

Breakout Session #3:

Moving Ahead with Common Core

Office of Curriculum, Instruction and Student Support

Petra Schatz

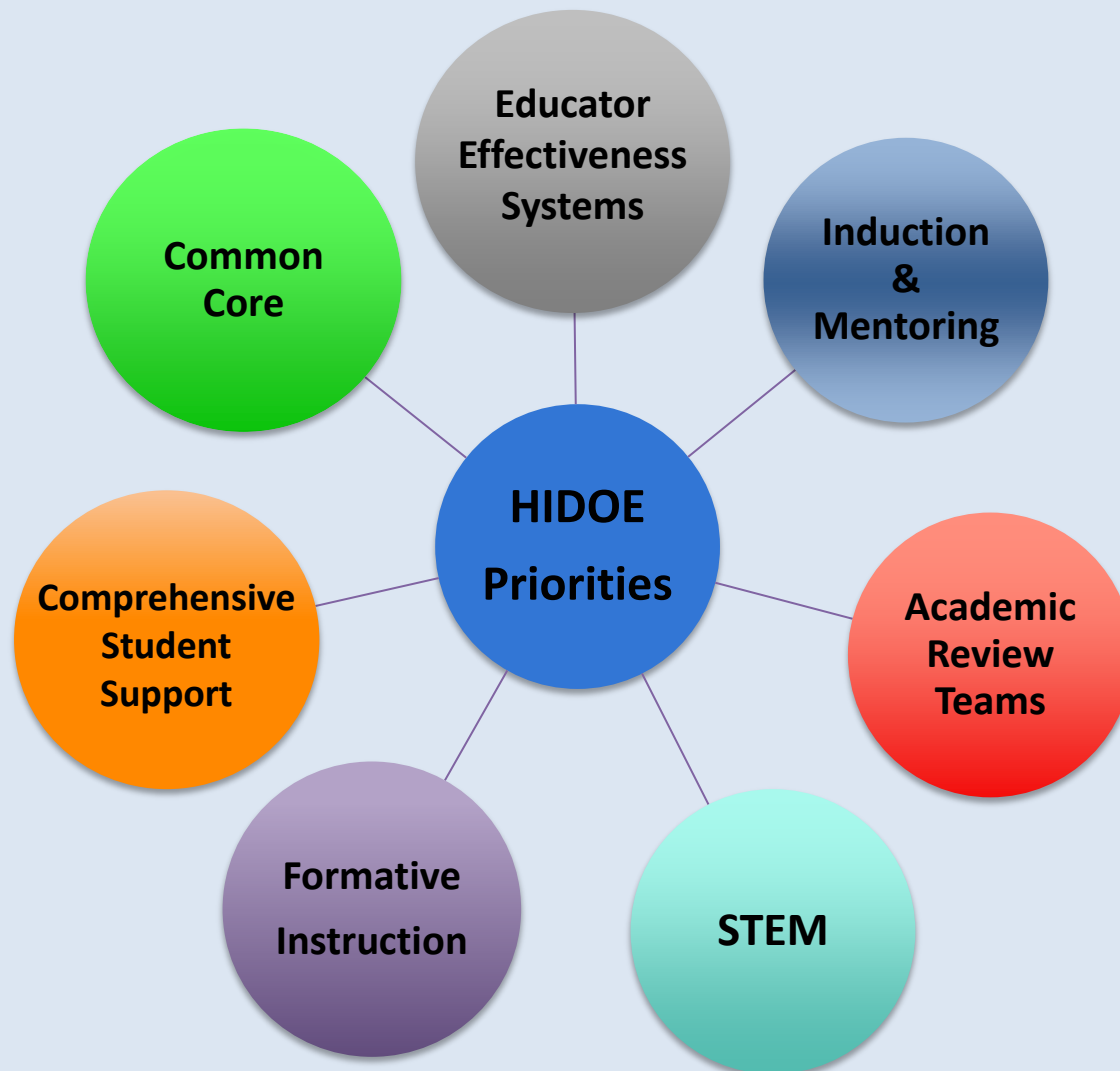

Educational Specialist for English Language Arts

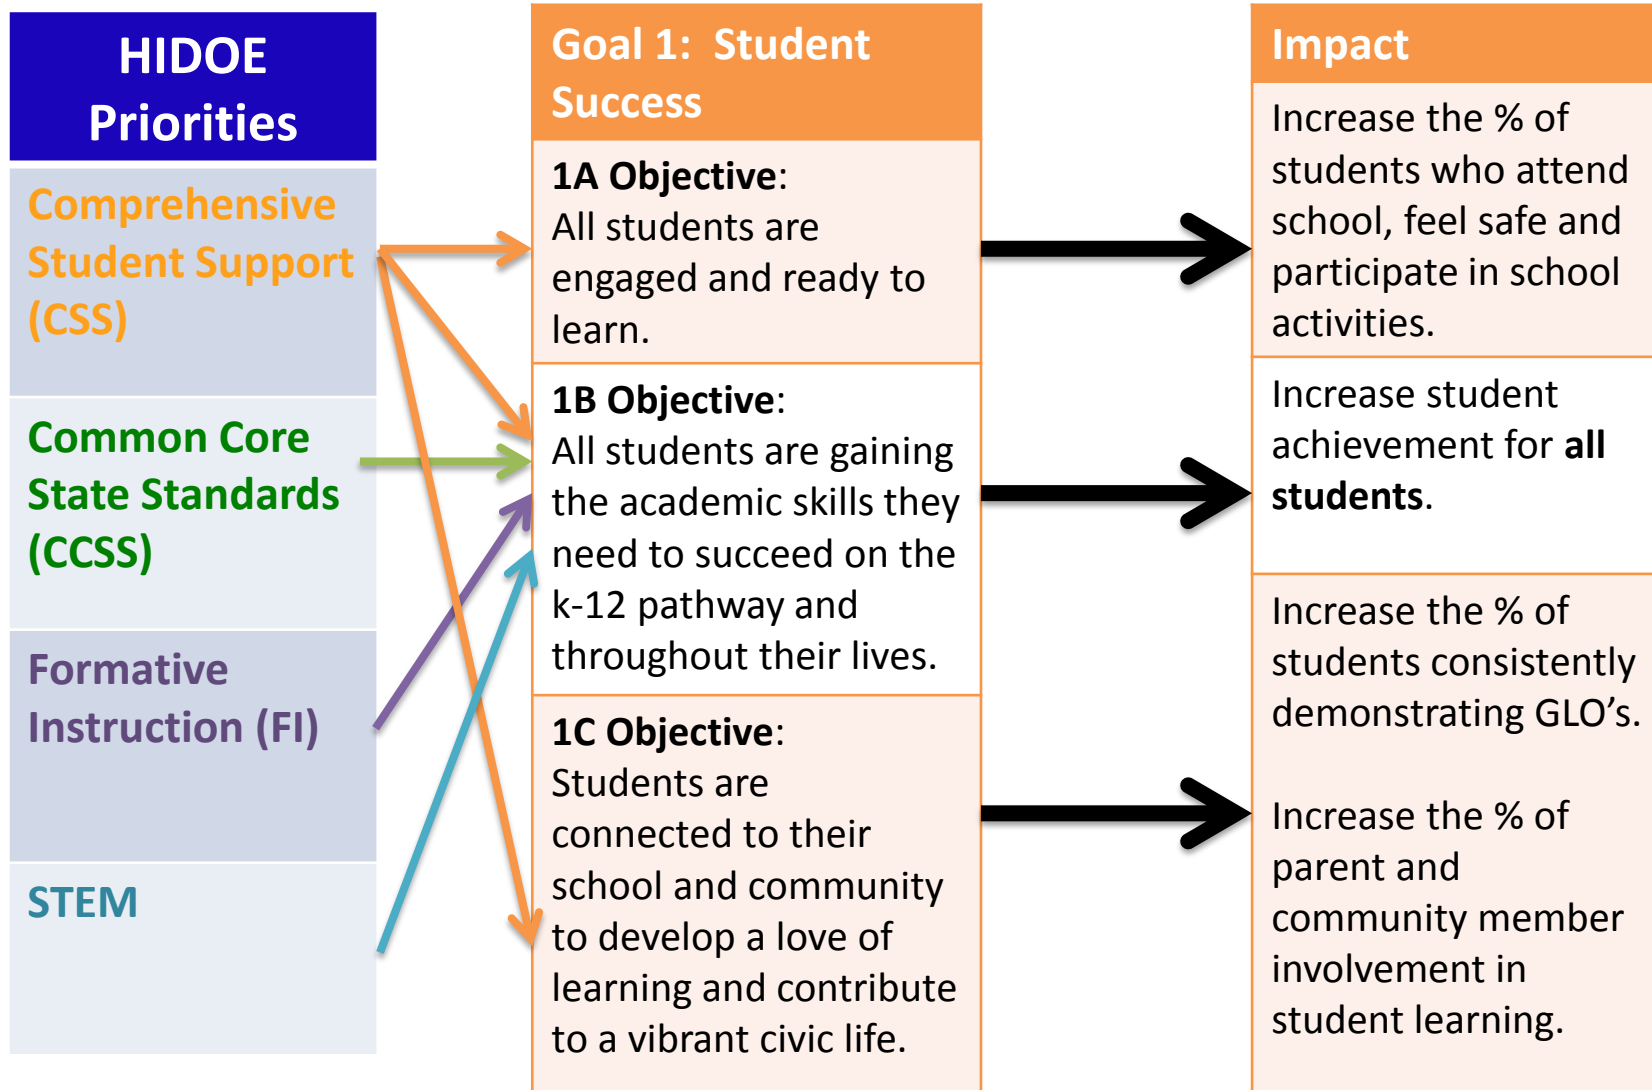

Dewey Gottlieb

Educational Specialist for Mathematics

Collaborating to Achieve Strategic Plan Goals

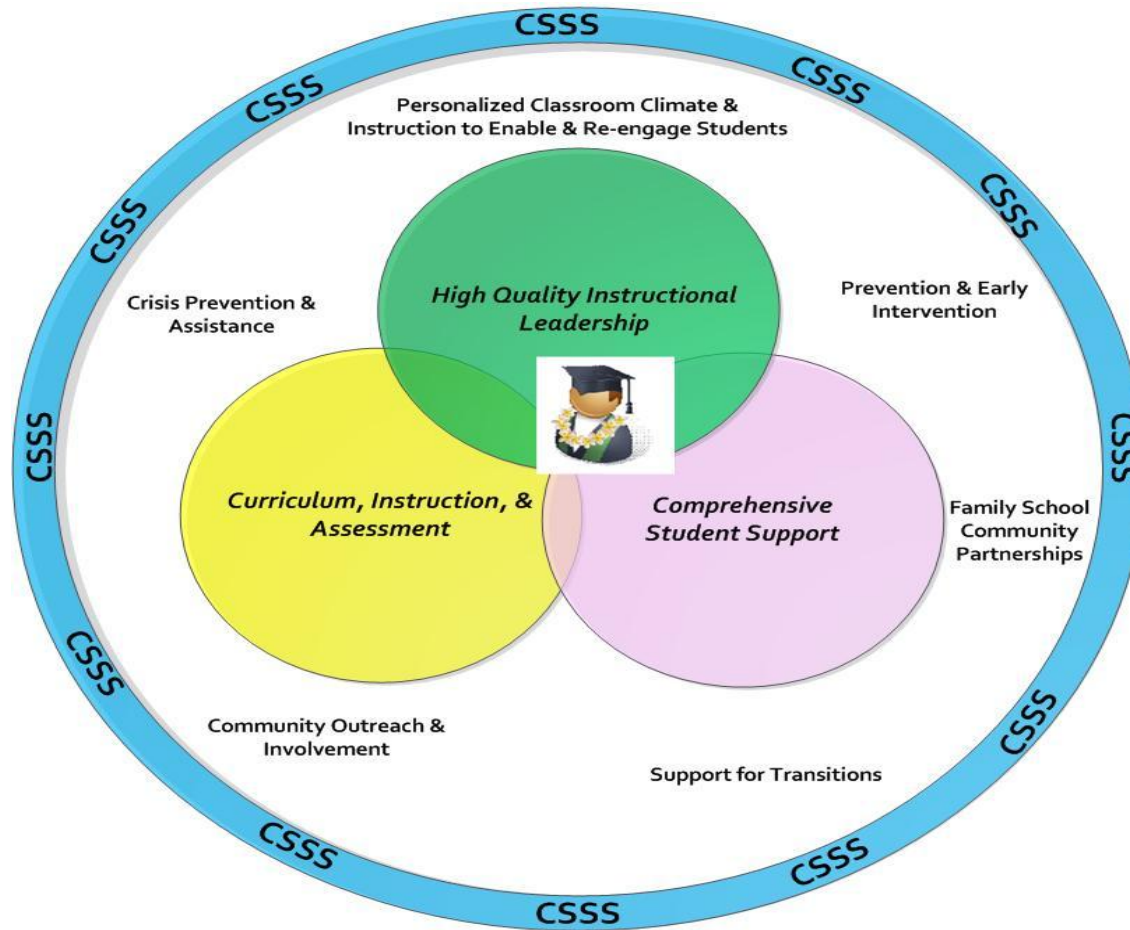

HIDOE Priorities
Educator Effectiveness System (EES)
Induction and Mentoring (IM)

Goal 2: Staff Success
2A Objective: The DOE effectively recruits, retains, and recognizes high-performing employees.
2B Objective: Training and professional development for all DOE employees supports student learning and school improvement.
2C Objective: Leadership across the DOE has the capacity to implement systemic change, including adapting and innovating; modeling optimism and fairness; overseeing school transformation, and student success.

Impact
Increase the % of teachers rated as “highly effective” beginning 2014
100% of new teachers receive induction and mentoring
100% of teachers receive rating on performance evaluation and establish improvement plan by 2014

