General Information

No other part of the world is so richly embellished in history, culture, and spectacular scenery as in Europe. Your cruise vacation will take you to some of the most exciting ports in Europe. The days ashore present an invitation to adventure, education, and enjoyment. Organized Shore Excursions give you the opportunity to explore the many fascinating places you will want to see. To ensure the best possible sightseeing, Celebrity Cruises has planned a varied program of excursions ranging from simple to sophisticated, in tune with existing conditions in each port. These excursions are arranged and operated by independent agencies, with experienced guides to escort you. This brochure lists the descriptions of the available Shore Excursions at each port of call. Most Shore Excursions may be purchased in advance. Certain excursions are limited in the total number of participants; therefore, for your convenience, we recommend you advance purchase. Also, please note that all tour duration times are approximate and can change without prior notice.

When should I reserve my Shore Excursions?

This brochure contains brief descriptions of tours available. Please book your excursions as soon as possible since some shore excursions can accommodate only a limited number of participants. Tours are sold on a first-come, first serve basis and we recommend that you purchase them in advance of your cruise in order to avoid disappointment. On board, you may purchase tours through the interactive TV system in your stateroom (if available), by booking form dropped at the excursion desk or directly at the Shore Excursion Office during the hours advertised in the ships daily program. Please send all accessible tour inquiries and requests to

shorexaccess@celebrity.com no later than 21 days prior to the sail date. NOTE: Not all destinations offer accessible shore excursions

How can I book shore excursions in advance via the Internet?

You can purchase your shore excursions online by visiting our website, www.celebrity.com at any time. To pre-book an excursion, you will need your cruise reservation number (obtained from your travel agent or reservation agent), ship name, and sailing date. Once you have completed your purchase, an immediate recap of the selected tours will be provided along with a final e-mail confirmation when your credit card purchase is approved. Your purchased tour ticket(s) will be delivered to you in your cabin. Kindly note that you have up to 4 days prior to your sail date to purchase your shore excursions online. Once within the 4-day sail date deadline, the booking system is closed and tours are no longer available for pre-booking. From this point, all guests must book their excursions on board the vessel on a first-come, first-serve basis. Your stateroom attendant will deliver your purchased ticket(s) to your cabin on the evening of embarkation. If you do not receive your tickets in your stateroom, please inquire at the Shore Excursion Office as soon as possible.

What is a Tender Port of Call?

There are some ports where the ship remains at anchor. Either the ship's boats (tenders) or local boats will be used to transport you back and forth between the ship and shore. Tender ports are indicated on the itinerary pages.

What do Shore Excursions include?

Shore Excursions include transportation according to the itinerary, meals, refreshments, guides, and entrance fees as indicated. Fares for Shore Excursions are subject to change without notice. All prices quoted are based on tariffs and exchange rates current at the time of printing, and are subject to increase with or without previous notice consequent upon any increase in the basic tariff and/or exchange fluctuations, which may accrue prior to commencement of the tours.

Prices of shore excursions are quoted per person and generally include available local transportation, ranging from coaches, taxis, limousines, and boats. Meals and local taxes are included where specified. Where tours are operated by car, 2 to 3 persons are allocated to each vehicle. Prices do not include any expenses incurred in returning to the ship should it be elected to leave the group before the tour is completed.

When and where do Shore Excursions depart?

Most tours will meet in a lounge on board the ship prior to departing. When the ship is at anchor, staff will be on hand to assist you to the departure point.

Timings have been established according to information received from the local tour operators but are subject to alterations should the vessels arrival time at the port be delayed or circumstances arise whereby the itinerary for a particular excursion must, necessarily, be amended. Guests should be mindful of the fact that at ports where the ship lies at anchor, the afternoon excursions commence from the dockside, not the ship. Guests should, therefore, allow at least 30 minutes for the tender ride to shore.

When booking more than one tour in a day, please allow at least 60 minutes between the return of the first tour and the departure of the second tour.

