Dr. Denise Menchaca, Professor of Speech*

*The ceremonial mace is being carried by Kathleen Labus,
Director of Marketing and Strategic Communications, and
2021 Spirit of Northeast Lakeview College Award recipient.
This award is presented annually to a full-time employee
who most exemplifies the values of the institution.*

PRESIDENT'S MESSAGE

**Dr. Veronica Garcia, President
Northeast Lakeview College**

On behalf of the Northeast Lakeview College family, I am excited to extend a sincere congratulations to the class of 2022. Today marks the highlight of our academic year and demonstrates the dedication of each of our graduates to reach this milestone. These past couple of years have been challenging and uncertain, however, your strength and resilience got you here, and the support of your family and friends helped you pursue to reach the next step in your educational journey.

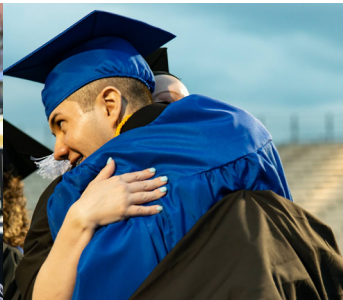

I am honored to be a part of a community of faculty, staff, and administrators that values student success. Guided by our core values, we prepare students for their futures as they learn to become critical thinkers outside of the classroom and an asset to the communities that we serve.

I applaud the families and special guests of the graduates joining us to celebrate the achievements of each of these students. Each of you have played a role in their accomplishments.

As our graduates prepare to leave NLC, and become our newest alumni, I challenge them to continue to be their best self. Use the skills they gained at our institution and those experiences they have yet to encounter to empower them to become the leaders I know they can be.

**Go confidently in the direction of your dreams
And live the life you have imagined.**

-Henry David Thoreau

2022 SOAR GRADUATE

At the Northeast Lakeview College Commencement Ceremony, one student is selected to represent the graduating class and provide commencement remarks. Interested students apply for consideration and are reviewed and selected by a cross-college committee of faculty and staff. SOAR represents Success, Opportunity, Achievement, and Responsibility. The student selected best represents these characteristics.

**Talia Christian,
2022 Graduate**

Talia Christian is a 2022 Northeast Lakeview College graduate earning her Associate of Arts degree. While at NLC, her coursework focused on psychology and philosophy. Highly involved at NLC, she is a Student Ambassador in the Office of the President, Founder & President of the NLC Black Student Union, Alamo Colleges District Student Trustee Alternate, a member of the Phi Theta Kappa Honor Society, and National Society for Leadership & Success, and numerous other student organizations and leadership groups. Most recently, one of her notable accomplishments was to be one of eight students selected nationally to speak at the (Achieving the Dream) ATD's 2022 DREAM Conference, inspiring educators across the country. She also volunteered her time serving as the 2021 Boardroom Project Scholar Board member and is currently the COO and Director of Student Relations for the Astrobiology Society of America as well as a member of the Student Advisory Council to the Texas Community College Commission on Finance.

Talia's next steps are to pursue a Bachelor of Science in Psychology with an ultimate goal of obtaining an MD and becoming a physician in Psychiatry with a focus on learning disabilities and/or addiction. This summer, Talia will be doing research with the Anesthesiology Department at Emory University through the LGS-SOAR program. Talia also plans to continue serving in Board positions and advocating for students.

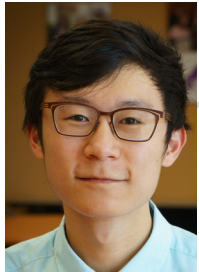

Changing Lives Through Education (2007-2022)

As Northeast Lakeview College celebrates its 15th anniversary, we share highlights of a few of our graduates from the past five years. These include our annual SOAR graduates as well as other distinguished graduates.

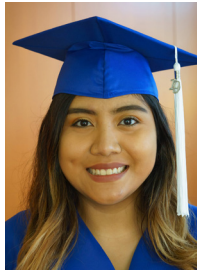

Miriam Garcia, 2018 Distinguished Graduate (SOAR student), Associate of Science

After completing NLC, Miriam transferred to the University of Texas at San Antonio to pursue a bachelor's degree in biology. Her ultimate goal included completing Physician Assistant Studies and specializing in pediatrics. At NLC, she was an active leader and served as the Vice President of Phi Theta Kappa Honor Society and a member of the Health Professions Society. The daughter of immigrant parents, she is one of four children and says she grew up being taught to always work hard for what she wanted. "Northeast Lakeview College was the right choice for me," Garcia says. "The support I received from the faculty and staff was amazing."

Christopher Yang, 2018 Distinguished Graduate, Associate of Science

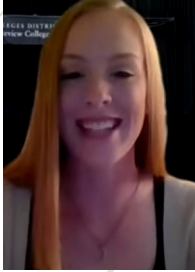

Yang came to NLC to focus on computer science after several challenges at a four-year university. At NLC, Yang was the Treasurer of the Student Government Association (SGA), President of the Performing Arts Club, and a member of the Anthropology & Archaeology Club. Ultimately, Christopher hopes to use his interest and knowledge of computer science to expand Augmented Reality (AR) and Virtual Reality (VR) software. "NLC made me realize that community college is the way to go," Yang says. "They taught me the time management and leadership skills I needed to succeed."

Abigail Cuevas, 2019 Distinguished Graduate (SOAR student), Associate of Arts in Teaching

As a young mother, Abigail began her journey at Northeast Lakeview College seven months after the birth of her daughter. Being a mom herself and being the daughter of a mother who struggled to make ends meet, gave her the determination to move forward and take every opportunity life presents, including securing financial support to help reach her goals. After NLC, Abigail pursued a Bachelor of Arts degree and a teaching certificate. Abigail says "I plan on making a difference in elementary school-aged kids." She believes that in order to better our future we must start at the beginning, by shaping young minds to be outstanding citizens of an ever-changing world.

