- 2 Os quatro LEDs **3** vão acender e apagar desvanecendo lentamente para indicar que o Nimbus+ se encontra no modo de emparelhamento. Caso contrário, mantenha pressionado o Botão de Emparelhamento Sem Fios **9** durante 3 segundos.
- 3 Para emparelhar o seu Nimbus+ com o seu

dispositivo iOS, acesse a Configurações → Bluetooth. “Nimbus+” será apresentado no ecrã. Toque para Ligar.

EMPARELHAMENTO COM UM DISPOSITIVO NOVO

- 1 Pressione o Botão de Emparelhamento Sem Fios **9** durante 3 segundos.
- 2 Os quatro LEDs **3** vão acender e apagar desvanecendo lentamente para indicar que o Nimbus+ se encontra no modo de emparelhamento.

REESTABELECEER LIGAÇÃO COM UM DISPOSITIVO EXISTENTE

- 1 Ligue o seu Nimbus+ pressionando e mantendo pressionado o Botão “Home” **6**.
- 2 Durante a sequência de ligação, os LEDs **3** vão acender e apagar desvanecendo, alternando de 1 a 4. O Nimbus+ vai restabelecer ligação automaticamente com o dispositivo mais recente ao ligar.

Caso pretenda estabelecer ligação com um dispositivo emparelhado anteriormente, basta selecionar o Nimbus+ no menu Bluetooth do dispositivo Apple.

ALIMENTAÇÃO

CARREGAMENTO

Para carregar o seu Nimbus+ ligue um cabo Lightning Apple (não incluído) à Porta de Carregamento Lightning **10** e ligue o cabo a uma fonte de alimentação.

INDICAÇÃO DO NÍVEL DA BATERIA

Ao ligar, o nível de bateria atual será apresentado nos quatro LEDs **5** indicadores de jogadores durante três segundos.

Para mostrar manualmente o nível da bateria, pressione o Botão Nível de Bateria **11** a qualquer momento para visualizar o seu nível de Bateria atual nos quatro LEDs indicadores de jogadores **3**.

Quando o nível de bateria do Nimbus+ estiver baixo (~20 minutos restantes), o LED 1 pisca rapidamente durante 10 segundos.

LIGAR/DESLIGAR

Para ligar ou desligar o controlador pressione e mantenha pressionado o botão “Home” **6**.

O controlador irá desligar-se após 15 minutos de inatividade.

Safety Guideline for Lithium Battery

Please keep follow all listed important warnings and cautions below while using this battery pack to avoid any damage or hazard.

This product must not be disposed of with your other household waste or treat them in compliance with the local regulations or contact your local city office, your household waste disposal service or the shop where you purchased the product.

“CAUTION!” Risk of explosion if battery pack is not replace by same type as specified by the manufacturer.

1. The battery polarity (+) and (-) shall not be connected and charged reversely. Risk of explosion if the battery polarity (+) and (-) is reversed.
2. Please keep this battery pack away from fire and high heat sources due to explosion might happen. Do not place your battery pack close to any heater or hot location.
3. This battery pack shall not be hit or impacted. This battery pack shall not be dealt with any sharp or keen objects either.

4. This battery pack shall not be exposed to moisture, dripping or splashing.
5. If any electrolyte flow out of this battery pack when touch the user's eyes and skin, please seek medical advice immediately.

Federal Communication Commission Interference Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Note: The country code selection is for non-US model only and is not available to all US model. Per FCC regulation, all WiFi product marketed in US must fixed to US operation channels only.

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement, the device can be used in portable exposure condition without restriction.

Industry Canada Statement

This device complies with RSS standards of the Industry Canada Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

Ce dispositif est conforme à la norme CNR d'Industrie Canada applicable aux appareils radio exempts de licence. Son fonctionnement est sujet aux deux conditions suivantes:

1. le dispositif ne doit pas produire de brouillage préjudiciable, et
2. ce dispositif doit accepter tout brouillage reçu, y compris un brouillage susceptible de provoquer un fonctionnement indésirable.

Radiation Exposure Statement:

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment.

Déclaration d'exposition aux radiations:

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé.

