP - \$4,999

SoBrite – AquaPrep 1

AquaPrep 1 W/MLR PNL – Odor Control

Odor Control System adaptable to any existing reclaim system.

25GPM, 1HP, 208-230/460 VAC, Low Water Float Pump Protection, Inlet Basket Strainer, Total water reclaim storage up to 4,000 gallon, Auto/Hand Selection Switch.

MSRP - \$7,920

Stinger Chemical –

VacuTech – Central Vacuum System

25HP Central Vacuum System (Dry)

Includes – A T3 25HP turbine with 25” impeller that produces 27” of water lift at sea level, at 69 degrees, A 3179 Filter Separator, 7 – 42” filter bags, a 6” Outdorr Silencer, A Turbine Separator Flex Kit

The above system will provide enough power for 6-7 users simultaneously depending upon piping and vacuum hose delivery.

*Piping, installation and install kits are not included.

Winner of this auction can use the value to upgrade to another system.

MSRP - \$17,570

Velocity Waterworks – Reverse Osmosis System

9600 GPD RO System,

9,600gpd REVERSE OSMOSIS SYSTEM. Product Number – VROF-4-L15A

Free Standing, Stainless Steel Frame, High Efficiency RO System. 2.0hp, 230V, 1-Ph (TEFC) RO Production Pump, (4) TFC Membranes & (4) SS Membrane Housings. Digital TDS Display, Auto Membrane Flush, Low Pressure Safety Shut-Off & Auto Re-Start. Panel Mounted Pressure Gauges (3), Flow Meters (2), Reject Valve & VROC RO Control.

SYSTEM INCLUDES:

- Carbon Filter (#VF1- 100-025). Auto Backwashing, 1.00”, 2.5cu Ft Carbon Filter with integrated By-Pass Assy.

- 1.5hp Re-Pressurization Pump (#RP1-L15A). Stainless Steel (TEFC) 230V, 1-Phase Pump Designed to deliver 15gpm@ 50 psi. Includes Fresh Water By-Pass System.

MSRP - \$14,031

Washify – Tunnel Controller

48 Function Tunnel Controller – Model Number WC48

MSRP - \$9,999
