About the OCCC

The Opioid Operational Command Center was formed to coordinate Maryland's statewide response to the opioid crisis. The OCCC identifies gaps in local substance-misuse resources and disseminates best practices and state resources to fill those gaps. The OCCC also prepares the state's substance use disorder response plan, coordinates the efforts of 20 state agencies and 24 local jurisdictions, and reviews and approves all opioid-related budget proposals and legislation. All of the OCCC's activities align with Governor Hogan's policy priorities of *Prevention & Education*, *Enforcement & Public Safety*, and *Treatment & Recovery*.

Overview

The purpose of the OCCC's Competitive Grant Program is to distribute grant funding to the highest-scoring proposals received from state and local governments and private, community-based partners that align with the *Inter-Agency Opioid Coordination Plan* and serve to meet some of the greatest needs around the State.

The funding available for the OCCC's Competitive Grant Program is approximately \$5 million.

Eligibility

The following entities are eligible to apply:

1. State agencies;
2. Local governments (including local school systems); and
3. Community-based partners.

All project proposals must address the opioid crisis via *Prevention & Education*, *Enforcement & Public Safety*, and/or *Treatment & Recovery*. Additionally, the project must align with one or more goals of the *Inter-Agency Opioid Coordination Plan*. A copy of the Plan is available through the OCCC's website (BeforeItsTooLateMD.org) under the "Resources" tab.

An overview of the *Inter-Agency Opioid Coordination Plan* is provided in the chart below.

The application package should be emailed to oooc.finance@maryland.gov. The subject of the email must state the name of the grant applicant and project name (e.g., "ABC Local Health Department: Public Awareness Project DEF").

No incomplete applications will be accepted beyond the aforementioned deadline of May 29, 2020.

Application Evaluation

Applications are scored by the OOCB's Grants Scoring Committee, which includes OOCB personnel and subject matter experts from various state agencies as well as a nongovernmental partner. The Grants Scoring Committee will evaluate the proposals based on the following criteria:

1. **ALIGNED WITH THE INTER-AGENCY OPIOID COORDINATION PLAN.** The project aligns with one or more goals of the *Inter-Agency Opioid Coordination Plan*.
2. **PROVIDES A FULL PROJECT SUMMARY AND PROBLEM STATEMENT.** The project application provides a brief and clear summary of the project to be funded. Additionally, the problem

statement section describes why the project is needed and identifies the most significant issues, problems, trends, or opportunities that will be addressed by the proposed project.

3. **PROVIDES SPECIFIC AND MEASURABLE PROGRAM GOALS AND OBJECTIVES AND PERFORMANCE INDICATORS.** These responses are specific, measurable, attainable, relevant, and time-bound. The goals and objectives and performance measures correspond to the project for which funds are requested and are sufficient enough to justify the level of spending requested.
4. **PROVIDES A REASONABLE AND DETAILED TIMELINE.** The timeline contains key tasks required to implement successfully the program and person(s) responsible, target dates for completion, and timeframe for achieving objectives. The timeline suggests that all funds can be expended by June 30, 2021.
5. **PROVIDES A DETAILED SPEND PLAN AND PROJECT SUSTAINABILITY PLAN.** The spend plan and budget provides adequate detail regarding each budget line item. With respect to sustainability, the applicant provides prospects for ongoing funding at the end of the grant period and approaches to be undertaken to secure future project funding.
6. **SUPPORTS JURISDICTIONAL EQUITY.** This project should fulfill a known gap in funding as it relates to jurisdictional equity.
7. **DEMONSTRATES FINANCIAL VIABILITY.** The organization has a proven record of success and is in sound financial standing, has adequate financial management systems, is capable of managing grant funds, and presents the strong likelihood of achieving the overall objective(s) of the grant proposal. All supporting documentation presented by the applicant supports its financial viability.

The grant review process has three tiers. OOC staff performs an initial review to confirm that the application is complete in its entirety. Any applications that are considered incomplete will be removed from consideration by the Grants Scoring Committee. OOC's Grants Scoring Committee, after thoroughly reviewing and scoring each application, will then submit a recommendation to the Executive Director, who will make a final determination regarding the Committee's recommendation.

Funding Specifications

The anticipated period of performance is July 1, 2020 through June 30, 2021. The grant agreement between the OOC and grant recipient must be executed before the project may begin. All grant funds are generally awarded on a reimbursable basis, and there is no match required for this funding source.

A grant applicant may request funding ranging from \$5,000 to \$500,000. Historically, the OOC's individual grant awards average \$100,000-\$200,000. The grant award is for one fiscal year.

Grant funds may be used for project staff salaries and fringe benefits, consultant fees, data collection and analysis, project-related travel, conferences, and office supplies and expenses. Grant funds may also be expended for a limited amount of essential equipment and minor infrastructure improvements required by the project. The OOC generally does not fund requests for major capital projects.

Grantees may subcontract with other organizations as appropriate to accomplish the goals of the project, and the role of the subcontractor organization should be explicit in the proposal with regard to achieving the fundamental goals and objectives of the project.