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

低功率電波輻射性電機管理辦法

第十二條 經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。

第十四條 低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。

前項合法通信，指依電信法規定作業之無線電通信。

低功率射頻電機須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

鋰電池安全使用指南

注意：電池若未正確更換，可能會爆炸，請用原廠建議之同款的電池來更換。

電池不可當作一般的家庭廢棄物棄置，請依據當地法規使用公共回收系統退回、回收或處理電池。

電池極性 (+) 和 (-) 不得相反連接，充電電池極性如果電池極性反轉，則有爆炸危險。

請勿將此電池放在靠近火源或任何高溫的地方，否則可能會因高熱源而發生爆炸。

電池組不得受撞擊，也不能用任何尖銳的物體去穿刺。

該電池組無防水功能，不得暴露於潮濕場所避免受潮導致兩電池極性短路導致爆炸危險。

該電子電氣產品含有某些有害物質，在環保使用期限內可以放心使用，超過環保使用期限之後則應該進入回收循環系統。

SteelSeries Products and Australian Consumer Law

Our goods come with guarantees that cannot be excluded under Australian consumer law. You are entitled to a repair, replacement, or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

廢電池請回收

Should your product be defective, you can make a claim under Australian consumer law.

SteelSeries will provide its own remedies equivalent to those remedies in the consumer guarantee provisions of the Australian Consumer Law at any time within 24 months of the date of purchase. For the avoidance of doubt, SteelSeries acknowledges that the Australian Consumer Law may provide for remedies beyond 24 months for a number of its products.

Summary of Australian statutory consumer guarantees

Consumer guarantees in relation to goods

The goods will be of acceptable quality, The goods will be fit for a particular purpose, The goods will match their description, The goods will match the sample or demonstration model, You have title to the goods, You have undisturbed possession of the goods, There are no undisclosed securities on the goods.

Consumer guarantees in relation to services

We will provide the services with due care and skill, The services will be fit for a particular purpose, The services will be provided within a reasonable time.

For SteelSeries-branded goods, in addition to the above, we also guarantee that we will provide repairs or spare parts for a reasonable time. Under Australian consumer law, the remedy you are entitled to if a product fails to meet a consumer guarantee will depend on whether the failure to comply with the guarantee is major or minor.

Minor failures to comply with a consumer guarantee can normally be fixed or resolved in a reasonable amount of time. In this case, the seller can choose to offer you a refund, replacement, repair or, in the case of services, resupply. If the seller does not fix the problem or takes too long, you may be able to get it fixed by someone else and recover the costs from the seller depending on the circumstances.

Remedies for major failure with goods

Return the product and ask for a refund, Return the product and ask for an identical replacement, or one of similar value if reasonably available, Keep the product and ask for compensation for the drop in value caused by the problem.

Remedies for major failure with services

Cancel the contract and pay a reasonable amount for the work done, or seek a refund, For money already paid, keep the contract and negotiate a reduced price for the drop in value of the service — this may mean asking for some of your money back if you have already paid.

For goods, there is a major failure to comply with a consumer guarantee when:

- You would not have purchased the product if you had known about the problem.
- The product is significantly different from the description, sample or demonstration model you were shown.
- The product is substantially unfit for its normal purpose and cannot easily be made fit within a reasonable time.
- The product is substantially unfit for a purpose that you told the supplier about, and cannot easily be made fit within a reasonable time.
- The product is unsafe.

- For services, there is a major failure to comply with a consumer guarantee when:
- You would not have engaged the service if you had known the nature and extent of the problem.
- The service does not meet the reasonable expectations for that type of service, and the problem cannot be rectified within a reasonable time.
- You told the supplier that you wanted the service for a specific purpose, which was not fulfilled, and the problem could not be easily rectified within a reasonable time.
- You told the supplier that you wanted a specific result, yet the service and end result failed to meet your specifications and could not be easily rectified within a reasonable time.
- The supply of the service has created an unsafe situation.

根据中国大陆《电子电气产品有害物质限制使用标识要求》，以下部分列出了产品中可能包含的有害物质的名称和含量：

零部件名称	有害物质					
	鉛 (Pb)	汞 (Hg)	銅 (Cd)	六價鉻 (Cr ⁶⁺)	多溴聯苯 (PBB)	多溴二苯醚 (PBDE)
电路板组件	×	○	○	○	○	○
其他线材	×	○	○	○	○	○

*：电路板组件包括印刷电路板及其构成的零部件，如电阻、电容、集成电路、连接器等。

本表格依据SJ/T 11364的规定编制。

○：表示该有害物质在该部件所有均质材料中的含量均在 GB/T 26572规定的限量要求以下。

×：表示该有害物质至少在该部件的某一均质材料中的含量超出GB/T 26572规定的限量要求；

上表中打“X”的部件，应功能需要，部分有害物质含量超出GB/T 26572规定的限量要求，但是符合欧盟RoHS法规要求(属于豁免部分)。