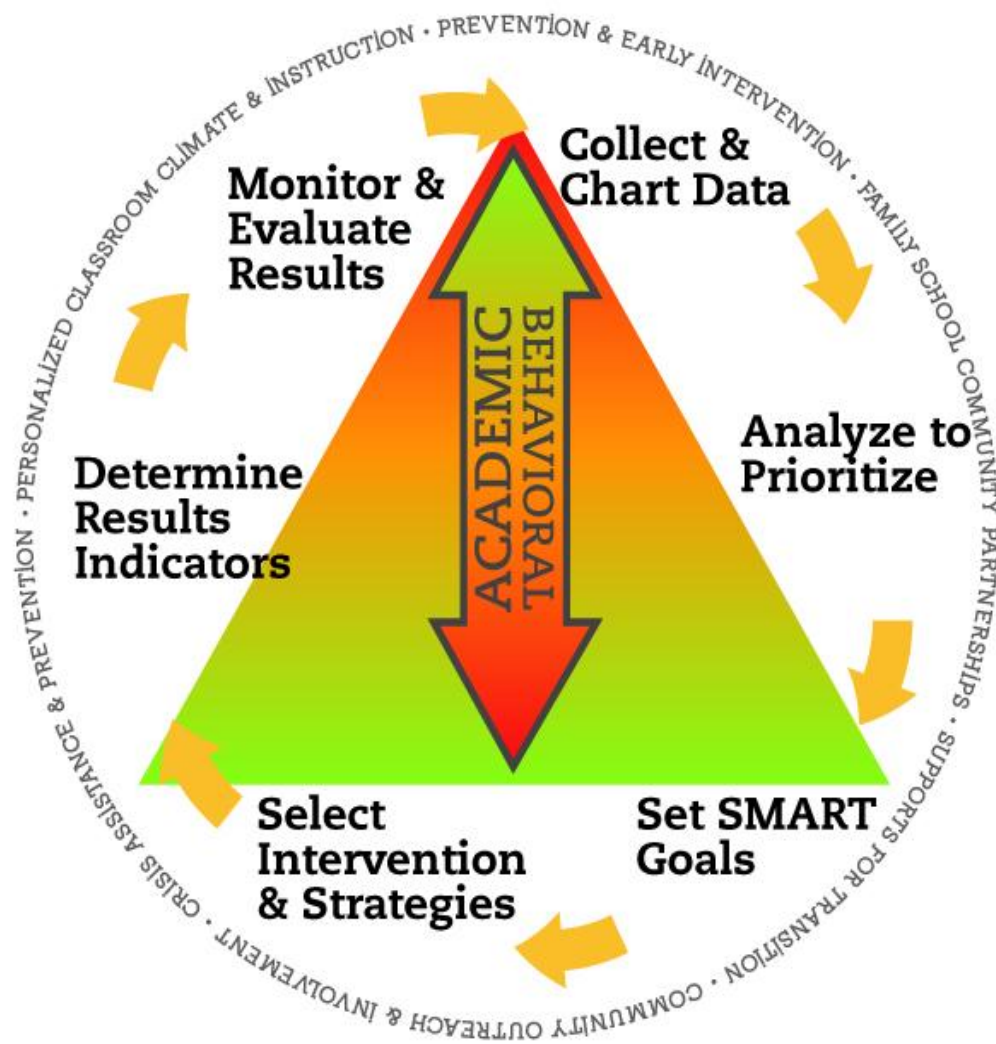

Helping Today's Students Navigate Tomorrow's World

Success for ALL Students: Multi-tiered System of Supports

Tier 3: Intensive, Individualized Interventions

- Individual students
- Assessment Based
- High Intensity
- Intense, durable procedures

Tier 2: Targeted Group Interventions

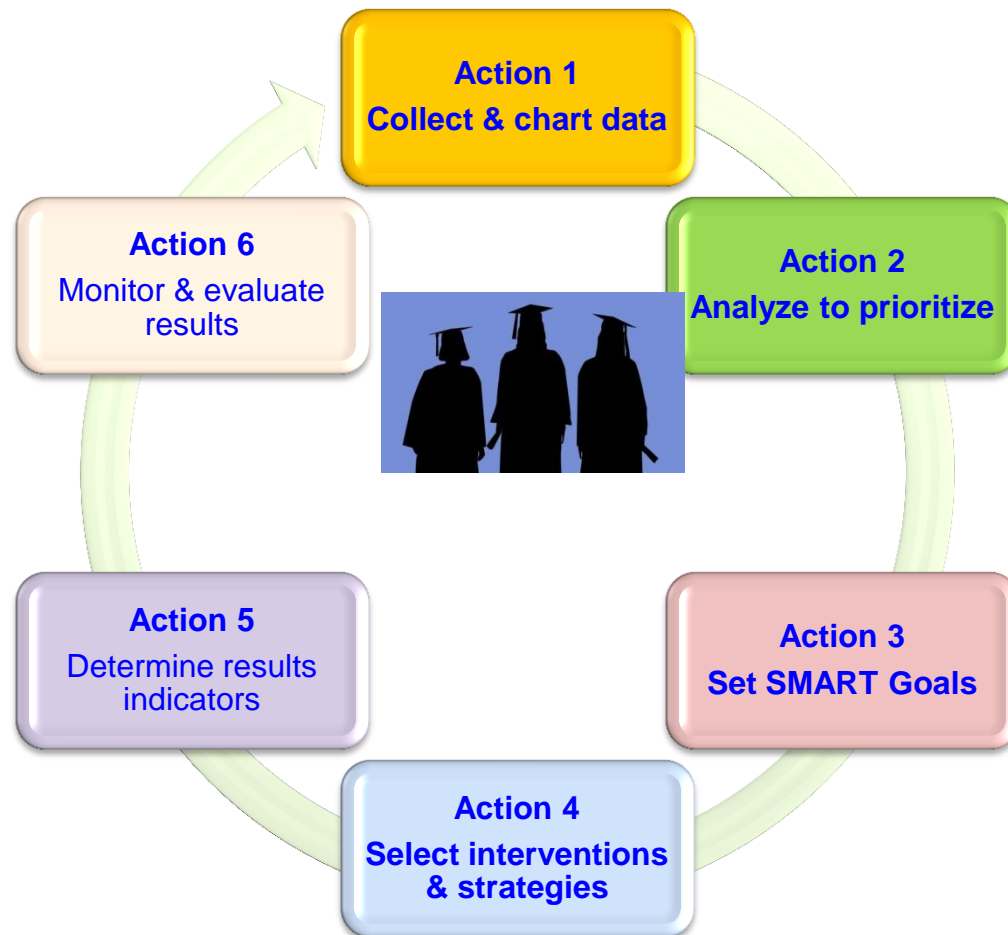

- Some students (at risk)
- High efficiency (e.g. target skill instructions with progress monitoring)

Tier 1: Core, Instructional Interventions

- All Students, All Settings
- Preventive, proactive support (e.g. school-wide behavior support, high quality core instruction, differentiate instruction, universal screening)

