Members of the General Assembly

HARRISBURG, PENNSYLVANIA
Revised February 15, 2021

INTRODUCTION

The laws of Pennsylvania relating to emergency services were originally compiled by the Legislative Reference Bureau primarily for distribution by members of the General Assembly. This edition updates the original compilation through Act 140 of 2020.

This compilation is unofficial and includes only portions of the Constitution of Pennsylvania and the statutes of this Commonwealth. While every effort has been made to identify all relevant material within the scope of this publication, it is possible that some provisions have been omitted either intentionally or inadvertently.

In general, the statutes are included verbatim. Editorial additions are indicated by brackets; the omission of parts of sections not relevant to the compilation are indicated by the use of “* * *”.

The appropriate printed statutes should be consulted for official purposes. Official versions of statutes are published in the Laws of Pennsylvania and the Pennsylvania Consolidated Statutes. The legal citation for each section appears at the end of the section. A comprehensive list of all legal citations can be found at the end of the compilation.

This compilation is the result of a search of the database for statutes pertaining to emergency services. The terms used in the search for applicable statutes included the singular and plural of the following terms: fire, firemen, firefighter, ambulance, rescue, fire marshal, fire police, emergency.

This publication may be reprinted without obtaining specific permission from the Legislative Reference Bureau.

Section 9. [Investigation and reports] Whenever a forest, woodlot or wild-land fire shall have been combatted or extinguished, by the means provided for in this act [the act of May 13, 1909, P.L.781, No.601], the district fire-warden shall prepare a correct statement, showing the date of the fire, the number of men employed to extinguish the fire, the number of hours each was employed, and the actual amount of expense incurred, verified by oath or affirmation, and shall forward the same at once to the Commissioner of Forestry [now the Secretary of Conservation and Natural Resources]. It shall be the further duty of the district fire-warden thoroughly to investigate the cause or origin of the fire, to collect such evidence as may be discovered relating thereto, and make a report thereon to the Commissioner of Forestry, together with a statement showing the area burned over and damage done by the fire. The assistant fire-wardens shall render their accounts, under oath or affirmation, to the district fire-warden, who shall thoroughly investigate the facts therein stated, and, if he find them correct, shall transmit the same to the Commissioner of Forestry. The above reports and accounts shall be made upon uniform blanks to be furnished by the Commissioner of Forestry.

Section 10. [Audit] Upon receipt of bills for extinguishing forest fires, the Commissioner of Forestry [now the Secretary of Conservation and Natural Resources] is hereby authorized and directed carefully to audit the same. He shall not approve any bill until he has first satisfied himself of its correctness, and that the services therein claimed were actually rendered, or the expense actually incurred. If the Commissioner of Forestry approve an account so rendered, he shall transmit the same to the Auditor General of the Commonwealth; who shall first satisfy himself of its correctness, and shall then draw his warrant, against the fund hereinafter appropriated to pay for the extinguishment of forest fires, and in favor of the respective district fire-wardens, as directed by the Commissioner of Forestry. Said warrants shall be delivered to the Commissioner of Forestry, for transmission to the district fire-wardens, who are hereby then required to pay the several sums so transmitted to the persons lawfully entitled thereto, taking proper receipts and vouchers for each payment so made, which vouchers shall be filed with the Commissioner of Forestry.

Section 12. [Power to enter other jurisdictions] The said fire-wardens shall not be limited in their jurisdiction, as such, to the boroughs, townships, or counties for or within which they may be appointed; but shall have power and authority to enter adjacent or other boroughs, townships, or counties, and there exercise the authority and perform the duties conferred upon them by this act [the act of May 13, 1909, P.L.781, No.601]: Provided, That when, for the purpose of extinguishing fire, a fire-warden shall enter adjacent or other territory than that for or within which he shall have been appointed, the local warden, if present, shall be in command and direct the work of the various fire-fighting crews.

Section 13. [Service in two or more counties] Whenever any fire-warden, or person employed by him, shall have rendered service in the extinguishment of fire which may have burned within two or more counties, the district fire-warden shall render to the Commissioner of Forestry [now the Secretary of Conservation and Natural Resources] his report, as hereinbefore required, relating to each of the said counties, in order that the expense of extinguishing fire may be rightly and properly distributed between or among the counties in which fire may have burned.

In case the death of the district fire-warden should occur before making the report herein required, or in case of his total physical disability, the said report may be made by an assistant fire-warden, after first ascertaining the facts; and in making such examination or investigation, such assistant fire-warden is hereby empowered to examine persons, under oath or affirmation to be administered by himself.

