Dear Friend,

Due to the recent pandemic, teaching and learning have undergone a powerful shift. In-person classes have shrunk in size or disappeared altogether, while virtual sessions or hybrid models have risen in number. Yet distance learning is nothing new. In the New Testament, there are 21 epistolary letters from beloved Christian teachers who instructed, corrected, encouraged, inspired, and shared their faith with disciples living in far-flung areas of the Roman Empire. Today the life-changing insights of these revered leaders are still relevant to our daily lives—even though the distance between us and them is measured by centuries and not Roman miles.

In this Academic Resources catalog, teachers, students, pastors, and interested laypeople will find materials to help them connect with each other intellectually, spiritually, and socially, whether face to face or virtually. For example, in *Four Views on Heaven* (page 9), an irenic discussion between Baptist, Wesleyan, Reformed, and Roman Catholic theologians is sure to spark lively conversation. In *The Gathering Storm: Secularism, Culture, and the Church* (front cover), Albert Mohler addresses controversial ideas that he believes threaten Western society and Christianity. His thought-provoking insights will engage readers as they sort through the implications of his argument. Finally, David Falk's *The Ark of the Covenant in Its Egyptian Context* (page 4) offers students and nonspecialists a fascinating look at the relationship between biblical archaeology and the chronology of ancient Egypt.

In addition to these resources, you'll also find references on apologetics, world religions, church history, theology, and more. To order, please call 1-800-CHRISTIAN (1-800-247-4784). Revelation

J. Scott Duvall

Some readers regard the Book of Revelation as an inscrutable enigma. Others obsess over its details, seeking a blueprint of history. Duvall's insightful resource avoids both extremes—unpacking the text with an emphasis on both historical and literary

context while illuminating themes of warning, hope, comfort, and Christ's lordship. Each preaching unit features six pages of focused commentary. 384 pages, softcover from Baker.

The New International Commentary

The Book of Amos

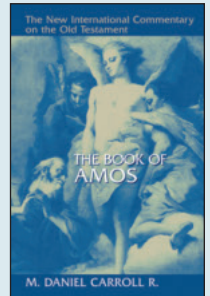

M. Daniel Carroll R.

Distinguished by its special attention to Amos's literary features and what they reveal about the book's theology and composition, Carroll's excellent commentary provides a detailed reading of the Hebrew text. Instead of reconstructing a hypothetical redactional history, the author offers a close reading of the canonical form against the backdrop of the eighth century B.C. 640 pages, hardcover from Eerdmans.

Biblical Studies & Judaism

Reading the New Testament As Christian Scripture
Constantine R. Campbell & Jonathan T. Pennington
 An engaging introduction to the New Testament. Assuming no prior academic study of the Bible, Campbell and Pennington demonstrate how the NT canonical documents supplement the Old Testament—and offer insights into how the NT writings provide the basis for Christian doctrine, spirituality, and cultural involvement. Features include color photos, timelines, sidebars, a glossary, and discussion questions. 448 pages, hardcover from Baker.

Separated Siblings: An Evangelical Understanding of Jews and Judaism
John E. Phelan, Jr.
 For some American evangelicals, Judaism exists only in the pages of the Bible and the modern nation of Israel. Widening this limited understanding with larger perspective from Jewish history, thought, and practice, Phelan offers an undistorted view of Judaism sensitive to the painful history of replacement theology and other examples of Christian anti-Semitism. 352 pages, softcover from Eerdmans.

Church Conflicts: The Cross, Apocalyptic, and Political Resistance
Ernst Käsemann, translated by Roy A. Harrisville

Engaging with global social and political realities still very much with us, Käsemann offers a theological indictment of white supremacy, capitalism, and militarism. Foreword by James H. Cone. 272 pages, hardcover from Baker.

Hearson explores places in which Yahweh made himself known in the past—sites such as Bethel, Shiloh, and the tabernacle where the people could encounter and worship him. He then demonstrates how New Testament believers come to know Jesus as the Way to the Father and, through the Holy Spirit, become dwelling places of God. 192 pages, softcover from B&H.

Introducing the Pseudepigrapha of Second Temple Judaism

Daniel M. Gurtner

Dispelling the mistaken notion that the pseudepigrapha are “falsely attributed writings,” Gurtner demonstrates the rich indebtedness these often misunderstood and neglected Jewish writings owe to the Scriptures and traditions of Israel’s past. His vibrant introduction shows how the pseudepigrapha are best appreciated within their own varied contexts rather than as mere “background” to early Christianity or emerging rabbinic Judaism. 480 pages, hardcover from Baker.