Tour departure times may vary from those listed on the order form, especially in ports where the ship must tender guests ashore. Please check your tour tickets for the time and location of departure. No announcements for the tours will be made on board the ship.

Is it possible to miss the Ship?

All guests are required to be back aboard ship no later than 30 minutes prior to the scheduled departure time, which is listed in the Daily Program and posted at the gangway. The scheduling of all Shore Excursions conforms to this requirement. If you leave a tour en route; however, it will be your responsibility to secure transportation and return to the pier on time. If for any reason a ships excursion is delayed, the ship will be notified and await the tours return.

What type of transportation is used for Shore Excursions?

Standards of transport vary considerably; however, Shore Excursions utilize the best quality transportation possible in each port. Air-conditioned vehicles are not always available nor do all tour buses have restroom facilities on board. Please note that some countries have local restrictions and/or zoning laws that prohibit the use of the on board facilities and prohibit the idling of engines while parked at the various venues. The air-conditioning systems may not be to North American standards. Please also bear in mind that cars, taxis or mini-buses may be used in some ports where coaches are not available or are limited.

What if I wish to take the same coach as my family or friends?

Guests wishing to travel with friends should proceed to the point of departure as indicated on your shore excursion tickets, as this will help the tour staff to allocate space in the same vehicle.

What if I wish to tour on my own?

Guests who do not join these prearranged shore excursions must, therefore, rely on whatever transportation equipment might be available, and they are advised that the drivers are not under supervision. Such drivers may not be informed of the sailing hour of the ship and it is not certain that they will follow routes that are more desirable. In addition, considering the limited transportation facilities in some ports, relief cars may not be obtainable in case of breakdowns along the road. Tours are the best way of seeing the country during a stay at a cruise port of call and they have been arranged so the guests see as much of interest as possible.

Will I have time to shop?

Whenever possible, shopping time has been allocated within the framework of the excursions. However, tours are not designed for shopping and time is limited.

How do I pay for Shore Excursions on board?

The only way to pay for Shore Excursions on board is through your shipboard credit system for which you sign up after boarding the ship.

*Children's tickets are available on some tours for guests aged 4 years to 12 years (inclusive). Guests aged 13 and over will be charged the adult price. A parent or guardian must accompany guests under 18 years of age. Infants 3 years and under will be carried free of charge, subject to them not occupying a seat.

Prices included herein are subject to change at any time and may vary by sailing. We suggest booking your excursions at www.celebrity.com for current prices.

How strenuous are the Shore Excursions in each port of call?

Most of the cities you will be visiting during your cruise vacation were built without regard for the modern conveniences and freedoms we may take for granted today. They offer quaint, narrow, cobblestone streets, and large bustling walkways that have been in existence long before the advent of motorized transportation. To preserve their antiquity, many cities and old towns are pedestrian-only, and may not be conveniently accessible for guests with mobility impairments. All of the Shore Excursions require some degree of mild, moderate, or strenuous walking. Likewise, venues that have grand entryways, multiple stories, and sprawling gardens, make stair-climbing a necessity. To assist our guests, we have rated each Shore Excursion within this brochure by the amount of walking and stair climbing needed to fully participate in the excursion as indicated by the tour description.

The Shore Excursions presented in this brochure require the guests to use a coach or other forms of transfer which will require you to step up 2 to 3 steps, approximately 10 inches high each. Most (but not all) coaches used can accommodate collapsible wheelchairs to be stored in the luggage compartment underneath the coach. However, it should be noted that escorts, drivers, guides, and shipboard staff are not obliged to lift guests into the vehicles. Lift-vans and/or coaches are not available in all ports of call. Tendering may preclude guests in wheelchairs from going ashore at certain ports of call. For tendering procedures, guests with special needs should contact our Access department at special_needs@rccl.com or by calling (866)592-7225.