[Liability] No fire-warden, appointed in accordance with the provisions of this act [the act of May 13, 1909, P.L.781, No.601], shall be personally liable to any person employed or required to combat or extinguish fire, by reason of such employment or requirement; and no action for any compensation alleged or claimed to be due any person for combatting or extinguishing fire shall lie against such fire-warden.

(1909, P.L.781, No.601, § 16)

Section 17. [Appeals relating to compensation] If any person shall feel aggrieved by the act of any fire-warden, in allowing or disallowing any sum as compensation for extinguishing fires, such person may appeal to the Commissioner of Forestry [now the Secretary of Conservation and Natural Resources], who will examine into the complaint. After hearing the proofs and allegations of the parties, he shall decide as to him shall seem just and right, and his decision shall be final and not subject to review.

(1909, P.L.781, No.601, § 17)

Section 18. [Daily patrol during fire season] During the months of April and May and the period from September fifteenth to November fifteenth, in each year, commonly called the fire seasons, in order to prevent fire and provide for its immediate suppression, the fire-wardens may, in the discretion of the Commissioner of Forestry [now the Secretary of Conservation and Natural Resources], be required to keep daily patrol in the regions under their care known to be especially hazardous or subject to outbreak of fire. For such services, so to be rendered, the fire-wardens, in addition to the compensation hereinabove allowed, shall be entitled to receive a stated sum, not in excess of twenty-five dollars per month, to be fixed and allowed by the Commissioner of Forestry. The Commissioner of Forestry shall, likewise, designate the fire-wardens for such continuous service, and the places to be patrolled by them, as in his

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

judgment will produce the best results in the prevention or immediate suppression of fire. All sums of money which may thus become due to fire-wardens for continuous patrol service, and all other sums of money which may be earned by them and others in the prevention and suppression of fire, shall be paid, in manner hereinbefore provided, from the fund appropriated for the use of the fire-warden system created by this act [the act of May 13, 1909, P.L.781, No.601].

The said wardens shall have further power to take and convey the offender before a justice of the peace, or other magistrate having jurisdiction, for hearing, trial, or other due process of law.

Subchapter C. Interstate Forest Fire Protection

Section 1. [Interstate forest fire protection compact] The Governor of the Commonwealth of Pennsylvania is hereby authorized and directed to execute a compact on behalf of the Commonwealth of Pennsylvania with any one or more of the States of Delaware, Maryland, New Jersey, Virginia and West Virginia, and with such other states as may enter into the compact legally joining therein, who may, by their legislative bodies, so authorize a compact, in form substantially as follows:

Middle Atlantic Interstate Forest Fire Protection Compact

Article I

The purpose of this compact is to promote effective prevention and control of forest fires in the Middle Atlantic region of the United States by the development of integrated forest fire plans, by the maintenance of adequate forest fire fighting services by the member States, and by providing for mutual aid in fighting forest fires among the compacting States of the region and with States which are party to other regional forest fire protection compacts or agreements.

Article II

This compact shall become operative immediately as to those States ratifying it whenever any two or more of the States of Delaware, Maryland, New Jersey, Pennsylvania, Virginia and West Virginia which are contiguous have ratified it and Congress has given consent thereto.

Article III

In each state the State forester or officer holding the equivalent position who is responsible for forest fire control shall act as compact administrator for that State and shall consult with like

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

officials of the other member States and shall implement cooperation between such States in forest fire prevention and control.

The compact administrators of the member States shall organize to coordinate the services of the member States and provide administrative integration in carrying out the purposes of this compact.

The compact administrators shall formulate and, in accordance with need, from time to time revise a regional forest fire plan for the member States.

It shall be the duty of each member State to formulate and put in effect a forest fire plan for that State and take such measures as may be necessary to integrate such forest fire plan with the regional forest fire plan formulated by the compact administrators.

Article IV

Whenever the State forest fire control agency of a member State requests aid from the State forest fire control agency of any other member State in combating, controlling or preventing forest fires, it shall be the duty of the State forest fire control agency of that State to render all possible aid to the requesting agency which is consonant with the maintenance of protection at home.

Article V

Whenever the forces of any member State are rendering outside aid pursuant to the request of another member State under this compact, the employes of such State shall, under the direction of the officers of the State to which they are rendering aid, have the same powers (except the power of arrest), duties, rights, privileges and immunities as comparable employes of the State to which they are rendering aid.

