## OWNING A ŠKODA

### Škoda New Vehicle Warranty

Every new Škoda vehicle is covered by a 3-year unlimited kilometre manufacturer's warranty, which includes Škoda Assist (24 hour roadside assistance). Every new Škoda vehicle is also covered by a 3-year paintwork and 12-year anti-corrosion perforation warranty.

### Škoda Assist

As a customer you can be assured that wherever you travel in Australia you will have access to roadside assistance 24 hours a day, 365 days a year. You will receive help in the event of a breakdown or accident and if required, your vehicle will be mobilised or transported to a Škoda authorised workshop.

As a Škoda owner you will also have access to the additional benefits of accommodation and car rental if your vehicle cannot be mobilised within 24 hours when you are travelling away from home.

### Škoda Service

Your Authorised Škoda Service Centre is part of Škoda's global Quality Management System, ensuring all dealers are certified to ISO 9001:2000 – an internationally recognised Quality Standard. Authorised Škoda Service Centres have factory trained Technicians equipped with the very latest diagnostic equipment, specialist tooling and Škoda Genuine Parts. An Authorised Škoda Service Centre undertakes work in accordance to factory specified guidelines and maintenance schedules

### Škoda Genuine Parts®

Škoda Genuine Parts® are designed for your vehicle and approved by Škoda, with particular regard to safety. The workmanship, dimensional accuracy and materials used in these parts comply with factory specifications. To ensure safety and reliability, Škoda recommends the use of Škoda Genuine Parts®. Škoda Authorised Dealers offer a 2-year unlimited kilometre warranty on Genuine Parts from the date of purchase.

### Škoda Finance

Buying, borrowing or leasing, Škoda Finance will certainly make you think differently about financing and insuring your new Škoda. Committed to meeting the needs of Škoda drivers across Australia, we offer a range of leasing, financing and insurance products, each with distinct advantages depending on your specific circumstances. Our packages are personalised to suit your individual requirements. You design your plan so that it meets your budgeting needs and can rest assured that there will be no surprises along the way. Speak to your local participating Škoda Dealer today to put together a financial solution that best suits your lifestyle.

## GLOSSARY

### All-Wheel-Drive

An all-wheel-drive system provides the best possible traction at all road speeds, in all weather and road conditions. An electronic Haldex clutch responds to traction losses at the front and rear axles and directs torque to the axle with the best traction.

### Anti-lock Braking System (ABS)

When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the ABS system reduces brake pressure to that wheel. This prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable.

### Anti-Slip Regulation (ASR)

ASR improves driving and steering characteristics by preventing the front wheels from spinning under acceleration. When a difference in driving wheel speed is detected (i.e. when one wheel starts to spin due to differences in road surfaces, e.g. due to water or dirt) the system automatically reduces engine torque. ASR is a switchable traction control system.

### Brake Assist

During emergency braking, Brake Assist aids the driver by increasing the brake pressure automatically to a level exceeding the locking limit. The ABS is thus quickly brought into the operating range, which enables maximum vehicle deceleration to be achieved.

### Electronic Brake-pressure Distribution (EBD)

Electronic, more sophisticated means of regulating the ratio of front/rear brake pressure. Settings are varied according to driving and load conditions to ensure each wheel is braked to the optimum extent.

### Direct Shift Gearbox (DSG)

DSG is a manual gearbox in which the gearshifts are controlled electronically. What makes the DSG unique is that it has 2 separate gear sets operated by 2 wet multi-plate clutches. The benefit of 2 gear sets and 2 multi-plate wet clutches is that one gear set and clutch is engaged driving the vehicle with the second clutch having already pre-selected the next gear awaiting for power to be transferred. As the next gear has already been pre-selected prior to power being applied, the gear change only takes 3-4 100ths of a second. There is virtually no interruption to power, traction or acceleration. The DSG also offers Tiptronic gear selection and sports mode.

### Electronic Stabilisation Program (ESP)

ABS and ASR traction control systems are integrated into the Electronic Stabilisation Program (ESP). In short, ESP helps ensure that the vehicle goes where you steer it even in extreme driving conditions. The ESP system constantly compares the actual movement of the vehicle with pre-determined values and should a situation arise where the vehicle starts to skid, ESP will apply the brakes to individual wheels and automatically adjust the engine's power output to correct the problem. ESP prevents the vehicle from losing control when trying to avoid an accident, for example. It also prevents spinning off on a curve due to either understeer or oversteer.

One of the most important goals of Škoda is the development and production of products that are as environmentally friendly as possible throughout their life cycle phases, placing principal emphasis on the selection of recyclable materials. Our Škoda cars are manufactured using progressive types of technology in modern production facilities that meet the strictest criteria. Anti-corrosive protection of the cars' painted parts is based exclusively on lead-free cataphoresis (KTL) and water-soluble paints.

Our company strategy includes limiting fuel consumption and emissions. As a result, the engines of Škoda meet the current emission regulations. All products made by Škoda adhere to the laws and regulations concerning the protection of soil and water. As a result of these activities, Škoda cars meet technical, safety, quality and environmental requirements. Škoda contributes to the preservation of a clean environment and provides mobility and comfort to its customers.

The environmental logo expresses Škoda's awareness of responsibility for, and attempts at, the sustainable development of the company and a friendly approach to life and nature.

Škoda is distributed by Volkswagen Group Australia Pty Ltd, The Lakes Business Park, 6 Lord St, Botany, NSW 2019. ABN 14 093 117 876. Specifications are as planned at September 2007 for model year 2008 and are subject to change without notice or obligation. Images shown may not depict Australian specifications. Please seek full details of Australian specifications from your Škoda Authorised Dealer. All Škoda Genuine Parts® are covered by a 2 year/unlimited kilometre warranty from the date of purchase. All warranties implied by legislation or otherwise, are excluded to the maximum extent permitted by law. The liability of Škoda shall, subject to the law, be limited at Škoda's discretion: 1. In the case of the goods, the repair or the cost of repair, or the replacement or the cost of replacement; and 2. In the case of services, the re-supply of the services or the cost of re-supply of the services.
