Be the difference

for your students with

Elsevier's Total Solution Partnership

Elsevier's Total Solution Partnership gives you access to tried and tested course materials, the latest online learning, comprehensive evaluation resources, reliable NCLEX® review tools, and full consultancy and implementation support for students and faculty.

Elsevier's Total Solution Partnership has many distinct benefits!

Our Total Solution Partnership offers the unique convenience of getting all of your course materials from one trusted provider — Elsevier. This gives both you and your students a comprehensive and consistent program experience with unrivaled benefits that promote better student performance, NCLEX readiness, and career success.

Compatible

Partnering with a single provider means that all the products supporting your program work together and work for you.

Comprehensive

Only Elsevier can deliver a complete solution that covers all your students' curriculum needs from admission to graduation, and beyond.

Consistent

Trusting Elsevier for your course materials allows you to offer consistent content and objectives throughout your program.

Current

Elsevier has a proven history of providing authoritative, accurate, and up-to-date educational content that reflects the latest advances in nursing and the most recent NCLEX test plan.

[EXPLORE THE SOLUTION >>](#)

TOTAL SOLUTION PARTNERSHIP

Build Knowledge

Elsevier helps students cultivate content mastery throughout the curriculum with engaging technology that complements our market-leading textbooks to ensure students both learn and understand the key nursing concepts that form the foundation for their success. Competence with the procedures and skills specific to their role as nursing professionals develops through a combination of theory, observation, interactive technology, and real-world practice.

Our subject matter experts are hard at work developing content, case studies, and item types for the Next Generation NCLEX® (NGN) to ensure you have the tools to begin preparing students.

TOTAL SOLUTION PARTNERSHIP

Apply Clinical Judgment

Whether students are developing their understanding of a broad range of patient situations or honing their clinical judgment abilities in preparation for clinical rotations, Elsevier delivers content-based scenarios that allow students to practice in a safe, learning-based environment. Students develop both confidence and competence as they prepare for the NCLEX and practice.

Ensure strong clinical judgment skills through innovative, reliable simulation solutions.

 HESI® RN Preparation Suite

Assess and Review

Monitor student performance from day one with practice quizzing and a full collection of assessment tools that allows them to master content along the way, while you evaluate their progress at key points in your program. When the time to take the NCLEX draws near, students can prepare with detailed content review and adaptive quizzing that helps them gain the skills and confidence needed to pass the first time.

With the addition of NGN item types in our assessment tools, students can start preparing now for how the exam will change.

NEW EDITION!

Give your students a solid foundation in nursing — from basic concepts to essential skills

- **NEW!** Content includes key topics such as clinical judgment, COVID-19, compassion fatigue, gun violence, patient safety, the opioid epidemic, and device addiction.
- **NEW!** Questions and cases for the Next-Generation NCLEX® on the Evolve companion website help you prepare students for these challenging new question types.
- **NEW!** The Nursing Process and Clinical Judgment steps are coordinated so that students can quickly understand how both models drive their nursing care.

Included with the text...

EDUCATOR RESOURCES ON EVOLVE

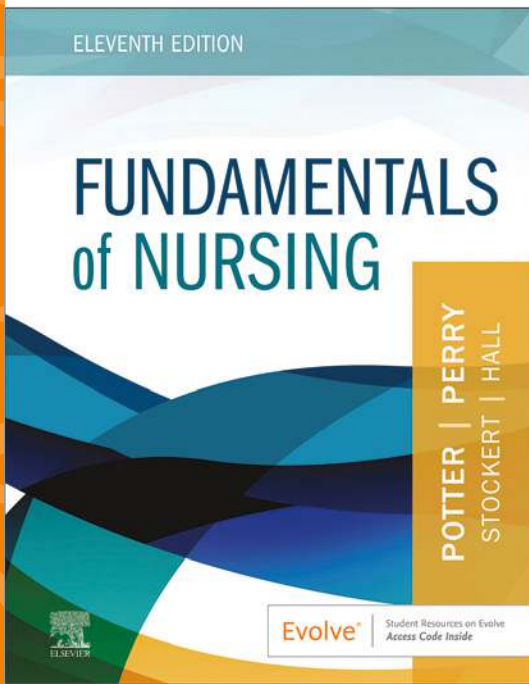

- More than 1,400 PowerPoint® lecture slides with unfolding case studies, audience response questions, and speaker notes
- Test bank with 1,100 questions
- Answers and rationales for review questions in the text

STUDENT RESOURCES ON EVOLVE

- 50 skills video clips
- 80 skills performance checklists
- 500 review questions with answers

Complete your course with...

