

2021 ATV

# THE SMART CHOICE FOR WORK OR PLAY

If you're looking for a farm utility vehicle that can cope with harsh local conditions, you're in the right place. If you're seeking leading-edge technology honed by race success and competition-driven DNA you are also on the right page. If you sit between those two needs of sport and utility – we call it recreation or exploring – then you'll need a vehicle with capability, convenience, and comfort. And you're still in the correct area...

Our ATVs hit the mark in all three categories because we look at what our customers need and develop models based on those needs.

We also value the importance of safety – both at work and while playing. We support the ATV industry message to always wear a helmet, never carry a passenger on a single-seat ATV, and never allow children to ride adult-size ATVs.

So whether you're racing to the top step of the podium, hauling a payload across your property, or exploring over the next hill with your family - Yamaha offers an ATV that's right for you.

**UTILITY ATV**

## GRIZZLY 700

Yamaha's rugged Grizzly has earned a solid reputation for being the world's toughest ATV. This class-leading four wheeler sports the proven 686cc DOHC engine that offers more torque for work.... and play. Its compact bodywork runs LED lights and a halogen work light for powerful illumination. The Grizzly range also features a new easy read multifunction display.

Grizzly – powerful, versatile, comfortable.

### KEY FEATURES

Yamaha Ultramatic® CVT automatic transmission

Yamaha On-Command® 2WD, 4WD, 4WD with Diff-lock

Independent long-travel adjustable suspension

All wheel disc brakes with twin-piston calipers

Tough Maxxis 26-inch tyres

Large digital display and three storage compartments

Yamaha Electric Power Steering (EPS)

Steel Blue

## GRIZZLY 700 CAMO

Yamaha's tough Grizzly Camo glides over the harshest terrain with features aimed at the outdoorsman.

A torque-rich 686cc DOHC engine provides the power while front and back steel cargo racks carry home the bacon. LED lights and a halogen work light show the way when the sun goes down. Featuring Yamaha's Ultramatic transmission and On-Command drive system – together with Electric Power Steering – the Grizzly 700 Camo gives you class leading performance, style and functionality. All wrapped up in a hunting camo package.

### KEY FEATURES

Yamaha Ultramatic® CVT automatic transmission

Yamaha On-Command® 2WD, 4WD, 4WD with Diff-lock

Independent long-travel adjustable suspension

Yamaha Electric Power Steering (EPS)

Black alloy wheels

Total 140kg front and rear rack carrying capacity

Camo

## GRIZZLY 700 SE

Yamaha's new Grizzly 700 SE comes with a range of performance-enhancing features including aluminium wheels, 27-inch Maxxis Zilla tyres in matched front and rear sizes —all wrapped in high-quality painted bodywork and unique XT-R graphics.

You still get the torque-rich 686cc DOHC engine, sturdy steel cargo racks, and Yamaha's Ultramatic transmission and On-Command drive system - together with Electronic Power Steering. But SE spec offers even more comfort and confidence in readiness for whatever challenge the Aussie bush delivers.

### KEY FEATURES

XT-R graphics and cast alloy wheels

Maxxis 27-inch tyres

Yamaha Ultramatic® CVT automatic transmission

Yamaha On-Command® 2WD, 4WD, 4WD with Diff-lock

Independent long-travel adjustable suspension

Yamaha Electric Power Steering (EPS)

Optional WARN Pro Vantage 2500 winch

Covert Green

## KODIAK 700

Designed for farmers, foresters and industrial users who need a tough utility vehicle for extreme conditions, the user-friendly Kodiak 700 delivers superior performance with outstanding value.

Powered by a fuel efficient 686cc engine – and featuring a compact chassis with a plush seat for day-long riding comfort – this tough workhorse can carry a 140kg payload plus rider and tow up to 600kg.

Kodiak – because work doesn't need to be a chore.

### KEY FEATURES

686cc DOHC 4-stroke engine

Yamaha Ultramatic® CVT automatic transmission with all wheel engine braking

Yamaha On-Command® 2WD, 4WD, 4WD with Diff-lock

Front discs and sealed wet rear brake

Independent long-travel suspension

Tough four-ply 25-inch tyres,

Yamaha Electric Power Steering (EPS)

Steel Blue

## KODIAK 450/EPS

With high levels of comfort, control, confidence and convenience the fuel injected Kodiak 450 is a deadset farm favourite.

Its wide footprint and roomy riding position accommodates even larger riders comfortably while class leading handling mixes with a durable torque-rich 421cc fuel injected engine. Kodiak 450 comes with electric power steering (EPS) or without.

