EZ104

easyknotter®

A fast, simple-to-use knotting tool for all your beading needs! Easyknotter® maintains perfect bead spacing for creating bracelets, necklaces, earrings, & anklets.

- Anyone can use it—from creative kids to retirees looking for a calming hobby
- Complete formerly time-consuming knotted jewelry projects in minutes
- A great tool if you make jewelry as a hobby, & profitable one if you are a professional
- If you know how to tie a knot, you can master the easyknotter in moments!
- Compact and portable

Item #	Description
EZ104	Easy knotter; Retail ready package

SHARK I

The Beader's Shark Tooth

Bead Line Cutter

The Beader's Shark Tooth is designed to eliminate clutter and loose cord and thread while giving you the ease of extracting the amount of cord or thread material desired. Stop using rubber bands or tape and put a Shark Tooth on all your spools today!

Key features:

- Stainless steel blade won't rust
- Cuts braided line up to 50 lb. with ease
- Reusable! Run out of line? Simply transfer your Shark Tooth to a new spool.
- Keeps your stringing material organized for easy use

Item #	Description
SHARK I	Shark tooth line cutter

WJCENLITE

Wigjig Centaur Lite

Wire Designing Jig

The transparent Wigjig Centaur is a merger of two styles of jigs just like the Centaur of Greek Mythology is a merger of a man and a horse. The Centaur combines the round hole pattern of the Wigjig Cyclops with the square hole pattern of the Wigjig Delphi to provide the most capability for designing jewelry of any jig. You can make wire components not possible on any other single jig. The Centaur has smaller pegs and closer hole spacing of the Wigjig Cyclops and Delphi so it is excellent for making jewelry wire components that are smaller and more delicate.

Includes 4" square jig with 441 holes, and comes with 10 metal pegs. Super Pegs and Spiral Makers for the Wigjig Delphi fit the Centaur. The Centaur can make almost all the jewelry designs that can be made on the Wigjig Delphi and almost all the designs that can be made on the Wigjig

Item #	Description
WJCENLITE	Wire Design Jig

Stringing Materials

BEADSMITH™

**100% Crafter's Hemp Cord
A Natural Product of the Earth**

Natural Hemp Cord is the preferred choice for use in crafts, including jewelry making, scrapbooking, handmade cards, gardening and more! Hemp Cord is a natural, biodegradable & eco-friendly alternative to cotton & synthetic cordage. Originally available only in neutral tones, we began offering colored cord in response to popular demand. We're now offering 8 new color collections to choose from in 10 and 20 lb. test. Plus, now our spools come on retail ready hang tags! *Handcrafted in China.*

Books

**Making Beautiful Bead and Wire Jewelry:
30 Step-by-Step Projects from Materials Old and New**

by Linda Jones

Bead and wire jewelry is one of the fastest-growing crafts, with more and more people discovering the joys of making unique, hand-crafted pieces every year. For her latest book, best-selling author Linda Jones has created 30 imaginative, contemporary-looking designs that are both quick and easy to make. Most importantly, in these recession-hit times, she demonstrates how almost anything—from old buttons and broken necklaces, to pebbles picked up on a stroll along the beach, and even household staples such as washers, bolts, and plumbing chain—can be transformed into graphic, stylish pieces of jewelry that won't break the bank. Eye-catching and fashionable, with something to suit all ages and tastes: this is bling on a budget! Softcover with flaps, 128 pages, measures: 8-1/8" x 10-7/8".

Chain Making Link-by-Link

by Ron "Hilloma" Hill

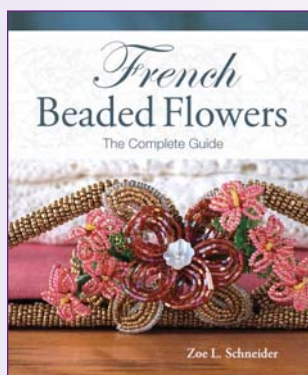

Have you ever wished you could make your own gold and silver chain and accessories for your own stringing and jewelry projects? *Chain Making Link-by-Link* may be the answer to your desires or your dilemma. This work is not a dream or a fantasy; it is a step-by-step stairway to learning the ancient art & techniques of wire wrap handmade chain making, one link at a time (this is not chainmail but genuine locking link-chain technology). There are 18 chain projects presented in detailed step-by-step format with over 260 graphic illustrations, photos and drawings.

Features:

- A comprehensive guide to everyday & advanced forming tools
- Numerous tips & techniques to assist in the learning process
- An appendix with conversion tables and support design aids
- A pre-calculated Chain Data Chart with 15 chain designs
- Crystal Insertions Into Chain, a design guide and tips
- The newest "Hilloma" design: the Links-Wrap for pendants
- An extensive glossary of chain making and related terms
- Heavy bond, single-sided printing provides 85 blank pages for design and tech notes.