Due to the various celebrations taking place during the year, kindly note that certain circumstances may arise where the tour content or itinerary may have to be altered without prior notice. This is beyond the control of either the local tour operator or Celebrity Cruises Inc.

Please note there are certain excursions that for safety reasons, age, weight, and/or height restrictions apply. The individual vendors impose these restrictions and Celebrity Cruises must comply accordingly.

Guests wishing activity type tours (i.e. biking, kayaking, hiking, etc.) should be in excellent health and make themselves aware of the physical, age, and fitness requirements before making a value judgment as to whether or not to participate. Any guest with limitations, who are pregnant, who have had recent surgery, or are taking prescription drugs, should check with the excursion office before booking any activity type tours.

By booking the excursion, you are also confirming that you and your party are in good physical and mental condition and have no history of seizures, dizziness, fainting, heart conditions or respiratory problems. You also confirm that no one is taking medicine that carries a warning about impairment of physical or mental abilities.

For the comfort of all our guests, smoking is not permitted aboard any sightseeing vehicle or transport. Kindly note the below symbols act only as a guideline and guests must make their own judgment regarding participating in tours.

Additional Information

>GUIDE SERVICES AND TRANSPORTATION EQUIPMENT: In certain interesting but off the beaten track places, professional guides are at a premium. The best available and obtainable guides of competence are engaged. It is exceptional for drivers of public hire vehicles to speak any language but their own. Transportation equipment used for the shore excursions is the best available in the ports of call. In some ports, it is not possible to obtain buses or taxis equipped with air conditioning or bus or taxis with air conditioning that meets North American standards.

When choosing a tour, please keep in mind that you are a visitor in a foreign country; some luxuries to which you are accustomed may not be available. To get the most out of your excursion, please notice, feel, experience, and enjoy the local cultures, conditions, and customs.

With the popularity of some ports of call, the excursion itineraries and order of the actual tour may be changed at the discretion of the local operator, with or without notice, in order to give the best service possible under the prevailing local conditions.

ENTRANCE FEES: Entrance fees to all museums and sites are included in the price of the respective shore excursions unless otherwise stated. Occasionally, a small extra charge is levied if photographs are taken, and this is not included.

NIGHT EXCURSIONS vary throughout the worlds cruise ports. Many hotels have international-type acts, others national dances or folklore shows. Some ports are renowned for nightlife while others are more conservative. We aim to take you to the most generally accepted shows, but do not expect to find Paris standards at every port of call. Check the charges before ordering extra refreshments, photographing, or recording.

WITHDRAWAL OF TOURS: The right is reserved to withdraw any tour, to limit membership in any tour, or to make alterations in the operation of any tour, which may be deemed advisable for the safety or convenience of guests.

ITINERARIES are expected to be operated as described in the brochure but the right is reserved to change or omit a place to be visited or the sequence of the tour, in accordance with conditions or circumstances prevailing at the time of tours, with or without previous notice, bearing in mind the convenience and best interest and safety of guests. LH12 D-Day Beaches & Bayeux Tapestry 	
Prices: Adult 208.00 / Child 174.00 USD	Duration: 11 hr(s)
Restrictions: N/A	Departure Times: 8:15 am

Leaving Le Havre, you will drive through the Norman Landscape to go to the city of Bayeux capital of the region of Normandy called Bessin, with a 20 hundred years history. It was the first French town to be liberated after D Day, and was fortunate not to have been damaged during the war. The town has been miraculously preserved through all these years and offers to visitors the charm of its old streets bordered by typical timber framed houses.

There you will admire the world famous Tapestry of Bayeux: known as Queen Mathilda's tapestry, it is in fact an embroidery on a 70 meters (230 feet) long linen cloth. It narrates the causes and the beginning of the conquest of England by William the Conqueror, Duke of Normandy, who became King of England after the battle of Hastings in 1066. The tapestry is considered as one of the most accurate and lively document to survive from the middle ages and provides detailed information on the clothes, ships , arms and general lifestyle during this period.