Grantees are not permitted to use funds under this program for the following purposes:

- 1) fundraising or lobbying;
- 2) pre-award costs;
- 3) to supplant existing local or federal funding;
- 4) depreciation expenses; and
- 5) costs related to food or meals for meetings, training, exercises, or similar events unless the following criteria are met:
 - a. meals must be a necessary part of a working meeting (or training) and integral to full participation in the business of the meeting (i.e. food/meals may not be taken elsewhere without attendees missing essential formal discussions, lectures, or speeches concerning the purpose of the meeting or training);
 - b. meals cannot be provided for regularly scheduled or standing meetings;
 - c. meal costs are not duplicated in per diem or subsistence allowances;
 - d. meeting participants (majority) are traveling from a distance of more than 50 miles; and
 - e. guest meals (i.e., meals for non-essential attendees) are excluded from the project budget.

Distribution of Funds and Reporting Requirements

The OCCC will distribute awarded funds to grantees on a quarterly-reimbursement-of-expenditures basis. Timely submission of a corresponding Quarterly Project Report and a Reimbursement Request with adequate supporting documentation is required. Reporting provides continuous program monitoring, aiding in the identification of successes and challenges that awardees encounter throughout the project period. The deadline for quarterly project reports is 30 days after the prior quarter (October 30; January 30; April 30; July 30). More information regarding the reporting requirements will follow after an award is made. Grantees may also be asked to participate in a site visit.

Frequently Asked Questions

1. Is there a limit to the number of applications that can be submitted by a single entity?

No. There is no limit to the number of applications that may be submitted by a single entity.

2. Who is eligible to apply?

The following entities are eligible to apply:

- a. State agencies;
- b. Local governments (including local school systems); and
- c. Community-based partners.

3. How does the Competitive Grant Program differ from the Block Grant Program?

The OCCC allocates directly approximately \$10 million in crisis funding each year. In fiscal year 2021, \$4 million of these crisis funds will be allocated as block grants to Opioid Intervention Teams (OITs) in Maryland's 24 jurisdictions. These grants are formula-driven based on impact.

The balance of the OCCC's crisis-fund budget will be used to provide grants to other state agencies, local governments, and private community-based programs through the Competitive Grant Program and to support the OCCC's operating budget.

4. Is there a minimum or maximum amount for awards?

A grant applicant may request funding ranging from \$5,000 to \$500,000. Historically, the OCCC's individual grant awards average \$100,000-\$200,000.

5. How many years can a grant submission cover?

Applicants must submit a proposal for one year that aligns with the State Fiscal Year (July 1 – June 30).

6. How many awards will be made through the Competitive Grant Program in FY2021?

The OCCC has approximately \$5 million available to award in competitive grant funding in FY2021. In FY2020, the OCCC made approximately 50 awards with an average award of roughly \$100,000-\$200,000.

7. Can programs be funded across multiple areas of focus?

While it is understood that some proposals could be considered as addressing multiple categories (e.g., *Prevention & Education* and *Treatment & Recovery*), applicants are encouraged to select the primary area of focus on the grant application form.

8. How may a grant applicant enhance its project application?

It is advisable that organizations include letters of support with their project application submission, though it is not required. (The letters of support are excluded from the 10 page limit.)

9. Does the full grant award need to be expended before the end of FY2021 (i.e., June 30, 2021)?

Yes. The OCCC's funds are General Funds and must be expended before the end of the fiscal year.

10. What are the characteristics of a sustainability plan?

Examples of sustainability plans have included, but are not limited to: (1) commitment by a hospital partner or private foundation to provide post-award funding; (2) development of the ability to bill third-party payers for services provided; and/or (3) development of the ability to sustain employment of staff members hired for the program.

11. Is a specific amount or percentage of matching funds required?

There is no specific amount or percentage of matching funding required.

12. What are indirect costs?

Indirect costs include items that are associated with running the organization as a whole and benefit more than one project/program. Allowable indirect costs include items such as administrative staff salaries, rent, office supplies, insurance, etc.

13. What is supplanting?

Supplanting is the use of OCCC grant funds to replace federal or local funds which were previously appropriated/budgeted for, or otherwise would have been spent on, the specific purpose(s) for which the award may be made. Any salaries, positions, personnel expenses, contractual expenses, equipment, travel, and other expenses paid for with OCCC grant funds must be used to supplement your organization's existing budget, and may not replace any funds that were already included in your entity's existing or projected budget.

14. What is the difference between the following grant application questions: "Program Goals and Objectives" and "Program Measurement/Performance Indicators"?

A program goal describes the overarching aim of the program. For instance, the goal of an employee overdose prevention training program is to ensure employees are prepared to respond to overdoses by training 100 percent of employees in overdose prevention within 12 months. This is a S.M.A.R.T. program goal. A Program Measurement/Performance Indicator instead describes the progress the program is making toward that goal (e.g., number and/or percentage of employees who have completed the overdose training program during each quarter).

15. When is the grant application deadline?

The deadline to submit the full grant application package for FY2021 is Friday, May 29, 2020 at 5:00 P.M. (*NOTE: This date was changed on April 6, 2020 in light of Covid-19.*) The entire package must be received by this deadline. **No late applications will be accepted.**

16. To whom should grant applicants direct questions about the grant application?

If an applicant has questions related to the application, please contact Danielle Holmes, OCCC Finance Director, at Danielle.holmes1@maryland.gov or Khalil Cutair, OCCC Grants Program Administrator, at Khalil.cutair@maryland.gov.
