

Osher at RIT

News and Events

April 2014

Greetings from the Chair

We are almost at another Osher year-end. While year-end means budgets and fiscal planning, year-end also oftentimes means a change in Osher committee members as well. We are an organization which would not function without the dedication of people who are willing to help with everything from course leading to committee membership and we need you. Please take a look at the Org Chart in this newsletter on page 10 and go to the Osher website. Click on the Osher Handbook link to see what these committees do and which one sounds like fun to you. Please contact the current committee chairperson via the listed email address on the org chart to volunteer. If a committee has many active members everything goes better!

Shortly, we will be offering another First Aid/AED training session. While we don't have a date yet – it will be held on a Friday afternoon in the spring. Twenty people took this training the last time. If you are already trained and your certification is current, we would like to add you to our list so please email Osher.info@rit.edu with your name and when your certification ends. Please look for an eBlast announcing the training date.

Keep your calendars free for the upcoming annual meeting on Friday, May 2 at 2 PM. See the notice on page 3 of this newsletter to see a picture and bio of the speaker. See if you see the family resemblance as he is our newsletter's editor's son, Eric Yellin!

Another highly anticipated event is coming up on Friday, June 13 when we once again gather at the Genesee Valley Park for the year-end picnic. Let's hope for the perfect sunny day!

The campaign to "Save a Buck, Pick It Up!" was a huge success! Osher members saved us over \$558 in postage costs by picking up their catalog instead of having it mailed to them. Plus delivery time was significantly shortened! Look for this campaign to continue in the future!

Well, I need to get this our editor. I am sure there is more I could say, but this will have to do for now!

Sincerely,

Nita Genova

Osher Chair of Council nmgbolly@aol.com

Legacy Fund

Believe it or not, and there certainly is reason for doubt, Spring is here. And with it comes our annual fund drive for the Osher Legacy Endowment Fund. We hope you’ll positively respond to the letter you’ll be receiving in April asking for a donation to the fund.

Endowment funds provide support for a variety of needs in our Osher chapter. We are currently making arrangements to purchase new computers for the staff, chairs for our wizards and class leaders, and the cost of training staff and volunteer members in AED/CPR training.

Your gift provides for growing a base of funds that generate earnings which we may spend entirely or carry over from year to year. We presently have about \$15,000 available to us to spend. Of this about \$5,000 has been tentatively committed to the items mentioned earlier.

This living legacy remains a great way to honor fellow members, past and present.

Summer Seminar

Spring is finally here!!! Check your mailbox on April 1st for your Summer Seminar brochure. Look over each trip

and decide which ones you would like to attend. Since trips tend to fill up quickly, get your forms in early. Fill out the bottom portion of the information sheet and return it, with a check, to: **Irene Liguori**, 2080 Baird Road, Penfield NY 14526.

If you have any questions, call the tour leaders-their phone number are included on each data sheet.

If the trip is filled, Irene will call you and place your name on the wait list. Early post marks will determine place on wait list.

Lectures are free and open to all members and their friends. You don’t have to sign up for the trips to attend the lectures. This is a great way to introduce family and friends to Osher and its variety of activities.

Hope to see you on the trips!!

Course Offerings Committee

Spring Course Offerings

I would like to recognize two first-time course leaders who are presenting new courses this term. New leaders are **Stan Ertel**, *DNA and Genetics*, and **Eric Birken** who is co-leading *How to Listen to and Understand Great Music*.

As usual, the Spring term offers an interesting mix of courses. Of the 45 courses in our Spring course catalog, nearly 60 percent are New Courses and courses with substantial New Content.

Help is At Hand

The **Course Offerings Committee** stands ready to assist new course leaders in any way we can. Feel free to approach any Committee member. We can answer your questions, offer suggestions and advice or put you in touch with other Osher members with similar interests.

In addition to COC members, there are a number of veteran course leaders who have volunteered to offer advice and assistance to prospective new leaders. Write to me at the email address below if you would like to contact one of these course leaders.