- Study Guide
- Clinical Companion
- Elsevier Adaptive Quizzing
- Nursing Skills Online
- Sherpath®
- Shadow Health®
- SimChart® for Fundamentals
- Simulation Learning System
- Simulation Learning System with Virtual Reality

January 2022 • ISBN: 978-0-323-81034-0

Also available as an ebook

NEW EDITION!

Ensure your students easily master the fundamentals of nursing with this user-friendly text

- **NEW!** *Clinical Judgment in Nursing* chapter introduces students to clinical judgment and the six NCSBN Clinical Judgment Measurement Model Skills.
- **NEW!** Nursing headings are correlated to the clinical judgment skills that occur at that stage of the nursing process.
- **NEW!** Clinical chapters include a single-episode case study for the NGN with new question types to help students practice for the licensure exam from the beginning of their education.

Included with the text...

EDUCATOR RESOURCES ON EVOLVE

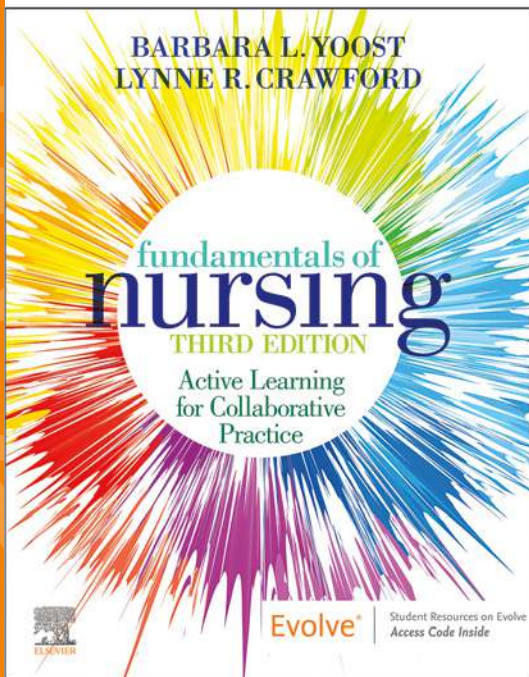

- Conceptual care map grading rubric
- Whole-text concept map
- Image collection with approximately 500 images

STUDENT RESOURCES ON EVOLVE

- Answer key for critical thinking exercises
- Answer key for review questions
- Conceptual care map creator

Complete your course with...

- Simulation Learning System with Virtual Reality

February 2022 • ISBN: 978-0-323-82809-3

Also available as an ebook

NEW EDITION!

Ensure your students can calculate medication dosages safely, accurately, and confidently

- **NEW!** Questions for the Next Generation NCLEX® in select chapters include answer keys with rationales for correct answers.
- More than 1,100 ratio and proportion problems offer the extensive practice needed to become proficient in this method of drug calculation.
- **NEW!** Coverage incorporates the 2020 Hospital National Patient Safety Goals of identifying patients correctly, using medications safely, and preventing infection.

Included with the text...

