***In re Yusha Zhang and Shenzhen Huanyee Intellectual Property Co., Ltd.***

## **ORDER TO SHOW CAUSE**

Dear Ms. Zhang,

The United States Patent and Trademark Office (USPTO or Office) has reason to believe that you, Shenzhen Huanyee Intellectual Property Co., Ltd. (“Huanyee”), and the employees, agents, affiliates, or officers of Huanyee (“your employees”) are violating the USPTO’s rules of practice before the Office in trademark matters. Specifically, you and your employees are believed to be engaging in unauthorized practice before the USPTO in trademark matters, providing false information to the USPTO by means of entering the signatures of thousands of third parties on trademark submissions, and providing false, fictitious, or fraudulent information in trademark submissions with the intent to circumvent the USPTO Rules.<sup>1</sup>

Protection of the integrity of the U.S. trademark register is of the upmost concern to the USPTO because the register is a reflection of trademarks actually used in commerce and its accuracy serves the critical purpose of avoiding needless costs and burdens to applicants, who rely upon its contents when choosing a mark. Providing false information

---

<sup>1</sup> A list of U.S. Trademark Serial Numbers believed to include submissions made by you, Huanyee, or your employees is attached to this Order as Exhibit A. The list is not necessarily exhaustive because you and your employees continue to file, and your response may implicate additional records.

of any kind in a trademark submission undermines the integrity of the register, and those who provide false, fictitious, or fraudulent information are subject to sanctions.

This order requires you to show cause as to why the USPTO should not immediately sanction you and your employees by:

- (1) Permanently precluding you and your employees from submitting trademark-related documents on behalf of yourselves or others;
- (2) Striking or otherwise giving no weight to all trademark-related documents submitted by you or your employees;
- (3) Removing correspondence information associated with you and your employees from the USPTO's database in all applications and/or registrations;
- (4) Directing the USPTO's Office of the Chief Information Officer to permanently deactivate any USPTO accounts in which contact information related to you or your employees appears, and to take all reasonable efforts to prevent you or your employees from creating or activating further accounts;
- (5) Terminating all ongoing proceedings containing submissions filed by you or your employees, specifically, abandoning all trademark applications filed via MyUSPTO accounts registered to you or your employees, as the applications were apparently filed for improper purposes; and
- (6) Continuing to strike documents, remove information, deactivate accounts, and terminate proceedings containing submissions later found to have been filed by your or your employees.

### **Relevant Legal Requirements**

All submissions to the USPTO in trademark matters are governed by the Rules of Practice in Trademark Cases and the Rules governing Representation of Others Before the USPTO (collectively "USPTO Rules"). *See, generally*, 37 C.F.R. Parts 2, 11. Under these rules, only attorneys admitted to practice before the bar of the highest court of a U.S. state or jurisdiction may practice before the USPTO in trademark matters on behalf of others. 37 C.F.R. §§ 2.1, 2.17(a), 11.1, 11.14(a); *see also* 5 U.S.C. § 500(b).<sup>2</sup>

Foreign attorneys and trademark agents who have not been reciprocally recognized by the Director of the Office of Enrollment and Discipline, and any other individuals who are not U.S. licensed attorneys are not authorized to practice before the Office and may not (1) give advice to an applicant or registrant in contemplation of filing a U.S. trademark application or application-related document; (2) prepare or prosecute any U.S. trademark application, response, or post-registration maintenance document; (3) sign amendments to applications, responses to Office actions, petitions to the Director, or request to change

---

<sup>2</sup> While there are limited exceptions to this rule, none of the exceptions apply here. *See* 37 C.F.R. § 11.14.

correspondence information; or (4) authorize any other amendments to an application or registration. 37 C.F.R. §§ 11.5(b), 11.14(b).

An application for registration of a trademark filed with the USPTO must be made by the owner of the mark or a person who has a bona fide intention to use the mark in commerce. See 15 U.S.C. §1051. The Trademark Act also requires a verified statement supporting the application, signed by the owner or a person properly authorized to sign on behalf of the owner. 15 U.S.C. §§ 1051(a)(3), (b)(3); see *also* 37 C.F.R. §§ 2.33, 2.193(e).

