U.S. General Services Administration

Maintenance, Repair & Operations (MRO) Purchasing Solution, a Federal Strategic Sourcing Initiative

U. S. General Services Administration

Strategic Sourcing Initiative

- MRO BPAs are a Strategic Sourcing Solution
 - Strategic sourcing is the structured and collaborative process of critically analyzing an organization's spending patterns
- Strategic Sourcing goals
 - Better leverage the Government's purchasing power
 - Reduce total cost of ownership
 - Improve mission delivery and performance
 - Seek a more effective Government-wide acquisition approach

MRO as a Strategic Sourcing Solution

- MRO supplies were identified as a key commodity
- Government spends estimated \$1.6 billion per year on MRO supplies
- GSA collaborated with top spend agencies to develop MRO goals
 - Uniform prices
 - Measurement of total cost savings
 - Reporting/transactional data to aid agencies in managing their MRO spend
 - Socio-economic goals
 - Drive regulatory compliance
 - Provide sustainable solutions

MRO Commodity: Channels

- Two core areas of concentration
- Purchasing and Requisition
 - Purchasing: Self service - Available now!
 - Order using SmartPay2[®] or Government-issued purchase card or purchase order to buy products from BPA contractors
 - Requisition: Full service solution – Awarded May 12, 2016
 - Order by NSN or Part Number
 - Order via GSA *Advantage!*[®] DLMS, or Global Supply[™]
 - FEDSTRIP or MILSTRIP
 - Same way as currently ordered in Global Supply[™]

Why should I use MRO Purchasing Vehicle?

- Average prices are 12% lower than what most agencies are paying now for the same or similar products
- Additional discounts may be available once Government-wide cumulative thresholds are reached, triggered at \$12.5M, \$25M, \$37.5M, \$50M, and \$62.5M
- The more customers buy through the MRO Purchasing, the quicker agencies will benefit from additional discounts
- The PMO's dynamic pricing strategy, using the transactional data provided by MRO contractors, has been implemented to keep pricing competitive

MRO BPA Period of Performance

- Period of Performance
 - Base Period: One year from the date of BPA establishment
 - Awarded Feb 28, 2014
 - Option Years: Four one-year potential option periods
- BPA Against MAS
 - All the regulations, laws, and Government program requirements applicable to the contractor's MAS 51V Schedule Contract will apply at the MRO BPA order level

Awardees

- BPA holders consist of 1 other than small and 7 small businesses
- Contractor information available at www.gsa.gov/fssimro

 - Customers order direct from contractors for under \$25
 - Fee may apply

Procurement Tools

- eBuy.gsa.gov is an electronic Request for Quote (RFQ) system designed to allow Government buyers to request information, find sources, and prepare RFQs
- Reverseauctions.gsa.gov facilitates customer requests and quote submissions off of MRO BPAs
 - Agencies submit commodities under MRO solution while contractors compete one-on-one through price bidding
 - Awards are made to the lowest bidder
 - Valid GSA eBuy username and password required

FAR 8.4 Ordering Requirements

For orders at or below the micro-purchase threshold (under \$3,500)

- May place orders at, or below, micro-purchase threshold with any MRO contractor that can meet agency needs [FAR 8.405-3(c)(2)]
- Comparative price analysis is not required
- Not required to solicit from a specific number of schedule contractors
- Justification is not required for brand name or sole source requirements
- Ordering activities should attempt to distribute orders among BPA holders

FAR 8.4 Ordering Requirements

For orders exceeding the micro-purchase threshold, but not exceeding the simplified acquisition threshold (above \$3,500; less than \$150,000)

- Place orders with the MRO contractor that can provide the supply that represents the best value [FAR 8.405-3(c)(2)(ii)]
- Provide each contractor a fair opportunity to be considered for each order
- Document circumstances for restricting consideration to less than all MRO contractors offering required supplies and services
- Follow justification requirements for brand name or sole source items
- Conduct a comparative price analysis

FAR 8.4 Ordering Requirements For orders exceeding the simplified acquisition threshold (above \$150,000)

- Place orders with the MRO contractor that can provide the supply that represents the best value [FAR 8.405-3(c)(2)(iii)]
- Provide your RFQ to all contractors offering required supplies
- Include description of the supplies to be delivered and the basis upon which selection will be made
- Fairly consider all responses received and make award in accordance with your RFQ selection procedures
- Document circumstances for restricting consideration to less than all MRO contractors offering required supplies and services
- Follow justification requirements for brand name or sole source items
- Conduct a comparative price analysis

Best Value

- Past performance
- Special features of supply required for effective program performance
- Trade-in considerations
- Probable life of selected item, compared with similar item
- Warranty considerations
- Maintenance availability
- Delivery terms
- Environmental and energy-efficiency considerations
- AbilityOne preference
- Berry Amendment compliance
- Trade Agreement compliance
- Agency set socio-economic goals

The top of the slide features a graphic of the American flag, showing the stars and stripes. Below the flag is a solid blue horizontal bar.

How to Order using *GSA Advantage!*[®]

Introducing the Acquisition Gateway

A large banner with a background of a grid and abstract, flowing lines. The text 'ACTING AS ONE' is prominently displayed in large, bold, black letters. Below it, the phrase 'for smarter acquisition' is written in a smaller, lighter font. A dark teal button with the text 'See the power of Acting as One' and a white play button icon is centered. On the right side, there is a vertical grey button with the text 'Sign In' and a user icon below it.

