| Strategic Response | | | | |
|--|-----------------|----------|--|----------|
| Program | Funder | Amount | Description | Deadline |
| Optimizing Technology Solutions Innovation Grant | ASHP Foundation | \$30,000 | For projects that demonstrate the impact of innovative solutions to enhance safe and effective use of medications. Proposals should provide innovative technology solutions impacting care and include process and outcome measures. With the rapid expansion of telehealth during the pandemic, proposals to evaluate outcomes are welcome. | 02/04/21 |

Limited Application

| Program | Funder | Amount | Description | Deadlines |
|----------------------------------|----------------------|-------------|--|---------------------------------------|
| Medical Research | W.M. Keck Foundation | \$1,000,000 | <p>For high-risk, high-reward medical research projects which would not otherwise receive support from traditional funding agencies, and which have the capacity to spur ground-breaking new territory in the field or open entirely new pathways of work. For fundamental/basic science. Collaboration with investigators from other universities is viewed favorably.</p> <p>LIMITED SUBMISSION -- INTERNAL APPLICATION REQUIRED</p> <p>Dartmouth Development Office may submit up to four concept papers. To apply for this opportunity, email the following to limitedfunding@dartmouth.edu: one-page concept paper using the Foundation's guidelines, http://www.wmkeck.org/component/content/article/214-grantprograms/shared/1482-concept-papers; total amount of your funding request; current CV. Use "Keck Foundation — Medical Research" as the email subject line.</p> | <p>Internal deadline 12/02/20</p> |

| Limited Application | | | | |
|--|------------------------------------|-------------|--|---|
| Program | Funder | Amount | Description | Deadlines |
| Science & Engineering Research | W.M. Keck Foundation | \$1,000,000 | <p>For high-risk, high-reward science and engineering research projects which would not otherwise receive support from traditional funding agencies, and which have the capacity to spur ground-breaking new territory in the field or open entirely new pathways of work. For fundamental/basic science. Collaboration with investigators from other universities is viewed favorably.</p> <p>LIMITED SUBMISSION -- INTERNAL APPLICATION REQUIRED</p> <p>Dartmouth Development Office may submit up to four concept papers. Use "Keck Foundation — Science & Engineering Research" as the email subject line.</p> | <p>Internal deadline 12/02/20</p> |
| Camille Dreyfus Teacher-Scholar Awards | Camille & Henry Dreyfus Foundation | \$100,000 | <p>Unrestricted research grant for early-career faculty in the chemical sciences, including biochemistry, materials chemistry and chemical engineering. Awarded for advancement of important knowledge in the chemical sciences, and dedication and contributions to undergraduate education in the chemical sciences. Must be full-time tenure-track, appointed no earlier than mid-year 2015. Requires institutional nomination, and re-nominations are accepted.</p> <p>LIMITED SUBMISSION -- INTERNAL APPLICATION REQUIRED</p> <p>Dartmouth may nominate one candidate. To apply for this opportunity, email the following to limitedfunding@dartmouth.edu: one-page description of your project idea; total amount of your funding request; current CV. Use "Dreyfus Teacher-Scholar" as the email subject line.</p> | <p>Internal deadline 12/10/20</p> <p>External deadline 02/04/21</p> |

| Limited Application | | | | |
|---------------------------------------|---------------------|-----------|--|---|
| Program | Funder | Amount | Description | Deadlines |
| Cancer Research Grant | Mary Kay Foundation | \$100,000 | <p>For translational research in cancers affecting women, including but not limited to ovarian, uterine, breast or cervical cancer. Must be full-time Assistant Professor or higher.</p> <p>LIMITED SUBMISSION -- INTERNAL APPLICATION REQUIRED</p> <p>Norris Cotton Cancer Center may nominate one candidate. To apply for this opportunity, email the following to limitedfunding@dartmouth.edu: one-page description of your project idea; total amount of your funding request; current CV. Use "Mary Kay Cancer Research Grant" as the email subject line.</p> | <p>Internal deadline 12/10/20</p> <p>External deadline 02/05/21</p> |