You will then have some time to discover the old town on your own, before enjoying your meal in a local restaurant.

After lunch, you will drive to the Landing Beaches for an afternoon of remembrance: At 9.15 pm on June 5th, the BBC announced to the French Resistance that the landing was imminent, signaling to the underground to start dynamiting the railways. By midnight, Allied planes had begun bombing the Normandy Coast and by 1.30 am, June 6th, members of the 101st Airborne were parachuting onto German-occupied French soil. The "longest day," also called D DAY - June 6, 1944 had started. The day soldiers, sailors, warship, landing craft, tugboats, and jeeps that had been assembled along the southern coast of England set out for the Normandy Coast, for the landing on the beaches of Juno, Gold, Sword, Utah, and Omaha.

Your tour will start at Omaha Beach, where the American troops suffered heavy casualties in one of the most costly of the D Day Battles. The austere and desolate appearance of the eastern part of the beach makes the invasion scenes easy to imagine, even today.

Then you will then visit the huge American Cemetery of Colleville, overlooking Omaha Beach, it contains 9,387 perfectly aligned white crosses, on a 170 acre plot.

Then, driving along the beaches to Arromanches, a modest seaside resort which owes its fame to the remains of a Mulberry harbour. Our next stop is in Longues Sur Mer, to see the only German artillery battery to have kept its guns, giving an impressive picture of what the Atlantic Wall gun emplacement was really like.

Note: Participation on this tour is extremely limited. Guests must be able to walk approximately 1.5 miles over uneven cobblestone surfaces, loose gravel and 10 to 15 steps. Time permitting, guests will have approximately 30 minutes at leisure while in Bayeux.

Full Description:

Begin your half-day tour with a guided panoramic ride from the pier through Vigo. Drive through Vigo, a city that expanded greatly during the last century due to the importance of its active commercial port. Vigo has been a major Spanish port for centuries and it is where great Spanish galleons returned from the New World loaded with treasure and riches. Enjoy spectacular views from the coach as you pass the Cies Islands, declared a National Park. Standing amidst the forest and leisure areas are the remains of the hill-forts that constituted the early settlement. Continue along the coastline marshes of southern Galicia to Bayona La Real, one of the most important fishing towns on the coast. After Columbus' first voyage of discovery to the Americas in March 1493, Bayona was the town where the boat "Pinta" eventually returned. See the Romanesque Collegiate Church, built in the 13th century and a collegiate church from 1482 to 1850. Witness the marvelous Romanesque rose window above the main façade. In 1841, several different style crosses formerly placed around the village were moved to the portico. Visit the Monterreal palace best known as Parador Baiona, which occupies the whole of its own small, fortified peninsula - "Monte Real." At the conclusion of your time in Bayona La Real, return by bus to Vigo and the pier.

VG40 Vigo Gardens Tour 	
Prices: Adult 56.00 / Child 29.75 USD	Duration: 4 hr(s)
Restrictions: N/A	Departure Times: 12:45 pm

This tour shows the beauty of the Galicia’s Southern Estuaries. Begin your exploration of Vigo with a panoramic drive along. Your coach will continue its drive to the Soutomaioir Castle to visit its gardens. Located south and slightly inland from Pontevedra City, the magnificent Soutomaioir Castle is about a 30-minute drive, enjoying a scenic route that takes you through a large number of villages, the largest of which is Vilaboa. You will start your ascent of the hills, but there are no steep slopes or sheer cliffs and the journey is very enjoyable with the castle frequently in view as you draw near to the destination. The Soutomaioir Castle is without a doubt one of the best of the many castles you'll visit in Galicia and gets the highest score on each level. If there was a castle you had to choose to visit in Galicia, that should be the Soutomaioir Castle. The gardens are very pleasant to stroll within and contain a large number of unusual horticultural species.

