## # Club News

- **November Meeting:** The November meeting will be held on November 18<sup>th</sup>, 2021. DSMC does respectfully request that non-vaccinated members please wear masks while in attendance.
- **COMPLETE: Indoor Range Improvement:** The improvements to the indoor range are complete! Members will now be able to shoot any straight wall cartridge, pistol caliber ammunition during allotted times. Please check the calendar. **NOTE: Only pistols (i.e., handguns) except for .22 caliber & air rifles. NO pistol caliber rifles will be allowed within the indoor range.**
- **Yearly Dues:** 2022 Membership Dues are owed by January 31<sup>st</sup>, 2022. There will be no exceptions this year, so please don't delay. Send your dues to Dormont-Mt Lebanon Sportmen's Club PO Box 12692 Pittsburgh, PA 15241-0692.
- **Benchrest Program:** There's a new program at DMSC. For more information about the new Benchrest program, please contact Cliff Abbio at [Cliffabbio@gmail.com](mailto:Cliffabbio@gmail.com)
- **Swap Meet:** At the beginning of the summer, we moved the swap meets into their own time slots and removed them from the start of some membership meetings. Swap meets will now be held at the Membership Hall on the 3<sup>rd</sup> Sunday of each month, starting at 2PM.
- **Swap Market:** We are starting to roll out an online swap market for DMSC. Members will be able to sell or trade items to other members without having to wait until the Swap Meet. If you would like more information, contact Scott Riggins. His email is [dmscswap@riggins.net](mailto:dmscswap@riggins.net).
- **LOST & FOUND:** If you believe you have lost an item of yours in or around the Range property, please email [DMSCNews@gmail.com](mailto:DMSCNews@gmail.com) to inquire about it.

## **# Ted's Thoughts**

### **Ted's Thoughts – October 21**

#### **Defensive Pistol for Women**

On Saturday April 2, 2022 at 3 pm in Membership Hall we will be hosting a special training program for women. It will be open to the public, but its focus is providing our membership women and or spouses / guests with a special program on how to handle defensive situations with a pistol. Jim McCarthy, a club member, will be conducting the program. Jim is an Army helicopter pilot / Viet Nam veteran and a career veteran of the FBI special operations program. He has extensive training credentials, NRA certifications and work experience which makes him a perfect fit for this training. More information and notice will be provided but mark your calendar to make plans now to attend. You may bring the old guy, your main squeeze or significant gent but the program will be oriented for women. There is no charge or registration requirement.

#### **Swap Market**

We are launching our new online Swap Market. If you have any questions that are not answered here or at the October club meeting, email Scott Riggins at [dmscswap@riggins.net](mailto:dmscswap@riggins.net). We want to soft-launch the Swap Market and then ramp up our usage. At first the items will only be visible to club members, but eventually we will make the items visible to the public. If you want to help us out and familiarize yourself with the process, please start with posting just a single item. Scott will then get back with each of you personally as we make sure the process is smooth and work out any kinks in the system.

If you are web-savvy, club members can visit and sign up on the new site at:

<https://dmscswap.wixsite.com/swap>

Soon we will add these Swap Market links to the club web site. Submitting items is restricted to club members, so there is no reason to share the form link with anyone other than club members.

Some highlights of the initial launch:

- \* You will be able to create posts for things you want to sell, want to trade, want to acquire, or need help with.
- \* You should give at least a title and description of each item. It is recommended to also attach a photo, which you will be able to upload.
- \* Posted items will appear only to club members during soft-launch, but eventually available items will be visible to the public.
- \* You will be able to log in to see the items you have posted, or (during soft-launch) to see items others have posted. Scott can help you with this as needed.
- \* If you are interested in an item, you see posted, use the "I'm interested..." function on the site to tell us. This will create a message in the system, and Scott will connect you with the owner. Eventually we intend to make this connection process automatic, but Scott will be an intermediary in the early days of the Swap Market. (Which is why we want to start small, then ramp up)

\* You can also message Scott with general questions via the “I’m interested...” chat function. He may not always be able to answer immediately but the site records your chat message so he will get back with you either on the site chat and/or by email.

\* The site will not handle money, delivery, or otherwise be party of the transaction. For the foreseeable future the site is essentially an electronic bulletin board to facilitate your person-to-person activity.