Cross-cutting/Multi-disciplinary

| Program | Funder | Amount | Description | Deadline |
|---|--------------------------------------|---------------|--|-----------------|
| Travel Grants | Marion and Jasper Whiting Foundation | \$5,000 | To study abroad or at another location in the United States. Requires two recommendation letters, including one from the Dean of Faculty or department chair. Restricted to New England universities. Contact Catherine A. Homicki, Senior Associate Director, Foundation Relations, for the application form (catherine.a.homicki@dartmouth.edu). | 1/8/2021 |
| Black Innovators in Skin Health QuickFire Challenge | Johnson & Johnson Innovation - JLABS | \$50,000 | Support for U.S.-based Black innovators working on potential skin and scalp health solutions to receive grant funding and mentorship to advance their science. The Black innovator(s) with the best idea, technology, or solution that aims to improve skincare will receive up to \$50,000 in grant funding, access to the global JLABS network and mentorship from experts at the Johnson & Johnson Family of Companies. | 01/22/21 |
| Senior Fellowship | Ford Foundation | \$85,000 | For innovative research that addresses these Ford areas of interest: - Civic Engagement and Government - Creativity and Free Expression - Gender, Racial, and Ethnic Justice - Technology and Society - Natural Resources and Climate Change - Future of Work(ers) - Cities and States - Disability Inclusion Eligibility: previous Ford Predoctoral, Dissertation or Postdoctoral Fellowship; faculty appointment for at least seven years. | 01/29/21 |

Arts & Humanities

| Program | Funder | Amount | Description | Deadline |
|--|---|-------------|---|----------|
| Request for qualifications for studying BIPOC arts organizations | Wallace Foundation | \$3,000,000 | <p>In February 2021, the Wallace Foundation expects to issue a Request for Proposals to a select group of researchers for one or more studies related to an initiative focused on BIPOC arts organizations. Studies could include ethnographic accounts of BIPOC organizations as they enhance, expand, or innovate their efforts; documentation of implementation of new programmatic and/or organizational work and its impacts across a range of BIPOC arts organizations; social network analyses of staff, leaders, boards, and funders across the sector using existing or new sources of data; landscape/census studies to document the field using existing or new sources of data; or other studies.</p> <p>In order to identify a select group of researchers to receive an RFP in February 2021, the foundation is issuing a Request for Qualifications from accomplished researchers with a history of working with arts organizations, and in particular BIPOC arts organizations.</p> | 01/04/21 |
| NEA Big Read 2021-2022 | National Endowment for the Arts Arts Midwest | \$20,000 | <p>For developing community-wide reading programs which encourage reading and participation by diverse audiences. These programs include activities such as author readings, book discussions, art exhibits, lectures, film series, music or dance events, theatrical performances, panel discussions, and other events and activities related to the community's chosen book. Activities focus on one of these books:</p> <p>"An American Sunrise" by Joy Harjo "Beloved" by Toni Morrison "The Best We Could Do: An Illustrated Memoir" by Thi Bui "The Call of the Wild, White Fang, and Other Stories" by Jack London "The Grapes of Wrath" by John Steinbeck "The House on Mango Street" by Sandra Cisneros</p> | 01/27/21 |

| Arts & Humanities | | | | |
|---|---|----------|---|----------|
| Program | Funder | Amount | Description | Deadline |
| Research Support Grants | Paul Mellon Centre for Studies in British Art | \$2,600 | For scholarship, academic research and the dissemination of knowledge in the field of British art and architectural history only. All supported topics must have a historical perspective. | 01/31/21 |
| Research Collections Fellowship | Paul Mellon Centre for Studies in British Art | \$13,000 | For use of the Centre's Archive and Library Collections to explore an aspect of the development of art history as a discipline in the UK in the 20th century. For applicants based abroad there is also an additional travel bursary to cover international flights/trains to London. | 01/31/21 |
| Senior Fellowships | Paul Mellon Centre for Studies in British Art | \$53,000 | For academics, established scholars or senior museum professionals in the field of British art and architectural history either to complete a manuscript or book for publication or to undertake a sustained period of research towards a major project. To release Fellows from teaching and/or other employment responsibilities and provide them with a defined period to devote to writing or research. | 01/31/21 |
| Rome Fellowship | Paul Mellon Centre for Studies in British Art | \$14,500 | For three months of dedicated research and work on a topic of British-Italian art history based at the British School at Rome. Open to scholars, researchers, curators and other galleries, libraries, archives, and museums professionals from immediately post-doctoral to those internationally recognized in their field of expertise. | 01/31/21 |
| Mid-Career Fellowships | Paul Mellon Centre for Studies in British Art | \$20,000 | For academics and scholars at universities, museums, galleries or other institutions who are established in their careers and who were awarded their doctorates over six years previously. Designed to release Fellows from teaching and/or other employment responsibilities and provide them with a defined period of four months to devote to research for an article, book, exhibition or catalogue. British art and architectural history. | 01/31/21 |

