# General Information

Welcome

No other part of the world is so richly embellished in history, culture, and spectacular scenery as in Europe. Your cruise vacation will take you to some of the most exciting ports in Europe. The days ashore present an invitation to adventure, education, and enjoyment. Organized Shore Excursions give you the opportunity to explore the many fascinating places you will want to see. To ensure the best possible sightseeing, Celebrity Cruises has planned a varied program of excursions ranging from simple to sophisticated, in tune with existing conditions in each port. These excursions are arranged and operated by independent agencies, with experienced guides to escort you. This brochure lists the descriptions of the available Shore Excursions at each port of call. Most Shore Excursions may be purchased in advance. Certain excursions are limited in the total number of participants; therefore, for your convenience, we recommend you advance purchase. Also, please note that all tour duration times are approximate and can change without prior notice.

General Information

When should I reserve my Shore Excursions?

This brochure contains brief descriptions of tours available. Please book your excursions as soon as possible since some shore excursions can accommodate only a limited number of participants. Tours are sold on a first-come, first serve basis and we recommend that you purchase them in advance of your cruise in order to avoid disappointment. On board, you may purchase tours through the interactive TV system in your stateroom (if available), by booking form dropped at the excursion desk or directly at the Shore Excursion Office during the hours advertised in the ships daily program. Please send all accessible tour inquiries and requests to [shorexaccess@celebrity.com](mailto:shorexaccess@celebrity.com) no later than 21 days prior to the sail date. NOTE: Not all destinations offer accessible shore excursions

How can I book shore excursions in advance via the Internet?

You can purchase your shore excursions online by visiting our website, [www.celebrity.com](http://www.celebrity.com) at any time. To pre-book an excursion, you will need your cruise reservation number (obtained from your travel agent or reservation agent), ship name, and sailing date. Once you have completed your purchase, an immediate recap of the selected tours will be provided along with a final e-mail confirmation when your credit card purchase is approved. Your purchased tour ticket(s) will be delivered to you in your cabin. Kindly note that you have up to 4 days prior to your sail date to purchase your shore excursions online. Once within the 4-day sail date deadline, the booking system is closed and tours are no longer available for pre-booking. From this point, all guests must book their excursions on board the vessel on a first-come, first-serve basis. Your stateroom attendant will deliver your purchased ticket(s) to your cabin on the evening of embarkation. If you do not receive your tickets in your stateroom, please inquire at the Shore Excursion Office as soon as possible.

What is a Tender Port of Call?

There are some ports where the ship remains at anchor. Either the ship's boats (tenders) or local boats will be used to transport you back and forth between the ship and shore. Tender ports are indicated on the itinerary pages.

What do Shore Excursions include?

Shore Excursions include transportation according to the itinerary, meals, refreshments, guides, and entrance fees as indicated. Fares for Shore Excursions are subject to change without notice. All prices quoted are based on tariffs and exchange rates current at the time of printing, and are subject to increase with or without previous notice consequent upon any increase in the basic tariff

and/or exchange fluctuations, which may accrue prior to commencement of the tours.

Prices of shore excursions are quoted per person and generally include available local transportation, ranging from coaches, taxis, limousines, and boats. Meals and local taxes are included where specified. Where tours are operated by car, 2 to 3 persons are allocated to each vehicle. Prices do not include any expenses incurred in returning to the ship should it be elected to leave the group before the tour is completed.

When and where do Shore Excursions depart?

Most tours will meet in a lounge on board the ship prior to departing. When the ship is at anchor, staff will be on hand to assist you to the departure point.

Timings have been established according to information received from the local tour operators but are subject to alterations should the vessels arrival time at the port be delayed or circumstances arise whereby the itinerary for a particular excursion must, necessarily, be amended. Guests should be mindful of the fact that at ports where the ship lies at anchor, the afternoon excursions commence from the dockside, not the ship. Guests should, therefore, allow at least 30 minutes for the tender ride to shore.

When booking more than one tour in a day, please allow at least 60 minutes between the return of the first tour and the departure of the second tour.

Tour departure times may vary from those listed on the order form, especially in ports where the ship must tender guests ashore. Please check your tour tickets for the time and location of departure. No announcements for the tours will be made on board the ship.

Is it possible to miss the Ship?

All guests are required to be back aboard ship no later than 30 minutes prior to the scheduled departure time, which is listed in the Daily Program and posted at the gangway. The scheduling of all Shore Excursions conforms to this requirement. If you leave a tour en route; however, it will be your responsibility to secure transportation and return to the pier on time. If for any reason a ships excursion is delayed, the ship will be notified and await the tours return.

What type of transportation is used for Shore Excursions?

Standards of transport vary considerably; however, Shore Excursions utilize the best quality transportation possible in each port. Air-conditioned vehicles are not always available nor do all tour buses have restroom facilities on board. Please note that some countries have local restrictions and/or zoning laws that prohibit the use of the on board facilities and prohibit the idling of engines while parked at the various venues. The air-conditioning systems may not be to North American standards. Please also bear in mind that cars, taxis or mini-buses may be used in some ports where coaches are not available or are limited.

What if I wish to take the same coach as my family or friends?

Guests wishing to travel with friends should proceed to the point of departure as indicated on your shore excursion tickets, as this will help the tour staff to allocate space in the same vehicle.

What if I wish to tour on my own?

Guests who do not join these prearranged shore excursions must, therefore, rely on whatever transportation equipment might be available, and they are advised that the drivers are not under supervision. Such drivers may not be informed of the sailing hour of the ship and it is not certain that they will follow routes that are more desirable. In addition, considering the limited transportation

facilities in some ports, relief cars may not be obtainable in case of breakdowns along the road. Tours are the best way of seeing the country during a stay at a cruise port of call and they have been arranged so the guests see as much of interest as possible.

