

UNILOCK®

**CONTRACTOR
ADVANTAGE**

PARTNERSHIP ADVANTAGE

Working with Unilock® means you'll be partnered with the industry's **most knowledgeable** people. Unilock is committed to assisting you to achieve better results on your jobs and your bottom line.

YOUR UNILOCK TEAM IS COMMITTED TO PROVIDING:

- | Personalized on-site training and support
- | On-demand customer service support and issue resolution
- | Product support and specifications
- | Installation advice and best practices
- | Productivity tips that can increase the efficiency of your crews
- | Product specific troubleshooting
- | Coordinating on-time delivery of high quality products
- | Resources to help homeowners with product selections
- | A wide selection of products with leading edge designs that will set your projects apart
- | High quality products that stand the test of time and are Guaranteed for Life. *(See page 4)*

A dedicated Unilock Territory Manager is only a phone call away.

SKILLS DEVELOPMENT

Are you new to hardscaping or is this the first time using some of our products? Unilock® has gained a wealth of knowledge from working with skilled paving stone contractors for over 40 years – longer than any other concrete paver manufacturer in North America.

Build your current business with:

- | Hands-on training seminars
- | Online installation information and videos
- | Online training courses at UTEC Online
- | Personalized on-site consultations

Here are just a few of the things you can learn from Unilock professionals:

- | Paver installation procedures and best practices
- | Permeable paver installation
- | Retaining wall installation
- | Fireplace construction
- | 3D rendering with Uvision® 3D Landscape Creator

Connect with the industry's most knowledgeable experts.

QUALITY ASSURED

Unilock manufacturing teams have an unrelenting commitment to shipping only top quality products.

Unilock Products are:

- | Tested carefully from raw materials to finished product
- | Tested hourly for product density
- | Designed to meet all dimensional tolerances
- | Inspected by dedicated quality control staff
- | Above industry-quality standards (ASTM & CSA)
- | Durable and slip-resistant
- | Made with colorfast pigments
- | Resistant to salt erosion and chlorine
- | Designed to tolerate oil or gas spills

Transferable Lifetime Guarantee

Unilock® provides a Transferable Lifetime Guarantee on the structural integrity of our paving stones, slabs and retaining wall units for residential use. Any materials installed and maintained to our guidelines, and subject to normal wear, that prove defective, will be replaced without cost. Color matching cannot be guaranteed and replacement labor is not included.

ENDURACOLOR™

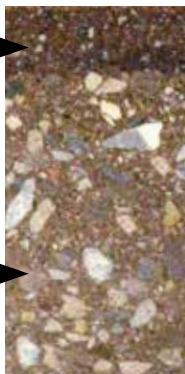

ENDURING COLOR

Concentrated color and special wear-resistant materials

UNITED WITH

STRENGTH

Coarser foundation that gives the stone its strength

EnduraColor products deliver durability through a perfect union: **long-lasting color united with permanent strength.**

The top portion of each stone is engineered with concentrated color and special wear-resistant materials. This is permanently united with the stone's base - a sturdier, coarser foundation designed for remarkable strength.

ENDURACOLOR™

PLUS ARCHITECTURAL FINISHES

WHAT IS THE 'PLUS' IN ENDURACOLOR PLUS?

A complex blend of nature's highest performing minerals are combined to create ultra-realistic surface textures that are exceptionally durable.

ENDURACOLOR PLUS TORTURE TEST

When immersed in a bath of **muriatic acid** for 5 minutes, the surface of a standard paver deteriorates while EnduraColor Plus remains as beautiful as ever.

PROPRIETARY UNILOCK® TECHNOLOGIES

EXTRA STRENGTH

Ultima™ Concrete Technology

A proprietary manufacturing process that creates pavers and walls with up to four times the strength of poured concrete.

THE LOOK OF GRANITE

ColorFusion™ Technology

A proprietary technology that disperses color randomly to achieve the look of natural granite.

NATURAL STONE TEXTURE

Reala™ Technology

Ultra realistic textures are cast from natural stone, brick and historic cobblestones.