There is a lot more that could be said, and still more to come as we refine the process. Look for continued info in the newsletter, on the club web site, and at the club monthly meetings. We will have further info and a discussion at the October club member meeting.

## **Swap Meet / Programs – Sunday Afternoon at the Club**

We held the last 2021 session on Sunday October 17. It is always on the 3<sup>rd</sup> Sunday at 2pm after the CMP shoot in Membership Hall. We do not have sessions planned for November and December due to the holidays. In October there were only two sellers, so we didn’t set up to Swap. The planned program was *Getting Started in Reloading by Bruce Ungar*. There were only 7-8 members there, but we had a lively discussion on reloading which appeared to focus on crimping.

The next session is planned for January 2022 on the 16<sup>th</sup>. Look for details in future newsletters!

## **Bench Rest Matches**

The 2021 program will be complete at the end of October. We had 16 shooters for the 100-yard competition. Look for results to be posted in the November newsletter. Mark Lofstead was the match director for this year. The 2021 match was for the period June thru September. It included center fire and rim fire rifles in one class. Thank you, Mark, for providing the leadership in supervising this competition.

In 2022 a separate rifle class is planned for 22 rf. The distance may be set at 50 yards for 2022 but details are still pending. The match director for 2022 is Cliff Abbio, he is an icon on the right side of the Marsico range in the early am. If you are interested in shooting in 2022 and have not shot in the 2021 program you can reach Cliff at [Cliffabbio@gmail.com](mailto:Cliffabbio@gmail.com). This competition is typically shot in the warm months and ends in September. Depending upon shooter input the start may be in in April or May of 2022 but wait for more detail for the 2022 program to be announced by Cliff.

We are also going to add an Air Rifle Bench Rest shoot for 2022. This match program will include an indoor competition and an outdoor competition for 10 meters using the standard 10-meter target. There is a similar program run by the CMP in Ohio. Jeff Little and Mike Leone will run the shoot. You can reach Jeff via email at [bumperrider@gmail.com](mailto:bumperrider@gmail.com) if you have an interest in shooting this match. Jeff has indicated CMP has a special scoring system for the competition. The 10-meter air rifle target is intense as the 10 ring is a small pin dot. Interesting to say the least!

## Membership

Nick Kuzy is scheduled for a prosthetic. Please not the following message to the membership from Nick.

*"Thank you for your thoughts, prayers, and cards. It means a lot to me! I am doing very well, and I hope to be walking on a prosthetic leg by Thanksgiving. Sincerely, Nick"*

Dave Faust is in poor health. Dave is a 47-year member of our club. Dave is noted for his competition in silhouettes and in pistol shooting but mainly in revolver big bore pistol; 44 Remington Mag and 357 Mag. Dave has worked up numerous load designs for pistol and historically has poured his own lead bullets. Dave was an Army artillery Veteran and an air pilot by profession. Dave and the late Frank Shuster were great friends and worked diligently together in perfecting pistol shooting and reloading designs at the club. Please keep him in your prayers and thoughts and consider sending him a card at 390 Trinity Drive, Washington 15301.

## Special Future Club Functions

We have planned two special programs for 2022. The plan is to try and hold an Eddie Eagle NRA youth training function early in the year.