In addition, all documents submitted to the USPTO in a trademark matter must be *personally* signed. 37 C.F.R. § 2.193(a). That is, the signature must be either handwritten in permanent ink by the person named as the signatory or submitted electronically with the named signatory personally entering a combination of letters, numbers, spaces and/or punctuation the signatory has adopted as a signature directly on the electronic submission form. 37 C.F.R. §§ 2.193(a), (c). A person may not delegate the authority to sign trademark-related submissions, and no party may electronically sign the name of another. See *Bang-er Shia*, Proceeding No. D2014-31, at \*10-12 (USPTO Apr. 22, 2015), available at [https://foiadocuments.uspto.gov/oed/0875\\_dis\\_2015-04-22.pdf](https://foiadocuments.uspto.gov/oed/0875_dis_2015-04-22.pdf).

Further, under 37 C.F.R. § 11.18(b)(1), any party who presents a trademark submission to the USPTO is certifying that all statements made therein of the party's own knowledge are true and all statements made therein on information and belief are believed to be true. Under 37 C.F.R. § 11.18(b)(2), the party is also certifying that, "[t]o the best of the party's knowledge, information and belief, formed after an inquiry reasonable under the circumstances, . . . the paper is not being presented for any improper purpose" and "[t]he allegations and other factual contentions have evidentiary support." Thus, knowingly or negligently submitting a document that includes false signatory information, false applicant information, claims of use in commerce for more goods and services than the applicant is actually offering, or specimens that do not demonstrate actual use in commerce violates at least 37 C.F.R. § 11.18(b)(1), and doing so without evidentiary support or with intent to circumvent the USPTO's rules of practice in trademark matters violates at least 37 C.F.R. § 11.18(b)(2).

The USPTO Rules also require that any foreign-domiciled applicant, registrant, or party to a proceeding be represented by a qualified attorney, licensed to practice law in the United States ("U.S. Counsel Rule"). 37 C.F.R. § 2.11(a). The primary purpose of the U.S. Counsel Rule is to ensure that foreign-domiciled applicants are aware of and will comply with all relevant U.S. legal requirements for trademark registration, including the USPTO Rules and requirements concerning actual use in commerce. Providing false, fictitious, or fraudulent information in a submission to the Office to circumvent the representation requirement for a foreign-domiciled individual or entity is, *per se*, a document submitted for an improper purpose under 37 C.F.R. § 11.18(b). See 37 C.F.R. § 2.11(e).

In addition, a party who uses the MyUSPTO system and the Trademark Electronic Application System ("TEAS") to file a document is bound by the Terms of Use for USPTO websites. See <https://www.uspto.gov/terms-use-uspto-websites>. An individual is

responsible for all activities that occur under his/her registered MyUSPTO account, with such account being limited to use by the individual to whom the account is registered. Use of a MyUSPTO account to submit, access, or alter information in excess of one's authority not only breaches the Terms of Use, but also 37 C.F.R. §§ 2.193 and 11.18(b)(1).

### **Discussion of Activity by Yusha Zhang and Shenzhen Huanyee Intellectual Property Co., Ltd.**

The name "Yusha Zhang" and email addresses associated with you appeared in the correspondence fields of dozens of trademark applications allegedly filed by different pro se (unrepresented) applicants between 2016 and 2019. The submissions identified the mailing address for Huanyee including an email address within the domain huanyee.com. You are identified on www.huanyee.com (the "Huanyee website") by name as the company's "Executive Director," with the explanatory text "寰逸知识产权涉外负责人" (meaning "person in charge of foreign affairs for Huanyee"). See Exhibit B for a true and correct copy of the website available at huanyee.com.

1. Yusha Zhang and Huanyee are Engaging in Widespread Unauthorized Practice of Law Before the USPTO.

Huanyee is a China-based organization that describes itself as specializing in registering trademarks in China. However, the company also boasts on the Huanyee website that it has filed more than 30,000 foreign trademark applications, including in the United States. While the Huanyee website also includes photographs of people identified as "Nyxia" and "Gaulle," identifying them as "U.S. attorneys," the USPTO is unaware of any U.S. trademark application or registration listing an email address associated with Huanyee that includes attorney information for any such persons. Indeed, the USPTO could not locate any information to suggest that you or any of your employees are attorneys qualified to practice before the USPTO in trademark matters.