| Social Sciences & Business/Entrepreneurship | | | | |
|---|---|---------------|---|----------|
| Program | Funder | Amount | Description | Deadline |
| World Justice Challenge | World Justice Project | \$20,000 | Competition to identify, recognize, and promote good practices and high-impact projects and policies that protect and advance the rule of law in this time of unprecedented crisis. Projects will be evaluated based on their impact and potential for scaling, replication, and sustainability. | 12/11/20 |
| Collaboration and Community Engagement copy | Tufts Health Plan Foundation | not specified | For activities that directly or indirectly lead to age-friendly communities and address barriers to success such as limited access to transportation or health care, ageist employment policies or other conditions that contribute to the social isolation of older people. Will consider the intersection between policy and practice as well as collaborative community work in the built environment, transportation, housing, social and civic participation and inclusion, employment, communication and information, and community support and health services. | 01/24/20 |
| Steven H. Sandell Grant Program | U.S. Social Security Administration Boston College | \$45,000 | For scholars in the field of retirement or disability research and policy. For junior or non-tenured scholars (within seven years of receiving their Ph.D.) from all academic disciplines, Research focal areas include: <ul style="list-style-type: none"> - Trends in disability - Determining disability - Requirements of work in the modern economy - Informing long-term projections and models - Improving communication and outreach - State and local pensions for non-covered workers - Modernizing totalization agreements - Economic security of SSA beneficiaries - Work-activity retention of disabled beneficiaries with overpayments - Improving service delivery. | 01/31/21 |

| Physical Sciences, Mathematics & Engineering | | | | |
|---|------------------------------|---------------|---|----------|
| Program | Funder | Amount | Description | Deadline |
| School of Mathematics Fellowships | Institute for Advanced Study | \$75,000 | Residential fellowships for mathematicians and theoretical computer scientists for full-time research. Women, minorities and mid-career scientists (5-15 years from Ph.D.) strongly encouraged. Five categories: <ul style="list-style-type: none"> - Postdoctoral (not more than five years from Ph.D.) - Postdoctoral Joint Positions (computer science and discrete mathematics) - Von Neumann Fellowships (mid-career mathematicians and theoretical computer scientists) - Other Mid-to-Senior Career Level (beyond 5 years from Ph.D.) - Special-Year Program (h-Principle and Flexibility in Geometry and PDEs) | 12/01/20 |
| Summer Collaborators Program | Institute for Advanced Study | not specified | For collaborators who would like to meet during the summer months at the School of Mathematics to further their research project. Small groups (2-5 people) for periods of 2 to 4 weeks. Provides a per diem, a modest amount of travel funds, office space, excellent library and computer facilities and local housing. Up to six groups will be selected. | 12/01/20 |

| Physical Sciences, Mathematics & Engineering | | | | |
|---|-------------------------------------|----------|---|----------|
| Program | Funder | Amount | Description | Deadline |
| Research Scholar | Google | \$60,000 | For early-career faculty to develop new collaborations. Must have received PhD within seven years of submission. Exceptions for applicants who have been teaching seven years or fewer and had delays, such as working in industry, leave of absence, etc. Areas of interest include: algorithms and optimization; augmented and virtual reality; cooling and power; geo/maps; health research; human-computer interaction; information retrieval and real time content; machine learning and data mining; machine perception; machine translation; mobile; natural language processing; networking; privacy; quantum computing; security; software engineering and programming languages; speech; structured data, extraction, semantic graph, and database management; systems (hardware and software). | 12/02/20 |
| AMS Epsilon Fund Grants for Young Scholars Programs | American Mathematical Society | \$15,000 | For support of existing summer mathematics programs for mathematically talented high school students. Funding to be split between scholarships and program expenses. | 12/15/20 |
| Grace Murray Hopper Award | Association for Computing Machinery | \$35,000 | For an outstanding young computer professional, selected on the basis of a single recent major technical or service contribution. Must have been 35 years of age or less at the time the qualifying contribution was made. | 01/15/21 |

