Personal Information

Birth Date: 22 May 1982
Nationality: Palestinian
Marital Status: Married
Number of Dependents: 2

EDUCATION

Ph.D in Computer Science/Engineering- Image, video and signal Crypto-Compression processing

Thesis Title: Chaos-based crypto and joint crypto-compression systems for image and video

Nantes University, Institute of Electronics and Telecommunications of Rennes University, Image Team

Location: Nantes-France

Completion Date: 30-June-2015

Build a chaos based crypto-compression system for H.265/HEVC video. It is the new video standard, it is published in 2013.

Ranked first in IETR lab-Nantes university in terms of research production between 2013 and 2015.

My PhD degree is fully supported by the French Government under the International Fellowships Program due to my high ranking in the M.Eng degree.

Master of Engineering (M.Eng)-Electronics and Computer Engineering-Cryptography.

Master Thesis Title: Developing Symmetric Encryption Algorithm based on a modified Hill cipher.

Al-Quds University, Graduate Studies

Location: Jerusalem, Palestine

Completion Date: January 2010

GPA: 90.5% Excellent-Top Rating

In January 2010, I have completed my Master degree in Electronics and Computer Engineering, specializing in **Cryptography** from Alquds University in Jerusalem in Palestine. My master degree is fully supported by the AMIDEAST under the International Fellowships Program due to my high ranking in the B.Eng degree.

Bachelor of Engineering (B.Eng) Electrical Engineering. Computer Systems Engineering

Palestine Polytechnic University, College of Engineering and Technology

Location: West Bank, Palestine

Completion Date: June 2006

GPA: 90.4%, High Honor-Top Rating

Ranked 1st among all of the Electrical and Computer department of three programs contains **120** student in the year 2006.

My Engineering degree is fully supported by Hani Qaddumi Scholarship Foundation due to my high ranking in the General Secondary Education.

General Secondary Education Examination, Al-Tawjihi High school

Idna Secondary Boys School, Scientific Stream

Location: West Bank, Palestine

Completion Date: June 2001

GPA: 94.3%, Excellent

AWARDS and HONORS

- **2012, French Government Scholarship.** To complete the PhD degree between 2012 and 2015.
- **2012, Saarland University Fellowship.** To attend the Pre-PhD program (Cryptography and Information Security Course) between April 2012 and September 2012.
- **2010, AMIDEAST Fellowship.** To attend the Training of Trainers of the best 10 Palestinian student for 2010.
- **2007, AMIDEAST Fellowship.** To complete the Master of engineering in Electronic and Computer Engineering degree between 2007 and 2010.
- **2006, 1st Rank.** Achieving the highest GPA among all Electrical and Computer Engineering department.
- **2006, 1st Rank.** Achieving the highest GPA among Computer Engineering program.
- **2006, 1st Rank.** Achieving the best graduation project among all Electrical and Computer Engineering department.
- **2006, 1st Rank.** The only student achieving the High Honor rating among all Electrical and Computer Engineering department.

- **2006, 9th Rank.** 9th place of the Palestine Polytechnic University among all graduated students in 2006.
- **2002, Hani Qaddumi Scholarship.** To complete the Bachelor of engineering in computer systems engineering degree between 2002 and 2006.

Memberships

- International Journal of Signal Processing: Image Communication (Elsevier , Q1 journal) Reviewer
Membership: Reviewer
Member since: January 2016
- International Journal of Signal Processing (Elsevier, Q1 journal) Reviewer
Membership: Reviewer
Member since: September 2016
- International Journal of Bifurcation and Chaos (IJBC, Q1 journal) Reviewer
Membership: IJBC Reviewer
Member since: September 2014
- IEEE
Membership: IEEE Fellow
Member since: September 2013
- ICITST
Membership: ICITST Fellow
Member since: April 2013
- IFP
Membership: IFP Fellow
Member since: June 2010
- IEEE ICIP 2014 (SJR conference) Membership: Special Sessions organizer
Member since: December 2014

Research Interests

- Cryptography algorithms
- Cryptography and Security Evaluation tools
- Security of HEVC standard
- Crypto-Compression algorithms
- Joint-Cryptography solutions for image and Video
- Practical Cryptanalysis
- Parallel implementation of crypto solutions
- Database Security

SKILLS

- C/C++ programming
Level: Expert
Experience: More than 10 years
- Java
Level: Intermediate
Experience: Less than one year
- ASP.NET
Level: Expert
Experience: Less than 5 years
- VB.Net
Level: Expert
Experience: Less than 10 years
- Microsoft Office 2000,2003,2007
Level: Expert
Experience: More than 5 years
- Matlab
Level: Intermediate
Experience: Less than 5 years
- Latex
Level: Expert
Experience: More than 3 years
- Chaos Cryptosystems
Level: Expert
Experience: More than 5 years
- Mathematical courses for engineering and computer science
Level: Expert
Experience: More than 5 years
- Video and Image courses
Level: Expert
Experience: Less than 5 years
- Computer Engineering/Science and IT courses
Level: Expert
Experience: More than 5 years
- Research and project
Level: Expert
Experience: More than 5 years

