TECHNICAL REQUIREMENTS

Video Footage:

- Must be embedded.
- If the embedded video requires sound, please advise prior to testing (additional AV equipment may be necessary)

Don't Forget to Bring:

- Another copy of your presentation on a USB!
- Laptop power supply
- All required cables

Technical Rehearsal:

- Technical rehearsals are mandatory
- Technical rehearsals can be scheduled between 8.00am and 9.30am on a weekday only

Delivery Date:

- All presentations must be tested 5 working days prior to your booking
- The presentation being tested must be the finished product

Please Note:

- Our technical managers are savvy in our equipment, not yours, please ensure that you are using a laptop and program that you are familiar with

Out of season

Alternate content films

If you are the rights holder to the film:

- Please deliver a copy of the film to the cinema where your event is being held
- Content must be supplied in DCP format on a USB or Hard Drive 7 working in advance
- If you are running anything in addition to the agreed content (i.e. advertisement, holding slide, short film) it should all be supplied at the same time on one device.

If you are not the rights holder: please advise of the selected film and we will contact the distributor on your behalf. Sourcing a previous title is subject to availability of the film in DCP format from the film's distributor. Film distributors generally won't approve a film screening that is less than \$800.00 in cinema hire. A \$330.00 alternate content fee is charged for freight costs from the film distributor.

Are you supplying your own film content, screen add or holding slide? Don't Forget to:

- Save your content with a clear file name (date, group name, clearly labelled)

Technical Rehearsals

Technical Rehearsals are strongly recommended. They run for 15 to 30 minutes, and can be conducted one of two ways:

1. Deliver the film to the cinema so that testing can take place at a time convenient to the Technical Manager.
2. If you wish to be on site for the rehearsal then a time will need to be scheduled with a Technical Manager, and can only occur outside of regular screening hours. Technical rehearsals can be scheduled between 8.00am and 9.30am on a weekday only. [Fee: \$85.00 p/hour]

IMPORTANT: Rehearsals must occur strictly no later than 3 - 5 working days prior to your function. They cannot take place on the day of the booking. Please co-ordinate with either your Event coordinator or the Cinema Manager for a suitable time.

Converting your content to DCP

IMPORTANT: All on screen content must be supplied in DCP [Digital Cinema Package] by a reputable commercial provider. We recommend obtaining a quote as early as possible from one of the following suppliers:

JORR Integrated Film & Television Solution

E: rodneymbolt@jorr.com.au
Ph: 03 9509 6648
W: <http://www.jorr.com.au/>

Felix Hubble

E: felix.hubble@febn.com.au

DCP Conversion will be an additional cost payable to the company you chose to use and based on the quote supplied by one of the listed providers.

Digital Server & Format Specifications

Palace Cinemas uses the following projection equipment:

- Servers: Doremi DCP-2000 and ShowVault
- Projectors: Barco DP2K series and Christie CP2000-2220 & 2210 series digital projectors

DCP Content needs to be delivered on a USB or Hard Drive. Please note the following formatting requirements:

- The drive must be formatted in EXT2, EXT3 or NTFS
- The drive formatting must have an inode size no greater than 128
- The DCP cannot be contained in directories or files that have their filename end in a . character (full stop) although this is manually correctable. Please give your file an easily identifiable name.
- The drive must have a clean journal (must be dismantled correctly before being sent off, although this is correctable by insertion into a linux-based player to replay the journal).
- * Picture Frame Rate must be 24 fps
- Ratios: Widescreen aspect ratio is 1998 x 1080 [1:85:1] Scope format is 1080p (2048 x 1080) Picture Frame Rate must be 24 fps. Some locations can also accommodate 25 fps, please advise if your file is 25 fps so we can check with your chosen location.
- Audio: For best audio results please master in 6 track (5.1) depending on your source audio, 2-track is also available, and mastered at 48kHz.

FAQ

FREQUENTLY ASKED QUESTIONS

Why do I need to sign the terms and conditions?

When you're happy to proceed, the signed T&Cs lock in the booking for you. Until then, all booking requests are subject to availability.

What if I need extra time on the night, can you start the film later than stated on the confirmation?

We will always do our best to accommodate our clients requests, however this may be tricky as we usually program in another public session following all events which may or may not allow enough time. Additional fees will apply.

What if I need to cancel?

We understand things may change, please speak directly to your event coordinator to work out best solution. We do not offer refunds.

Can I supply my own catering?

All catering is to be ordered through Palace Cinemas. If the Client has a sponsored product or would like to use external catering please discuss this with the Event Manager. Please note that a corkage fee will apply.

Can I supply my own alcohol?

Groups cannot supply their own alcohol at Palace Electric. Our liquor license also does not extend beyond our premises and therefore you are not permitted to take home any alcohol that is not consumed at the function.

Are the seats allocated for my event?

Seating is not allocated for cinema hire/private screening events. However, if needed, Palace can provide printed tickets with seating allocations for the allocated cinema. Group bookings all have allocated seating.