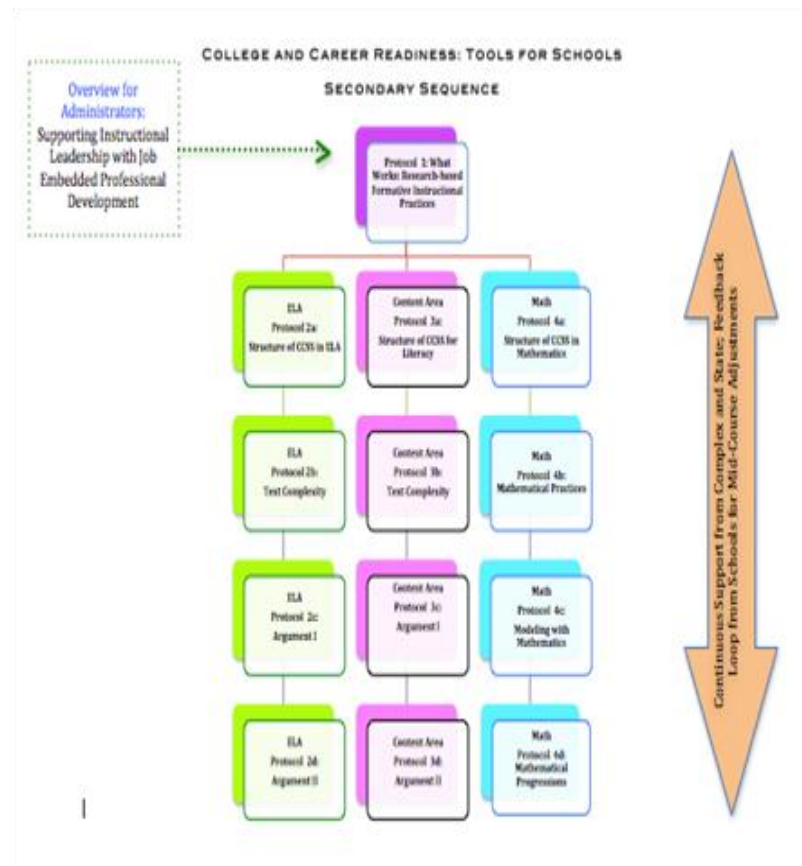

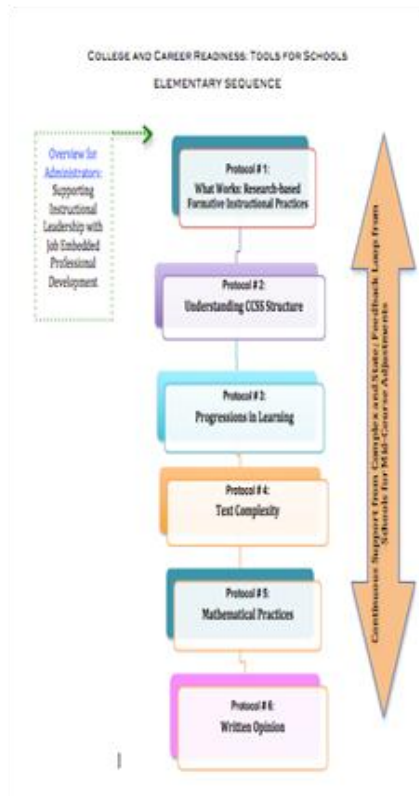

Team-Based Data-Driven Problem Solving Process

Common Core: Where Have We Been?

CCR Protocols to Build Shared Understanding

CCR Protocol Data

CCR Protocol 4: Elementary: Text Complexity: Level of Impact

CCC Protocol 5: Elementary: Mathematical Practices: Level of Impact

CCR Protocol Data

**CCR Protocol 2C: Secondary:
Argument 1: Level of Impact**

**CCR Protocol 4c: Secondary:
Modeling with Mathematics:
Level of Impact**

Common Core: Where Have We Been?

Standards-based Implementation Process

Where are we going?

- Figuring out where we are: ***Implementation Continuum*** (for each HIDOE Priority)
- Leverage our Tri-Level System: ***CAST***
- Connecting the Priorities: ***CCSS, EES, DT/FI***
- Instructional Resources: ***Recommended curricula and Open Education Resources***
- Shared PD Resources: ***Standards Toolkit website***