What does "Acting as One" mean?

Helpful Information:

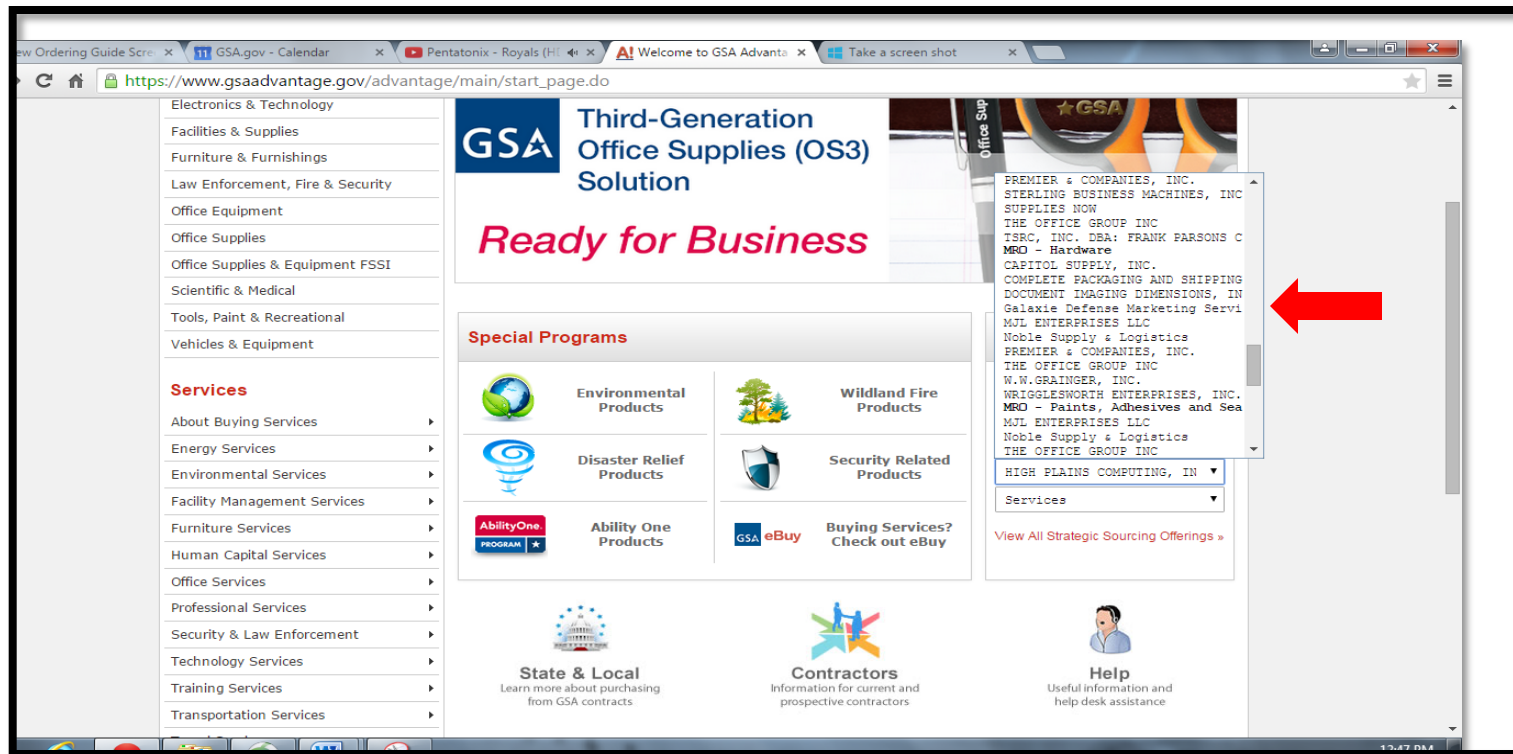

- Each contractor has loaded hundreds of thousands of items into *GSA Advantage!*[®] to support these BPA's. If you are unable to locate the item(s) that you need through MRO, please contact the vendors or the MRO Contracting Officer.
- The blue FSSI Icon **FSSI** is utilized for all FSSI solutions. Searching for MRO products using the general search field on the Home Page, will provide results for all FSSI solutions, with multiple items offered from different vendors. If you follow the instructions on the following slides, your search will reveal only MRO products. The MRO **FSSI** vendors can be found on the following website: [FSSI MRO](#)

You're ready to start ordering

The screenshot displays a website interface with two main sections: 'Special Programs' and 'Strategic Sourcing'. The 'Special Programs' section is organized into a grid of six categories, each with an icon and text: Environmental Products (globe icon), Wildland Fire Products (trees icon), Disaster Relief Products (hurricane icon), Security Related Products (shield icon), Ability One Products (AbilityOne logo), and Buying Services? Check out eBay (GSA eBuy logo). The 'Strategic Sourcing' section features a heading, a sub-heading 'Leveraging Government buying power to get you the best value and price.', and two dropdown menus labeled 'Products' and 'Services'. A red arrow points to the 'Products' dropdown menu. Below the dropdowns is a link that says 'View All Strategic Sourcing Offerings »'. At the bottom of the page, there are three icons: a globe, a group of people, and a person's head and shoulders. The page number '1' is visible in the bottom right corner.

When you are ready to order, return to the homepage. Halfway down the page, you will see two dropdown menus under the words “Strategic Sourcing.” Click on “Products.”
