Learn at Home with PBS KIDS

Hello, Families!

Welcome to **"Learn Along" Bingo!** We're happy to share **PBS KIDS** activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With **"Learn Along" Bingo**, children can view, explore, and play as they learn alongside their **PBS KIDS** friends on **WEDU PBS** and the **PBS KIDS 24/7** channel. We hope your family will use it to inspire learning each and every day.

It's Nature Week!

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

Learning Spotlight: "Making Observations"

This week, we're learning how to observe and learn about nature with our eyes, ears, nose, mouth, and skin. Making observations is an important skill that helps scientists learn about our world.

Show What You Know: Let's Observe Place Mat

The last activity in this packet is one special way for children to show what they've learned about making observations with a grown-up.

Tune in: Watch the new **PBS KIDS** program, **ELINOR WONDERS WHY** weekdays at 10:30am on **WEDU** and 3:30pm on the **PBS KIDS 24/7** channel.

Ready for more? Watch your favorite **PBS KIDS** shows on **WEDU**, the **24/7** channel and live stream at pbskids.org/video/livetv! Find more great learning activities at **WEDU PBS At-Home Learning** (wedu.org/edconnect)

Happy Learning!

Name _____

Nature Scavenger Hunt

DANIEL TIGER'S NEIGHBORHOOD

There's so much to explore when you're outside! You and your family can enjoy going on a nature walk and talking about the things you see. Look at the pictures below. **How many of these things can you find?**

Bugs

Trees

Flowers

Pinecones

Birds

Squirrels

Leaves

Sun or Clouds

Draw something special you found.

For more ideas and tips visit

pbskidsforparents.org

My Favorite Animal

Name _____

Share through words or illustration your favorite animal.
Why is it your favorite? Tell someone.

Find more games and activities at pbskidsforparents.org

My Favorite Animal

Investigating Leaves

Find two leaves.

How are they different?
How are they similar?

Name _____

Both

Venn Diagram

Nature Treasure Hunt

Find 2 different kinds of plants. Draw a picture of each one below. Pay attention to the shapes of leaves and colors of any flowers. How are they alike? How are they different?

Plants I Found

Find 2 different kinds of animals. Draw a picture of each one below. Show as many details as you can. How are they alike? How are they different?

Animals I Found

Tell someone else about something **NEW** you learned about a plant or an animal you observed.

Scientist:

, what do you observe?

(name)

Use this place mat for meal time conversations. Make it a game! Use words to describe something you observe. Can others guess what it is? (For example, "I taste something sweet and juicy with my mouth. What is it?" An apple! "I hear something quiet and low with my ears. What is it?" The fan!)

What can you **hear** with your ears?

Elinor

With your **skin**,

What can you **feel**

Ari

What can you **see** with your eyes?

olive

Draw yourself here.

What can you **taste** with your mouth?

What can you **smell** with your nose?

Ms. Mole

Observe means to use your ears, mouth, skin, eyes, and nose to learn about the world.