No member State or its officers or employes rendering outside aid pursuant to this compact shall be liable on account of any act or omission on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith.

All liability, except as otherwise provided hereinafter, that may arise either under the laws of the requesting State or under the laws of the aiding State or under the laws of a third State on account of or in connection with a request for aid shall be assumed and borne by the requesting State.

Any member State rendering outside aid pursuant to this compact shall be reimbursed by the member State receiving such aid for any loss or damage to or expense incurred in the operation of any equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries and maintenance of employes and equipment incurred in connection with such request: Provided, That nothing herein contained shall prevent any assisting member State from assuming such loss, damage, expense or other cost, or from loaning such equipment, or from donating such services to the receiving member State without charge or cost.

Each member State shall provide for the payment of compensation and death benefits to injured employes and the representatives of deceased employes in case employes sustain injuries or are killed while rendering outside aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such State.

For the purposes of this compact, the term employe shall include any volunteer or auxiliary legally included within the forest fire fighting forces of the aiding State under the laws thereof.

The compact administrators shall formulate procedure for claims and reimbursement under the provisions of this article in accordance with the laws of the member States.

Article VI

Nothing in this compact shall be construed to authorize or permit any member State to curtail or diminish its forest fire fighting forces, equipment, services or facilities, and it shall be

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

the duty and responsibility of each member State to maintain adequate forest fire fighting forces and equipment to meet demands for forest fire protection within its borders in the same manner and to the same extent as if this compact were not operative.

Nothing in this compact shall be construed to limit or restrict the powers of any State ratifying the same to provide for the prevention, control and extinguishment of forest fires, or to prohibit the enactment or enforcement of State laws, rules or regulations intended to aid in such prevention, control and extinguishment in such State.

Nothing in this compact shall be construed to affect any existing or future cooperative relationship or arrangement between the United States Forest Service and a member State or States.

Article VII

The compact administrators may request the United States Forest Service to act as the primary research and coordinating agency of the Middle Atlantic Interstate Forest Fire Protection Compact in cooperation with the appropriate agencies in each State, and the United States Forest Service may accept the initial responsibility in preparing and presenting to the compact administrators its recommendations with respect to the regional fire plan. Representatives of the United States Forest Service may attend meetings of the compact administrators.

Article VIII

The provisions of Articles IV and V of this compact which relate to mutual aid in combating, controlling or preventing forest fires shall be operative as between any State party to this compact and any other State which is party to a regional forest fire protection compact in another region: Provided, That the Legislature of such other State shall have given its assent to such mutual aid provisions of this compact.

Article IX

This compact shall continue in force and remain binding on each State ratifying it until the Legislature or the Governor of such State takes action to withdraw therefrom. Such action shall not be effective until six (6) months after notice thereof has been sent by the chief executive of the State desiring to withdraw to the chief executives of all States then parties to the compact. (1953, P.L.970, No.235, § 1)

Section 2. [Effect] When the Governor shall have executed said compact on behalf of this Commonwealth and shall have caused a verified copy thereof to be filed with the Secretary of the Commonwealth, and when said compact shall have been authorized by the Legislature and executed by the Governor of one or more of the States named in section one of this act [the Middle Atlantic Interstate Forest Fire Protection Compact Act], then said compact shall become operative and effective as between this Commonwealth and such other State or States. The Governor is hereby authorized and directed to take such action as may be necessary to complete the exchange of official documents as between this Commonwealth and any other State authorizing said compact. (1953, P.L.970, No.235, § 2)

The supervision of their duties during such detail may, however, be governed by agreement between the department and the state, group of states, or Federal agency to which they are detailed.
(1974, P.L.524, No.178, § 3)

Section 4. [Travel expenses of Commonwealth employees] The Department of Environmental Resources [now the Department of Conservation and Natural Resources] may, in accordance with the travel regulations of such agency, pay the travel expenses of the employees detailed to another state or Federal agency, and may pay travel or living expenses of such employees incurred in connection with their work assignments in the receiving state or area of Federal responsibility. The department may request reimbursement from any state, groups of states or Federal agency requesting assistance for any loss or damage or expense incurred in the operations of any equipment, and for the cost of all materials, transportation wages, salaries and maintenance of employees and equipment incurred in connection with such a request.
(1974, P.L.524, No.178, § 4)

Section 5. [Reimbursing employees of other jurisdictions] The Department of Environmental Resources [now the Department of Conservation and Natural Resources] shall, in accordance with its regulations, pay those travel and other expenses of employees or equipment of other states or Federal agencies detailed to assist it in forest fire protection in Pennsylvania incurred in the performance of their work assignments while in this Commonwealth provided such payment is requested by the assisting states, groups of states or Federal agency.