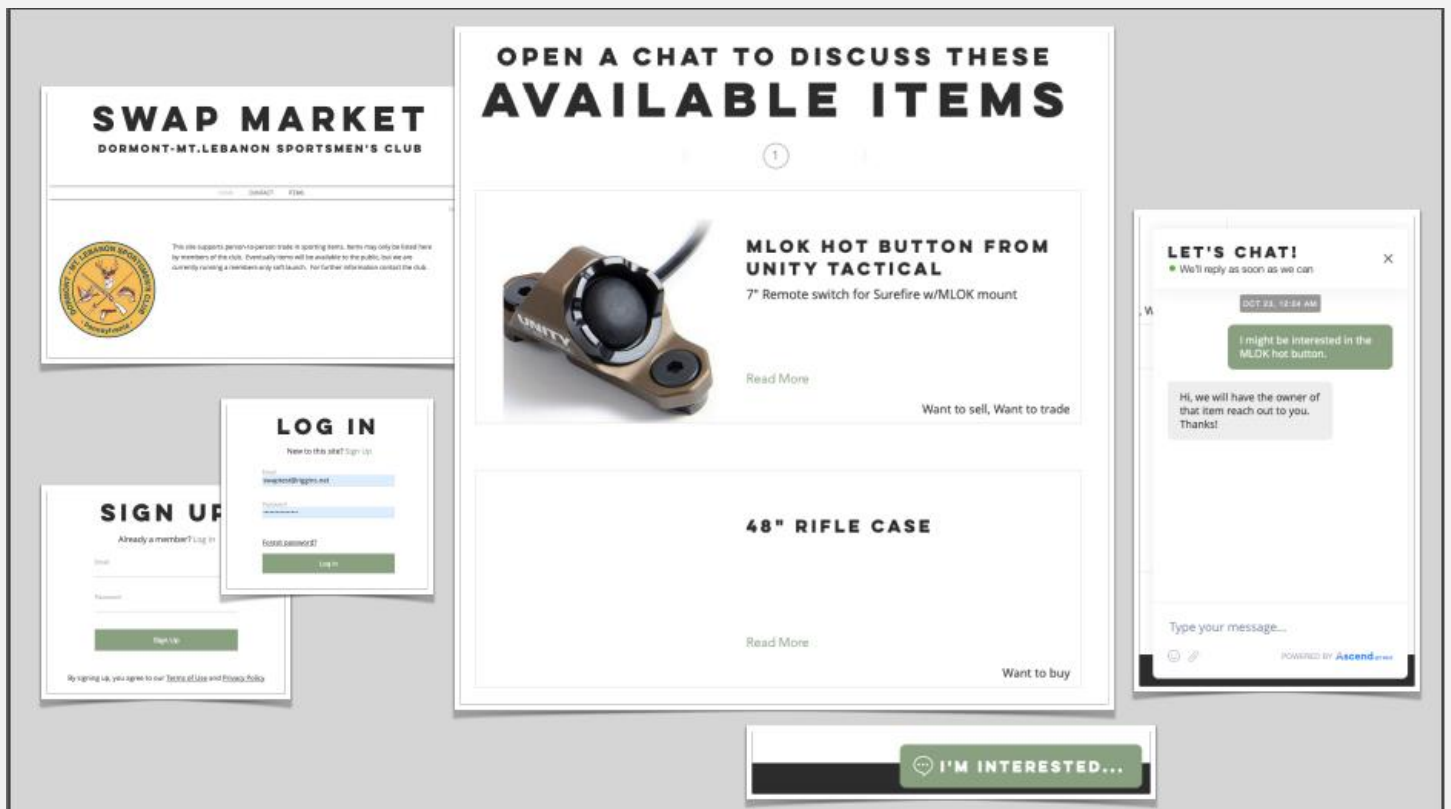

Additionally, we are planning a function of some type in 2022 to bring focus to the problems in misdirected curriculum activity by teachers and professors in our education system at all levels of education. We recently received a great writing from Alexandra Bedner pointing out these problems that she encountered in college with liberal professors preaching and trying to indoctrinate liberal agendas and socialism in their curriculums. In most cases beyond the subject course focus. This is a significant problem and needs addressed. We have discussed it locally in Washington County with some political officials. Natalie Milhalek, District 40 State Representative, has pledged her support to help us. We have a lot of support in bringing this issue to focus locally within our community and club. Thank you, Alexandra, for bring it to our attention. Look for details in future newsletters in 2022.

## November and December Monthly Meetings

The November meeting is on the 18<sup>th</sup>. The November meeting is on the 3<sup>rd</sup> Thursday due to the holiday. It is our annual business meeting so there is no set program. The meal will be wings and a side dish with cake for dessert.

A Christmas party is planned for Thursday December 16. Menu will be typical of the past. Special programs from our youth who attended the NRA Whittington New Mexico camp this year. Plus, a program on a special commemorative 1911 Colt 45ACP related to family history from WW2. See commentary in the October newsletter on the Browning Colt 1911 45 ACP pistol.

