

Fraser Alexander invites potential suppliers to submit declarations of interest for the provision of diesel and fuel management system for Fraser Alexander at a site in Mpumalanga, Evander (near Secunda). The service is required for a period of twenty-four (24) months. Only qualifying suppliers will be pre-selected and invited for a closed tender. The required service for this tender will include the following:

- ❖ Diesel 50ppm
- ❖ 23 000 L Diesel Tank
- ❖ Fuel Management System (“FMS”) that guards against theft

To express interest, each potential supplier will be required to submit the following documentation (mandatory):

1. Company Documents

- ❖ Letter of Good Standing with the Nature of Business relating to Supply of Fuel
- ❖ Section 37 (2) Contractors Agreement
- ❖ Valid Tax Clearance Certificate
- ❖ Original VAT Certificate (if applicable)
- ❖ Copy of Company Registration Documents (CK2 or CM 27)
- ❖ BEE Certificate or Affidavit (minimum Level 4)
- ❖ Company Profile
- ❖ Wholesale License Certificate

2. Technical/Operational Requirements

- ❖ The FMS must at minimum offer the following functions (FMS profile document must be provided):
 - Tag allocation per operator and vehicle
 - Report on hours and kilometers on machine at each point of refueling
 - Report Fuel usage from each vehicle
 - Stock control - Fuel Level Notification to both Fraser and Supplier

3. Safety

The Suppliers is required to comply to the following:

- National Road Traffic Act, 1996 (Act No. 93 of 1996)
- Transportation of Hazardous Materials

- SANS 10087-2: The handling, storage, distribution and maintenance of liquefied petroleum gas in domestic, commercial, and industrial installations Part 2: Installation of LPG systems in mobile units, including but not limited to caravans, motor homes, park homes and mobile kitchens
- SANS 10087-4: The handling, storage, distribution and maintenance of liquefied petroleum gas in domestic, commercial and industrial installations Part 4: The transportation of LP gas including the design, construction, inspection, fittings, filling, maintenance and repair of LP gas bulk vehicles and rail tank cars
- SANS 1398: Road tank vehicles for petroleum-based flammable liquids.

4. Value-Add

- ❖ Suppliers are also encouraged to provide value added benefits above what has been requested.

Fraser Alexander will only consider Suppliers that adhere to the following:

- ❖ Minimum BBEE Level: 4
- ❖ Compliance to the above-mentioned requirements
- ❖ Submission of all required documentation

Where the Supplier fails to meet the above, the bid will be considered unacceptable and may be automatically disqualified from the formal closed tender.

Interested parties can forward their documents to the following email address:

Procurement Tenders

email: tenders@fraseralexander.com

The subject of your email must be **RFN(22/10/2020)Notification of Diesel Supply** , use of any other email headings may lead to your submission getting lost.

Closing date: 04 November 2020; 17:00 (South African Time)

Please note that only successful suppliers will be notified, please consider your submission unsuccessful should you not receive any communication from us a month after the submission deadline.

NOTES:

- The provided email is strictly for notifications and tenders, any enquiries not related to the tender sent to this email address will not be attended to.

Important Notes:

- The completion of this process does not guarantee business between Fraser Alexander and the applicants.
- As a COVID-19 pandemic precaution, all correspondence should be sent by email. No document deliveries will be accepted at Fraser Alexander offices.