EDUCATOR RESOURCES ON EVOLVE

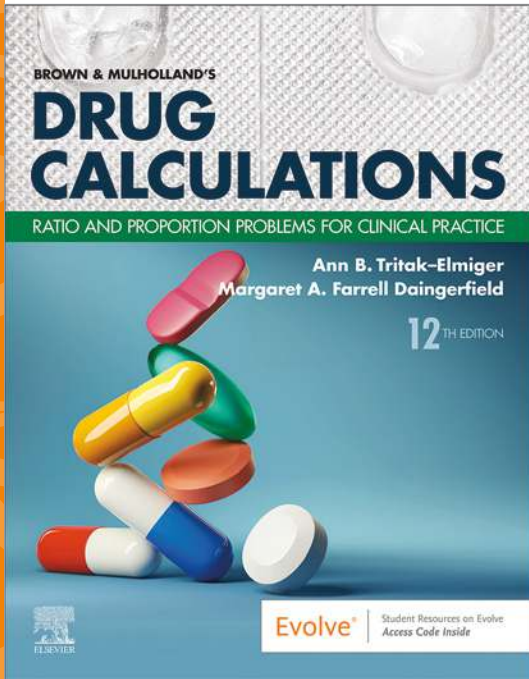

- 150 PowerPoint® slides
- **NEW!** Six generic case studies for Next Generation NCLEX
- Test bank with 500 questions

STUDENT RESOURCES ON EVOLVE

- Elsevier's interactive drug calculation application

Complete your course with...

- Sherpath®
- Shadow Health®

September 2021 • ISBN: 978-0-323-80986-3

NEW EDITION!

Help your students master the skills needed to make accurate drug calculations

- **NEW!** Six single-episode case studies for Next Generation NCLEX® help students develop their clinical judgment skills.
- **NEW!** QSEN content is now included in the *Math Review* unit.
- **NEW!** Updated medication labels familiarize students with the drugs they will encounter in clinical practice.

Included with the text...

EDUCATOR RESOURCES ON EVOLVE

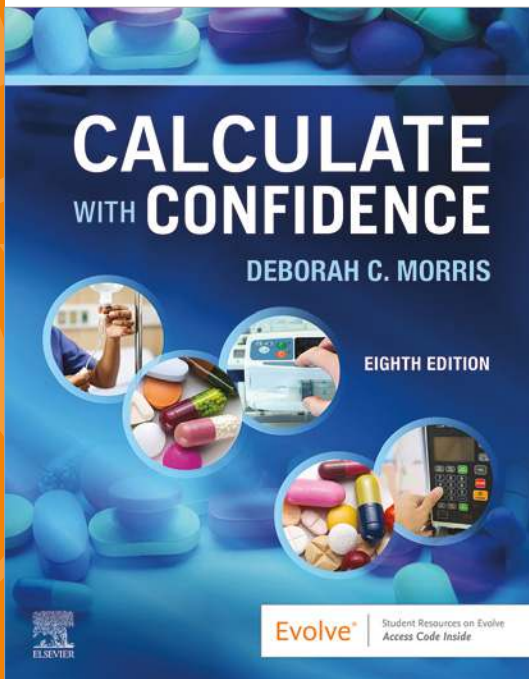

- 529 PowerPoint® lecture slides with unfolding case studies
- Image collection
- Test bank with 500 questions

STUDENT RESOURCES ON EVOLVE

- Generic drug calculation single-episode case studies for the Next Generation NCLEX
- 174 practice problems
- Interactive drug calculation application

Complete your course with...

- Elsevier Adaptive Quizzing
- Drug Calculations Online

NEW EDITION!

Help your nursing students learn how to calculate drug dosages safely and accurately

- **NEW!** Coverage of the NCSBN Clinical Judgment Measurement Model and the six cognitive skills helps prepare students for the Next Generation NCLEX® (NGN).
- **UPDATED!** Test bank on the companion Evolve website includes several questions for NGN for each chapter.
- **NEW!** Generic drug calculations exercises for NGN on the companion Evolve website offer valuable opportunities to develop clinical judgment.

Included with the text...

EDUCATOR RESOURCES ON EVOLVE

- PowerPoint® lecture slides
- NGN single-episode case studies for drug calculation
- 500-question test bank with approximately 25 questions for NGN

STUDENT RESOURCES ON EVOLVE

- Elsevier's interactive drug calculation application

Complete your course with...

- Elsevier Adaptive Quizzing
- Drug Calculations Online
- Sherpath®
- Shadow Health®

NEW EDITION!