Your coach continues the drive to Quinones de Leon Palace for a visit of the gardens. The English garden is known as "Meadow of Tea" as the original British owners had tea there at the lowest level of the gardens. The garden has numerous varieties of ornamental and exotic plants. Species are observed as the French CAMELIO garden, whose age is around two hundred years, the exotic tulip from Virginia and old magnolias on the prairie among which is the largest in Galicia. You will end with a panoramic tour passing Samil Beach and Bouzas Quarter.

VG42 Galician Wine Appreciation   	
Prices: Adult 66.00 / Child 38.75 USD	Duration: 4 hr(s) 45 min(s)
Restrictions: N/A	Departure Times: 12:30 pm

The Agro de Bazan Winery produces quality wines with the Albarino Grape, an aromatic, long-standing grape native of the Salnes Valley. Weather conditions in the Rias Baixas (Lower Inlets) are generally cool, windy, and rainy. Notably, Albarino grapes develop thick skins, contributing to their intense aromas. Typically, wines made from Albarino grapes are very aromatic, often described as having scents of almonds or almond paste, apples, peaches, citrus, and flowers or grass.

The Gran Bazan Cellar is a result of a strong entrepreneurial project created to lead an elitist grape and wine-growing project in the smallholdings of Galicia years ago. These cellars have had an active and strong contribution to the most relevant agro-industrial revolution in the history of Galicia, taking the Rias Baixas wines to the top ranks, amongst the best wines in the world. This has been accomplished thanks to, amongst other factors, their team of technological-enologists, the development of the cold maceration process, making two types of wines according to the process and quality selection, making the first Albarino wine matured in French oak barrels. The former, Pazo de BazAn, was an ancestral mansion built in the 17th Century; it is located on the green landscapes of the Rias Baixas, on the Ria de Arousa. The Gallegan Coast is dotted with leafy pine trees, beaches and numerous country houses.

The Parador is in the center of the small village of Cambados, only a short distance from the Isla de la Toxa. The Parador was built by order of the local parish priest, Pedro BazAn Torres, a distant relative of Emilia Pardo BazAn, the Countess immortalized through her literary talents. Cambados has been declared a Historic-Artistic District, and is considered a Property of Cultural Interest. Once greeted at the Parador, you will have another wine tasting of local wines before free time (approximately 1 hour) is given prior to your return to Vigo.

Note: Guests must be able to walk approximately 0.75 mile (roughly 1.5 hours) over even and cobblestone surfaces with some steps at the cellars. Comfortable walking shoes are recommended. Tour order may vary between groups to avoid congestion at the sites. The drive to/from the port is approximately 1 hour each way, dependent upon traffic conditions. Guests must be 18 years old to participate in the wine tasting portion of the tour. Photo ID may be requested.

VG69 Combarro & Pazo Capitana Cellars 	
Prices: Adult 59.00 / Child 59.00 USD	Duration: 5 hr(s)
Restrictions: Minimum Age: 18	Departure Times: 12:30 pm

Embark for a delightful wine tour in Galicia. Travel to Combarro where your guide will give a brief explanation about the culture, history and monuments of the town in a walking tour. Combarro is a small and picturesque fishing village, declared ethnographic monument and Artistic-Historic Village for its original symbiosis between the land and the sea. Once there, take in its more than 30 stonecutting hórreos; aligned on the granite-like base that gives form to the coast.

Besides the hórreos, see numerous “cruceiros” located in specific places and crossroad, as it is the Galician belief of protection for these architectonic elements. The town of Combarro is considered one of the most interesting old quarters of Galicia and that is worth the trouble to visit in Ria Baixas.

Enjoy some free time for shopping, before continuing to a local winery, Pazo Capitana cellars. Pazo Capitana is located at the town of Cambados, within a beautiful building which dates back to the early 15th century, surrounded by vineyards. It is named after Doña Sofía Pérez Charlín, the last descendant of the well-known captain Severo Pérez Cardecid, who was born in this very Pazo in 1808.

