This Haworth North American price book contains US list prices.

Canadian customers can convert the US list price into their Canadian equivalent by going to www.Haworth.com/Canada to find the current Canadian multipliers. These multiplier factors allow you to convert the US list price into a Canadian list price.

Price Book Overview

The following overview explains how information is organized within the Openest® Collection price book.

- 1 Front Cover**
 - Includes the price book title and pricing effectivity date.
- 2 Canadian Conversion / Update Page**
 - Pricing conversion information for converting US pricing into the equivalent Canadian pricing is located on the footer of this page.
 - All Price Book updates will be listed on this page including the date, page number and description of the update.
- 3 Price List Table of Contents**
 - Price List table of contents with page numbers.
- 4 Statement of Line**
 - Provides a pictorial outline of the entire product offering.
- 5 Price List**

Each price list page contains the following:

 - Product Illustration
 - Catalog Number
 - To Order Specify – sequencing for ordering product options and finishes
 - List Prices
 - Product Specification Dimensions
 - Features
 - Specification Tips
 - Class, Discount Group Number (used for discounting) and GSA information
- 6 Specification Guide**
 - Table of Contents – specification guide content with page numbers
 - Statement of Line – provides a pictorial outline of the product offering
 - Product Overview – brief introduction of the product and application intent
 - Easy Planning Steps – basic steps of planning with the product line
 - Product Details – product attributes, dimensions, surface materials and functionality
 - Product Application – vertical and horizontal planning guidelines including support and load, power, and storage
 - Technical Specifications – provides performance ratings, material composition and manufacturing process information
- 7 Finishes, Fabrics and COM**
 - Lists information for material finishes and availability.
 - Provides COM information and requirements (if applicable).
- 8 North American Terms of Sale**
 - Haworth terms for ordering, pricing, shipping and delivery, general terms, and services.
- 9 Index**
 - Products are listed alphabetically by alpha-numeric catalog numbers with price list page number.
- 10 Product Non-Obsolescence and Warranty Policy**
 - Provides information about the Haworth policy for non-obsolence and warranty.

Additional Information and Resources

Prices are subject to change without notice or approval. Haworth dealers should always submit proposals through Lynx before presenting to customers. See North American Terms of Sale for more information.

Online Resources

haworth.com

- Haworth's corporate website provides access to price books and a variety of other resources and publications.

surfaces.haworth.com

- Website provides access to the most current fabrics and finishes offered across Haworth's various product lines.

Note: For mixed grade fabric surfaces, please refer to the electronic design and specification tools for these prices.

Note: The Openest screen is made with polyester fabric adhered to a polyester core. The screen is compliant with UL-1286 flammability requirements and California Technical Bulletin TB-117-2013 requirements. The fabric covering is compliant with NFPA 701 requirements. Consult your local code authority to assure that screens are compliant prior to installation.

Double Desk

HOAD-3

Overall Dimensions

H: 58”(1473mm)
 D: 28”(711mm)
 W: 117”(2972mm)

Features

- Includes: Three screens, one attached worksurface with painted steel structure and monitor mount (if applicable).
- Worksurface available in painted MDF, laminate or wood veneer.
- Worksurface fixed height 29”(737mm).
- Monitor mount accepts 40”(1016mm)-42”(1067mm) monitors.
- Screens available in King, Class, and Maya fabrics only. COM not available.
- Monitor mount.
 - Table mounting bracket mounts unit to worksurface and supports monitor in a viewing position. Standard in black.
 - Front and rear trim match trim specification and hides cables and wires behind the monitor.
- Ships unassembled.

Specification Tips

- Not reconfigurable.
- Soft Storage cannot be used on the Double Desk.
- Coat Hook not to be used with mounted monitor.
- Will not accept monitor arms, keyboard pads or attached or suspended pedestals.
- Screens are not tackable or pinnable.
- Separately specified power or USB module field installed.
- For more detailed dimensions, refer to specification guide.