Section 1. [Commonwealth reimbursement] Be it enacted, &c., That the sum of six thousand dollars (\$6,000) is hereby specifically appropriated to the Department of Forests and Waters [now the Department of Conservation and Natural Resources] for the purposes of reimbursing parents or dependent relatives of persons killed or persons themselves seriously injured while in the service of the Commonwealth in fighting forest fires under orders from any forest fire warden or other agent of the Department of Forests and Waters, and who are unable to secure, or barred by operation of law from securing, compensation under the workmen's compensation laws.

(1925, P.L.232, No.153, § 1)

[Claims against Commonwealth] Any such parent or dependent relative of any person heretofore, or hereafter killed, or any such person heretofore or hereafter seriously injured while fighting fires, as provided in section one of this act [the act of April 11, 1925, P.L.232, No.153], may present a claim therefor to the Board of Finance and Revenue, and for the purpose of hearing and adjusting such claims the Secretary of Forests and Waters [now the Secretary of Conservation and Natural Resources] shall become a member of said Board with full powers of a member thereof.

(1925, P.L.232, No.153, § 2)

Subchapter C. Emergency Management Assistance Compact

§ 7601. Compact enacted.

The Emergency Management Assistance Compact is hereby enacted into law and entered into with all jurisdictions legally joining therein in the form substantially as follows:

Article I

Purpose and Authorities

This compact is made and entered into by and between the participating member states which enact this compact, hereinafter called party states. For the purposes of this compact, the

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

term "states" is taken to mean the several states, the Commonwealth of Puerto Rico, the District of Columbia and all U.S. territorial possessions.

The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of the affected state, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resources shortages, community disorders, insurgency or enemy attack.

This compact shall also provide for mutual cooperation in emergency-related exercises, testing or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' National Guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between states.

Article II

General Implementation

Each party state entering into this compact recognizes that many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

The prompt, full and effective utilization of resources of the participating states, including any resources on hand or available from the Federal Government or any other source, that are essential to the safety, care and welfare of the people in the event of any emergency or disaster declared by a party state shall be the underlying principle on which all articles of this compact shall be understood.

On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

Article III

Party State Responsibilities

A. It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this article. In formulating such plans and in carrying them out, the party states, insofar as practical, shall:

1. review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, emergency aspects of resources shortages, civil disorders, insurgency or enemy attack;
2. review party states' individual emergency plans and develop a plan which will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency;
3. develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans;
4. assist in warning communities adjacent to or crossing the state boundaries;
5. protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services and resources, both human and material;
6. inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness; and
7. provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the above responsibilities.

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

B. The authorized representative of a party state may request assistance to another party state by contacting the authorized representative of that state. The provisions of this compact shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within thirty days of the verbal request. Requests shall provide the following information:

1. a description of the emergency service function for which assistance is needed, including, but not limited to, fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building, inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue;
2. the amount and type of personnel, equipment, materials and supplies needed and a reasonable estimate of the length of time they will be needed; and
3. the specific place and time for staging of the assisting party's response and a point of contact at that location.

C. There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States Government, with free exchange of information, plans and resource records relating to emergency capabilities.

Article IV

Limitations

Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state.

Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving state, duties, rights and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state emergency or disaster by the governor of the party state that is to receive assistance or upon commencement of exercises or training for mutual aid and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect or loaned resources remain in the receiving state, whichever is longer.

Article V

Licenses and Permits

Whenever any person holds a license, certificate or other permit issued by any state party to the compact evidencing the meeting of qualifications for professional, mechanical or other skills and when such assistance is requested by the receiving party state, such person shall be deemed licensed, certified or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the governor of the requesting state may prescribe by executive order or otherwise.

Article VI

Liability

Officers or employees of a party state rendering aid in another state pursuant to this compact shall be considered agents of the requesting state for tort liability and immunity purposes. No party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article shall not include willful misconduct, gross negligence or recklessness.

Article VII

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

Supplementary Agreements

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this compact contains elements of a broad base common to all states, and nothing herein shall preclude any state entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

Article VIII

Compensation

Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

Article IX

Reimbursement

Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with such requests; provided that any aiding party state may assume in whole or in part such loss, damage, expense or other cost or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Article VIII expenses shall not be reimbursable under this article.