The most traditional procedures are combined with the most advanced ones in this ancient and traditional vineyard, in order to obtain excellent Albariño wines. Particularly, a wine known as Espadeiro, is highly appreciated for its quality and uncommonness. There is no other better place to taste it, indeed.

The Pazo has four centennial winepresses. This gives visitors an idea of the dimensions of one of the largest wine elaborating centers in Valle de O Salnés. Currently, one of the four winepresses is still operational. Autochthonous wines are pressed in it, while Albariño wines are processed utilizing modern technologies. At the conclusion, the tour will depart back to the pier

Note: Guests must be able to walk approximately 1.25 miles over interior tile, cobblestone and paved paths. This tour is not recommended for guests with limited mobility.

Full Description:

Begin your half-day guided journey by bus from Vigo to Santiago de Compostela, the second Catholic pilgrimage site after Rome. According to legend, the remains of its namesake, the Apostle Saint James, were found and are buried here. Santiago de Compostela is the final destination of the legendary Way of Saint James medieval pilgrimage, and a UNESCO World Heritage Site.

Santiago has one of the largest numbers of monuments in Spain and a particular architectural style all its own. Its fantastic monuments attract visitors from around the world. Between its historical walls is a youthful ambience due to the large student population and one of Spain's most famous universities. The region's cuisine enjoys a national reputation and it is said that nowhere can you eat better seafood than in Galicia. As one of the great cultural centers of the continent, the small town of Santiago holds big surprises for its visitors.

Along your ride into Santiago, your guide will impart some of the region's history; a perfect prelude to the sights that await you in the town. Upon arrival in Santiago, proceed with your guide past the Obradoiro façade of the cathedral's exterior, the work of Fernando de Casa y Novoa, considered one of the greatest expressions of the Spanish Baroque period. The cathedral is a convergence of Romanesque, Gothic and Baroque architectural styles. Proceed to the cathedral's interior for discovery and commentary on the history of Saint James. The main entrance, Portico de la Gloria, was constructed by Maestro Mateo in 1188. It houses hundreds of figures representing the Apocalypse and a column featuring the figure of St. James the Apostle appears to welcome the pilgrims from the Mullion. Construction of the Cathedral of Santiago began in 1075 when it is believed that the body of the Apostle was discovered in the early IX century. The Baroque style main altar contains the crypt of the Apostle St. James and the silver urn containing his ashes.

At the conclusion of the visit to the cathedral, proceed to Hostal de Los Reyes Católicos, a 17th century building declared a national monument. Resume your guided walking tour through the quiet streets and picturesque squares of Santiago passing the Plaza del Obradoiro and Palacio Rajoy, an enormous and elegant neoclassic building housing the Presidency of the Xunta of Galicia and the Compostelano City Council. Follow your guide to the bus, waiting to return you through the impressive Galician landscape before arriving to Vigo and the ship.

EP17 Panoramic Oporto & Wine Tasting

Prices: Adult 39.75 / Child 29.75 USD	Duration: 3 hr(s)
Restrictions: Minimum Age: 18	Departure Times: 2:00 pm

Oporto lies near the Douro River's mouth and is Portugal's second largest city. Explore its sights from the comfort of a motorcoach

with minimal walking required. Your tour begins with a panoramic drive through several of Oporto's central city landmarks, before pausing at the 12th-century Romanesque-styled Oporto Cathedral for photos. Although somewhat faded with time, the Ribeira Quarter is renowned for its brightly tiled and pastel-painted facades.

The tour will continue by crossing the D. Luís Bridge and heading south toward Vila Nova de Gaia to visit one of the most well-known wine cellars of the region. The origins of port wine go back to the 17th century, when British merchants, keen to foster trade with Portugal, fortified Douro wine with brandy to avoid spoilage during transit. At the conclusion of a wine tasting, there will be limited free time before returning to the ship.