Refunds for independent tour arrangements will not be provided in the event of cancelled/missed ports.

Will transportation be available from the ship to city centers?

Many ports are not located in the city center. For the convenience of guests, a shuttle bus service has been arranged (for a nominal fee) in those ports (where applicable) that are located approximately 1 mile or more away from the closest city center and do not have adequate local transportation available. This service is set up to complement local transportation, and guests are welcome to utilize local services, when and where available. Details of which ports will have a shuttle service will be advised on board the ship.

How should I tip our Guide/Driver?

Extending a gratuity to your guide or driver is strictly optional; however, in some countries, these personnel may anticipate that if you are pleased with their services, you will reward them in a monetary way. A commonly accepted guideline is USD \$4.00 per person for a half-day tour and USD \$6.00 per person for a full-day tour.

How can I find out more about the ports we'll be visiting?

During your cruise, informative Port Explorer videos will be shown on a selected television channel in your stateroom. A Port Explorer and Shopping guide pamphlet with general information and a city map highlighting Places of Interest will also be delivered to your cabin.

Will I miss meals when I go ashore?

Most tour departure times complement the ships meal service hours, so you can enjoy your meal aboard and then go ashore. However, if you take more than one tour in a day, your return on board may not coincide with meal hours. You will be informed of meal times before arrival in each port. Full day tours include meals where indicated.

What should I wear?

Some countries may have more conservative ideas about dress than you are accustomed. So as not to offend local opinion, it is suggested that you dress conservatively. When visiting places of worship (temples, mosques, etc.), you should avoid wearing shorts, tank tops, or revealing clothing. Guests should wear comfortable walking shoes at all times. When visiting ruins or walking on cobblestone streets, wear rubber-soled shoes. It is also smart to wear a sun hat, protective sunscreen, and sunglasses.

Prices of shore excursions are quoted per person and generally include available local transportation, ranging from coaches, taxis, limousines, and boats. Meals and local taxes are included where specified. Where tours are operated by car, 2 to 3 persons are allocated to each vehicle. Prices do not include any expenses incurred in returning to the ship should it be elected to leave the group before the tour is completed.

Transportation equipment used for the shore excursions is the best available in the ports of call. In some ports, it is not possible to obtain buses or taxis equipped with air conditioning or bus or taxis with air conditioning that meets North American standards.

When choosing a tour, please keep in mind that you are a visitor in a foreign country; some luxuries to which you are accustomed may not be available. To get the most out of your excursion, please notice, feel, experience, and enjoy the local cultures, conditions, and customs.

ENTRANCE FEES: Entrance fees to all museums and sites are included in the price of the respective shore excursions unless otherwise stated. Occasionally, a small extra charge is levied if photographs are taken, and this is not included.

Your tour then heads to Narmada Water Palace, whose artificial lake in the centre of the complex resembles Segara Anak, the lake in the caldera of the Rinjani Volcano. The palace was built in 1805 by the Raja of Mataram after he became too old to climb Mt Rinjani to deposit offerings in the sacred lake there. The replica of the volcano's lake was a repository for the Raja's offerings. Taman Narmada takes its name from a sacred Indian river. Its temple, Pura Kalasa, is still used and the Balinese Pujawali celebration is held here annually.

Your Mataram city tour starts with a visit to Lingsar, a large temple complex built in 1714. This is the most important temple on the island for the Balinese, and for the local Sasak people, who adhere to the Islam Wetu Telu. The fountain in the temple grounds contains fish that are believed to appear only when a person's wish is going to be granted.

**PRICES:** Adult 125.00/Child 99.00 USD  
**DURATION:** 3 hr(s)  
**RESTRICTIONS:** N/A  
**DEPARTURE TIMES:** 9:30 am, 1:00 pm

After landing at Komodo Jetty you will join the tour and head to the other side of Komodo National Park, here lays a secluded village called Kampung Komodo. Little is known of the early history of the Komodo islanders, they were subjects of the Sultanate of Bima, although the island's remoteness from Bima meant they were probably little troubled by the Sultanate other than by occasional demand for tribute. The remoteness of "Kampung Komodo" means that it is well behind your every day run of the mill village, especially with regards to the infrastructure, medication and education. You will have the opportunity to meet the people and see the way they live, view their handmade crafts and visit the school. Included in the tour cost is a donation to the local community to put towards the development of their village. Departing the village you will head to Pantai Merah (Pink Beach), this is one of the most famous destinations in Komodo National Park, supported by its white sandy beach, amazing underwater marine life and stunning panorama views of the area. Relax on the beach or snorkel in the crystal clear water, but remember to bring your own snorkeling equipment.

The Komodo National Park is known as "Wallacea", a transitional zone running roughly north-south where the Asian fauna from the Sunda Shelf west of Lombok intermingles with Australian species from the Sahul Shelf further east. Large land-dwelling mammals were unable to migrate to the isolated Komodo Island but swimming and flying animals did. The monsoon forests of Komodo teem with activity, particularly early in the morning before the sun is at it's peak. Squawking cockatoos, flock in often leafless trees, disturbing large green Imperial pigeons, black-napped orioles, sun bird, flower peckers, and noisy friar birds and enormous crows soar nearby. Walking about 2 kilometers accompanied by the National Park rangers and an English speaking guide to the fenced area at Banunggulung to see the Komodo Dragons and snap a few photos or for those who prefer minimal walking, you may take the short trek or even just stay around the ranger house where a few Komodo dragons can still be seen. Enjoy a complimentary beverage nearby the ranger house and the reception area.