One-on-one help is also available with specific skills like how to create interesting PowerPoint presentations or how to download videos for classroom use.

MARKETING UPDATE

SPRING INTO ACTION by becoming actively involved in recruiting a new member(s) to Osher. As we enjoy being members of Osher, we all probably have friends, neighbors, etc. who may also enjoy Osher but either do not know about us or just need that nudge to come to see what we are all about. This is all a potential new member needs to do to **join us anytime during the Spring Term:**

- Call ahead (292-8989) or e-mail (osher.info@rit.edu) to schedule a visit.
- They may visit any Monday through Thursday from 9:30 am - 3:30 pm and on Friday from 9:30 am – 1:15 pm.
- They may visit for one day and up to one week to see Osher in action and to discover what they will gain from becoming a member.
- Also, encourage them to visit our website at osher.rit.edu However, a personal, on-site visit is the most effective for a prospective member.

We are the best recruiters/marketers for Osher. Won't you do your part to bring a new member to Osher?

Our Search Engine Marketing (Pay-Per-Click) experiment ran from December 16, 2013 through February 16, 2014. Our marketing firm, Brand Cool, tell us that our efforts were very positive and that our results were within a range that indicated that Osher was visible and cost-effective during that time period. They are scheduled to present the results to the Osher Council in April.

BENEFITS CORNER

Were You Aware that for your convenience and comfort.....

- **Our Osher building is equipped with WiFi.**
- **Assisted listening devices are available for members who require them during course presentations. Please ask at the reception desk.**

Lead a Course!

One of the perks of membership is the chance to lead a course. Past and present course leaders say leading a course at Osher is a wonderful and rewarding experience. One learns more about a subject when one teaches it to others and class participants are energetic, curious and have lots of life experience to bring to the discussion.

The courses lend themselves to many teaching formats. In addition to lecture and discussion, possibilities also include peer group seminars and one session courses. In peer group seminar classes members share leadership responsibilities. One-session courses are a great way to try one's wings if teaching is a new adventure.

New course leaders need to have a Regular membership in Osher, however no prior teaching experience is required. If an Osher member has an idea for a course, no matter how tentative, a member of our Course Offerings Committee would be glad to discuss the idea with him/her.

Resource Librarians at the Wallace Library will assist course leaders with course development.

Technical Help from Julian Thomas

Thumb Drives – a warning!

These are usually fairly robust (I've had several go through the wash and still work OK). However, on the basis of a recent experience where one of mine suddenly died, I highly recommend that you remember that for a thumb drive [stick drive, usb drive, whatever], just like any other disk drive, it's not a question of *if* it will fail, it's *when*. Never use one for any data that is not backed up somewhere else, and if you are using one to to bring files to Osher [for a class presentation, for example], it would be very prudent to have a second copy of your files on either a second thumb drive, or accessible via googledocs or some other cloud storage.

Scanner training sessions

Not many members are aware that there is a Canon flatbed scanner attached to the computer in the library. While it was installed primarily for the benefit of course leaders so that they could scan and incorporate paper documents (up to 8.5*11") in a course presentation, it is available for all members to use.

It can scan pages either to **jpg** (image) files, or to a **pdf** file containing one or more pages. There are instructions for its use by the scanner, but anyone interested in a training session should contact **Julian Thomas** – jt@jt-mj.net and let me know what days and times are best for you. I will then schedule some sessions (probably a max of 3 or 4 people at a time). You will need either a USB thumb drive to save the files or a web-accessible email account to send them to your computer.

Sig news

Chamber Music:

Members of our SIG performed during the social hour after the lecture at the Osher Arts and Lectures Albert Paley event on March 28, held at the RIT NTID Panara theater.

The OSHER Chamber Music SIG is always looking for musicians who would like to join us once a week to play chamber music together. We set our meeting time each term based on the course schedules of our members to try to take advantage of days when most of us are at OSHER. So, how about getting that instrument out of the closet and picking it up again. Remember how much fun you used to have? (or maybe still do). If interested contact **Kathy Lewis** at kewis50@frontier.com or 533-1434.

