# President's Report

This year we have seen a steady increase in our activities due to lessening of Covid restrictions. I would like to thank all members for their understanding in this current world event and hopefully we are at the turning point.

We still have limited travel so our shows have suffered slightly due to no interstate exhibitors but as they say, the show must go on. Unfortunately, with Sydney still in lock down I am not that optimistic that a National Show and Trial will take place but we can all hope.

As the warmer weather approaches, please be mindful of snakes when out doing your walks and in park areas and around your properties. Also, if you leave your dog in a vehicle have water and adequate ventilation.

There has been a noticeable increase of members approaching me and the club executive, with questions about procedures that the Vets want to carry out on their dogs especially hips and elbows. PLEASE, speak to your breeder FIRST. You can also ask the Club Secretary but before agreeing to anything it would be wise to seek a second opinion. We can point you into the right direction as some of these operations can cost thousands of dollars so be mindful and do some research first unless it is life threatening for the dog at the time

Club elections will be upon us soon so if interested please put your hand up!

In closing, the club grounds are open through the week so if you wish to run your dogs fell free just remember that you are responsible for your dog out of club hours at the grounds and the general public also use the grounds so you must have adequate control of your dogs.

Stay safe,

**John De Lucia**  
**President**

- Mrs Jenny De Lucia and Ms Jo Cathie have been accepted as Trainee Breed Surveyors and will participate in Breed Surveys over the next Twelve (12) months to complete their training

Harassment can take many forms, including jokes, teasing, nicknames, emails, pictures, text messages, social isolation, ignoring people, or unfair practices.

If you consider you have been harassed or bullied, do not to ignore it. Ignoring it might be interpreted by the other person as consent.

Do not respond to unacceptable behaviour with more unacceptable behaviour.

If you are angry and upset because of unfair treatment, Committee encourages you to take some time to prepare for what to do next, or seek help from Committee,

GSDCSA recommends you try to resolve your issue using one of the following options:

Formal—a formal complaint (describing what has happened and why you feel it was against this

policy) can be made in writing or by email to The Club Secretary

A verbal statement can be made on the day of the event but must be followed up by a written statement appropriate action if needed will be taken on the day and all parties will accept the direction of the Club official. If the member agrees that the written account is true and correct, they will be required to sign it.

All complaints of harassment or bullying will be treated quickly, seriously, and sympathetically. They will be investigated thoroughly, impartially, and confidentially.

You will be interviewed and so will the person or group you have complained about. Witnesses may also be interviewed, and other evidence will be considered.

Formal complaints cannot normally be lodged anonymously, because the person(s) you are complaining about have the right to know exactly what it is you believe they did wrong and are entitled to give their side of the story.

The investigator of a formal complaint will compile a report.

Investigation which contains:

- A description of the investigation process
- A summary of your complaint
- A summary of the response from the person or group complained
- A summary of the evidence
- A finding of whether there was or was not a breach of policy

Both the person who has complained and the person(s) complained about have the right to know what the finding was. The person(s) complained about will be advised of any disciplinary action which may be imposed on them. The person who has complained may be advised if the person(s) complained about will be disciplined but will not be made aware of the level of discipline.

Both the person who has complained and the person(s) complained about may challenge the finding. If challenged, the investigation process will be reviewed by an appropriately qualified and experienced person, which may include an external party.

### 3.2 External

Members however are encouraged to seek resolution via the internal processes described in this policy prior to contacting an external body.

# GET THE FACTS ON PET NUTRITION

## INGREDIENTS vs NUTRIENTS

**Ingredients** are the raw materials in a diet that are vehicles to deliver nutrients.  
e.g. *poultry meal, rice and fish oil*  
High quality ingredients are ones that are easily digested and absorbed by your pet.

**Nutrients** are absorbed and used by the body  
e.g. *proteins, carbohydrates and fatty acids*  
Essential nutrients cannot be made by your pet's body and must be provided by their diet.

**DID YOU KNOW?** There are 40 essential nutrients that both cats and dogs need, all of which are provided by ROYAL CANIN® diets.

### WHICH NUTRIENTS DO WHAT?

- **Carbohydrates** | A vital source of energy and a rich source of fibre to support gut health and nourish the good bacteria.
- **Proteins** | Essential to support the health of muscles, skin and coat.
- **Lipids** | An excellent source of energy and critical to the health of the skin and coat.
- **Vitamins** | Vital for many bodily functions, vitamins aid everything from your pet's vision to how well their blood clots.
- **Minerals** | Necessary for normal muscle and nerve function.
- **Other nutrients** | There are plenty of other nutrients involved in every ROYAL CANIN® diet used to support specific needs.

## EVERY KERNEL OF CORN IS FULL OF NUTRITION

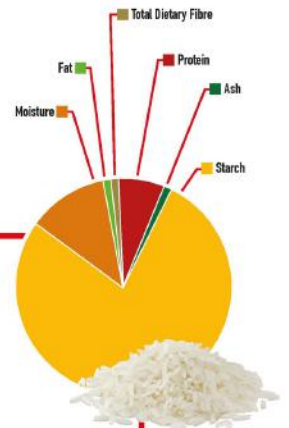

**Corn Meal** | Every kernel of corn is rich in beneficial nutrients including proteins, fibre and fatty acids.  
**Corn Gluten** | Corn Gluten is the protein-rich component of the kernel, providing a concentrated source of antioxidants.  
**Corn Starch** | A carbohydrate rich energy source that cats and dogs can digest.

