Modern HR

A simple, flexible, and modern technology for all of your core HR needs in one platform.

Namely's Modern HR offering is simple, flexible, and covers all of your core HR needs in one platform designed with end-users in mind. It handles your employee profiles, time-off tracking, reporting, and more. Keep your people engaged with a social news feed, and allow them to access the functionality on-the-go through a mobile app.

Onboarding

- Unlimited templates
- Pre-start date kick off
- Personalized company branding
- New hire data collection
- E-Verify Integration

Company

- Social news feed
- Org chart
- Employee directory
- Custom organizational units
- Custom teams
- Unlimited, role-based workflows
- Employee allocations

Employee Profiles

- Manager and employee self-service
- Employee biography and image
- Job & salary history

Time Off

- Unlimited time off plan types
- Unlimited company holiday schedules
- Automatic accruals (daily, weekly, semi-monthly, monthly, annually)

Reporting & Analytics

- Real-time custom reports
- Intuitive report builder with sorting, filters, and exports
- Reporting on custom fields

Mobile

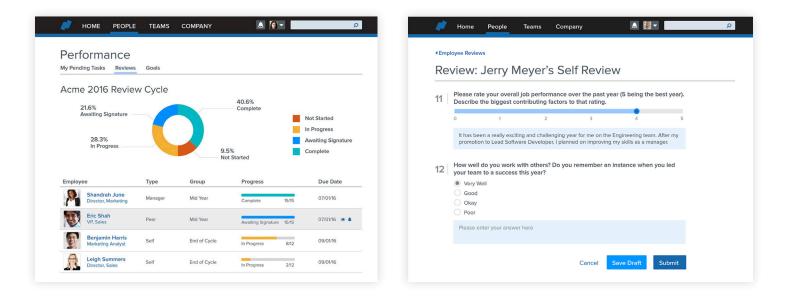

- Login TouchID or FaceID
- Profile overview
- Activity feed
- Employee directory PTO requests and
- approvals
- Holidays

- Document Acknowledgement
- E-signature
- Task lists
- Pre-built ATS integrations
- Custom roles and permissions
- Unlimited document resource storage
- Mass e-signature
- Mass imports
- Important date reminders
- SSO support
- Skill and experience tracking
- Unlimited custom fields
- Carryover rules
- Online PTO requests and approvals
- PTO notifications and alerts
- Company calendar view
- Google, Outlook and iCal integration
- Delivered best practice dashboards
- Multiple point-in-time filters
- Graphic visuals
- Export/download
- Paystub and balances
- W2s and 1099s*
- Benefits information*
- Office locations
- Company resources
- Namely Blogs
- Link to time entry*

Talent Management

Designed to help you create a culture that grows your people and your company.

From year-round goal collaboration and peer recognition to more formal performance evaluations, employees and managers are empowered to provide constructive feedback and stay engaged.

Goal Management

- Company, department, and individual goals tracking
- Company, department, and individual goal alignment
- Goal tags, weighting, and tasks
- Embedded social feed and goal change audit
- Integrate goals and competencies to performance cycles

Performance Acceleration

- Unlimited custom performance
 templates
- Anytime performance cycles
- Automated reminders
- Self, manager, and peer feedback
- Configurable performance improvement plans
- Configurable new hire checkpoints
- Configurable competency library
- @Appreciations (employee recognition)

Comply Database

Powered by ThinkHR

Stay informed on constantly evolving compliance regulations.

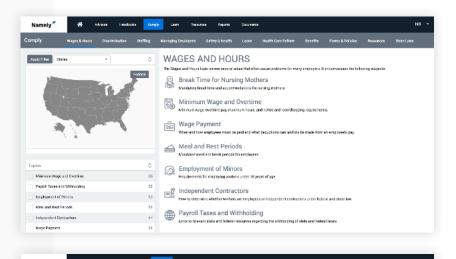

Namely Comply Database delivers high quality content combining expert analysis of employment laws and regulations, best practice information, and intuitive tools that show HR leaders what to prepare for, provide the guardrails for when something happens, and outline the necessary steps to move forward.

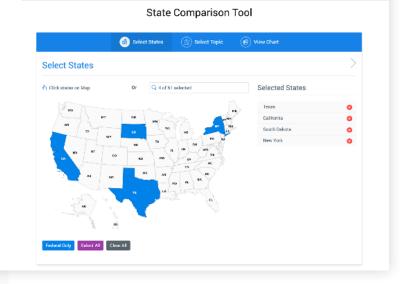

Tools

- Q&A database
- Job description builder
- Salary benchmarking library
- HR audit checklist
- Worker classification tool
- New hire toolkit
- Recruiting toolkit
- Termination toolkit
- Employee leave toolkit
- State comparison tool
- Compliance calendar

Content

- HR compliance news
- Law alerts
- HR & compliance whitepaper library
- HR & compliance webinar library
- Forms and guides

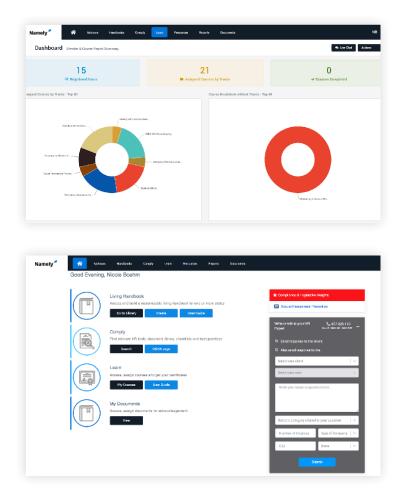

Reports Desureers

Comply Advice & Action

Powered by ThinkHR

Reduce risk with powerful technology and access to live expert HR advisors.

Namely Comply Advice & Action is a comprehensive, end-to-end, people risk management solution that is supported by expert services. This offering fills a critical need for midsize businesses by helping them mitigate the numerous peoplecentric compliance risks that exist in every organization.

Learning Management System

- Course catalog