To Order, Specify:

1) Product number, including:

1 Surface Material:

- P** Painted MDF
- L** Laminate
- W** Wood

2 Monitor Mount:

- N** No Monitor Mount
- M** Monitor Mount, add \$1222.33 list

- 2) Screen inner material.
- 3) Screen outer material.
- 4) Desk surface and color.
- 5) Edgeband color (if applicable).
- 6) Trim color.

Accessories

Coat Hook

- Includes one coat hook with painted metal bracket and white oak wood surface.
- Maximum weight load is 10 lbs.
- Can be used on screens.

Soft Storage

- Includes soft storage unit with attachment hardware.
- Maximum weight capacity is 30 lbs.
- Available in Big Arrow fabric only. COM not available.
- Can be used on worksurfaces 16" deeper.

Pillows

- Includes one pillow with 100% polyester fill.
- Available in square or rectangle shapes.

Component Materials/Finishes

COMPONENT NAME	MATERIALS/ FINISHES
Coat Hook Bracket	Painted Metal – matches Trim Color
Wood Disk	White Oak

Note • The separately specified Coat Hook should not be used with the Double Desk if it is specified with the optional Monitor Mount.

Power Components

Hideaway Power Module

- Includes power drawer, soft drawer pull, one power outlet, one two port USB outlet, cord with plug, cord with transformer and plug, and mounting hardware.
- UL listed power outlet provides one NEMA 5-15R outlet.
- USB outlet consists of two USB outlets with 1000mA of charging per USB outlet powered from UL listed transformer.
- Can be used on Openest booth sofa or Feather sofa.
- Mounts to under structure of sofa.
- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installing.

Sofa Type Option

- Booth Sofas and Feather Sofas require different mounting brackets for installation, specify Sofa Type to ensure module is equipped with the correct mounting bracket for installation.
- Specify (B) Booth - for installation on all Booth Sofas, or specify (F) Feather - for installation on all Feather Sofas.

Component Materials/Finishes

COMPONENT NAME	MATERIALS/ FINISHES
Power Drawer	• Standard with supplier white only.
Soft Drawer Pull	• Polypropylene Strap • Standard with orange color only.
USB Outlet	• White Bezel • UL Listed provides one NEMA 5-15R Outlet.
Power Outlet	• White Bezel • USB outlet consists of two USB outlets with 1000mA of charging per USB outlet powered from UL listed transformer.
Mounting Bracket	• Painted Metal – Standard in Black
Cord with Transformer and Plug	• Black cord, transformer/plug
Cord with Plug	• White cord/plug

Power Components

Bezel Utility Module

- Includes: Either a round or square faced Power Module and mounting hardware.
- Power configuration includes one cord with plug (NEMA 5-15P) round or square faced Power Module and mounting hardware.
- USB configuration includes one cord with voltage transformer plug round or square faced Power Module with two USB ports providing 1000mA of charging power (5 volts) per USB outlet and mounting hardware.
- For use on surfaces 0.75"-2.0" thick.
- Available in black or supplier white only.
- For use with 120 volt 60 hertz power source only.
- Requires field cut 1.75"(44mm) hole and field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installing.

Worksurface Edge Details

- Openest worksurfaces may be specified as Painted MDF, Laminate or Wood Veneer.
- The User Edge is the edge facing the user (always knife edge).
- The Screen Edge is the edge facing the screen (edge shape varies by finish).

Painted MDF

- Worksurface is one piece with no Edgebanding.
- User edge is Knife Edge and the Screen Edges are angled.

User Edge

Screen Edges

Laminate

- User edge is Knife Edge with 3mm laminate edgeband.
- Screen edges are straight with 1mm laminate edgebanding.

Tips and Tricks - Collaborative Spaces

Where people come together for group conversations, formal meetings, breakout sessions, and casual chats

- Be mindful of whether individual spaces face toward or away from each other and adjacent benching areas.
- Consider multiple sets of Plume 3 screens for flexibility and configurability.
- Use Plume screens to break up open spaces into smaller group work areas.
- Be mindful of activities in spaces next to screens to help people on both sides maintain focus.
- Offer choices to workers with a mix of individual nooks, casual spaces, and assigned benching areas.
- Repeat a row of booths or desks to enclose the front and back of spaces.