Article X

Evacuation

Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant shall be worked out and maintained between the party states and the emergency management/services directors of the various jurisdictions where any type of incident requiring evacuations might occur. Such plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. Such expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

Article XI

Implementation

A. This compact shall become effective immediately upon its enactment into law by any two states. Thereafter, this compact shall become effective as to any other state upon enactment by such state.

B. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 30 days after the governor of the withdrawing state has given notice in writing of such withdrawal to the governors of all other party states. Such action shall not relieve the withdrawing state from obligations assumed

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

hereunder prior to the effective date of withdrawal.

C. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the Federal Emergency Management Agency and other appropriate agencies of the United States Government.

Article XII Validity

This compact shall be construed to effectuate the purposes stated in Article I. If any provision of this compact is declared unconstitutional or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected.

Article XIII Additional Provisions

Nothing in this compact shall authorize or permit the use of military force by the National Guard of a state at any place outside that state in any emergency for which the President is authorized by law to call into Federal service the militia, or for any purpose for which the use of the Army or the Air Force would in the absence of express statutory authorization be prohibited under section 1385 of Title 18 of the United States Code.

(7) Emergency medical services should be acknowledged, promoted and supported

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

as an essential public service.

(8) This chapter [35 Pa.C.S. Ch. 81 (relating to emergency medical services system)] shall be liberally construed to establish and maintain an effective and efficient emergency medical services system which is accessible on a uniform basis to residents of this Commonwealth and to visitors to this Commonwealth.

(9) Residents of this Commonwealth and visitors to this Commonwealth should have prompt and unimpeded access to urgent and emergency medical care throughout this Commonwealth.

(10) The Department of Health should continually assess and, as needed, revise the functions of emergency medical services agencies and providers and other components of the emergency medical services system that it regulates under this chapter to:

(i) improve the quality of emergency medical services provided in this Commonwealth;

(ii) have the emergency medical services system adapt to changing needs of the residents of this Commonwealth; and

(iii) promote the recruitment and retention of persons willing and qualified to serve as emergency medical services providers in this Commonwealth.

No reciprocity agreement may deprive the department from denying a certification based on disciplinary considerations.

If the department determines that there is not a prima facie case, the suspension shall be lifted immediately. A medical command facility medical director shall triennially register the physician's certification with the department on a form or through an electronic application process, as prescribed by the department, as a condition for continued practice as a medical command facility medical director. The department shall issue a triennial registration of a medical command facility medical director certification to a medical command facility medical director within 30 days after the physician applies for a new registration if the physician demonstrates that the physician continues to meet the requirements for the certification, except the requirements of subsection (f)(3), and satisfies such other requirements as the department may impose by regulation.

(h) Grounds for discipline.--The department may discipline a medical command physician or medical command facility medical director for the following reasons:

(1) Violating a responsibility imposed on the physician by this chapter [35 Pa.C.S. Ch. 81 (relating to emergency medical services system)] or the related regulations.

(2) Without good cause, failing to comply with a medical treatment, transport or transfer protocol established or approved by the department.

(e) Triennial registration.--A medical command facility's certification is deemed registered for three years after issuance. A medical command facility must register its certification at three-year intervals by completing an application for triennial registration on a form or through an electronic application process prescribed by the department. The department shall grant or deny recertification within 30 days of receipt of the application.

(f) Inspections and inquiries.--The department shall conduct an inspection of the medical unit of each applicant and also inspect existing medical command facilities from time to time as appropriate but not less than once every three years. The department shall have full and free access to examine the medical command facility and its records relating to its operation as a medical command facility. The medical command facility shall fully respond to any inquiry by the department relevant to the determination of whether the facility meets certification and operational requirements.

(g) Grounds for discipline.--The department may discipline a medical command facility for the following reasons:

(1) Violating a requirement of this section.

(2) Violating a certification requirement or an operational requirement imposed under subsection (d).

(3) Refusing to permit an inspection or respond to an inquiry under subsection (f).

§ 8128. Receiving facilities.

(a) Purpose.--A receiving facility is a facility to which an ambulance may transport a patient who requires prompt medical care in addition to that provided by the ambulance crew after the crew responds to an emergency.

