THE BLUEGRASS BANJO CHORD BIBLE CONTENTS AND ORDERING INFO

The only Bluegrass Banjo chord dictionary you'll ever need...or find!? Read on:

The Bluegrass Banjo Chord Bible is the most extensive reference guide currently available for this popular instrument, featuring some **2,160 chord shapes**. These are divided up into **68 different chord types in all 12 keys**. The format is uncomplicated, suiting both seasoned professionals and beginners alike. For the experienced musician, the book is filled with a comprehensive selection of hard to find chords. To accompany the chords, Tobe A. Richards has included a comprehensive explanation of chord construction and general information on tuning the plectrum banjo, together with useful fretboard and reference diagrams. Each chord box or window includes info on which finger to use, where to place them on the fretboard and the harmonic interval for each string.

Standard (g)DGBD Bluegrass tuning is featured throughout, which will suit both bluegrass and general popular music enthusiasts, making the Bluegrass Banjo as accessible an instrument as the guitar. For simplicity of use, *The Bluegrass Banjo Chord Bible* is bound in easy-turn wire bound format and will lie flat, whether opened as an A3 spread or folded back on any page in A4 format.

Content Details:

- 2,160 different chords in all 12 keys
- Details of harmonic intervals with every chord box
- 144 Major slash chords in all keys and 726 possible moveable chord shapes
- (g)DGBD Standard tuning
- Chords utilising open string configurations
- Suggested fingering positions
- Banjo family factfile and tunings guide
- Alternative chord name chart
- Fretboard & tuning diagrams
- Information on chord construction
- General advice