STAIN RESISTANCE

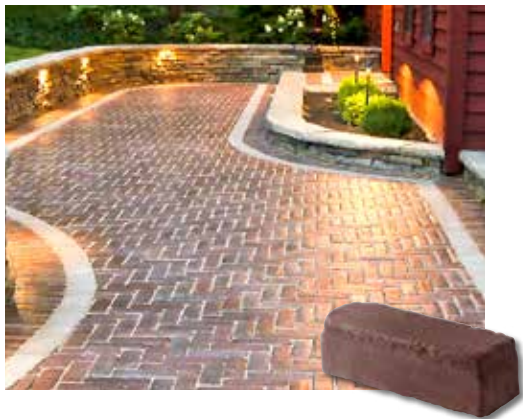

EasyClean™ Stain Resistance

An integral surface protection that allows for easier clean up of spills when they happen, before a stain can develop.

There are two Clean Factors (CF) to choose from:*

CLEAN FACTORS (CF)	CF 90	CF 100
Pavers are pre-sealed at the factory	*	*
Enhanced resistance to weathering	*	*
Reduced dirt absorption	*	**
Stains from leaves, coffee, ketchup, mustard, wine and BBQ oils are easier to remove	*	**

COPTHORNE®

Reminiscent of the brick pavers used in old European cities, towns and villages, Copthorne is crafted using a special forming process; each piece is uniquely altered, yet the dimensions are consistent for easy, efficient installation.

ENDURACOLOR™
PLUS ARCHITECTURAL FINISHES

REALA™ TECHNOLOGY
ULTIMA™ CONCRETE TECHNOLOGY

COURTSTONE®

Bring a sense of old-world Europe to your design with Courtstone. The unsurpassed strength and realistic texture create an everlasting product which is ideal for driveways and accents.

ENDURACOLOR™
PLUS ARCHITECTURAL FINISHES

REALA™ TECHNOLOGY
ULTIMA™ CONCRETE TECHNOLOGY

RICHCLIFF®

Realistic embossed surface texture is cast from hundreds of natural stone surface textures to ensure a random natural appearance and it is up to four times stronger than ordinary poured concrete.

ENDURACOLOR™
PLUS ARCHITECTURAL FINISHES

REALA™ TECHNOLOGY
ULTIMA™ CONCRETE TECHNOLOGY

SENZO™

The unique colors and large format make Senzo well-suited to contemporary designs, while the 8" x 8" works well as an accent. The non-slip, stain-resistant surface is an excellent choice for driveways, outdoor kitchens, patios, pool decks and more.

ENDURACOLOR™
PLUS ARCHITECTURAL FINISHES

EASYSLEAK™ STAIN RESISTANCE - CF 100

SERIES 3000®

A sophisticated paver with a high-performance surface made from a combination of granite and quartz aggregates. Perfect for residential or commercial driveways, walkways and patios.

ENDURACOLOR™
PLUS ARCHITECTURAL FINISHES

TOWN HALL®

With more substantial proportions than Copthorne®, Town Hall is cast from original brick street pavers and offers a distressed, time-worn appearance. Town Hall has been designed to satisfy both traditional and permeable installation methods.

ENDURACOLOR™
PLUS ARCHITECTURAL FINISHES

REALA™ TECHNOLOGY
ULTIMA™ CONCRETE TECHNOLOGY

TRIBECA COBBLE

Tribeca Cobble pavers have the look of the beautiful imported granite cobble stones used in North America's streets for centuries. A natural cobble appearance and dimensional accuracy make Tribeca an excellent choice for your project.

ENDURACOLOR™
PLUS ARCHITECTURAL FINISHES

UMBRIANO®

The random dispersion of color and granite particles creates the beauty of Umbriano's unique mottled surface, which resembles the appearance of natural granite. The non-slip, stain-resistant surface is an ideal selection for many applications.

ENDURACOLOR™
PLUS ARCHITECTURAL FINISHES

EASYCLEAN™ STAIN RESISTANCE - CF 90
COLORFUSION™ TECHNOLOGY

PREMIUM QUALITY NATURAL STONE

The Unilock® commitment to quality and lifetime guarantee, now extends to an impressive array of premium Natural Stone from Europe and Asia. Natural Stone from Unilock features low water absorption, excellent freeze-thaw durability and flexural strength. Precisely cut and calibrated, the stone's natural beauty is enhanced with a variety of surface treatments.