(b) Requirements.--A receiving facility shall include, but need not be limited to, a fixed location having an organized emergency department, including a physician trained to manage cardiac, trauma, pediatric, medical, behavioral and all-hazards emergencies, who is present in the facility and available to the emergency department 24 hours per day and seven days per week. By regulation, the department [of Health] may authorize other types of facilities to serve as receiving facilities for purposes of serving patients who have special medical needs.

(c) Patient transports.--Unless directed otherwise by a medical command physician, the initial transport of a patient following an ambulance response to a reported emergency shall be to a receiving facility pursuant to a protocol under section 8105(c) (relating to duties of department) or 8109(c)(8) (relating to regional emergency medical services councils) or such other location as the department designated by protocol.

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

(35 Pa.C.S. § 8128)

§ 8129. Emergency medical services agencies.

(a) License required.--A person may not, as an owner, agent or otherwise, operate, conduct, maintain, advertise or otherwise engage in or profess to be engaged in operating or providing an ambulance, advanced life support squad vehicle, basic life support squad vehicle, quick response service, special operations EMS service or other vehicle or service as prescribed by the department by regulation to provide EMS outside a health care facility or on roadways, airways or waterways of this Commonwealth unless the person holds a current EMS agency license authorizing the particular service or operation.

(b) Application.--An application for an EMS agency license shall be submitted on a form or through an electronic application process prescribed by the department.

(c) Issuance of license.--The department shall issue a license to an applicant when it is satisfied that:

(1) The applicant and persons having substantial ownership interests in the applicant are responsible persons and the EMS agency will be staffed by and conduct its activities utilizing responsible persons. For purposes of this paragraph:

(i) a responsible person is a person who has not engaged in any act contrary to justice, honesty or good morals which indicates that the person is likely to betray the public trust in carrying out the activities of an EMS agency or a person who has engaged in such conduct but has been rehabilitated and establishes that he or she is not likely to again betray the public trust;

(ii) a person has a substantial ownership interest if the person has equity in the capital, stock or the profits of the EMS agency equal to 5% or more of the value of the property or assets of the EMS agency; and

(iii) a person staffs an EMS agency if the person engages in an activity integral to operation of the EMS agency, including, but not limited to, making or participating in the making or execution of management decisions, providing EMS, billing, calltaking and dispatching.

(2) The applicant meets supply and equipment requirements and each ambulance or other vehicle that will be used in providing EMS is adequately constructed and equipped and will be maintained and operated to safely and efficiently render the services offered.

(3) The applicant will meet the staffing standards for its vehicles and services.

(4) The applicant will provide safe and efficient services that are adequate for the emergency medical care, the treatment and comfort and, when appropriate, the transportation of patients.

(5) The applicant will have an EMS agency medical director who, in addition to satisfying the criteria of section 8125(a) (relating to medical director of emergency medical services agency), satisfies other criteria the department may establish by regulation based on the types of vehicles and services the applicant intends to provide under the EMS agency license.

(6) The applicant is in compliance with the rules and regulations promulgated under this chapter [35 Pa.C.S. Ch. 81 (relating to emergency medical services system)].

(d) Persons under 18 years of age.--An EMS agency shall ensure that a person under 18 years of age, when providing EMS on behalf of the EMS agency, is directly supervised by an EMS provider who is at least 21 years of age who has the same or higher level of EMS provider certification and at least one year of active practice as an EMS provider.

(e) Triennial registration.--An EMS agency's license is deemed registered for three years after the issuance. An EMS agency must register its license at three-year intervals by completing an application on a form or through an electronic application process prescribed by the department. The department shall act on the application within 90 days of receipt of a complete and accurate application. The department shall not deny a registration of a license without giving the applicant prior notice of the reason for denial and providing an opportunity for a hearing.

(f) Nontransferability of license.--An EMS agency may not transfer its license. An EMS

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

agency may enter into a contract with another entity for that entity to manage the EMS agency if that entity has been approved by the department to manage an EMS agency. The department may deny approval to an entity to provide management services for an EMS agency if:

- (1) the entity is not in compliance with this chapter or applicable regulations;
- (2) the entity is not a responsible person as defined in subsection (c)(1)(i);
- (3) a person having a substantial ownership interest in the entity is not a responsible person;
- (4) the entity will not be staffed by or conduct its activities through responsible persons; or
- (5) the entity refuses to provide the department with records or information reasonably requested to enable the department to make a determination.

(g) Display.--As prescribed by department regulation, a current department-issued inspection sticker shall be displayed on each ambulance, advanced life support squad vehicle, basic life support squad vehicle and, as required by regulation, any other EMS vehicle authorized by the department.