Complete coverage of the ratio and proportion, formula, and dimensional analysis methods of drug calculation

- An extensive math review covers the basic math skills essential for accurate calculation of drug dosages and helps students identify their strengths and weaknesses.
- Chapter worksheets provide a way for students to practice solving realistic problems.
- Post-tests at the end of each chapter enable students to assess their understanding of chapter content.

Included with the text...

EDUCATOR RESOURCES ON EVOLVE

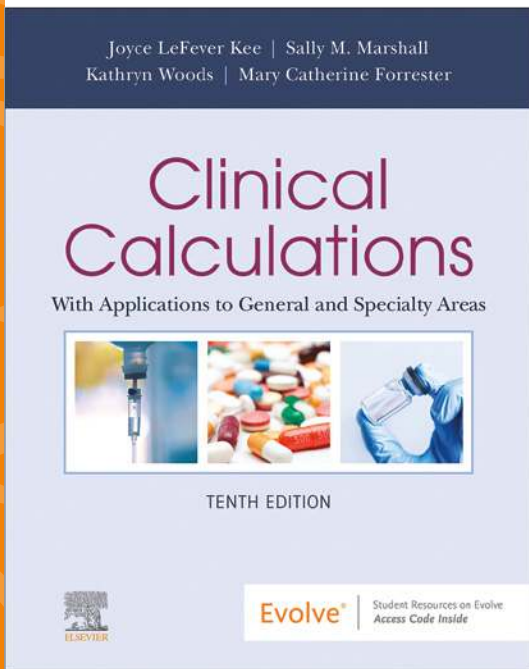

- TEACH for Nurses
- Dosages and calculations case studies for the Next Generation NCLEX®
- Test bank with approximately 400 questions
- Drug label glossary

STUDENT RESOURCES ON EVOLVE

- Student practice problems and learning activities
- Flash cards
- Elsevier's interactive drug calculation application

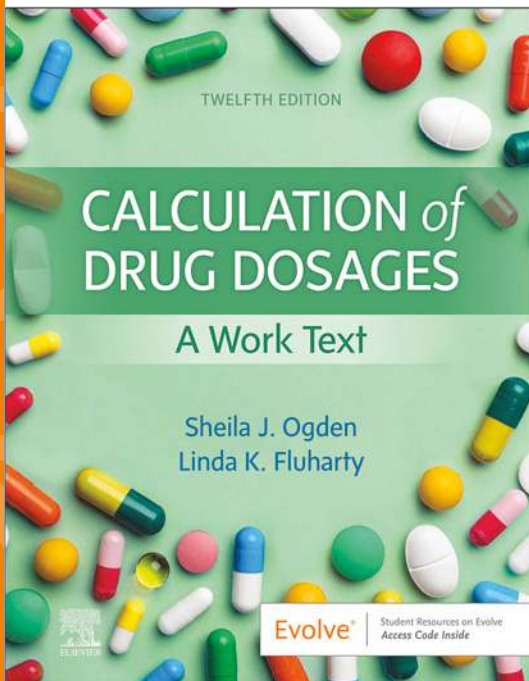

Complete your course with...

Also available as an ebook

NEW EDITION!

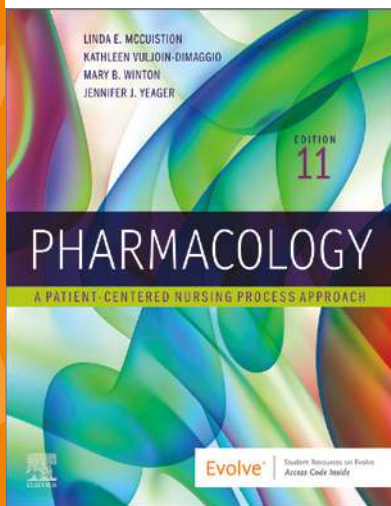

Trust *Lehne's* to make pharmacology completely approachable

- **NEW!** Thoroughly updated drug content reflects the latest FDA drug approvals, withdrawals, and therapeutic uses, with revisions to the corresponding nursing content.
- **NEW!** Additional chapters include *Genetic and Genomic Considerations*, *Muscarinic Antagonists*, and *Complementary and Alternative Therapy*.
- **Prototype drugs approach** focuses on representative drugs that characterize all members of a given drug group so that students can apply their understanding to related drugs currently on the market, as well as drugs that will be released in the future.