Additional items to consider:

- Openest is not recommended for frequent relocation. Plan to install at final location.
- Openest is not meant to be user relocated. Assembled product must be moved by professionally trained installers.
- Verify power and data locations.
- When designing a floorplate; plan for various privacy needs.
- Finish spaces with appropriate accessories. Please refer to the Product Details section or Price Book pages by component for accessory options.

Product Application – Openest Collection

Tips and Tricks - Thinking Spaces

Private spaces that provide a retreat for thinking, research, focus, and strategic conversations.

- Use Openest components to add interest with functional and inviting spaces.
- Use Chick Poufs to create inviting spaces where people can work in various postures.
- Take advantage of the integrated hideaway power to support mobile technology.
- Consider 5' of space between each booth or desk to maintain visual geometry and allow easy circulation.
- Leave breathing room between Plume screen sets to enhance the landscape.

Product Application – Openest Collection

Tips and Tricks - Touchdown Spaces

Unassigned spaces for mobile workers, visitors and quick or casual collaborations.

- Plan screen placement strategically, leveraging existing walls to help enclose spaces or create sitting areas on both sides of a single screen.
- When placing screens, consider whether you want to allow or block sunlight.
- Use a set of Plume 9 Screens with a table to enclose a small group area.
- Keep acoustics in mind when incorporating screens as they can provide some acoustical privacy.
- Plan 5' of space between booths and desks to maintain visual geometry and allow easy circulation.

Additional items to consider:

- Openest is not recommended for frequent relocation. Plan to install at final location.
- Openest is not meant to be user relocated. Assembled product must be moved by professionally trained installers.
- Verify power and data locations.
- When designing a floorplate; plan for various privacy needs.
- Finish spaces with appropriate accessories. Please refer to the Product Details section or Price Book pages by component for accessory options.

Product Application – Openest Collection

Tips and Tricks - Social Spaces

Casual areas where people come together for social conversations and refreshments.

- Use screens or booths to form cozy settings for casual collaboration.
- Combine two Double Booths with two round tables to create a restaurant-style environment.
- Mix Openest lounge pieces with existing architecture elements to divide areas.
- Use a set of Plume 3 Screens to shield a group area from activities in the room.
- Blend Chick Poufs with sofas and screens to create relaxed settings for conversations.
- Place two or three Chick Poufs around a table for quick drop-in meetings.

Technical Specifications – Openest Collection

Wood Composite Materials

Wood composite materials in Openest products are engineered composite panels with a minimum 90% wood fiber content with at least 10% post-consumer and 80% pre-consumer wood fiber bonded with resin. All parts with a wood composite core are 3rd party certified compliant with GREENGUARD® and ANSI/BIFMA Standards for low emitting products. The composite core is 3rd party certified compliant with California Air Resource Board requirements for Phase 2 formaldehyde emission levels.

Steel

Steel Gauge Overview

ACCESSORY	MATERIAL
Plume Screen	Base: 0.250" CRS & 0.56" dia. steel rod
Feather Sofa	N/A
Chick Pouf with Back	Base pivot: 0.250" CRS Pivot back: 0.312" dia. steel rod
Sprig Table	N/A
Desk	Mount: 11 ga CRS Frame: 16 ga steel tubing
Booths	Mount: 11 ga CRS Frame: 16 ga steel tubing
Height Adjustable Table	Mount: 7 ga CRS Adjustment mech: 1.0" steel tubing, 304 SS shaft
Coat Hook	16 ga CRS
Soft Storage	N/A
Pillows	N/A
Hideaway Power Module	16 & 18 ga CRS
Monitor Mount	16 & 20 ga CRS

Plume Screens

Screens are made of compression formed, non-woven polyester fiber, with polyester fabric laminated to the front and back. Bases are powder coated 0.250" thick CRS plates with 0.56" diameter pins that when fully assembled, protrude into the bottom of the screen. Connectors are a combination of; powder coated aluminum, powder coated steel, zinc plated steel, and synthetic rubber O-rings.

