Mrnak Advantage Female Sale

THURSDAY, NOVEMBER 19, 2015

Welcome to the Mrnak Hereford Ranch's 2015 Mrnak Advantage Female Sale. We have selected an outstanding line-up of females to offer in this year's sale that are true representatives of the genetic leaders that have been the proven heart and soul of our herd.

As the beef industry continues to charge forward, we feel that now more than ever is a time to select for strict genetics that enhance performance and efficiency to increase your margin for profitability. Without a doubt, this selection of females can do that, and then some.

It was also important to us to present these females to you in their true working clothes. We have pastured and maintained the entire offering with the rest of our herd until sale time to ensure that you take home production ready cows that can handle any environmental conditions.

Please join us in Bowman, ND in November and feel free to contact us anytime if we can answer any questions or help you out with accommodations for this event.

Sincerely,

The Mrnaks
Wayne, Terry, Brent, and Andy

- This is a son of Rambo 279R that we raised in our program. We have used 757 extensively with outstanding results. His daughter are feminine, long bodied females with neat tight udders. There will be a lot of females in this offering where his influence will show. His dam is also the 4163 cow that we flushed heavily and her influence will also be obvious in this offering.

- 1147 is a son of 4055 that we purchased from Harrell Herefords in Oregon. He is moderate in his frame and he moderates frame size on his offspring. His first daughters are in production on the ranch and they have tight, neat udders with plenty of milk. One of his first daughters has already been moved to our ET program and her first calf weaned at 722 lbs. at 200 days of age.

- Here is a son of Sensation that is a product of our breeding program. 2159 was used on heifers as a yearling and since has been moved into the breeding program for use on cows. This will be the first offering of his progeny and we are sure you will be pleased with their type. 2159's mother was a deep made, super uddered Dakota daughter that always brought home one of the best. We lost 5114 to an injury this past fall so her influence will need to be exhibited through her son, and we are confident that will be the case.

MISS PATRIOT 971

A PICK OF THE HERD FLUSH

- We are offering the right to flush your pick of any female that is solely owned by The Mrnak Hereford Ranch. Guarantee of six (6) No. 1 embryos with the balance of the embryos going to the buyer. Any semen used from a Mrnak Hereford owned bull will be provided by the Mrnak's.

MH LADY DOMINO 106

B PICK OF THE HERD OPEN REPLACEMENT HEIFER

- We are offering the buyer pick of any 2015 born heifer calf that is solely owned by the Mrnak Ranch. The selection can be made anytime prior to January 1, 2016 at buyers convenience. No heifers will be held back and the list of females to choose from include all ET females from our extensive embryo program as well as any natural born female in the Mrnak inventory.

- "One of the best females ever produced at the Mrnak Ranch. 9122 has been used heavily in our ET Program for the past few years. She is extremely feminine and clean fronted with a picture perfect udder. She has always done a super job with her offspring and has produced a Sensation daughter that is currently in our Donor program as well. Additionally, 9122 has an outstanding 929W daughter in this offering that sells as Lot 40!
- She sells open and ready to flush!"

- Here is a top daughter of 3027 by a super Rambo daughter. She is bred like Sensation and we feel she is one of the top females in this offering. 246 has a moderate birth weight EPD and a 109 weaning ratio on her first calf. This is a real opportunity to purchase a top quality female with a popular pedigree.
- Safe in calf to H5 9075 Advance 2239.
- Due date April 15, 2016, bull calf.

- This is a neat made Chateau daughter that is bred to be a great female. Her dam, 2279, is the mother of a herd sire in our program and a sister to 2360 is one of the top-producing females on the ranch. 2360's first son is also represented in this offering as a service sire to some of the bred heifers.
- Safe in calf to Nichols Spear 343.
- Due date April 9, 2016, bull calf.

Bred Heifers

This is a great opportunity to pick your selection of the top young females in our program that we are offering in this event! Take a few minutes to read through some of these pedigrees and you will find daughters that are directly out of the top producing donor females in our program, in addition to daughters out of some of the donors that are offered in this sale. These heifers are production ready and will make fantastic cows in any program around the country. If you have any questions about any of these top females or would like a preview, we would be more than excited to visit with you about our program or the depth of these pedigrees anytime!

BW	WW	YW	MM	M&G	BMI\$	CHB\$
6.1	62	96	20	51	14	27

- A moderate framed "Rambo" daughter that is backed by some of the very best females we have ever had on the ranch in 4163, 971, and 0291. All of these females have been donors in our ET program in the past, and have produced multiple bulls that have been top sellers and Denver Carload features.
- Bred to 425, 452 or 4169. DNA test will be required on her calf. Due date April 28, 2016.