### KEY FEATURES

Handlebar mounted work light (EPS model only)

Speed sensitive electric power steering (EPS model only)

Large full comfort seat

Push button 2WD/4WD

Wide track width and long travel suspension

Torque rich 421cc fuel injected engine with low vibration engine mounts

Pre-wired for easy winch installation

Tool free air filter access

Yamaha Ultramatic® CVT automatic transmission

Steel Blue

## GRIZZLY 350

Farmers love this robust ATV that makes molehills out of mountains. Available in easy-steer 2WD or full traction 4WD, the 350 is Yamaha's most compact ATV. The FA version features our On-Command 2WD/4WD system that allows you to easily switch between modes.

With rear and front racks, the Grizzly 350 can carry loads up to 120kg. Economical with fuel, low in maintenance, the 350 is the packhorse of the ATV world – strong, tough and durable.

### KEY FEATURES

348cc air/oil-cooled 4-stroke engine

Fully automatic Ultramatic® transmission

120kg cargo racks

Sealed drum brake

Fuel-efficient, low maintenance

500kg towing capacity

Steel Blue

**FUN ATV**

## GRIZZLY 90

Yamaha offers the Grizzly 90 for smaller adventure-seekers.

Scaled down but not scaled back, the Grizzly 90 takes cues from the top-performing big bore Grizzly. The result is accessible, confidence-inspiring performance with Grizzly family style.

With convenient features like electric-start, a large comfortable seat, front/rear racks and aggressive styling, the Grizzly 90 is the perfect machine for riders 10 years and older who want to REALise Adventure with family and friends.

Now you can have one just like dad's.

### KEY FEATURES

Confidence-inspiring 90cc engine with electric start

Big mud deflecting guards

Tool-less quick-access air filter element

Front and rear drum brakes

Integrated cargo racks

Terrain grabbing 19-inch front and 18-inch rear tyres

Steel Blue

## RAPTOR 90

The YFM90R may be small in size, but it's equipped with several features found on larger Yamaha models – including single A-arm independent front suspension, a rear disc brake, CVT transmission and electric start.

The YFM90R balances power with a range of features to give you total peace of mind. A simple CDI plugin adjusts engine power output to suit different riding abilities while a fully automated gearbox allows junior to concentrate on the track to build confidence.

### KEY FEATURES

Fully automatic CVT transmission with reverse gear

Electric start

Parking brake

F/N/R gears

Low maintenance sealed drum brakes

Team Yamaha Blue

Yamaha White

# YFZ50

With its compact body, simple controls and automatic 49cc engine, the YFZ50 is the perfect way to start out. Built for children between six and nine, this mini ATV is ready to provide hours of family fun.

Safety comes first, and the YFZ50 has a range of features that give parents a high degree of control. Speed can be limited by the throttle screw and rev limiter switch – and a lanyard attached to a tether switch can cut the engine instantly. With its YFZ450R racer-inspired styling, this mini ATV looks set to be at the top of your kid's wish list...

## KEY FEATURES

Throttle screw for parental speed adjustment

Switchable limiter restricts max engine speed

Lanyard with cut-out for total parental control

Low-maintenance 49cc 4-stroke air-cooled engine

Smooth CVT automatic V-belt transmission

Team Yamaha  
Blue

Yamaha  
White

**SPORT ATV**

## RAPTOR 700

Once you've ridden the YFM700R there is no turning back. This Dakar winning racer has mind-bending 686cc 4-stroke engine power and supreme handling for the ultimate buzz on all sorts of terrain.

High levels of comfort are specced with a plush rear shock – and large 22-inch front tyres give you precise steering and added control. Because when you take your fun seriously, you need the ultimate performer.

### KEY FEATURES

High-tech race-bred 686cc fuel-injected engine

Strong, lightweight hybrid aluminium/steel frame

Plush rear shock for high levels of comfort and control

Low-pressure gas front shocks for easy adjustment

Large 22-inch front tyres for comfort and control

Push-button electric start for convenience

Dakar Rally  
Dominator

Team Yamaha  
Blue

## YFZ450R

YFZ450R's sharp-handling chassis and ultra-responsive engine have made it today's racing ATV of choice.

A race-bred assist and slipper clutch gives more precise control over corner entry speed for quicker lap times – while a high performance engine delivers superfast throttle response and hard-hitting high rpm power for grabbing the holeshoot... and staying out in front.

Sharp-designed bodywork gives the rider space to shift bodyweight during cornering or hard acceleration.

YFZ450R – the first and only choice for ATV racers.

