DOMINATOR[®]

THE DOMINATOR
GARAGE OPENERS PROVIDE
SOPHISTICATED SECURITY
AND PULLING POWER.

SECURITY TIP

DOMINATOR SECTIONAL OPENERS COME STANDARD WITH SAFE LOCK ANTI-TAMPER SYSTEM THAT WILL LOCK YOUR GARAGE DOOR IF AN INTRUDER TRIES TO LIFT IT.

SECURE GARAGE DOOR CONTROL AT A TOUCH OF A BUTTON.

ALL DOMINATOR AUTOMATED GARAGE DOOR OPENERS COME WITH TRI-TRAN+ REMOTE CONTROL TECHNOLOGY.

- Advanced security against code grabbing devices
- Reliable operation
- Excellent operating range
- No interference from other wireless devices such as baby monitors and door bells
- 4 remote buttons so that you can operate multiple garage doors (e.g. home, bach, automatic gate).

SMART PHONE CONTROL KIT

Dominator's optional Smart Phone Control Kit lets you control your garage door with your smart phone wherever you are in the world.

- Smart, simple control of your garage door via our easy to use app.
- Secure home access – with real-time alerts, 24/7 monitoring and activity logs.[^]

-  LOGIC CONTROLS WITH LCD SCREEN

-  MANAGES UP TO 511 TRIOCODE™ 128 TRANSMITTERS

-  **2** 2 YEAR 5,000 CYCLE WARRANTY*

ACCESSORIES & SPECIFICATIONS

SAFETY BEAMS

If you have young children or pets, the addition of infra-red beams provides added safety and security, as the door will automatically stop and reverse if the beam is broken whilst the door is closing.

RECHARGEABLE BATTERY BACKUP

In the event of a blackout or other break to the power supply, the opener will still be operational with a rechargeable battery backup.

ENTRY KEY PAD

Allows entry to the garage without a remote transmitter and is great for children. There's no need to give them a key or transmitter as they can enter the house with their PIN.

AUTO-LOCK

This smart keyless technology allows you to lock your garage door every time you close it using nothing but your regular remote control. The lock more than doubles the force required at the lock point to lift the door from a closed position.