| Biological Sciences, Medicine & Engineering | | | | |
|---|----------------------------|---------------|--|----------|
| Program | Funder | Amount | Description | Deadline |
| Valuing Health Equity Challenge Award | PhRMA Foundation | not specified | For finding solutions to racial health disparities. The PhRMA Foundation seeks papers that describe solutions to the following question: “How can value assessment methods and processes better account for populations that are typically underrepresented in research and drivers of health disparities?” | 12/01/20 |
| PSF/MTF Biologics Allograft Tissue Research Grant | Plastic Surgery Foundation | \$100,000 | For research projects focused on biologic repair and reconstruction with a strong clinical translation component that utilize dermal, adipose, placental or other allograft transplant technologies. Proposed studies should focus on novel translational and clinical research in the fields of tissue allograft transplantation and science, novel uses of allografts, combination with other biomaterials to enhance properties, and transformative regenerative medicine technologies relying on allograft tissues and matrices. | 12/01/20 |
| Pilot and Feasibility Awards | Cystic Fibrosis Foundation | \$100,000 | For projects that propose to better understand the mechanisms behind disease pathophysiology and to develop strategies to prevent or treat cystic fibrosis. Projects proposing interventional clinical studies must not be submitted through this funding mechanism and should instead apply for a Clinical Pilot and Feasibility Award. Two annual deadlines: May and December. | 12/07/20 |
| Pilot Grant | Autism Speaks | \$60,000 | Focused on understanding, evaluating and/or treating individuals with central auditory processing disorder, particularly as it relates to co-occurring autism spectrum disorder. | 12/08/20 |
| Innovation Award | American Lung Association | \$150,000 | For highly promising investigators with stellar track records of accomplishment, who have the potential to advance the field of lung disease science. Successful applicants are investigators with evidence of prior excellence and productivity in the early stages of their careers; applicants must have held a K or R type award within last three years. | 12/10/20 |

| Biological Sciences, Medicine & Engineering | | | | |
|---|--|-----------|---|----------|
| Program | Funder | Amount | Description | Deadline |
| Misphonia Research | Misphonia Research Fund | \$200,000 | For research projects that seek to better understand misophonia, diagnose people who have the condition, and assess interventional strategies to treat people who have the condition. Misophonia is a condition in which specific sensory stimuli lead to a strong physical and/or emotional response. December 11 deadline is for a letter of inquiry. | 12/11/20 |
| Environmental Advertising | Temper of the Times Foundation | \$15,000 | For projects that will lead to measurable outcomes for wildland ecosystem conservation and restoration in the United States. Grants may be used to fund the production of print, radio, or television ads, to pay for advertising space or airtime, or to produce or distribute pamphlets, books, videos, or press packets. | 12/15/20 |
| Centralized Otolaryngology Research Efforts (CORE) grants | American Academy of Otolaryngology - Head and Neck Surgery | \$150,000 | For research in the field of otolaryngology-head and neck surgery. December 15 deadline is for a letter of inquiry. | 12/15/20 |
| Rheumatology Competitive Grant Program | Pfizer | \$150,000 | To support both clinical and basic science research on the pathogenesis and treatment of Rheumatoid Arthritis, Psoriatic Arthritis, and/or Ankylosing Spondylarthrosis with a specific focus on projects that are most relevant to improving patient care. All US investigators are encouraged to apply, including young investigators who are in the early stages of their career. | 01/22/21 |
| Pill Protect Quickfire Challenge: Designing for Medication Safety | Johnson & Johnson Innovation - JLABS | \$100,000 | For ideas aiming to prevent or reduce the accidental accessing by children of medications in pill minders, pill organizers or pill dispensers. | 01/29/21 |
| Research to Action Grants | Doris Duke Charitable Foundation | \$80,000 | For teams of researchers and their policy or practice partners to design and implement an applied research, translation, and dissemination project that focuses on a specific child well-being policy or practice question. | 02/01/21 |

| Biological Sciences, Medicine & Engineering | | | | |
|---|-------------------------------------|---------------|--|----------|
| Program | Funder | Amount | Description | Deadline |
| Endeavor Awards | Mark Foundation for Cancer Research | \$3,000,000 | For collaborative research projects that bring together investigators with diverse areas of expertise to tackle challenges in the prevention, diagnosis, and treatment of cancer. These grants are awarded to teams of three or more investigators to generate and integrate data from diverse lines of research and transform those insights into advances for cancer patients that could not be achieved by individual efforts. Proposed projects must not be supported by other sources of funding. | 03/01/21 |
| Collaboration and Community Engagement copy | Tufts Health Plan Foundation | not specified | For activities that directly or indirectly lead to age-friendly communities and address barriers to success such as limited access to transportation or health care, ageist employment policies or other conditions that contribute to the social isolation of older people. Will consider the intersection between policy and practice as well as collaborative community work in the built environment, transportation, housing, social and civic participation and inclusion, employment, communication and information, and community support and health services. | 01/24/20 |