Softcover with spiral binding, 85 pages, measures: 8-1/2" x 11".

Beading 200 Q&A: Questions Answered on Everything from Basic Stitches to Finishing Touches

by Dorothy Wood and Ashley Wood

Using the handy easy-reference Q&A format, this comprehensive guide for both beginning hobbyists and experienced jewelry makers opens with a detailed section that describes the many different kinds of beads available to craftspersons. They include glass and lampwork beads, as well as beads made of crystal, natural or cultured pearls, ceramics, metal, wood, seeds, and semi-precious stones. The book's second section deals with findings. A third section focuses on threads and wires for beaded necklace and bracelets, and a fourth section describes the array of essential beading tools, which include special needles, pliers, cutters, beading boards, & more. The book's remaining sections instruct in stringing and knotting, bead weaving, bead looming, advanced wirework techniques, and creative ways to use beads. The book's 200 questions and answers are complemented with approximately 100 color illustrations. Hardcover with hidden spiral binding, 224 pages, measures: 5-3/4" x 7-5/8".

Julia Pretl's Big Book of Beadwork: 32 Projects for Adventurous Beaders

by Julia S. Pretl

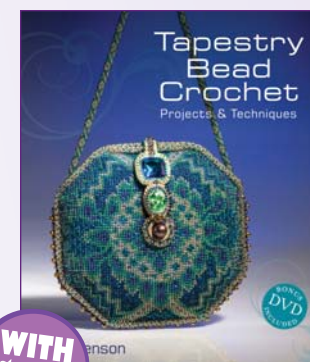

This volume brings together some of the best of Julia Pretl's bead collections. In this compilation of the author's previous three books, *Beaded Collars*, *Bead Knitted Bags*, and *Little Bead Boxes*, readers learn the author's original methods for beading miniature vessels, knit purses, & classic neck pieces. Pretl, an innovator of form & technique, offers instruction for creating four-, five-, and six-sided rectangular, square, and stacked miniature boxes; vintage-style bead-knitted handbags; and intricate neckpieces, inspired by the dramatic jewelry worn by the ancient Egyptians. Each of the projects contains a materials list & instructions presented both in written and charted form. With detailed instruction and sequenced illustrations, the author provides clear, step-by-step guidance. The enclosed DVD offers a series of video tutorials in bead knitting, with all the techniques needed for the projects included (for both left- and right-handed knitters!), and full-size printable PDFs of graphs. Softcover, 320 pages, measures 9" x 9".

**The Jewelry Architect:
Techniques and Projects for Mixed-Media Jewelry**

by Kate McKinnon

Beautiful color photographs and clearly written instructions give jewelry artists the building blocks to combine wirework, metal clay, beadwork, and traditional metalsmithing to create one-of-a-kind art pieces to wear. Innovative artist Kate McKinnon takes you on a creative journey of techniques and projects as she uses a variety of materials and tools to create art gallery-quality bracelets, necklaces, and rings. Learn how to merge techniques to form sixteen uniquely designed projects and how to manufacture a variety of components such as clasps, hooks, earring findings, and ring bases that can be used in any number of jewelry designs. Plus, an instructional DVD demystifies key techniques and offers extra design inspiration. Softcover with DVD, 144 pages, measures 8-1/2" x 9".

**Chain and Bead Jewelry Geometric Connections:
A New Angle on Creating Dimensional Earrings, Bracelets, and Necklaces**

by Scott David Plumlee

In *Chain and Bead Jewelry Geometric Connections*, wirework jewelry designer Scott David Plumlee shares his techniques for creating an amazing array of original designs using copper, silver, brass, and gold jump rings, all inspired by geometric shapes.

By adapting and building on the traditional Byzantine chain configuration, Scott creates unique collections of earrings, bracelets and necklaces, from three-sided Tripoli to the four-sided Quatrefoil to the five-sided Pentagon, plus innovative Organic designs, including fish, five- and six- pointed snowflakes, and a butterfly.

The thorough Chain and Bead Basics chapter, which guides readers through all the essential tools & techniques, makes it easy for beginners to re-create these stunning pieces. Softcover, 160 pages, measures 8-5/8" x 11".

Chained: Create Gorgeous Chain Mail Jewelry One Ring at a Time

by Rebeca Mojica

To complete the 30+ projects, you will be introduced to four primary weaves--Japanese, Byzantine, Helm and Flowers. Each of these weaves are used in projects throughout the book. The projects are rated for level of difficulty--one to four rings--and the beginner will easily be able to move from introductory to more advanced projects. Variations for each project provide additional inspiration, by showing, for example, what happens when you change one ring size. A highly inspiring gallery will show you how far the art of chainmaille can take you. Softcover, 144 pages, measures 8-1/4" x 10-7/8".