Continuum of CCSS Implementation

Rubric for Implementation of the Common Core State Standards

	<u>Establishing-1</u>	<u>Applying-2</u>	<u>Integrating-3</u>	<u>Systematizing-4</u>
<p>ELA and Literacy Common Core Shift 1.</p> <p>Building knowledge through content-rich nonfiction</p>	<p>The school shows little or no evidence of providing students with a balance of literary and informational texts. There is not a clear sequencing of text to provide deep content knowledge.</p>	<p>The school shows some evidence of moving towards the balance of text recommended in the CCSS. Text selection is becoming more intentional so that texts are more carefully sequenced to build deep content knowledge. Some teachers in all content areas are aware of the plan.</p>	<p>The majority of classes in the school have evidence of a balance of literary and informational text</p> <p>The majority of classes across all content areas in the school intentionally sequence texts students read and hear to develop content knowledge.</p>	<p>The school shows evidence of students reading a balance of 50% literary and 50% informational text in the elementary school. The balance for middle school is 55% informational texts and 45% literary texts. The balance for high school is 70% informational text and 30% literary during the school day. *</p> <p>All teachers across all content areas intentionally sequence texts students read and hear to develop deep content knowledge. Students demonstrate knowledge in multiple ways (i.e through an art or movement form). The school has set aside professional time for teachers to collaborate on Shift 1.</p>
<p>ELA Common Core Shift 2.</p> <p>Reading, writing and speaking grounded in evidence from text, both literary and informational</p>	<p>The school shows little or no evidence that class time is spent reading, writing, or speaking directly about text.</p>	<p>The school shows some evidence that class time is spent reading, writing, or speaking directly about text.</p>	<p>The majority of classes in the school spend considerable amounts of class time reading, writing, or speaking directly about text.</p>	<p>The school shows evidence of having considerable amounts of class time spent reading, writing, or speaking directly about text.</p> <p>When discussing or collaborating students in all classes build on each other's observations or insights using evidence</p> <p>The school has set aside professional time for teachers to collaborate on Shift 2.</p>

Discussion Questions

1. Form groups of 3
2. Each person select three unique sections of the continuum to read
3. Read your sections in order to share with your group -10 minutes
4. Each person share what it looks like when a school is at the systematizing level for your rubric section – 15 minutes