Between 2016 and 2019, you and your employees were routinely practicing before the USPTO in trademark matters, despite the fact that at all relevant times the USPTO Rules provided that only attorneys licensed in the United States are authorized to represent others. Available information indicates that you counseled and gave advice to clients in contemplation of filing a trademark application and other documents before the USPTO, prepared and prosecuted applications for trademark registration, prepared and submitted arguments and amendments in trademark matters, and communicated with the Office on behalf of clients. When completed by a non-attorney on behalf of a third party, each of these actions constitutes the unauthorized practice of law in violation of USPTO Rules. After the USPTO implemented the U.S. Counsel Rule on August 3, 2019, to require foreign-domiciled applicants in trademark matters before the USPTO to be represented by attorneys licensed to practice law in the United States, you and your employees violated this rule and continued to violate other USPTO Rules, including by concealing your involvement in the prosecution process.

2. Yusha Zhang and Huanyee are Responsible for Improperly Entering the Signatures of Others and Providing False, Fictitious, and/or Fraudulent Information in Trademark Submissions to the USPTO.

The implementation of the U.S. Counsel Rule barred the practice of foreign filing firms acting as correspondence intermediaries, necessitating foreign filing firms to refer clients seeking U.S. trademark registration to be represented by attorneys licensed to practice in the United States for all submissions to the USPTO. However, the USPTO has evidence to suggest that you and your employees continued to practice before the Office and conspired with others to circumvent the USPTO Rules by improperly entering the signatures of others and providing false, fictitious, and/or fraudulent information in trademark applications.

Since last year, users must register for and use a MyUSPTO account to access electronic forms and submit trademark documents through the Trademark Electronic Application System (“TEAS”). Your name appears in registrations for three different MyUSPTO accounts, registered to the email addresses 1090194565@qq.com, sztmlaw@hotmail.com, and paralegal1@tbchadwick.com. Office records reflect that your accounts are responsible for filing over 8,000 pending trademark applications, and that users of your accounts have filed amendments and responsive documents in many more trademark application and registration records, despite the fact that you are not an attorney and not otherwise authorized to make submissions on behalf of others in trademark matters.

Information about the submissions made from your MyUSPTO accounts indicate that the same person or entity is using these accounts to enter signatures of others. While the documents routinely appear to have been electronically signed by applicants or attorneys directly on the electronic form, the fact that the submissions are often filed in rapid succession and are signed by different individuals with mailing addresses in diverse geographic regions is strong evidence that you or your employees must be entering the electronic signatures of others on the TEAS forms.<sup>3</sup>

For example, during a one-hour time period between 2:29 a.m. (Eastern) and 3:29 a.m. on May 14, 2021, one of your MyUSPTO accounts was responsible for submitting four new TEAS Plus applications and five responses to Office actions, each with a declaration attached and identifying a total of seven different alleged signatories who, according to the TEAS forms, personally entered their electronic signatures:

<b>Date/Time</b>	<b>Submission Type</b>	<b>Serial No.</b>	<b>Signatory Name</b>
May 14, 2021 02:29 AM ET	TEAS Plus Application	90710689	Cao Jiang
May 14, 2021 02:37 AM ET	TEAS Plus Application	90710694	xin liu

---

<sup>3</sup> The public may view and print images of the contents of trademark application and registration records through the Trademark Status and Document Retrieval (TSDR) database on the USPTO website at <http://tsdr.uspto.gov/>.

May 14, 2021 02:49 AM ET	Response to Office Action	90233817	ZHANG HUA
May 14, 2021 02:54 AM ET	Response to Office Action	90233785	Xie Wenyi
May 14, 2021 03:02 AM ET	Response to Office Action	90233819	ZHANG HUA
May 14, 2021 03:09 AM ET	TEAS Plus Application	90710722	Gao Shaoqiu
May 14, 2021 03:15 AM ET	TEAS Plus Application	90710727	Wang Xiaoyu
May 14, 2021 03:24 AM ET	Response to Office Action	90311957	ZHANG HUA
May 14, 2021 03:29 AM ET	Response to Office Action	90233760	Li Chunyan

The applicants in these examples have domicile addresses in geographically diverse parts of China, as well as in New York. It is implausible that each signatory, allegedly located thousands of miles from each other, was present to personally enter their electronic signatures on these TEAS forms during the same single hour.

