Dear Glenn,

Thank you for providing comments on the proposed Point-of-use and Point-of-entry Treatment – Permanent Regulations. As you suspected, we cannot access Google Drive from within the State Water Board. We have carefully reviewed the comments that you provided via email, but haven't been successful at understanding all of them. Would it be possible to receive your comments in another way, perhaps in a pdf document attached to an email? That would be most helpful as we value all comments received. Many thanks in advance,

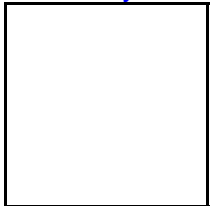

Hélène

Hi Glenn,

I am very sorry, but as discussed yesterday, we cannot access Google Drive documents. Is there any way you could simply attach the file to your email, so we don't have to go through Google Drive? Thank you and sorry about that!

Hi Helene,

I work with Glenn at Water Solutions and he asked me to help get you this file.

I've attached a pdf here. Please let me know if you can open it and read his remarks. He used cursive for his notes.

If you cannot open the document I'll work to get it to you in another way.

Thank you,

Becca