Discussion Questions

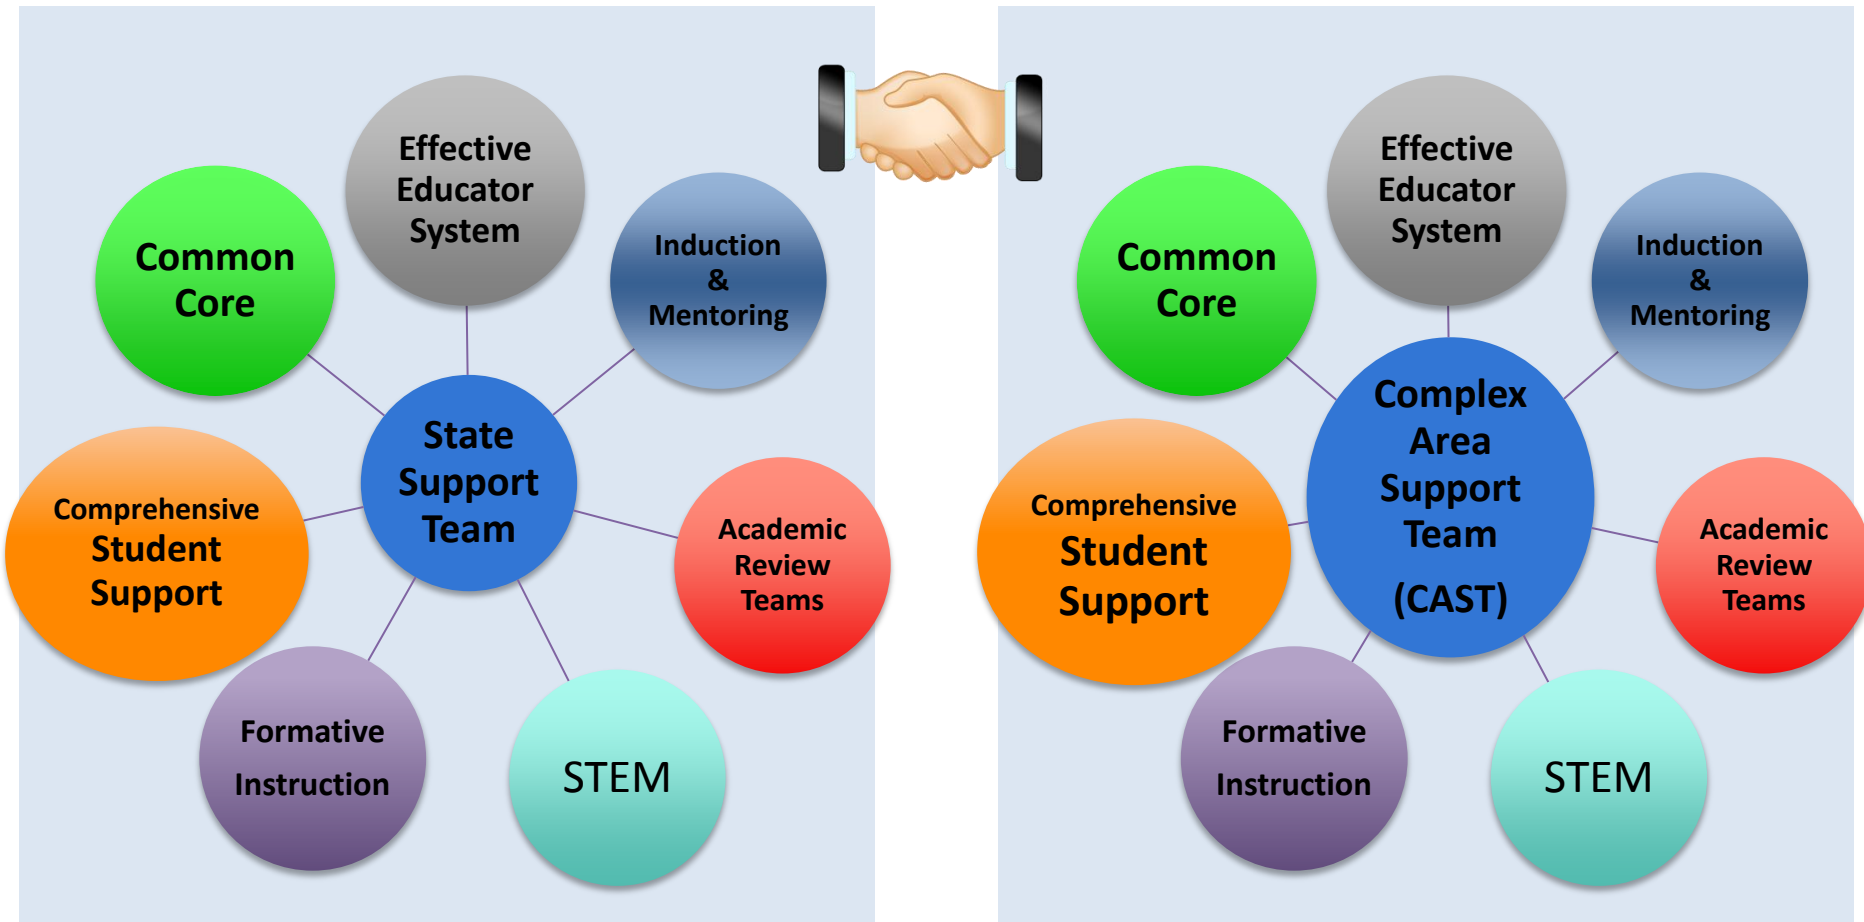

Reflection:

5. Looking at the ELA indicators, the math indicators and the instructional resources/large scale assessment indicators, reflect on the following:
 - where you think your school is on the continuum
 - how you know
 - what you need to do to move forward(jot down notes; 7 minutes)

6. Choose an area where you would currently rate your school at a 3 or 4. Share with your group the answers to the following:
 - What has been happening at your school to get your staff to that level?
 - How do you know you are there?
 - What do you need to move to the next level?(15 minutes)

Where we are going: *State Support Team and CAST*

Where we are going: *Support for CCSS Implementation*

Common Instructional Resources

English Language Arts

- Elementary: McGraw Hill Wonders
- Secondary: College Board's Spring Board

Mathematics

- K-8: Ongoing review in 2013-2014 school year
- High School Curriculum Resources for Algebra I & II (Geometry to be developed)

Where we are going: *Support for CCSS Implementation*

Open Education Resources

<http://www.oercommons.org>

The screenshot shows the homepage of OER Commons. At the top left is the OER Commons logo, which consists of three colored circles (yellow, green, blue) containing the letters O, E, and R, followed by the text 'COMMONS OPEN EDUCATIONAL RESOURCES'. To the right of the logo is a navigation menu with links for 'Home', 'Browse All', 'My OER', 'Groups', and 'Contribute'. In the top right corner, there is a user profile 'Hello, Edith Bell' with a dropdown arrow, and links for 'Logout' and 'Help'. Further right is a '+ LEARNER OPTIONS' button. The main banner features a smiling man with glasses on the left. To his right, the text reads 'Experts Curate for You' followed by 'The OER Commons Team designs custom tools and environments to support OER networks.' Below this is a section for 