LINEO™ DIMENSIONAL STONE

Contemporary and sleek lines with a linear multi-length plank look. Ideal for garden walls, pillars and other outdoor vertical elements, Lineo Dimensional Stone offers up modern design and exceptional flexibility.

RIVERCREST® WALL

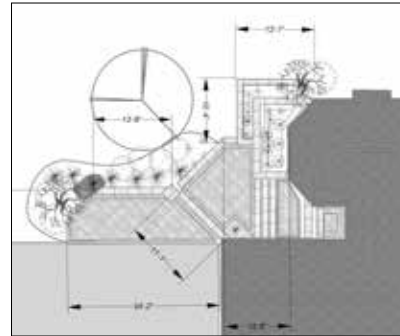

Stacked flagstone has been used for centuries for small garden walls and pillars. With the award-winning Rivercrest Wall, you get the character and flexibility of natural stone combined with the durability and affordability of concrete.

OUR COMMITMENT

Unilock® introduces paving stones to North America.

1972

Our first Contractor Training Seminar - Contractor training has always been a core focus and at the foundation of our success.

Lockstone® - First heavy-duty industrial paver developed for mechanical installation.

1983

Classico® - The first circle paver system in North America. It ushered in a new era of creativity by offering the ability to create free flowing curvilinear designs.

The Authorized Contractor Program is established to qualify contractors and provide homeowners with assurance.

1986

Uni Eco-Stone® - First heavy-duty permeable paver developed for mechanical installation.

Pisa2® - Unilock begins large scale manufacturing of the most flexible modular retaining wall system in the market.

1989

First Awards of Excellence Evening.

1991

Brussels Block® and Brussels Dimensional Stone® - The first tumbled paver and wall systems in North America. These products revolutionized the paver and wall industry through innovation where concrete pavers were tumbled to closely resemble natural stone.

Series 3000® - First architectural paving system, for residential and commercial markets, combining select aggregates such as granite and marble into a variety of large format pavers.

1992

Elegance Series - Eurobeton alliances from Belgium help us to introduce the Elegance line of products, Courtstone®, Copthorne® and Richcliff® to North America.

1995

Il Campo® - Another technology import from the Stein + Design® group. It incorporated a unique surface texturing technology never used before in concrete pavers.

1997

2004

Rivenstone™ and Yorkstone™ - Developed through our European affiliations, these wet cast products were launched in our Chicago location and are now available company wide.

2005

Belpasso® - Featuring TitanTec™ is the first paver to prevent dirt, oil and gum from permanently staining the surface.

2007

2008

Avante Ashlar™ - This paver helped to create a new trend in faster installation, while offering outstanding aesthetics in a hybrid paver.

2009

2010

Keeping in step with linear and plank trends, Unilock introduced Promenade™ Plank Paver and Artline™ for that sleek modern look.

2012

Lineo - Sleek, modern, narrow profile landscape wall.

2014

Premium Natural Stone - an impressive line of ethically sourced premium natural stone from Europe and Asia.

2015

2016

2017

Umbriano® - Part of the Stein + Design® innovation pipeline. First product to combine patented ColorFusion™ process with EasyClean™ Technology.

Unilock Elements - First company to introduce pre-built modular units that took outdoor living to a new level.

Town Hall® - First Elegance permeable paver product replicating actual historical street pavers.

Rivercrest® Wall - First Elegance based wall system, incorporating real life textures and proprietary patented shear matrix for lockup and ease of installation.

Belmuro™ Wall - Belmuro is a landscape contemporary wall with a sleek modern feel.

Tribeca Cobble - The look of beautiful imported granite cobble stones.

WE'RE HERE TO HELP

RUNNING YOUR OWN BUSINESS CAN BE A CHALLENGE.

The most profitable projects are those that run smoothly and you can **count on us** to do our part. We've got experienced **in-field representatives** in your area who are ready to work with you and your crews one-on-one.

- ✓ On-site training for your crews
- ✓ Client sales support and samples
- ✓ 3D design tools and training
- ✓ Help finding new seasonal laborers
