UNIQUE

DINING

OPTIONS

Looking for unique places to eat while on vacation? If you are looking for that special dining experience then Branson offers those one of a kind experiences that you will not find anywhere else. Because of Branson's world class entertainment, the opportunity exists to combine a show or attraction with a meal to create a truly unique dining experience.

While most shows typically start at 7:30pm or 8:00pm there are some shows and attractions combined with dining that have early start times so that you can experience the show while you dine and still catch another show later in the evening. This is also a great option if you have kids who can't wait to a later show time to eat. Yakov's Dinner Show starts at 4:30pm which gives you plenty of time to catch another show later in the evening if you desire. Yakov's is here on limited dates in October through December. The show will take you on a spectacular journey with a dinner feast.

Discover the natural side of Branson on the Landing Princess which boards from the Branson Landing Main Street Lake Cruises area or visit the Showboat Branson Belle at White River Landing. Both boats include a meal. Many theaters have dining options adjacent or even in their venue which is a great convenience as well. The Starlite Diner is located inside the Starlight Theatre and is a great place to eat whether you're going to the Starlite theater for a show or not. Dolly Parton's Dixie Stampede is a crowd pleaser and a Branson favorite. The White House Theater has special dining in the theater prior to The Adventures of Marco Polo show. Other dinner theaters include Branson Central and The Hughes Brothers Theaters.

As you plan your vacation, consider one of Branson's many unique dining experiences to enhance your vacation. Check the complete list of shows and attractions with dining on page 20 of this book.