'OER SUPPORT SERVICES'. The banner also contains several icons: a lightbulb, a speaker, a globe, and a math equation $1+2=3$. At the bottom of the banner is a search bar with the placeholder text 'What do you want to search for today?' and a magnifying glass icon. Below the search bar are links for 'Use Advanced Search' and 'Discover New Resources'. At the very bottom, there is a 'Browse by Topic' section with a list of categories: 'Education', 'Arts', 'Humanities', 'Social Sciences', 'Natural Sciences', 'Applied Sciences & Technology', and 'Mathematics & Statistics'.

group codes:

Basal Alignment Project Code: F4Q6NM

Anthology Alignment Project Code: pkx4s

What is the BAP?

Basal Alignment Project (BAP) 3-5 + 6
Anthology Alignment Project (AAP) 7-12

- Free, Common-core aligned lessons for basal reading programs/anthologies
- Collaborative effort between Council of Great City Schools and Student Achievement Partners
- Temporary solution for CCSS aligned resources
- Strong resource when paired with ongoing professional learning around the instructional shifts

What BAP addresses

- Big Ideas/Key Understandings
- Text-dependent questions
 - Importance of rereading and returning to the text
- Academic (Tier Two) vocabulary
- Culminating tasks
- Additional activities
- Notes to the Teacher

Big Ideas, Key Understandings

Houghton Mifflin Harcourt

Collections - 2001

Grade 4

Unit 2/Week 4

Title: Charlotte's Web

Suggested Time: 5 days (45 minutes per day)

Common Core ELA Standards: RL.4.1, RL.4.2, RL.4.3, RL.4.4; W.4.1, W.4.4, W.4.9; SL.4.1; L.4.1, L.4.2, L.4.4

Teacher Instructions

Refer to the Introduction for further details

Before Teaching

1. Read the Big Ideas and Key Understandings and the Synopsis. Please do **not** read this to the students. This is a description for teachers, about the big ideas and key understanding that students should take away **after** completing this task.

