Opening Session

Welcome - 9:00 - 9:15am

Danielle Luther, MPH, Manager-Substance Abuse Prevention, Marshfield Clinic Center for Community Outreach

Sarah Turner, Prevention Specialist, Drug Free Communities Grant Coordinator, Barron County Community Coalition and Northwoods Coalition Board of Directors Chair

Keynote - 9:15 - 10:00am

Brad Schimel, Attorney General, State of Wisconsin

Break / Networking / Expo Hall
10:00 - 10:15am

Session 1 - 10:15 - 11:15am

A. The Impact of Methamphetamine Use on the Family

Presenter:

- *Cindy Giese, Special Agent in Charge, Division of Criminal Investigation, Wisconsin Department of Justice*

Description: Children that live in environments with methamphetamine use are in danger every day. Learn about the hazards that methamphetamine use and production create. Recognize the signs of children and families in methamphetamine crisis. Learn how the Drug Endangered Children (DEC) program can assist.

Action: Use knowledge learned to implement a DEC program or increase support in your community.

Content Level: Intermediate

B. Hiding in Plain Sight

Presenters:

- *Lil Piñero, Drug Free Communities Coordinator, Burnett County Prevention Coalition and Northwoods Coalition Board of Directors Member*
- *Sarah Turner, Prevention Specialist, Drug Free Communities Grant Coordinator, Barron County Community Coalition and Northwoods Coalition Board of Directors Chair*
- *Julie Bever, Youth Development and Prevention Coordinator, Drug Free Communities Program Director, Indianhead Community Action Agency, Rusk County Youth Council*
- *Elizabeth Hagen, Health Educator, Polk County Community Services Division - Public Health Department and Assistant Coordinator, Western Wisconsin Working for Tobacco-Free Living and Northwoods Coalition Board of Directors Member*

Description: *Hiding in Plain Sight* is a simulation of a teenager's bedroom which contains items that can signal risky behavior. Learn about drug paraphernalia and how communities in Burnett, Barron, Rusk and Polk Counties have used the bedroom to spread awareness.

Action: Bring *Hiding in Plain Sight* to your community.

Content Level: Beginner

C. The Impact of Methamphetamine on Fetal Development and Newborn Behavior

Presenter:

- *Kyle Mounts, Program Director, Wisconsin Association for Perinatal Care & Perinatal Foundation*

Description: Substances used by women during pregnancy can affect the fetus and newborn. This presentation will review the potential impact of maternal methamphetamine use on fetal development and newborn behavior. It will also describe the role of other co-existing environmental factors on outcomes.

Action: Reach out to untreated methamphetamine addicted women, offer priority treatment to pregnant women and reduce the number of infants affected by methamphetamine.

Content Level: Intermediate

D. Methamphetamine Trends

Presenters:

- *Jay Smith, Special Agent in Charge, Division of Criminal Investigation, Wisconsin Department of Justice*

Description: Special Agent Smith will present information on the current drug trends, with a focus on methamphetamine in northwest Wisconsin, based on numerous investigations over the past decade.

Action: Understand methamphetamine trade from a ground-level perspective.

Content Level: Beginner

**Break / Networking / Expo Hall
11:15 - 11:30am**

Session 2 - 11:30 - 12:30pm

A. Supporting Recovery

Moderator:

- *Dan Cousins Sr., Director and Therapist, Northwoods Behavioral Health Services, LLC*

Presenters:

- *Brian Cole, Senior Pastor, The Oaks Church and Director of Recovery Outreach, Crossroads Outreach*
- *Ean McClelland, Life Recovery Coach, Minnesota Adult and Teen Challenge*
- *Mark Stoner, Recovery Coordinator, St. Croix Tribe*

Description: Learn how to support recovery in communities by listening to a panel of individuals with lived experience.

Action: Apply learning to expand and improve programs in your community and offer hope that recovery is possible.

Content Level: Beginner

B. Reaching Our Youth - Utilizing Health Curriculum for Methamphetamine Prevention

Presenter:

- *Darcy Jensen, Founder and Executive Director, Prairie View Prevention Services, Inc.*

Description: This presentation will provide participants with a sample PowerPoint that can be used within a school's health curriculum and will include a lesson plan and follow up activities for educators and students to utilize for methamphetamine prevention. The workshop will address safety concerns related to methamphetamine use and tips to reach teens using methamphetamine prevention education.

Action: Create an educational prevention lesson on the dangers of methamphetamine. Share lessons learned in providing methamphetamine prevention to teens.

Content Level: Beginner

C. Understanding Methamphetamine Addiction, Treatment and Recovery

Presenters:

- *Dr. Mark Lim, H.O.P.E. Medical Director, Northlakes Community Center*
- *Michelle Ruka, Care Coordinator, Marshfield Clinic Health System*

Description: Learn about the assessment and management of methamphetamine addiction and the background and development of the Matrix Model. This workshop will also provide evidence on how the Matrix Model was utilized as a treatment modality specifically for stimulant dependence.

Action: Develop an understanding of how methamphetamine addiction is assessed and managed and learn about the evidence-based Matrix Model.

Content Level: Beginner

D. Methamphetamine Crime

Presenter:

- *Officer TJ Bill, Lac du Flambeau Tribal Police Department*

Description: Learn how methamphetamine is sold, traded and transported. Understand the impact of gangs in northern Wisconsin.

Action: Educate your community on methamphetamine related crime activity and resources that can help.

Content Level: Beginner
