www.lifewellpharma.com

We are a private global healthcare company with a special purpose:
excellence in innovation to develop world class brands.

We are a **fast growing Life Sciences company.** We aim to bring differentiated, high-quality and needed consumer healthcare products to as many people as possible, with our scientific and technical know-how and talented people.

Our core business is the development, the registration and distribution of niche prescription and nonprescription products, medical devices and new drug development programmes.

For further information please visit us at www.lifewellpharma.com

OUR FOOD SUPPLEMENTS FOR WOMEN'S AND MEN'S HEALTH

We have a leading medical prescription portfolio of products in Europe, compliant with the latest scientific evidence.

PRECONCEPTION

Contains the right balance of high-quality nutrients and vitamins needed to support the natural metabolic processes of normal fertility and reproduction

Technical Information

Actives:

- Quatrefolic® - Next generation bioactive folate
- Vitamins & Minerals

Posology:

- 1 single tablet per day

Regulatory:

- Food supplement

Presentation:

- 30 tablets in 3 blisters

PREGNANCY

Next generation supplementation
specifically developed for pregnancy

Technical Information

Actives:

- Quatrefolic® - Next generation bioactive folate
- Iron - Ginger - Vegetal DHA
- Vitamins & Minerals

Posology:

- 1 single capsule per day

Regulatory:

- Food supplement

Presentation:

- 30 softgel capsules in 3 blisters

LACTATION

New advanced supplementation
created to promote lactation

Technical Information

Actives:

- Quatrefolic® - Next generation bioactive folate
- Silymarin - Taurine
- Vitamins & Minerals

Posology:

- 2 capsules per day

Regulatory:

- Food supplement

Presentation:

- 60 capsules in 6 blisters

FEMALE HORMONAL DISORDERS & FERTILITY

Hormonal and metabolic disorders,
regulation of menstrual cycles and ovulation

Support of normal reproduction and female
fertility and ART procedures

- The selected ingredients have been shown to play a critical role in maintaining oocyte quality and supporting the biological processes involved in female fertility

Technical Information

Actives:

- Myo-Inositol
- D-Chiro-Inositol
- Quatrefolic® - Next generation bioactive folate
- Other active compounds

Posology:

- 4 capsules per day

Regulatory:

- Food supplement

Presentation:

- 60 capsules in 4 blisters

FERTILITY AND MALE REPRODUCTION

Developed specifically for the support of the normal spermatogenesis process, fertility and male reproduction

- The ingredients have been shown to play a critical role in sperm development and assurance of its quality and performance

Technical Information

Actives:

- Antioxidants
- Vitamins & Minerals

Posology:

- 2 capsules per day

Regulatory:

- Food supplement

Presentation:

- 60 capsules in 6 blisters

MENOPAUSE

A selection of specific assets for pre-menopause and climacteric symptoms

Non-hormonal formulation

Technical Information

Actives:

- Phospholipids
- Bioflavonoids
- Melatonin
- Antioxidants
- Vitamins & Minerals
- Quatrefolic® - Last generation bioactive folate

Posology:

- 1 capsule per day

Regulatory:

- Food supplement

Presentation:

- 30 soft capsules in 2 blisters

MENOPAUSE VAGINAL GEL

A selection of specific assets for pre-menopause and climacteric symptoms

Non-hormonal formulation

Technical Information

Actives:

- Lactic acid
- Hyaluronic acid

Posology:

- 1 application per day for 5 days
- Maintenance Dose:**
1 application 2x week

Regulatory:

- Medical Device

Presentation:

- 5 applicators of 5 ml

IRON FORTE

Iron supplementation with a natural glycoprotein with iron binding ability.
Against abdominal complaints.
Can be prescribed to pregnant and breastfeeding women.

Technical Information

Actives:

- Lactoferrin
- Iron

Posology:

- 1 capsule per day

Regulatory:

- Food supplement

Presentation:

- 20 hard capsules in 2 blisters

MAGNESIUM

Pregnancy | Muscular System

Nervous System | Bone Metabolism

Magnesium deficiency can have a strong impact on daily life, causing symptoms such as physical tiredness, muscle fatigue, cramps, muscle aches, loss of appetite, nausea, vomiting, and mood changes (irritability, nervousness, and depression).

Technical Information

Actives:

- Magnesium

Posology:

- 1 capsule per day

Regulatory:

- Food supplement

Presentation:

- 30 hard capsules in 3 blisters

PROSTATE HEALTH

- Prostate Health
- Anti-Inflammatory action

Technical Information

Actives:

- *Serenoa Repens*
- Zinc

Posology:

- 30 tablets

Regulatory:

- Food supplement

Presentation:

- 1 tablet per day

URINARY TRACT HEALTH

International reference pharmaceutical product for **urinary tract infections**

Technical Information

Actives:

- D-manose
- Cranpure®

Posology:

- 20 capsules

Regulatory:

- Food supplement

Presentation:

- 2 capsules per day