(h) Inspection.--The department or its agent shall inspect an applicant's vehicles, equipment and personnel qualifications prior to granting an EMS agency license and shall inspect an EMS agency from time to time, as deemed appropriate and necessary, but not less than once every three years.

(i) Dispatching.--

(1) An EMS agency that operates a communications center dispatching EMS resources shall use calltakers and dispatchers who satisfy the requirements of the Pennsylvania Emergency Management Agency under section 3(a)(6) of the act of July 9, 1990 (P.L.340, No.78), known as the Public Safety Emergency Telephone Act, and shall use an emergency medical dispatch program approved by the department. An emergency medical dispatch program is a system or program that enables patients to be assessed and treated via telecommunication by using accepted medical dispatch standards.

(2) Operation by an EMS agency of a communications center that dispatches EMS resources shall be considered part of the EMS agency's licensed operation and shall be subject to the requirements of this chapter and the department's regulations.

(j) Construction, equipment and supplies.--Within two years after the effective date of this chapter, the department shall publish in the Pennsylvania Bulletin, and update as necessary, vehicle construction and equipment and supply requirements for EMS agencies in this Commonwealth based upon the types of EMS vehicles operated and the services provided.

(k) Implementation of credentialing decisions.--An EMS agency may not permit an EMS provider at or above the advanced EMT level to provide EMS at that level unless its EMS agency medical director apprises that the EMS provider satisfies the criteria of section 8125(b)(2). An EMS agency may permit an EMS provider who does not satisfy the section 8125(b)(2) criteria to continue to work for the EMS agency at a lower EMS provider level if the EMS provider is authorized to do so by the EMS agency medical director. The EMS agency shall notify the department of that decision within ten days after it is made. If the EMS agency medical director has determined that the EMS provider has not demonstrated competency in the knowledge and skills necessary to competently perform the skills within the scope of practice of the EMS provider at that level or has not demonstrated a commitment to adequately perform other functions relevant to the EMS provider providing EMS at that level and the EMS agency medical director chooses to impose restrictions on the EMS provider's practice, such as requiring the EMS provider to function under the supervision of another EMS provider or requiring the EMS provider to contact a medical command physician prior to providing EMS, then the EMS agency may permit the EMS provider to provide EMS only with the restrictions directed by the EMS agency medical director.

(l) Staffing.--The department may by regulation revise the staffing standards for ambulances, squad vehicles and quick response services set forth in sections 8130 (relating to advanced life support ambulances), 8131 (relating to air ambulances), 8132 (relating to advanced life support squad vehicles), 8133 (relating to basic life support ambulances), 8134

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

(relating to basic life support squad vehicles) and 8135 (relating to quick response services).

(m) Custody or control of patient.--If a law enforcement officer is at the scene of a police incident when an EMS provider arrives, the law enforcement officer may preclude the EMS provider from entering the scene to provide EMS until the law enforcement officer determines that it is safe for the EMS provider to enter. Under such circumstances, the law enforcement officer shall permit the EMS provider access to the patient before the officer transports the patient. If, pursuant to a medical treatment protocol or medical command order, an EMS agency is required to transport to a receiving facility a patient whom a law enforcement officer has taken or wants to take into custody or whom the law enforcement officer believes needs to be spoken with immediately, the EMS agency shall transport the patient to a receiving facility, and the law enforcement officer shall have discretion to accompany the patient in the EMS vehicle and authority to employ security precautions deemed necessary by the law enforcement officer to ensure the safety of the officer and others, except that the security precautions shall not unreasonably interfere with the provision of EMS to the patient.

(n) Cessation of operations.--Upon suspension or revocation of a license, the EMS agency shall cease operations and no person shall permit or cause the EMS agency to continue.

(o) Discontinuance or reduction of service.--An EMS agency shall not discontinue providing service it is licensed to provide or reduce the hours when it provides service until a minimum of 90 days after notifying the department in writing of the change. Notice shall include a statement that the licensee has notified the chief executive officer of each political subdivision in the licensee's service area of the intent to discontinue providing the service or reduce the hours it provides the service and that the intent to discontinue or reduce hours has been advertised in a newspaper of general circulation in the licensee's service area.

(p) Regulations.--The department shall promulgate regulations setting forth requirements for EMS agencies in this Commonwealth based upon the types of EMS vehicles they operate and the services they provide.