Purls of Wisdom (knitting):

Purls of Wisdom meets every other Friday at 11am in room 1. Please come and join us for knitting tips and talk. If you knit and would like to come please call **Terri Hurley** 755-4705 or e-mail her at terrihur@rochester.rr.com for more info.

Theatre Sig:

For information please contact **Jan Gans** sg1066@frontier.com

Photo SIG:

Travel photos were the topic of the March 14 meeting. We shared some solutions and resources for problems we encounter trying to photograph while traveling; Jane and Michelle also shared photos and techniques they've used during photo travel courses. All in all, I had an enriching experience.

For our next meeting which will be on Friday, May 9 in classroom #1, we'll be planning our September photo show here at Osher. We haven't actually narrowed the theme yet, but the general idea will be "Extremes" -- of lens use e.g.17mm - or 500mm; of light, of texture, of color, of subject matter, or any other extreme you can imagine.

We'll each bring 3 to 5 images for consideration and critiquing - they can be photos you already have in your possession. You won't have to take new ones unless you want to. Put JPEG images on a flash drive or a card/reader. **Jane Gotowka**, the Osher person in charge of the displays, suggested about 15 images (depending on the sizes) could create a nice display.

Michelle Turner will probably be leading an Osher class this summer similar to the one she conducted last year. It will include photographing, together with some light room instruction. Michelle is a very experienced photographer, a great teacher, and a well-spring of information. Our group will consider her class as a future meeting once we know the summer schedule.

Contact **Loretta Petralis** lorettap@rochester.rr.com for more information.

Bridge SIG:

Is looking for members who would like to play bridge for a few hours Friday afternoons. Please contact **Lewis Neisner** lewisneisner@yahoo.com

LINUX:

We need someone to be the coordinator for this sig. Anyone willing and interested please contact me, **Julian Thomas** – jtosher@jt-mj.net

Apple Sig:

This is the consolidation of the old Mac and iPad SIGs. It is meeting roughly every other week on Wednesday afternoons. At the February 12 meeting we addressed iPad/iPhone/iPod topics; several members presented problems and we came up with solutions for all! The next meeting is set for Wednesday April 23 at 3:30pm with an open agenda; hopefully some of our members will be able to share their experiences with OSX Mavericks.

All are welcome; please contact **Julian Thomas** - jtosher@jt-mj.net for information or to be added to the SIG mailing list.

Bicycling SIG:

The Bicycle SIG will start weekly rides when the daily temperate stays above 50 degrees during the daytime.

But I will invite anyone that wants to join me on rides in April when the daytime is dry and above 40 degrees.

Contact **Richard Desarra** rdscomm@rochester.rr.com for information.

Gallery

There are some interesting happenings at the Osher gallery. In the fireplace lounge we have a new portrait exhibit by **Marilyn Gillespie**. Some examples can be seen in this newsletter issue. She has several representations, in a variety of media, of very prominent 20th century women writers and artists. Included are Gertrude Stein, Alice B. Toklas, Virginia Woolf, Collette and Edith Sitwell, to name a few. Stop in to enjoy these wonderful works.

In the lobby gallery, there is a collection of paintings by **Rose Welch**. As of this writing, we haven't seen what she will be showing. I, for one, can hardly wait to see what she'll bring for us.

Frank Michaels and I are hoping to try out a new way of exhibiting our artists' work. We know that a lot of people have wonderful pictures stored on their computers that have never been printed or exhibited. So we are planning to set up a digital photo frame to show slide shows of some of these images. If you think you would like to participate and share your work in this new way, please let us know. Also, when we get a slide show ready to share, we want your feedback.

Jane Gotowka janegoto@gmail.com

Marilyn Gillespie

Gertrude Stein is the subject of the series of plaster gauze castings.

tings

Marilyn also has a haunting pencil drawing of Georgia O'Keefe, but it didn't photograph too well. You'll have to see it.

Gertrude Stein and Alice B. Toklas is a collage of pencil drawing with gift wrap.