Languages

- Arabic
Level: Expert
Experience: Mother/First language
- English
Level: Expert
Experience: More than 18 years

Funded Training and Certification

- Saarland University -Germany
Duration: 4 months - (From 8 April 2012 To 5 August 2012)
Type of Training: Cryptography and Hot topics in Security
- IFP
Duration: 10 days - (From 15 May 2010 To 24 May 2010)
Type of Training: TOT

Work Experience

Head of the Computer Engineering and Security Department, July-2016
→ **current, Full time, College of Information Technology and Computer Engineering-Palestine Polytechnic University, Palestine** Keeps abreast of current and future trends to develop or establish the required educational services in Computer Engineering courses. Help and resolve student complaints and other issues. Develops and maintains relationships with industry partners to support internship, graduation project collaborations. Translate the college's mission and values into students to ensure that the goals of the Computer Engineering program are attainable. Designs and implements new and innovative programs for business solutions.

Assistant Professor, August-2015 → July-2015, Full time, College of Information Technology and Computer Engineering-Palestine Polytechnic University, Palestine
Teaching up to 4 graduate and undergraduate courses in Computer Engineering each semester.

Post-Doctoral researcher, Feb-2015 → August-2015, Full time, INSA of Rennes University and AMP Visual TV company, France
I have developed with our colleagues in INSA a complete security system for the last video standard (HEVC). One of my tasks with the INSA of Rennes university includes theoretical research of HEVC encoder privacy and security while with the AMP company to implement these researches on the practical applications.

Research assistant, Oct-2013-Feb-2015, IETR Lab
I have 2 years of experience in teaching and helping first year PhD student in our lab.

Director of the computer center, April-2010-April-2012, Full time, Palestine Polytechnic University
I have worked as a director of the computer center at the college of engineering and also a lecturer at Palestine Polytechnic University, computer center is the responsible unit to provide high-quality computing facilities and services for faculty, students, and staff in order to support the practical courses, research, and educational endeavors of the college of engineering.

Lab Assistant, Sept-2006-April-2010, Full time, Palestine Polytechnic University
From 2006 till 2010 as lab supervisor teaching the practical part of the computer

courses and graduation project assistant where I gained good practical knowledge.

Teaching Courses

- 1- Cryptography (Master+Bachelor)
- 2- Cryptanalysis (Master+Bachelor)
- 3- Introduction to information security (Master+Bachelor)
- 4- Digital System Design
- 4- Image and video security
- 5- Computer Ethics
- 6- Signals and systems
- 7-Discrete Mathematics for Computer Engineering
- 8-Number theory. 9-Data Structures

Supervised Master/Bachelor Students

1. sahar natsha, Master of Informatics, Palestine Polytechnic University, "Joint Crypto-Compression algorithm for JPEG2000", 2016.
2. Zaher Amro, Master of Informatics, Palestine Polytechnic University, "Standard Security Evaluation using NPCR, UACI and HD", 2016.
3. Amal Abuzalata, Master of Informatics, Palestine Polytechnic University, "Designing a database encryption technique for database security solution", 2016.
4. Samer Iseed, Master of Informatics, Palestine Polytechnic University, "Parallel Generator for secure real-time application", 2015.
5. Rawan Qumsieh, Master of Informatics, Palestine Polytechnic University, "A lightweight image encryption algorithm", 2016.
6. Samah Asafra and Abrar Abu-Hassan, Bachelor of Computer Systems Engineering, Palestine Polytechnic University, "Virtual Reality Racing Game Using Mobile Robots", 2015.
7. Dania Jabareen, Bachelor of Computer Systems Engineering, Palestine Polytechnic University, "Musical Gloves based on Magnetic field", 2015.
8. Naji Al jazar, Saga maraqa, Bachelor of Computer Systems Engineering, Palestine Polytechnic University, "Augmented Reality of Qar Hishm", 2016
9. Rabea Altaradeh, Bachelor of Computer Systems Engineering, Palestine Polytechnic University, "Gun Simulator and AR Game", 2016
10. Saja Abu Dayyah and Raeda Abu Sabha, Bachelor of Computer Systems Engineering, Palestine Polytechnic University, "Cryptographically secure voting system", 2016.

Member of Thesis Committee

Mohammed Salem, Master of Computer Engineering, Al-Quds University- Jerusalem, "Dynamic and Efficient Protocol for Detection and Mitigation of Multiple Black Hole Attack in MANET", 2016.
