At Pearson we believe in unlocking the potential in every student. Therefore, we only work with respected educators and practitioners to author our books and support material. Our authors know and understand the South African Higher Education curricula, which helps them to create our industry-leading content that guides university students on their learning path towards success.

We are proud to partner with you, the lecturer, to help your students find their path to a robust and fulfilling career in which they can change the lives of others.

*Because wherever learning flourishes, so do people.*

*At Pearson, we believe it is important that Nursing students gain the best possible skills and have access to the types of resources they need to turn them into world-class healthcare professionals.*