Feather Sofa

Upholstered seats and backs have plywood frame construction. Multi-density molded foam and Sytex webbing is used to achieve seating comfort. Varying types of polyester blended fabrics are used in combination with lofted polyester fiber conjugate for final covering. Vertical sofa support is established through use of powder coated die cast aluminum legs, containing 95% recycled material and black ABS glides.

The Feather Sofa can be ordered with an optional table composed of; 100% recycled wood content CARB compliant MDF, clear low gloss finished white oak, or clear low gloss finished walnut. Vertical table support is established through use of a powder coated die cast aluminum leg, containing 95% recycled material and a black ABS glide.

Technical Specifications – Openest Collection

Chick Pouf

Chick Pouf – Base (Included with Chick Pouf with Back and without Back)

The Chick Pouf Base (with or without Back) features an upholstered seat which is made of plywood frame construction. Multi-density molded foam and Sytex webbing is used to achieve seating comfort. Varying types of polyester blended fabric are used in combination with lofted polyester fiber conjugate for final covering. The base pivot mount is made of 0.250" thick CRS with 0.628" diameter CRS pivot pins and bolts directly to the base frame. The pivot spacer between the back and base is powder coated die cast aluminum containing 95% recycled material. Bottom closeout cover is 0.060" thick black ABS. Glides are black nylon and thread into to the base.

Chick Pouf – Back (Included with Chick Pouf with Back)

The Chick Pouf flip down back is composed of a high-density polyethylene inner shell with a 0.312" diameter CRS welded wire inner frame. This shell is over-molded with polyurethane foam. Varying types of polyester blended fabrics are used in combination with lofted polyester fiber conjugate for final covering. A two-inch polypropylene strap is sewn in location to assist with positioning the back.

Chick Pouf – Large Square – No Back

Features an upholstered seat which is made of plywood frame construction. Multi-density molded foam and Sytex webbing is used to achieve seating comfort. Varying types of polyester blended fabric are used in combination with lofted polyester fiber conjugate for final covering. Bottom closeout cover is a black fabric. Optional Glides are black nylon and attached with a fastener into to the base. Felt pads can be selected. Optional caster are also available in hard or soft versions.

Chick Pouf – Rectangle – No Back

Features an upholstered seat which is made of plywood frame construction. Multi-density molded foam and Sytex webbing is used to achieve seating comfort. Varying types of polyester blended fabric are used in combination with lofted polyester fiber conjugate for final covering. Bottom closeout cover is a black fabric. Optional Glides are black nylon and attached with a fastener into to the base. Felt pads can be selected. Optional caster are also available in hard or soft versions.

Chick Pouf – Round – No Back

Features an upholstered seat which is made of plywood frame construction. Multi-density molded foam and The webbing is plastic over fiberglass used to achieve seating comfort. Varying types of polyester blended fabric are used in combination with lofted polyester fiber conjugate for final covering. Bottom closeout cover is a black fabric. Optional Glides are black nylon and attached with a fastener into to the base. Felt pads can be selected. Optional casters are also available in a soft breaking versions.

Sprig Table

Sprig Tables are available in three different types of wood; 100% recycled wood content CARB compliant MDF, clear low gloss finished white oak, and clear low gloss finished walnut. Vertical table support is established through use of powder coated die cast aluminum legs, containing 95% recycled material and black ABS glides.

Desks

Desk screens are made of compression formed, non-woven polyester fiber, with polyester fabric laminated to the front and back. Connectors are a combination of; powder coated aluminum, powder coated steel, zinc plated steel, synthetic rubber o-ring, and ABS. Framing consist of 16 ga. CRS powder coated tubing and die cast aluminum. Adjustments are made using steel cored polypropylene levelers. Work surface top construction: Standard core consists of 1.125" thick particleboard. Laminate top face is 0.028" thick high-pressure laminate and underside is 0.028" thick backer for balanced construction. Veneer top face is 0.020" thick natural or recon veneer and 0.020" thick backer for balanced construction.