Big Ideas and Key Understandings

Love and friendship can be powerful and sometimes our friends are very different from ourselves.

Words can change minds and even help save lives.

You are never too small to do great things.

Synopsis

E. B. White's *Charlotte's Web*, first published in 1952 tells the story of friendship and loyalty between Wilbur and a grey spider named Charlotte. Wilbur is a spring pig and learns that he is being fattened for slaughter in the fall. Although Charlotte is the smallest living thing in the barn, she ends up being the most powerful. Wilbur is at first disgusted by the fact that Charlotte eats flies, but comes to both appreciate and love her.

Text-Dependent Questions

Text Dependent Questions

Text-dependent Questions	Evidence-based Answers
What is the setting of the play <i>Charlotte's Web</i> ? (Pg. 186)	<i>Charlotte's Web</i> takes place in the Zuckerman's Barn
Look at the illustrations on page 187. Why did the author and illustrator introduce all the characters before the story begins?	<i>Charlotte's Web</i> is a play.
How does Charlotte change how she sews her web once she meets Wilbur and becomes determined to save her? (Pg. 188)	At the beginning Charlotte's web protects her, gives her a place to live, and helps her trap food. At the end, Charlotte is using her web to send messages to people so that Wilbur won't be killed.
Why does Wilbur say early summer days on a farm are the happiest and fairest of the year? (Pg. 190)	Lilacs and apple blossoms bloom; the days grow warm and soft; he can visit the barn every day
Conspiracy means a secret plan by a group to do something harmful. On page 191, the sheep says, "It is a regular conspiracy". To what is he referring?	They are fattening Wilbur up. They are going to kill him and turn him into smoked ham or bacon
Wilbur just found out about the Zuckerman's plan. Look at the illustrations on pages 194-195. What detail from the text supports why Wilbur is smiling in the illustration?	Charlotte promised Wilbur that she would save him.
Homer says, "A miracle has happened on the farm". What miracle has Charlotte performed? (Pg. 200)	Charlotte threads "Some Pig" in her web to describe Wilbur. Illustration

Vocabulary Matrix

Vocabulary

	KEY WORDS ESSENTIAL TO UNDERSTANDING	WORDS WORTH KNOWING General teaching suggestions are provided in the Introduction
TEACHER PROVIDES DEFINITION not enough contextual clues provided in the text	<p>Page 190 - brutal, doubts, fears, loyal</p> <p>Page 191 - dismayed, conspiracy</p> <p>Page 200 - miracle</p> <p>Page 202 - provider</p>	<p>Page 187 - hired hand, gander</p> <p>Page 188 - restores</p> <p>Page 190 - uncertainty, fairest</p> <p>Page 191 - unremitting, rigid</p> <p>Page 194 - advances, emerging</p> <p>Page 195 - elaborate, deliberately, indistinguishable</p> <p>Page 197 - retreats, sustenance</p> <p>Page 198 - eluding</p> <p>Page 200 - bravo, cowers</p>
STUDENTS FIGURE OUT THE MEANING sufficient context clues are provided in the text	<p>Page 193 - rotten</p> <p>Page 200 - some</p>	<p>Page 188 - salutations, fragile</p> <p>Page 194 - capture, tremendous</p> <p>Page 195 - delayed, determined</p> <p>Page 197 - exhausting, hurriedly</p> <p>Page 202 - supreme, acrobat</p>

Culminating Task

Culminating Task

- Re-Read, Think, Discuss, Write
- *Write an essay explaining what makes Charlotte 'no ordinary spider'. How do these special qualities help Wilbur? Use evidence from the story to support your answer.*

Answer: Although Charlotte is the smallest character in the story her actions were extraordinary. Upon finding out about Wilbur's fate Charlotte devised a plan to save Wilbur. She communicates by spinning words in her web and talks to the other animals. Charlotte cleverly through her friendship with the other animals was able to save Wilbur's life.

Think & Write

- In collaboration with the Vermont Writing Collaborative
- CCSS-aligned (and appropriately scaffolded) writing lessons
- “Writing to Sources” Teacher’s Guide
- Prefaced with “W”

Sample Items and Performance Tasks

Smarter Balanced sample items illustrate the rigor and complexity of the English language arts/literacy and mathematics items and performance tasks students will encounter on the Consortium's next-generation assessments.

The sample items and performance tasks are intended to help teachers, administrators, and policymakers implementing the [Common Core State Standards \(CCSS\)](#) and preparing for next-generation assessments. They provide an early look into the depth of understanding of the CCSS that will be measured by the Smarter Balanced assessment system. While the items and tasks are not intended to be used as sample tests, educators can use them to begin planning the shifts in instruction that will be required to help students meet the demands of the new assessments.

Practice and Pilot Tests

The Smarter Balanced Practice Tests provide an early look at sets of assessment questions aligned to the Common Core for grades 3–8 and 11 in both English language arts/literacy and mathematics. The release of the Practice Tests follows the Smarter Balanced Pilot Test, the first large-scale tryout of items and performance tasks, conducted February – May

2013.

An Early Look at Smarter Balanced Assessments

Available nearly two years before the assessment system is implemented in the 2014-15 school year, the Smarter Balanced Practice Tests allow teachers, students, parents, and other interested parties to experience the features of online testing and gain insight into how Smarter Balanced will assess students' mastery of the Common Core.