### KEY FEATURES

High compression engine for high performance

Hybrid chassis engineering

Lightweight piggyback shocks for precise handling

Easy operation thumb lever

Team Yamaha  
Blue

# FEATURES AND BENEFITS

**Ultramatic transmission**  
**Found on: All Real World Tough utility ATVs**  
Yamaha's Ultramatic automatic transmission is the industry's most durable automatic CVT system. Power is transferred using adjustable sheaves and automatic centrifugal clutch maintains constant belt tension for reduced belt wear. The system also features a sprag clutch for all-wheel downhill engine braking.

**Foam oil filter**  
**Found on: All utility ATVs**  
In order to combat harsh Aussie conditions and to keep your engine in prime condition, we fit foam oil filters to all our utility ATV products in AUS. Designed to keep the fine Aussie bulldust outside where it belongs.

**On Command Drive System**  
**Found on: All utility 4WD models**  
Yamaha's renowned On-Command system lets you switch between 2WD and limited-slip 4WD, (plus full diff-locked 4WD on large capacity Grizzlies and Kodiak) at the flip of a switch. Unlike auto gearbox systems that can change gear when you least expect, On-Command puts the driver in full control to make the most of available traction in any sort of terrain.

**Multi-function digital data display**  
**Found on: Top of range Kodiak, large capacity Grizzlies**  
Yamaha's comprehensive LCD display provides full information about speed and transmission mode, with trip and hour meter included to monitor your journey.

**Speed sensitive EPS – Electric Power Steering**  
**Found on: All EPS models**  
Excellent control and trail feel all come standard with Yamaha's best-in-industry, speed-sensitive Electric Power Steering (EPS). The system increases control the faster you go which means light steering at slow speeds when you need it and more assistance as speed increases. This results in a relaxed ride with the additional bonus of bump steer reduction which means less rider input and fatigue.

**Tough steel cargo racks**  
**Found on: All utility ATVs**  
Some ATVs are fitted with plastic racks. Not Yamaha. We spec rugged, large-diameter steel cargo racks with durable wrinkle paint finish. Loads are easily secured and make light work of the heavy lifting.

# THREE YEAR WARRANTY

Our Real World Tough ATVs are built for the harshest conditions and everything we spec is built to last. For example, we run marine grade watertight multi-pin electrical connectors that help prevent moisture getting in. Especially useful in rainy conditions or when crossing creeks.

Rugged composite front bumpers resist scratching and won't rust, while injection-moulded fenders and CV joint guards protect against rock and debris damage. Full underbody skidplates protect the entire underside of our vehicles, from the front differential to the rear gear case - with convenient service points to access fluid drain locations without removing the guards. These tough features are added to bulletproof powerplants and drivetrains that offer years of trouble-free service.

Plus our ATVs are built to Yamaha's exacting quality control. All factors that make our three-year warranty a no brainer.

\*Sport ATV and Fun ATV models come with 12 month warranty.

## GENUINE ACCESSORIES ONLINE

We've created a wide range of precision products engineered specifically to fit your Yamaha. Every accessory and each part we design has been done so in close conjunction with the factory to result in the highest level of fit and finish. Rest easy in the knowledge that Yamaha's top quality Genuine Parts & Accessories are designed to complement and enhance your ATV.

Shop and order online for delivery to your door.

Visit our website:  
[www.shopyamaha.com.au](http://www.shopyamaha.com.au)

**Overfender Kits.** Overfender kits are available for most ATVs. Constructed of a wide, tough and durable plastic and are designed to deflect trail debris, the overfenders provide a seamless and unified body line.

**Pro Vantage Winch and Mounting Kit for Kodiak 700.** A real workhorse. This winch is built with premium components and 2500lb of pulling capacity, which makes it ideal for recovery or pulling heavy loads on the work site. Sold separately.

**YFZ450R Nerf Bars.** Combines the nerf bars, footwells, and foot pegs into one accessory. Extruded joint clamp helps make installation and alignment a snap. Durable black nylon webbing in nerf bar and footwell areas.

**GYTR Air Filter.** Special two-stage design for the Raptor 700 allows maximum airflow with superior filtration for greater engine protection.

**GYTR High Compression Piston Kit.** With an increase of 1.5 to 3hp throughout most of the power band this GYTR kit for your YFZ450R will provide a performance boost while maintaining a high level of durability.

**ATV Windshields.** Constructed of tough, durable and shatter-resistant polycarbonate these windshields provide generous protection from debris, cold or inclement weather. Adjustable tilt and available for a wide variety of units.

**Cargo Boxes for Kodiak 700.** Heavy-duty, durable cargo boxes allow you to take along your essentials. With 37L front capacity and 66L rear capacity, they have all your storage needs met. Front and rear cargo boxes sold separately.

**Gun Boot Mount for Grizzly 700.** This powder-coated steel Gun Boot Mount is the convenient way to secure your gun boot. Compatible with accessory Yamaha Gun Boot and Deluxe Gun Boot. Both sold separately.

