

95 YEARS OF SERVICE

GATEPATH®

Annual Report

July 1, 2014 - June 30, 2015

A Commitment to Inclusion

Since joining Gatepath in fall 2015, I have been inspired by a “mission moment” every single day. I am moved by those we serve and our dedicated staff. We are all passionately committed to building a world where people of all abilities are fully included, respected and valued.

Your voice plays a critical role in raising awareness about children and adults with special needs and disabilities, and the positive impact of inclusion. With your support, during our 2014-15 fiscal year, we increased our reach in the community by 13%, connecting with 14,460 individuals through direct programs, information and support services. In addition, 431 volunteers supported our mission by providing 17,415 service hours! We also expanded Gatepath’s role as a leader in the field, including:

- Selected by First 5 San Mateo County as the lead agency for *Watch Me Grow*, a countywide project to support integrated systems of care for children with special needs and their families
- Developed and shared “Making the Business Case: Getting Jobs for People with Developmental Disabilities” toolkit with other service providers

As we look to the future, and our 100th anniversary in 2020, those we serve will continue to be at the center of everything we do. Our main priority is increasing inclusion in all aspects of our community. Collaborative partnerships and continued diversification of revenue will further our impact and support long-term sustainability.

As we look back on the fiscal year, it’s important to recognize the contributions Sheryl Young made as CEO of Gatepath for 26 years. Under her leadership, the organization expanded its services and became a champion of inclusion. I’m committed to partnering with you to add to the foundation she helped build. This is an exciting time at Gatepath and the future is filled with possibilities.

Thank you for making our mission, your mission,

Bryan Neider
CEO

INNOVATION

We innovate and adapt to deliver the highest quality services.

COMMUNITY

We create communities of support for individuals with special needs and their families.

Sammy is a happy, energetic four-year-old who loves nothing more than trains, cars, and trucks – anything on wheels! He also happens to have Down syndrome. When Sammy was just an infant, we were referred to Gatepath where we met an incredible team of physical, occupational and speech therapists who gave us support, resources and encouragement. The Gatepath team genuinely cares about Sammy and has become part of our family. We've been so pleased to be able to help give back by leading a Down syndrome parent support group and raising funds for Gatepath during Silicon Valley Gives 2015.

— Stephanie and Richard Lee

Deimintrius is fairly independent, but was struggling to budget his monthly expenses so he had enough money for transportation to consistently attend our Community Access program. For three months, Gatepath staff helped track his spending and taught Deimintrius basic money management skills. This hands-on training helped Deimintrius learn how to pay bus fare, buy special things when needed, and most importantly, how to save money. He is learning to live within his budget – an important skill. Achievements like this help empower those we serve to live full and productive lives.