Your MyUSPTO accounts are also responsible for filing TEAS submissions at a frequency that would make it improbable and likely impossible for a single person to fill out the forms, let alone coordinate the personal entry of electronic signatures on TEAS forms by seemingly unrelated parties. On March 16, 2021, alone, your accounts were responsible for filing 201 different TEAS forms, most within minutes of each other, with several submitted mere seconds apart. *See, e.g.*, Serial Nos. 90581043 (a new application allegedly electronically signed by Guo Shizai at 2:45 a.m.) and 90253201 (a Change of Address or Representation form allegedly electronically signed by Kong Xiangyong, also at 2:45 a.m.). Based on the volume and speed of submissions originating from your accounts, we presume that you are sharing access to your MyUSPTO accounts with others in violation of the Terms of Use for USPTO Websites.

In addition to declaration signatures of multiple applicants appearing on submissions originating from your MyUSPTO accounts, you and your employees appear to be entering the name of at least two different U.S.-licensed attorneys on at least several hundred submissions. In the cases reviewed, the attorneys' signatures often appear alongside the applicants' declaration signatures and were allegedly personally entered on the TEAS submission by the attorney. For example, in Serial No. 90199060 the Office received responses on April 15, 2021 and May 6, 2021, each originating from one of your MyUSPTO accounts, each allegedly directly signed by applicant "Bai, Bin" and attorney "Shan Zhu," despite the fact that the applicant allegedly lives in a county in China that is located approximately 12,700 miles away from Shan Zhu's offices in Flushing, New York. Similarly, in Serial No. 90255740, the Office received responses on March 5, 2021 and March 17, 2021, each allegedly directly signed by "Wang Xin" and attorney "Yi Wan," when the applicant's domicile is allegedly located in China and the attorney is allegedly located in Manhattan, New York.

Further, you and your employees are also responsible for submitting several hundred applications identifying the owners as juristic entities formed in the United States, but containing false domicile information. The USPTO received hundreds of new applications filed in the name of companies such as "Alpharerry Inc.," "BluedEEP Trade Inc.," "Chengde International Trading LLC," "Diubl LLC," "OTBBA LLC," "Jincheng Inc.," "Kingsheng Inc.," "Vanjo LLC," "Fiberhome Technology Co., Ltd.," "Qianxing Fenghui LLC," "Ryhom LLC,"

“Flycamp Trading LLC,” “Suntravel Trading LLC,” “Zhishan Industrial Inc,” “Virfine Trade Inc,” “Xinxu Family Inc,” “HCLife LLC,” “Woxeon Technology Inc,” “Wector Home America LLC,” “Fengshun LLC,” “Yifan LLC,” “Promotion Inc,” “Perfso Trade Inc,” and “PTTAGING LLC,” initially claiming to be California entities with a domicile address of “18351 Colima Road, Rowland Heights, CA.”<sup>4</sup> When challenged by examining attorneys, responses originating from your accounts often change the state of formation/incorporation to Colorado, and list a new domicile address of “6547 North Academy Blvd, Colorado Springs, CO.”

Both the Rowland Heights and Colorado Springs addresses are merely commercial mail receiving agencies, capable of forwarding or scanning mail for people or entities located elsewhere in the world. These addresses are not valid domicile addresses for these applicants. Only when challenged further have you or your employees designated attorneys Shan Zhu or Yi Wan and provided domicile information that suggests the applicants are actually located outside the United States. See, e.g., Serial Nos. 88951432, 90045852, 90108206, 90164526, 90190451, 90196155, 90202914, 90209321, 90210524, 90262410, and 90265123. Based upon the multiple attempts to provide false domicile information for entities located outside the United States, and the reluctance to list an attorney of record until challenged, the USPTO can only conclude that you and your employees have been providing false, fictitious, and/or fraudulent information to the USPTO in an effort to obfuscate the applicants’ foreign domicile addresses with the intent to circumvent the requirement for U.S. counsel. Each submission listing a false domicile address for a foreign domiciled applicant is a paper submitted for an improper purpose under 37 C.F.R. § 11.18(b)(2). See 37 C.F.R. § 2.11(e).