**DID YOU KNOW?**  
When corn is ground into a meal, it is easily digested and absorbed by your pet.

## GRAINS ARE HIGHLY NUTRITIOUS

**Wheat** | Rich source of minerals including magnesium and iron, wheat also provides plenty of complex carbohydrates and fibre.  
**Wheat Gluten** | The protein rich fraction of wheat, rich in essential amino acids.  
**Rice** | An excellent source of energy for your pet, rice is the easiest carbohydrate to digest making it useful to support gastrointestinal health.

**DID YOU KNOW?**  
Grains are an excellent source of amino acids, vitamins, minerals, carbohydrates, fibre and fatty acids that are essential for the health of cats and dogs. Carbohydrate allergies are very rare for both cats and dogs. The most commonly reported food allergens in cats and dogs are proteins such as beef, dairy, chicken and fish.

## THE BENEFITS OF ANTIOXIDANTS

Ensures your pet's food remains nutritious by **stopping the breakdown** and spoilage of ingredients.  
Our patented preservative complex helps **prevent the growth** of potentially dangerous moulds, yeasts and bacteria in your pet's food. Stops fats and oils in your pet's food from becoming rancid.  
ROYAL CANIN® uses a combination of natural and approved artificial antioxidant preservatives at safe levels.  
The natural antioxidants we use include **Vitamin C, Vitamin E, plus lutein** and the amino acid **taurine**.

**DID YOU KNOW?**  
ROYAL CANIN®'s antioxidant preservatives prevent food spoilage which is essential to ensuring your pet's health.

## FRESH MEAT

## DEHYDRATED MEAT MEAL AND BY-PRODUCTS ARE A GREAT SOURCE OF PROTEIN.

Dehydrated meat is simply fresh meat with water and fat removed. Properly processed, it is an excellent source of high quality, **highly digestible protein** for your pet.  
All animal protein used by ROYAL CANIN® is declared suitable for human consumption, and are not only safe and nutritious but have a lower impact on the environment.  
Proteins, vitamins and minerals that are **essential to the health of your pet** can be found in abundance in by-products such as hearts, livers and lungs.  
ROYAL CANIN® uses high quality by-products (termed animal derivatives in our ingredients list).

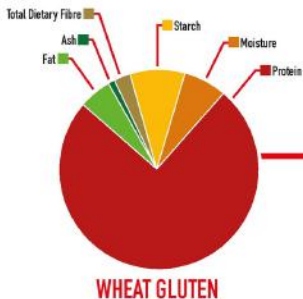

**DID YOU KNOW?**  
Fresh meat can contain up to 85% water and only 10-30% protein. When the water is removed in dehydrated meat, it provides a more concentrated source of protein at over 90%.

## WHEAT GLUTEN IS FULL OF PROTEIN

Wheat gluten is used in pet foods as an excellent source of **essential amino acids**. It complements those from animal based ingredients to help provide the best nutrition for your pet.  
Gluten is a **nutritionally valuable** plant protein that is found in wheat, rye, buckwheat, barley and oats.  
Wheat is the only cereal that contains gliadin – the gluten that causes celiac disease in humans.  
Celiac disease has never been reported in cats and has only been reported in one breeding line of dogs.

**DID YOU KNOW?**  
Wheat gluten is up to 80% protein of which approximately 99% is digested and used by your pet.

# Ground Rules

These rules apply to all handlers during training sessions and have been formulated for the welfare of you and your dog.

Any Club member, or any person guilty of unseemly conduct or acts harmful to the club, may be asked to leave the Training area. They may also be dealt with by the Committee of The GSDC of S A Inc. under clause 6, and relative by-laws of the Clubs Constitution.

Any dog which is sick WILL NOT be permitted onto the Club grounds.

Dogs who have suffered a CONTAGIOUS DISEASE WILL NOT be allowed on to the grounds until 5 weeks after being cleared by a veterinarian (a vets certificate may be re-quired). Puppies should not be brought out onto the Club grounds under the age of 8 weeks or at least 2 weeks after they have been inoculated for HEPATITIS, DISTEMPER AND PARVOVIRUS (vaccination certificate may be required).

Bitches in season are not permitted on the grounds unless at a recognised Club event.

The use of switches, spiked collars or whips is STRICTLY FORBIDDEN ON THE CLUB GROUNDS.

Members shall not treat their dog in a manner which may reflect badly on the Club.

Dogs are NOT to be taken off-lead or left unattended, except on the directives, or under the supervision of a Class Instructor.

The handlers of dogs which foul the Club grounds, will be responsible for cleaning up same, with the equipment provided.

The Head Instructor has the authority to permit the use of a muzzle or training devices, as required in special cases. The use of the equipment is to be under supervision, and its use on the grounds, other than above, is STRICTLY FORBIDDEN.

Dogs under the age of 12 months ARE NOT permitted to use jump equipment higher than 400 mm, or longer than 800 mm.

Pursuant of the Health act "Dogs" ARE NOT permitted inside the Clubrooms.

In the interest of safety and health, and in consideration of others, parents are required to super-vise the behaviour of their children. The Clubrooms and Toilets MUST NOT be used as playing areas.

In the interests of public health the Clubrooms and the verandah area are NON-SMOKING areas.

## Training Extreme Weather Policy

Training will be cancelled if the forecast temperature for West Beach is predicted to be 37 degrees or above or an Extreme Storm warning is issued on [www.eldersweather.com.au](http://www.eldersweather.com.au) at 6pm the night before training (Wednesday nights and Sunday mornings).

Appropriate foot wear must be worn at ALL times when handling / double handling dogs on the Club grounds. Bare feet, thongs, slip on shoes, high heels, sandals or crocs and shoes with metal-spiked soles are not suitable foot wear and members wearing any of the above will be asked to leave the training area.

THANK YOU! BE PROUD OF YOUR DOG, HE IS VERY PROUD OF YOU! THE COMMITTEE