September 2021 • ISBN: 978-0-323-82522-1

Also available as an ebook

NEW EDITION!

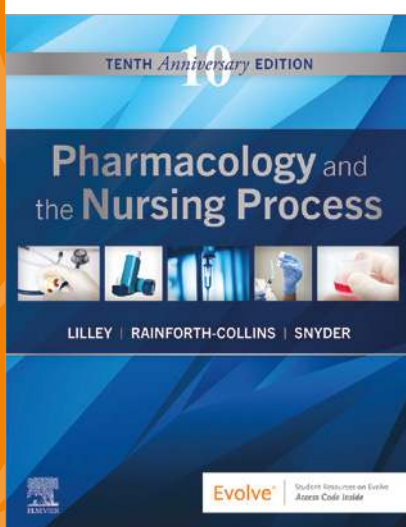

Provide your students with the pharmacology guidance they need to succeed

- **UNIQUE!** Prototype drug charts provide easy access to key information for representative drugs, including dosages, contraindications, drug-lab-food interactions, pharmacokinetics, and more.
- **UNIQUE!** An extensive *Drug Calculations* chapter presents six methods of dosage calculation, providing a helpful review and supplement to a dosage calculations textbook.
- **UNIQUE!** *Nursing Process* summaries highlight important nursing considerations within the framework of the nursing process.

January 2021 • ISBN: 978-0-323-79315-5

Also available as an ebook

NEW EDITION!

Give your students the perfect blend of pharmacology, prioritization, and nursing process information

- **Critical thinking and prioritization questions** in each chapter encourage students to think on a deeper level.
- **More than 250 full-color photos and illustrations** show how drugs work in the body and how to administer medications safely and effectively.
- **NEW!** Additional images in the *Photo Atlas of Drug Information* visually clarify difficult concepts such as demonstrating drug physiology.
- **Clinical judgment practice questions** help prepare students for the Next Generation NCLEX®.

April 2022 • ISBN: 978-0-323-82797-3

Also available as an ebook

NEW EDITION!

Ensure students are thoroughly prepared to work in the rapidly evolving world of nursing

- **Vignettes at the beginning of each chapter** personalize nursing history and practice and help students understand their place in the profession.
- **Key terms, learning outcomes, chapter overviews, and summaries** help students organize and focus the learning experience.
- **Case studies** challenge students to apply theory to practice.

Included with the text...

EDUCATOR RESOURCES ON EVOLVE

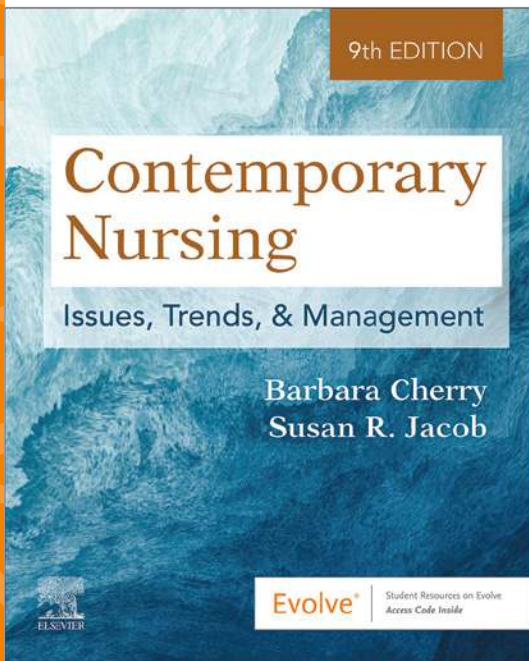

- TEACH for Nurses
- 700 PowerPoint® lecture slides
- Test bank with 600 questions

STUDENT RESOURCES ON EVOLVE

- 15-20 case studies, each with up to two questions for the Next Generation NCLEX®
- Resume templates
- Student review questions for the NCLEX and NGN

Complete your course with...