Edges for laminate tops: Edge options include 0.118" thick edge band made of Acrylonitrile Butadiene Styrene (ABS); knife edge (on Green core only), constructed with 0.0118" thick edge band that runs 0.375" down the perimeter of the edge before transitioning to a taper; 0.118" thick T-mold and 0.625" thick contoured (Cascade) plastic t-mold. Edges for wood tops: Edge options include 0.100" thick wood edge band; knife edge (on Green core only), constructed with 0.100" edge band that runs 0.375" down the perimeter of the edge before transitioning to a taper; and 0.625" thick stick stock with cascade profile.

Technical Specifications – Openest Collection

Accessories

Height Adjustable Table

Height Adjustable Tables are available in three different types of wood; 100% recycled wood content CARB compliant MDF, clear low gloss finished white oak, and clear low gloss finished walnut. Vertical table support is established through use of die cast aluminum leg, containing 95% recycled material with a powder-coat finish applied over rust inhibiting phosphate pre-treatment, and an adjustable black ABS glide.

Coat Hook

The Coat Hook is formed 16 gauge steel and aluminum with a powder coat finish. The round end stop is clear low gloss finished white oak

Soft Storage

Soft storage options are made of two polyethylene extrusions sewn to a polyester blend fabric.

Pillows

Openest Pillows feature an outer shell of blended polyester fabric and a cotton-polyester micro-fiber filler.

Monitor Mount

Monitor Mounts are fabricated and formed 16 gauge steel, 20 gauge steel, and 0.190" aluminum. Finish is a powder-coat finish applied over rust inhibiting phosphate pre-treatment.

Hideaway Power Module

Hideaway Power Modules include two USB-B charging ports and one NEMA 5-15P outlet. Each USB port is capable of 1,000 mA 5V charging power. Power modules are available with either a 6 foot or 12 foot (3.6m) cord, having NEMA 5-15 two prong polarized plug or built in transformer. The slide system is made of 16 gauge formed steel and bottom cover is high impact polystyrene with a 2" wide polypropylene access strap.

Bezel Utility Module (Power Module)

Power module available with two USB-B charging ports or one NEMA 5-15P outlet. Each USB port is capable of 1,000 mA 5V charging power. Power modules are available with either a 6 foot or 12 foot (3.6m) cord, having a NEMA 5-15 two prong polarized plug.

Booths

Booth screens are made of compression formed, non-woven polyester fiber, with polyester fabric laminated to the front and back. Connectors are a combination of; powder coated aluminum, powder coated steel, zinc plated steel, synthetic rubber O-ring, and ABS. Framing consist of 16 ga. CRS powder coated tubing and die cast aluminum. Adjustments are made using steel cored polypropylene levelers.

Work surface top construction: Core options include Standard and Green core. Standard core consists of 1.125" thick particleboard. Green core is constructed of 1.125" thick medium density fiberboard (mdf). Laminate top face is 0.028" thick high-pressure laminate and underside is 0.028" thick backer for balanced construction. Veneer top face is 0.020" thick natural or recon veneer and 0.020" thick backer for balanced construction.

Edges for laminate tops: Edge options include 0.118" thick edge band made of Acrylonitrile Butadiene Styrene (ABS); knife edge, constructed with 0.0118" thick edge band that runs 0.375" down the perimeter of the edge before transitioning to a taper. Edges for wood tops: Edge options include 0.100" thick wood edge band; knife edge, constructed with 0.100" edge band that runs 0.375" down the perimeter of the edge before transitioning to a taper.

Booth seating is made of plywood frame construction. Multi-density molded foam is used to achieve seating comfort. Varying types of polyester blended fabrics are used in combination with lofted polyester fiber conjugate for final covering.

