AmeriColor COLOR CHART

Due to the limitations of the Internet, actual shades may vary.

The homemade Mint Accessories and colors are available YEAR-ROUND! Please ask about other mint molds available!

Soft Gel Paste™ is an effective coloring system

- It's consistent from batch to batch
- It has coloring strength superior to any other food color
- It will not separate or weep and does not harden
- The base ingredients allow the color to disperse immediately so you actually use less color
- It will color the more delicate non-dairy whipped icings and toppings without breaking them down

Why is Soft Gel Paste™ better than other colors?

Soft Gel Paste's™ superior formulation can withstand the harsh freeze/thaw cycle without colors bleeding.

Frozen cakes which are set out at room temperature will form condensation.

Soft Gel Paste™ will not run with the moisture like other food colors.

AmeriColor Blending Chart

Always mix colored icing to colored icing except when adding Bright White. Use Bright White directly from the bottle. Example: When blending the color of Periwinkle, mix the amount of icing that you are going to need with sky blue. This is your base color. Mix a small amount of violet icing. This is your complimentary color. Mix violet icing into sky blue icing until the desired shade of Periwinkle is achieved.

Satin Sheen: To add a satin sheen to your color, mix the color and then add Bright White directly from the bottle. Example: mix Violet Soft Gel Paste™ into icing, then mix in Bright White Soft Gel Paste. The icing will attain a satin sheen.

Always mix your colors at least an hour in advance because they deepen with time. Colors will vary depending on what type of icing or whipped topping you use. These blends were developed using a standard buttercream icing. It is suggested that your practice with a small amount of icing before using a whole batch. These blends we created specifically for AmeriColor Soft Gel Paste™.

Soft Gel Paste™ Cakes

Soft Gel Paste™ will color: *bread dough, cookie dough, cake batter, whipped toppings and icings, buttercream icing, royal icing, rolled fondant, gum paste, marzipan, compund coating and white chocolate (with addition of Flo-Coat).* Use your imagination! Soft Gel Paste™ will color just about anything you need to color!