- Elsevier Adaptive Quizzing
- Sherpath®

March 2022 • ISBN: 978-0-323-77687-5

Also available as an ebook

NEW EDITION!

Give your students a solid foundation in nursing leadership and management skills

- **NEW! Updates** are included for information relating to the competencies of leadership, professionalism, communication and relationship building, knowledge of the healthcare environment, and business skills.
- **UNIQUE! Organization of chapters by AONL competencies** addresses leadership and care management topics by the five competencies integral to nurse executive roles, as identified by the American Organization for Nursing Leadership.
- **NEW! Five case studies for the Next Generation NCLEX® (NGN)** are included in this edition to align with clinical judgment content, preparing students for the NGN exam.

Included with the text...

EDUCATOR RESOURCES ON EVOLVE

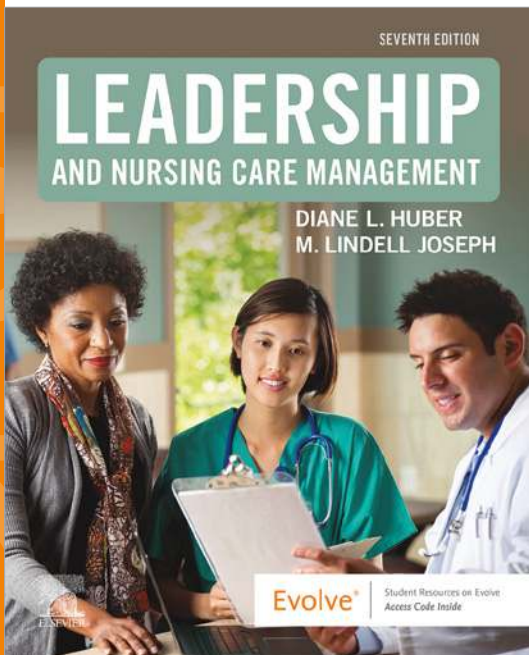

- TEACH for Nurses
- 600 PowerPoint® lecture slides
- Image collection
- Test bank with more than 250 questions

STUDENT RESOURCES ON EVOLVE

- More than 150 multiple-choice review questions for the NCLEX®, including rationales, page references, and NCLEX tagging

Next Generation NCLEX® Enhancements to Elsevier Textbooks

Student success on the Next Generation NCLEX (NGN) and in practice depends on how your program approaches developing job-ready students. Elsevier has been working hard to incorporate elements into our textbooks that foster students' clinical judgment and prepare them for the NGN, including:

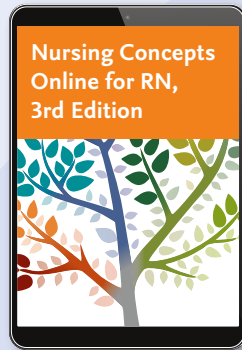

- Clinical judgment content
- Clinical judgment case studies
- Review questions for NGN
- Evolve Resources for NGN

Transitioning to a concept-based curriculum?

Elsevier offers everything you need to build a concept-based curriculum and integrate conceptual learning in your program.

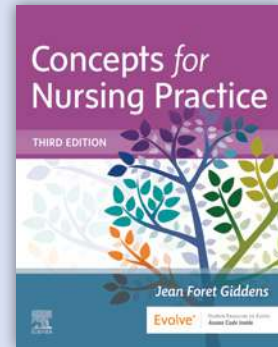

Nursing Concepts Online for RN, 3rd Edition

This fully integrated and newly updated resource combines all of Elsevier's top conceptual learning tools into one easy-to-use online format. The course is organized around the 57 nursing concepts found in the Giddens text, and creates the ultimate active learning environment for your students.

ELSEVIER

Elsevier is passionate about education. Our motivating goal in everything we do is preparing today's students for successful nursing careers. How do we accomplish this? We make sure that today's higher learning institutions and educators are well equipped with the latest information, learning technology, and assessment tools so they can effectively guide students in becoming tomorrow's leading health science experts and caregivers.