North American Terms of Sale

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth, Inc., Haworth, Ltd. ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations

For Specials, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)

A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth's standard finish offering must first confirm approval of or request new approval for the C.O.M.

Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

3. Valid/Complete Purchase Order

The following information is required in order to process an order with Haworth:

a. Customer Information

- i. **Sold To:** Legal name, complete address (if Haworth is to bill the end user, provide end user Purchase Order made out to Haworth, Inc., Haworth, Ltd.) and phone and fax number.
- ii. **Ship To:** Legal name and address.
- iii. **Purchase Order Number:** From the party Haworth will be billing.
- iv. **Authorized Signature:** All Purchase Orders must be signed by a duly authorized representative if a signature line is present. Electronically transmitted Purchase Orders will be accepted without a signature if dealer billed and the dealer has an electronic purchase payment agreement on file.
- v. **Contact Name and Phone Number:** Person Haworth should contact with any questions regarding the order.
- vi. **Shipping Contact:** Name and phone number of person to be contacted regarding shipping and delivery matters.
- vii. **Tagging Instructions:** This information will appear on all documentation received from Haworth including: cartons, acknowledgments, and invoices.
- viii. **Price Agreement or National Sales Agreement Number**
- ix. **Product Total:** Net dollars.
- x. **Installation, Design, Project Management, and/or Service Fees**

b. Product Information

- i. **Quantity**
- ii. **Product Numbers**
- iii. **Colors**
- iv. **Specials:** Specify special part number for new special products.
- v. **Customer's Own Material:** Order entry code, manufacturer, pattern, and color.

- vi. **Approval Drawings:** An authorized signature by a duly authorized representative is required for shop drawings when applicable.
- vii. A deposit may be required for custom materials.

c. Order Confirmation

All orders will be acknowledged.

B. Pricing Policies

1. Terms of Payment

Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due. For walls and floors a deposit will be required.

2. Terms of Credit

Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges

Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices

The price of any product sold to Customer by Haworth will be based upon the North American Price List (Catalog).

Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an ORDER; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

North American Terms of Sale

Haworth Flooring products are sold using the North American price list in US dollars. Currency exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges

Refer to appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes

Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services

If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth

Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous

All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)

All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada

All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico

All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay

If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage

Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage

Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

North American Terms of Sale

D. General Terms

1. Governing Law

For products purchased for delivery in the U.S. pursuant hereto, this Agreement shall be governed by and construed according to the laws of the State of Michigan. Where Products are purchased for delivery in Canada pursuant hereto, this Agreement shall be governed by and construed according to the laws of the Province of Alberta. In either case, the parties attorn to the exclusive jurisdiction of the courts of Michigan and Alberta, respectively for the purpose of hearing any disputes arising under this Agreement or with respect to any Products sold pursuant hereto, and agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any other provision or law which would have the effect of applying the laws of any jurisdiction other than Michigan or Alberta, as the case may be, shall be excluded.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

"Force Majeure" shall mean: fire, explosion, breakdown of plant, epidemic, hailstorm, snow/ice storms en route, hurricane, tornado, cyclone, flood or power failure; war, revolution, civil or military disturbances, acts of public enemies, acts of terrorism, blockade or embargo; any law, order, proclamation, regulation, ordinance, demand or requirement of any applicable governmental authority or any subdivision, authority, or representative of any such government; labor difficulties, including without limitation, strikes, slowdowns, picketing or boycotts; or difficulties beyond Haworth's reasonable control in obtaining necessary raw materials, labor, fuels and electric power, components or facilities, and any other circumstances beyond the control of the party affected.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to

Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Haworth recommends that its products be installed by certified, qualified and approved installers according to Haworth's written installation procedures. The Customer agrees to use Haworth products properly; not to remove or alter safety devices, warnings, or operation instructions placed on products by Haworth, and to instruct employees as to the proper care and use of the products according to printed instructions.

5. Warranty

Haworth's standard North American Warranty will apply as appropriate. All product line warranty specifics are available in each catalog or upon request.