Changing Lives Through Education (2007-2022) continued

Jenna Greene, 2020 Distinguished Graduate (SOAR student), Associate of Arts

Jenna came to NLC as a homeschooled student who chose NLC because of its smaller classes and geographic location. Active at Northeast Lakeview College, Jenna was a member of the inaugural women's basketball team, a member of Phi Theta Kappa, and the National Society for Leadership and Success. Jenna hopes to use her Associate Degree as a foundation to complete both her Bachelor's and Master's Degrees. Her future plans include studying political science and international relations, with an ultimate goal to work in diplomacy, specifically in the US State Department. She believes that everyone benefits when we all communicate and build relationships with one another. "NLC was more than just a college to me; it felt like a family."

Agustin Valdes Martinez, 2021 Distinguished Graduate, Associate of Arts

After completing NLC, Agustin began his studies at the Massachusetts Institute of Technology (MIT) in Fall 2021. He hopes to earn his PhD at MIT, become a professor of Electrical Engineering and Computer Science (EECS), and conduct cutting edge research about the future of quantum computing. His love for this field came from a summer program he did at MIT called MOSTEC, where he even got to interview the lead engineer about his developments in quantum circuits. Martinez and his parents emigrated to the US pursuing the America Dream, expanding opportunities in higher education. Agustin is a graduate of the Judson Early College Academy (JECA) earning both a high school diploma and an associate degree simultaneously.

Meaghan Setterbo, 2021 Distinguished Graduate, Associate of Arts

At NLC, Meaghan served in various leadership roles, including the President of the NLC Student Government Association (SGA), Chair of the Alamo Colleges Student District Council, and Chair for the San Antonio Higher Education Representative Assembly, Women Leaders of NLC, Phi Theta Kappa, National Society of Leadership & Success, among others. Meaghan is a Hurricane Harvey survivor who had her entire freshman year derailed by the hurricane's impact, leaving her with anxiety and depression. She came to NLC for a fresh start. Meaghan currently attends Texas State University pursuing a Bachelor's in Communication Studies. Ultimately, she hopes to pursue a Master's in Social Work. "Thank you to NLC for providing the structure and support I needed to be successful."

Candidates for Graduation

Associate of Arts, AA; Associate of Science, AS; Associate of Arts in Teaching, AAT; Associate of Applied Science, AAS; Certificate, CC1, CC2

Madison Renee Abilez, AA⁴

Commencement History and Traditions

Academic Regalia - Academic gowns represent a tradition which comes down from the universities of the Middle Ages.

In 1895 in the United States, the Intercollegiate Commission prepared a code specifying the design and color of academic regalia. Under this code, the Bachelor's Gown has long pointed sleeves and is designed to be worn closed. The Master's Gown has an oblong sleeve, which gives the impression of a short sleeve. The rear part of its oblong shape is square cut, and the front portion has an arc cut away. The Doctor's Gown has bell-shaped sleeves. Doctor's and Master's recipients wear hoods which may represent the color of the college or university from which the degree is received.

Caps are the traditional mortarboard except for the Doctor's degree, where a four-sided velvet tam is optional. Caps from schools with special color gowns, or from foreign universities, may be more distinctive. Holders of all these degrees wear the tassel on the left. Candidates for graduation wear the tassel on the right.

College Mace - The mace is a traditional symbol of authority. During the Middle Ages the mace served the practical purpose of protecting the academic procession from local rowdies. Today, the mace is part of the heritage and pageantry of the academic procession.

Honors - The Honors designation is represented with a bright yellow cord.

National Society of Leadership & Success - The Society is the largest leadership society in the nation with a mission of building leaders to make a better world. Students complete a leadership program prior to induction and are represented with a grey designation.

Military Designation - Students and employees that are active duty or retired military are represented by a red, white, and blue cord.

Phi Theta Kappa - Members maintain an overall grade point average of 3.25 or above. These candidates have been inducted and have participated in the dues-paying International Honor Society for two-year college students. Phi Theta Kappa is represented by the gold honor stole.

Student District Council (SDC) - A district-wide representative council for the Student Governments of the colleges within the Alamo Colleges District, is the collective voice for the Alamo Colleges District student body. SDC delegates are instrumental in leading and effecting positive change for all students. SDC delegates are represented by the blue and white stole.

Student Government Association - Members are the official voice of the student body and link between the student body and the administration of the College to improve the quality and value of both the social and educational experience. SGA members are represented by a blue and white cord.

Alamo Colleges District Mission, Vision Statement

Empowering our diverse communities for success.

The Alamo Colleges will be the best in the nation in Student Success and Performance Excellence.

Northeast Lakeview College Mission, Vision, Values, & Belief Statements

Mission: *Northeast Lakeview College empowers its students for success by offering educational programs and cultural enrichment opportunities. The College provides quality teaching, measurable learning, and public service that contributes to the earning of associate degrees and certificates to improve its community's future.*

Vision: *To be a transformative force in a culturally rich community, empowered by education, to meet the dynamic demands of the future.*

Values: *Students First
Respect for All
Community-Engaged
Collaboration
Can-Do Spirit
Data-Informed*

1. We are inspired by changing lives through learning

2. We develop our students by empowering them to be successful in their educational journey

3. An NLC education is the greatest pathway to social equality and economic mobility for our community
