Kick start your career the PwC way

#MyWayUp

The PwC Graduate Programme is a journey which focuses on your development during your studies at University and prepares you for your #careeratPwC.

Every student knows how important training, coaching and exposure to work and the work environment is. The PwC Graduate Programme aims to distinctively give you exactly these elements. It is the result of years of experience in designing student development programmes and hundreds embarking on student programmes with the firm.

This programme seeks to develop you to your maximum potential. It is flexibly structured around your studies and gives you the opportunity to get involved in a wide range of technical training and team-based projects. It also allows you to gain professional experience in different areas of our business, in an innovative way.

If you are a bright, ambitious student who wants to excel at University and embark on an exciting accounting career that allows you to use your creativity and life skills, then look no further.
