

Making our world more productive

Online tank management

Direct insight into your gas consumption and the current contents of your gas tanks.

1. Login

With the Online tank management functionality, you can check the gas content of your tanks and your gas consumption. If you are logged into the Linde Gas webshop, and this functionality is activated, you will find "online tank management" in "my account".

 Recently ordered products	 Purchase overview	 Orders and deliveries

Don't have a login for the Linde Gas webshop yet?

Register now as an existing customer at linde-gas.nl/shop or scan the QR code below.

Do you already have an account but not yet access to online tank management?

Please contact your account manager for more information about this functionality and associated costs. You can also contact us via our online contact form or scan the QR code below.

To register in the webshop you need your customer number and a delivery document or invoice. These documents should not be older than 6 months.

2. Features Online tank management

Online tank management offers you several features to manage your gas usage.

[Home](#) - [My account](#) - [Online tank management](#)

Online tank management

Here you can look at Information about your Bulk Tank Installation, submit Reading Levels, create Request for Deliveries, view your Delivery History and edit your Delivery Options.

 [Dashboard](#)

 [Delivery request](#)

 [Delivery History](#)

 [Review Account Info](#)

a) Dashboard

Here you can read general information about your tanks, including the gas level (volume) in the tank and the gas consumption.

Tank dashboard

i Here you can view your tank data, including volume and consumption levels.

b) Delivery request

With this form you can request an additional supply from Linde Gas Benelux. If you use our telemetry service, we recommend that you only use this option if you expect a **temporary increase** in consumption.

Delivery request

 Here you can submit your tank readings and request new deliveries.