Based on the foregoing, the USPTO has reason to believe that all applications and trademark documents filed via your MyUSPTO accounts were filed in violation of the USPTO Rules and are invalid. The applications and documents were not properly signed, appear to have been submitted without the owner or any identifiable authorized person making reasonable inquiry into the factual contentions contained therein, and likely contain false, fictitious, and/or fraudulent information. Available information also indicates that such submissions were filed with an intention to circumvent the USPTO Rules including, but not limited to, 37 C.F.R. §§ 2.11(a), 2.193, 11.14, and 11.18(b). In addition, USPTO records indicate that these submissions were made using the MyUSPTO system and TEAS in contravention of the Terms of Use for USPTO Websites.

### ***Show Cause Requirement***

Subject to the direction of the Director of the USPTO, the Commissioner for Trademarks possesses the authority to manage and direct all aspects of the activities of the USPTO that affect the administration of trademark operations. See 35 U.S.C. §§ 2, 3; TMEP § 1709. This includes the authority to impose sanctions on parties who submit a paper in

---

<sup>4</sup> This list is non-exhaustive. The use of similar false domicile and entity information is pervasive across many applications filed by you or your employees.

a trademark matter for an improper purpose. See 35 U.S.C. § 3(b)(2)(A); 37 C.F.R. §§ 2.11(a), (e), 11.18(b)(2), (c). The authority to issue orders to show cause why sanctions should not be imposed has been further delegated to the Deputy Commissioner for Trademark Examination Policy.

**Because the information discussed above supports a finding that your actions violate the USPTO Rules, you are hereby ordered to show cause why the USPTO should not:**

- (1) Permanently preclude you and your employees from submitting trademark-related documents on behalf of yourselves or others;**
- (2) Strike or otherwise give no weight to all trademark-related documents submitted by you or your employees;**
- (3) Remove correspondence information associated with you and your employees from the USPTO's database in all applications and/or registrations;**
- (4) Direct the USPTO's Office of the Chief Information Officer to permanently deactivate any USPTO accounts in which contact information related to you or your employees appears, and to take all reasonable efforts to prevent you or your employees from creating or activating further accounts; and**
- (5) Terminate all ongoing proceedings containing submissions filed by you or your employees; and**
- (6) Continue to strike documents, remove information, deactivate accounts, and terminate proceedings containing submissions later found to have been filed by your or your employees.**

The USPTO will consider your response in determining the appropriate sanctions. Your response must establish that you are authorized to take action on behalf of others under the USPTO Rules, and must include evidence corroborating any factual claims you make.

A response to this order, via e-mail to [TMPolicy@uspto.gov](mailto:TMPolicy@uspto.gov), **must be received by 5:00pm (Eastern Time) on June 22, 2021**. Failure to timely respond will result in a presumption that you cannot show that your actions described above did not violate USPTO Rules and in the USPTO implementing some or all of the sanctions noted above. This order is issued without prejudice to the USPTO taking all appropriate actions to protect its systems and users from your continued improper activity, including issuing additional orders relating to other applications, or referring your conduct to relevant state and federal law enforcement agencies.

So ordered,

Amy P. Cotton  
Deputy Commissioner for Trademark Examination Policy

# Exhibit B

what is between us is not distance but a decision.  
我们之间不是距离，而是决定

### 国际商标注册

拥有国家商标局正规备案，海外商标一级代理商，拥有5年执业经验以上的海外律师团队为客户高效服务，注册用时短，下证率高

### 专利申请

申请类型包括发明专利、实用新型专利、外观设计专利。针对需求提出适用的技术方案，覆盖全国专利申请服务

### 商标转让

自有商标交易库，通过商标转让快速获得商标，提供真实在集境外商标库存，整合上游市场的商标来源与报价，获取一级市场资源，搭建一个类目清晰、海量库存的境外商标交易平台。

### VAT注册

英、德、法、意、西5国税号注册，定时按周期进行税率申报

寰逸知识产权是经中华人民共和国工商局批准、商标局备案的专门从事国内外知识产权代理业务的服务机构，自2016年4月16日成立以来致力于提供国内外知识产权方面的最具竞争力服务，目前已经与来自100余个国家和地区的300余家知识产权代理机构及律师事务所建立了良好的合作伙伴关系。寰逸业务专注于商标、专利、版权的申请、VAT注册、亚马逊品牌备案等业务。其中美国、欧盟、日本、英国等常见热门海外国家商标申请R标下证数逾30000+件，海外商标案件驳回率远低于同行机构30%平均水平，同时深圳地区境外商标资助办理通过率100%。
