WARNING:

People with very sensitive skin may notice some irritation after wearing the **Blue's Clues & You!**TM **Learning Watch** for extended periods of time. The skin may become irritated when moisture, sweat, soap, or other irritants get trapped under the wristband and are left in contact with the skin. To prevent this, we suggest children remove the watch before going to bed for the night, take the watch off if it's feeling uncomfortable, and keep their wrist and the band clean and dry.

In addition, wearing the watch too tightly may also cause irritation. Make sure the fit is good - tight enough so the watch stays in place but not so tight that it's uncomfortable. If you notice any redness, swelling, or other irritation, you may want to consult a doctor before wearing the watch again.

PRÉCAUTIONS D'UTILISATION :

Comme avec d'autres objets portés près du corps de manière prolongée, la montre interactive pourrait éventuellement provoquer une irritation. L'humidité, la transpiration, l'eau savonnée ou d'autres agents irritants peuvent s'incruster sous le bracelet et rester en contact avec la peau.

En prévention, nous recommandons fortement aux enfants de ne pas porter la montre pendant la nuit, de l'enlever dès le moindre signe d'irritation, et de garder le bracelet sec et propre. Par ailleurs, vérifiez que le bracelet de votre enfant ne soit ni trop serré, ni trop lâche. Si vous observez des rougeurs, gonflements ou autre irritation, veuillez consulter un médecin avant de remettre la montre.