| Graduate/Postdoctoral | | | | |
|---|------------------------------|---------------|--|----------|
| Program | Funder | Amount | Description | Deadline |
| School of Mathematics Fellowships | Institute for Advanced Study | \$75,000 | Residential fellowships for mathematicians and theoretical computer scientists for full-time research. Women, minorities and mid-career scientists (5-15 years from Ph.D.) strongly encouraged. Five categories: <ul style="list-style-type: none"> - Postdoctoral (not more than five years from Ph.D.) - Postdoctoral Joint Positions (computer science and discrete mathematics) - Von Neumann Fellowships (mid-career mathematicians and theoretical computer scientists) - Other Mid-to-Senior Career Level (beyond 5 years from Ph.D.) - Special-Year Program (h-Principle and Flexibility in Geometry and PDEs) | 12/01/20 |
| Summer Collaborators Program | Institute for Advanced Study | not specified | For collaborators who would like to meet during the summer months at the School of Mathematics to further their research project. Small groups (2-5 people) for periods of 2 to 4 weeks. Provides a per diem, a modest amount of travel funds, office space, excellent library and computer facilities and local housing. Up to six groups will be selected. | 12/01/20 |
| Lime Scholarship | Google | \$10,000 | To help university students with disabilities work toward their academic goals in the field of computer science. | 12/04/20 |
| Google SVA Scholarship | Google | \$10,000 | For student veterans who are pursuing university degrees in the field of computer science. | 12/04/20 |
| Generation Google Scholarship | Google | \$10,000 | To help aspiring students pursuing computer science degrees excel in technology and become leaders in the field. Applications strongly encouraged from students who identify with groups historically excluded from the technology industry, including Women, Black/African American, Hispanic/Latinx, American Indian, Native Hawaiian/Pacific Islander, | 12/04/20 |

| Graduate/Postdoctoral | | | | |
|--|---|---------------|---|-----------------|
| Program | Funder | Amount | Description | Deadline |
| Predoctoral Fellowship | Autism Speaks | \$80,000 | Understanding, evaluating and/or treating individuals with central auditory processing disorder (CAPD), particularly as it relates to co-occurring autism spectrum disorder. Doctoral student with two or more years remaining. Must have a fellowship mentor. | 12/08/20 |
| Ben J. Lipps Research Fellowship | American Society of Nephrology | \$100,000 | For nephrology fellows to conduct original, meritorious research projects in kidney biology and disease. Fellows will train under the direction of a sponsor. May not have completed more than five years of research training after the completion of the MD or DO degree or equivalent, or three years of postdoctoral research training after the PhD degree (at the time of the activation of the award). A 12-month extension will be considered per childbirth during the respective five-year or three-year training periods. Women, men, and those who adopt are eligible for the extension. | 12/09/20 |
| Marilynn Thoma Fellowship In Art Of The Spanish Americas | Carl & Marilyn Thoma Art Foundation | \$120,000 | The Carl & Marilyn Thoma Art Foundation offers Pre-doctoral and Post-doctoral fellowships annually in support of projects and research initiatives that will advance the field of Spanish colonial art. Scholars may come from any discipline, but all projects must relate to the study of art and art history. Exceptionally accomplished scholars holding an MA may also apply. International scholars, particularly from Latin America, are strongly encouraged to apply. Postdoctoral fellowship is \$60,000 per year for up to two years. Predoctoral dissertation research fellowship is \$45,000. | 12/15/20 |
| Rome Fellowship | Paul Mellon Centre for Studies in British Art | \$14,500 | For three months of dedicated research and work on a topic of British-Italian art history based at the British School at Rome. Open to scholars, researchers, curators and other galleries, libraries, archives, and museums professionals from immediately post-doctoral to those internationally recognized in their field of expertise. | 01/31/21 |

| Graduate/Postdoctoral | | | | |
|---|---|----------|---|----------|
| Program | Funder | Amount | Description | Deadline |
| Postdoctoral Fellowships | Paul Mellon Centre for Studies in British Art | \$13,000 | For supporting continuing postdoctoral research in the field of British art and architectural history or supporting the start of a new research project that has arisen out of a successfully submitted doctoral dissertation. Designed for applicants who have had their doctoral theses successfully examined within the three years prior to January 2020. | 01/31/21 |
| Postdoctoral Fellowship in Translational Medicine | PhRMA Foundation | \$60,000 | This award supports individuals engaged in multidisciplinary/collaborative research training programs that will extend their credentials in Translational Medicine. | 02/01/21 |