This picture of Virginia Woolf is a watercolor.

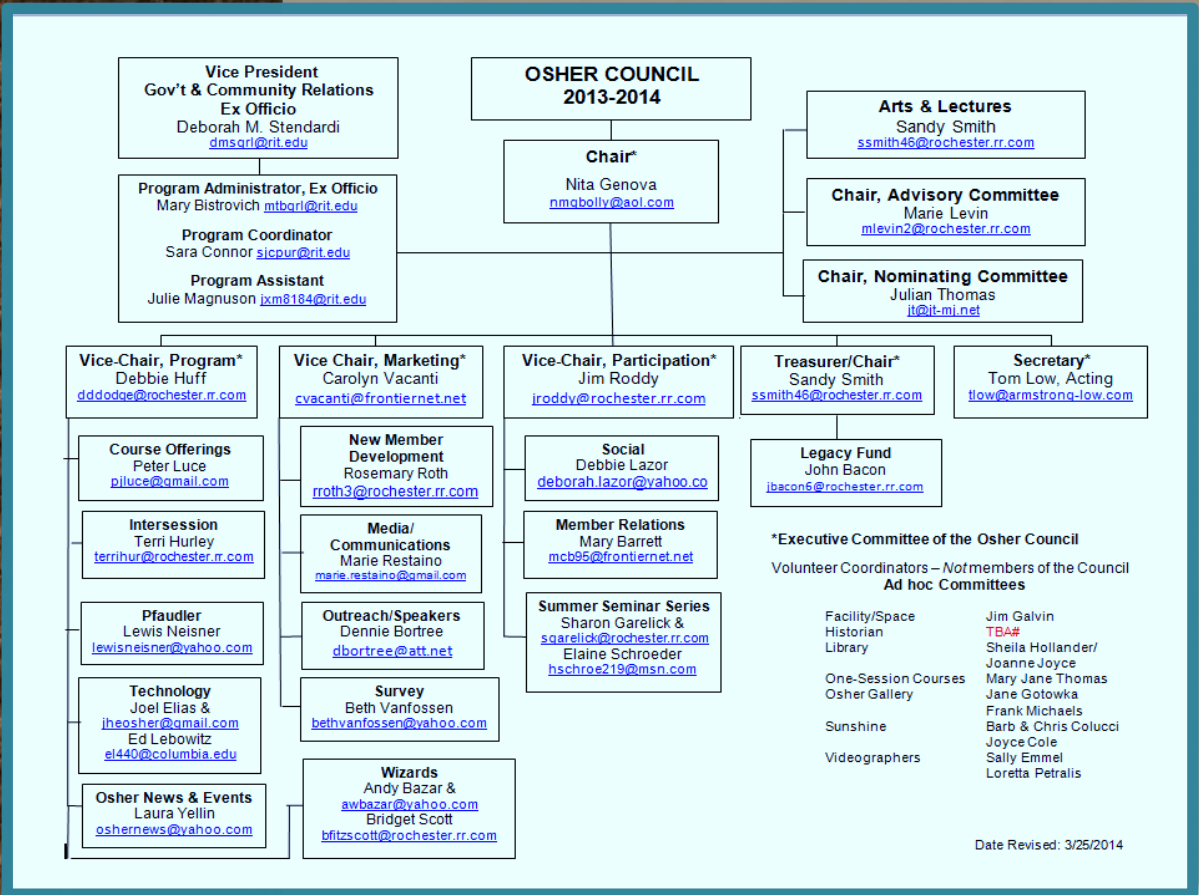

Library

It is likely that some of you have, in your personal book collections, copies of travel guides still useful to armchair travelers and trip planners. Would you share some of these? We realize that you search various internet sites and other travel services in your planning, and that travel guides soon outlive useful information about hotels, restaurants, etc., but often history is very nicely explained and lists of recommended sites make fascinating reading.

Thank you for interesting books you have donated to the Osher library. We hope you are checking shelves for books to read and enjoy.