**Front Bash Plate for Grizzly 700 and Kodiak 700.** Protect your front end with this lightweight, brushed aluminium bash plate. Will not affect your approach angle and is compatible with both stock and accessory front grab bars.

**Off-road Apparel.** Made from high quality materials to provide comfort and durability. The range consists of matching vest, jersey, pants, gloves and hats in both adult and child sizes.

# MAKE YOUR DREAM A REALITY

Yamaha Financial Services goal is to help you purchase the products you have always wanted to  
Make Your Dream A Reality.

Yamaha Financial Services can help you get your new Yamaha powered product sooner with our simple and convenient finance process, register your interest below and our Direct Sales team will be in touch to run through a quote with you.

# YAMAHA ATV/SSV SAFETY INSTITUTE

Yamaha Motor Australia's  
ATV/SSV Safety Institute (YASSI)  
is nationally recognised as  
Australia's leader in ATV and  
SSV training.

YASSI delivers training to the rural,  
industry and commercial ATV and SSV  
markets and promote the safe and  
responsible use of ATVs and SSVs  
distributed down under. Our goal is to  
improve rider safety through practical  
training for the rural, government and  
private industry markets.

On successful completion of YASSI's  
rider course, students receive a  
nationally recognised **Statement  
of Attainment** to cover industry  
WorkSafe requirements.

To become a more skilled ATV rider or  
SSV driver, visit:  
[www.yamaha-motor.com.au/  
ownership/atv-ssv-safety-institute](http://www.yamaha-motor.com.au/ownership/atv-ssv-safety-institute)

## ATV RIDER SAFETY

Being responsible, using common sense and practising important skills are  
all key ingredients in making ATV riding more rewarding. Remember to shift  
your body weight, ride within your limits and only on designated trails at a  
safe speed. Take care on tricky terrain, respect the environment and observe  
all state and local laws. And whatever type of ATV you ride, observe these  
industry guidelines:

- Always wear a helmet, goggles, long sleeves, long pants, over-the-ankle  
boots and gloves.
- Never ride on paved roads except to cross safely and when permitted by  
law.
- Never ride under the influence of alcohol or drugs.
- Never carry a passenger on an ATV.
- Stick to the manufacturer's safety information and warnings.
- Ride an ATV that's right for your age EG from 6-11 under 70cc; 12-15  
90cc and under.
- Never engage in stunt riding.

## BE A 5-STAR RIDER AND STAY SAFE ON YOUR ATV

- 1) Select the right vehicle
- 2) Protect yourself
- 3) Be trained
- 4) Safe riders and loads
- 5) Understand and follow  
manufacturer's recommendations

Yamaha recommends that all riders take an approved  
ATV rider course. Visit [www.yamaha-motor.com.au/  
ownership/atv-ssv-safety-institute](http://www.yamaha-motor.com.au/ownership/atv-ssv-safety-institute) for details.

View ATV free online rider training here:  
[www.atvsafety.snaplearn.com.au](http://www.atvsafety.snaplearn.com.au)

## AUSTRALASIAN OFF ROAD VEHICLE ASSOCIATION

Yamaha Motor Australia is a  
founding member of the Australasian  
Off Road Vehicle Association (AORVA)  
- a not for profit association that  
promotes ATV and SSV use and  
works towards a healthy future for  
users.

AORVA aims to improve legislation,  
increase safety awareness and  
foster ATV/SSV community. In doing  
so the organisation highlights places  
to ride/drive, offers newsletter  
updates and there's currently a free  
ride park entry offer when you buy  
selected Yamaha ATVs.

VISIT US AND LOCATE A YAMAHA DEALER AT:  
[www.yamaha-motor.com.au](http://www.yamaha-motor.com.au)

Always remember to review your Yamaha Motorcycle Owner's Manual before you ride. Before each ride, take time to check all your equipment. Always wear an approved helmet, eye protection, long-sleeved shirt, long trousers, gloves and boots. And always be sure your bike is in first-class condition before riding. Keep it well-maintained and always outfitted in accordance with state and local laws. Every motorcycle rider should be aware of the limits of his or her skills, experience and abilities and ride accordingly. Beginners should be extremely cautious and allow extra time and distance for manoeuvring and braking. All riders should ride well within the limits of their abilities, never beyond them. Always ride in a responsible manner, respecting the environment as well as all state and local laws. Ride responsibly, and remember, motorcycle riders, as all motorists, must practice defensive driving. Do not drink and ride. It is illegal and dangerous. Yamaha encourages you to ride safely and respect the environment. Specifications and colour options are subject to change without notice, in accordance with national regulations and legislations.