E. Services

Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. Unless otherwise specified in the scope of work, Haworth's installation services are limited to products sold by Haworth with the exception of lighting, under floor electrical and data.

General Conditions

(a) Sufficient time shall be allocated by the Customer following delivery of Products and prior to Customer's occupation of the premises to allow the installation of all Products during conventional working hours, Monday through Friday, 7:30 a.m. to 4:30 p.m. Where sufficient time is not allocated and Haworth is required or requested to perform installation work outside of such times, overtime charges shall be charged at Haworth's then prevailing rates. (b) Haworth shall be given free and exclusive access to; (i) a loading dock within 150' of the freight elevator or hoist, which loading dock shall be of sufficient size to enable full-size tractor-trailer deliveries to the premises (where required by Haworth); (ii) a freight elevator or hoist of sufficient size and capacity to allow the efficient movement of the Products; (iii) an unobstructed and safe pathway to the area where Products are to be stored or staged; (iv) a secure storage / staging area; (v) convenient trash facilities; (vi) adequate lighting; (vii) a work site that complies with applicable health and safety legislation. Where such areas and facilities are not available, Haworth shall be entitled to bill Customer for all amounts incurred by Haworth for double-handling, product movement, lifting, hoisting, trash removal and any other resulting charges. (c) The installation site shall be free and clear of existing furniture, debris, or other obstructions (including construction in progress) and shall otherwise be in the reasonable opinion of Haworth ready for installation of the Products. Any building where Products are to be installed shall be fully closed in, dry and protected from the natural elements, with temperatures between 40°F and 90°F (4°C and 32°C) and relative humidity not to exceed 70% at all times including receipt of products, during and after installation and shall be adequately heated and/or air-conditioned. Where unusual site conditions exist which impede or prevent the normal installation of any Products, applicable extra charges shall apply at prevailing rates. (d) Haworth's installation pricing is based upon the installation occurring as one continuous delivery and installation project. Phased installation pricing shall be provided by Haworth on a case by case basis. (e) Electrical hardwiring, plumbing and mechanical work is not included and shall be the responsibility of the Customer. (f) Except as may be otherwise specifically indicated, installation pricing does not apply to projects where union labor is required. Where Haworth has provided installation pricing on the basis that non-union labor be utilized, and where Haworth is required to use union labor or it otherwise becomes impractical to use non-union labor, or where Haworth is required by law to use prevailing wages, Haworth shall be entitled to charge the Customer for any cost differential between the anticipated cost of non-union labor and the actual cost of utilizing union or prevailing wage labor. (g) Haworth shall not be responsible for obtaining permits.

North American Terms of Sale

Project / Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375" (10mm) over a horizontal span of 10'-0" (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre-existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25" (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375" (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.

Great Expectations

You have them as a Haworth customer and so do we. And because we value our customers, we cover our products with the Haworth North America Product Compatibility and Limited Warranty Policy.

Product Compatibility and Limited Warranty Policy

Our Commitment To Product Compatibility – Integrated Product Platforms

As a market leader in the design and manufacture of workspaces that adapt to change, we strive to maintain product compatibility within our various generations of integrated product platforms. This benefits the customer who desires to update or modify their work environment. It also benefits the customer needing to replace a product due to damage or other reasons but which is no longer manufactured or is otherwise unavailable, such as a fabric or finish that is discontinued because of changing market preferences. In both circumstances, we often can provide products with comparable function and performance.

Our Commitment To Product Quality – The Haworth North America Limited Warranty

To ensure customer satisfaction and peace of mind, we stand behind our products with the Haworth North America Limited Warranty. To review the current version of the limited warranty including its terms and conditions, please go to:

www.haworth.com/na/en/resources/warranty.html or contact OneTouch@Haworth.com or 1 877 429 6784.

Warranty Requests or Questions

For questions or service requests pertaining to the Haworth Limited Warranty, please contact your Haworth dealer.

If you are unsure who your dealer is, please contact **OneTouch@Haworth.com or 1 877 429 6784.**
