Sewing Machine Mat +Pockets

Thank you for downloading this pattern. I hope you will enjoy making one or many fabric baskets with it.

Before printing the pattern, make sure you selected "Print Actual Size" in your printer settings.

Materials needed:

- ✿ Fabric of your choice (quilting cotton works well)
 - About 80 x 115 cm/ 31.5" x 45.3" in total
- ✿ Batting
 - About 61 x 58 cm/ 24" x 23"
- ✿ Medium to heavy weight interfacing
 - About 32 x 58 cm/ 12.7" x 23"

Video instructions for this project can be found here: <https://youtu.be/k1XBTRF6dBc>

For more video Instructions visit my channel on YouTube: Sami Dolls

Instructions

Cut out:

- * 1x main piece from main and backing fabric and from batting
- * 1x pocket piece on fold from main fabric and heavyweight interfacing

I start by ironing the fusible interfacing to the back of the pocket piece.

... then I fold it in half and press it again.

Next I pin the batting to the back of the top part of the mat...

... and baste it to the main fabric around the outer edges.

Topstitch along the top edge of the folded over pocket piece and pin it to the top part of the mat (the one with the batting on the back side).

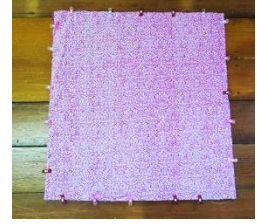

Baste the pocket piece to the outer edges of the top part of the mat, then sew a few vertical lines to make the pockets.

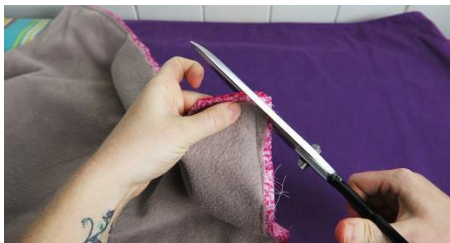

Next, put the bottom part of the mat piece on top of the top piece, right sides together, and pin it in place.

Sew the pieces together along the outer edges, leaving a 4" turning hole on the back edge.

This is the way I sewed the pieces together with the turning hole in the back.

Clip the corners and turn the fabric inside out through the turning hole.

Pin the outer edges of the mat and top stitch all the way around. This will also close the turning hole.

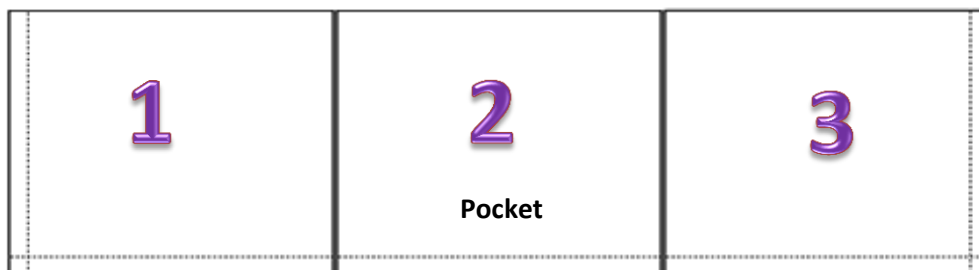

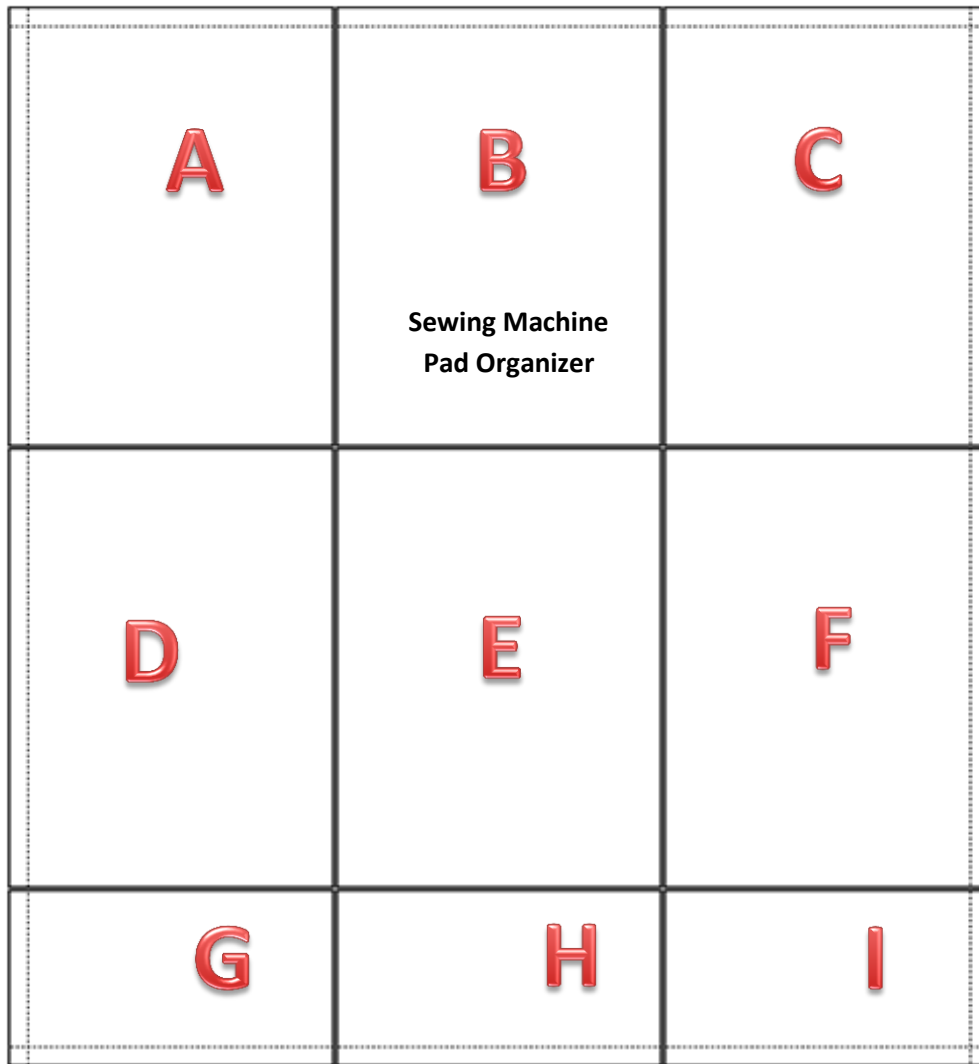

And then we are done!

I hope you enjoyed this little project 😊