# #Swap Market – Digital Swap Meet

- Members who sign up will be able to sell/trade items online
- No transactions will occur within the site, all inquiries will require face to face interaction to complete the sale/trade
- Chat will be available
- For more information about the Swap Market, please contact [Scott Riggins](#)

## **# NRA Certified Range Safety Officer Training**

DMSC is offering a course that will lead to becoming a certified Range Safety Officer. The course will be conducted on Sunday November 7, 2021, in the new clubhouse from 7AM until 5:30 PM. The class will cover a variety of topics relating to conducting and supervising safe shooting activities and range operations. The course consists of classroom instruction, individual practice to conduct safety briefings, practical experience with range operations, firearms stoppages, and malfunctions, as well as firearms familiarization. The course will last 9 hours, and participants are required to complete an open book test with a 90% passing score.

The cost will be \$40 for club members and \$95 for non-members. This includes the cost of instruction, course material, lunch, and refreshments. Additional costs will also need to be paid to the NRA for processing and maintaining certification.

Space is limited to 12 slots and will be filled on a first come – first served basis.

**To sign up for the class, please send an email to John Tupta at [dmlscNRA@outlook.com](mailto:dmlscNRA@outlook.com).**

"Closeout" - Yes, it was the last ARC match for 2021: "Special" - It was indeed!! A new concept for ARC, you were to shoot pistol only, rifle only, or 2-gun, but this time use 22LR firearms. All the normal fun of action shooting but you don't have to pick up the brass. 15 competitors (plus 3 repeats) gave a total 18 very high marks for this ARC event. Congrats to Danny Kolesar for top spot pistol only with a 188.93 and Joe Martin, who topped the 2-gun gallery with a 171.38. ARC 2021 had a very good participation level, despite the Covid and ammo shortage. The reason is - exciting stages - challenging marksmanship - and one whole heck of a lot of fun. All of us are looking forward to ARC 2022 - why not come out and see for yourself just how great of an activity these events foster.

The 2-Gun Match for 2021 was more interesting, more challenging, and more humbling, but still a lot of fun. By its namesake of using both the rifle and pistol, this match is the pinnacle of the ARC Program here at DMSC. The sheer nature of multiple targets both steel and paper, motion, multiple reloads, different positions, and barricade use, dictate that it is not an entry level activity. Participants must have experience in action matches and need to have participated in Advanced matches here at DMSC. Congrats to Joe Martin for having the top score of 277.8. As scores are determined by the raw time then adjusted for shot placement, lower scores are better. 2-Gun matches have repeatedly been a source of fun and great competition in action shooting here at DMSC - all are invited to come out and see "WHY?", better yet, give it a try!

## # CMP Match – September 19<sup>th</sup>, 2021

### John Garand Memorial Match

A 50 round match fired at 100 yards, in three different positions, with slow and sustained fire stages, and mandatory in string reloads. Emphasis is on range safety, match procedures, and all aspects of firearm handling, competitive respect, and range decorum.

<b>Bruce Long</b>	M1 Garand	184-2x	81-1x	93-1	87	445-4x

We were blessed once again with a spectacular summer day of t-shirt temps, clear skies, and balmy breezes. Luckily, the temperament of the competition was just as pleasant! Mr. Long led the way with a performance of consistent marksmanship and is our champion. Best wishes, fair skies, and following seas to Mr. Burd who begins his retirement by throwing off the shackles of stationary housing to explore the world with his bride. Good shootin' with you David! Thanks to all for the attention to RANGE SAFETY, your good sportsmanship, and the cooperation you all provide on the range!

**KEEP IT SAFE**

- ALWAYS** keep firearms pointed in a safe direction.
- ALWAYS** keep your finger off the trigger until you are ready to shoot.
- ALWAYS** keep firearms unloaded until ready to use.
- ALWAYS** unload, remove the magazine, and open the action of a firearm when someone is going down range.
- NEVER** handle firearms while someone is down range.
- ALWAYS** wear proper eye and ear protection at the range.

**DMSC Conducts Safety Reviews**

Range Safety Officers (RSOs) will conduct random membership checks and safety reviews. RSOs will meet with members and guests while at the firing range. Membership ID's will be checked, and a copy of the range rules will be made available. It is important for all members to review safe gun handling procedures and to focus on the safety rules for each range used. The RSOs will be wearing a distinctive safety vest or hat and will only ask for a few minutes of your time. Guests and Visitors are subject to the same rules as members. Violators will be subject to disciplinary action up to and including dismissal from club grounds and termination of membership.