(q) Transition for ambulance services and quick response services.--Upon the effective date of this section, an entity that is licensed as an ambulance service or recognized as a QRS immediately prior to the effective date of this section may continue to operate as an EMS agency if it meets the staffing and other operational requirements of this chapter, and it shall be considered to be an EMS agency with a current registration of its license. The initial registration of the EMS agency's license shall expire on the same date that the entity's license as an ambulance service or recognition as a QRS would have expired if it had remained in effect.

(r) Exemptions.--The following are exempt from the licensing provisions of this chapter:

- (1) Privately owned vehicles not ordinarily used to transport patients.
- (2) An EMS agency licensed in another state and not under this chapter that is dispatched to respond to an emergency within this Commonwealth when an EMS vehicle or service licensed under this chapter is unable to respond within a reasonable time or its response is not sufficient to deal with the emergency.
- (3) An EMS agency licensed in another state that limits its operations in this Commonwealth to the transportation and provision of medical care incidental to transportation of patients and other persons requiring transportation by EMS vehicles from locations outside this Commonwealth to locations within this Commonwealth.
- (4) EMS vehicles owned and operated by an agency of the Federal Government.

Only the

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

two EMS providers need to respond if one of them is also the EMS vehicle operator. When present, an EMS provider qualified to provide the type and level of EMS required by the patient must attend to the patient at the scene and during transportation. If a member of the ambulance crew arrives at the scene before another crew member, that person shall begin providing EMS to the patient at that person's skill level.

(2) Minimum staffing requirements for an ALS ambulance is the same as for a BLS ambulance when the ALS ambulance responds to a call to provide EMS for a patient requiring EMS at or below the skill level of an advanced EMT.

(35 Pa.C.S. § 8130)

§ 8131. Air ambulances.

(a) Purpose.--An air ambulance is a rotorcraft staffed by a crew that provides medical assessment, treatment, monitoring, observation and transportation of patients who require EMS where time to administer definitive care is of the essence and transportation by air ambulance to a facility able to provide the care is faster than transportation by ground ambulance, or require EMS provided by specialized equipment or providers not available on a ground ambulance and the air ambulance can provide this faster than the patient would receive such care at a receiving facility if transported by ground ambulance.

(b) Staffing requirements.--Minimum staffing standards for an air ambulance when dispatched to provide or when providing medical assessment, treatment, monitoring, observation or transportation of a patient is one pilot and two EMS providers other than the pilot who are above the advanced EMT level, with at least one of those two EMS providers specially trained in air medical transport.

§ 8132. Advanced life support squad vehicles.

(a) Purpose.--An ALS squad vehicle transports EMS providers above the advanced EMT level, along with equipment and supplies, to rendezvous with an ambulance crew or to respond prior to arrival of an ambulance, in order to provide medical assessment, monitoring, treatment and observation of a patient who requires EMS at or above the skill level of an advanced EMT. An ALS squad vehicle does not transport patients.

(b) Staffing requirements.--Minimum staffing for an ALS squad unit responding to a call to provide EMS for a patient who requires EMS above the skill level of an advanced EMT shall be one EMS provider above the advanced EMT level and one EMS vehicle operator, except that the EMS provider may staff the vehicle alone if the EMS provider is also an EMS vehicle operator.

(35 Pa.C.S. § 8132)

§ 8133. Basic life support ambulances.

(a) Purpose.--A BLS ambulance crew provides medical assessment, triage, monitoring, treatment, transportation and observation of patients who require EMS at or below the skill level of an advanced EMT and also transports patients who require EMS above the skill level of an advanced EMT when an EMS provider above the level of an advanced EMT rendezvous with the BLS ambulance before or during transport of the patient and accompanies the patient during the transport after arrival.

(b) Staffing requirements.--

(1) Except as provided under paragraph (2), minimum staffing for a BLS ambulance when responding to a call to provide EMS is an ambulance attendant, EMR or EMT, a second EMS provider at or above the EMT level and an EMS vehicle operator, except that only the two EMS providers need to respond if one of them is also the EMS vehicle operator. When present, an EMS provider above the EMR level must attend to the patient at the scene and during patient transportation.

(2) Two years after the effective date of this section, the minimum staffing for a BLS ambulance when responding to a call to provide EMS is an EMS provider at or above the EMR level, an EMS provider at or above the EMT level and an EMS vehicle operator,

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

except that only two EMS providers need to respond if one of them is also the EMS vehicle operator. When present, an EMS provider above the EMR level must attend to the patient at the scene and during patient transportation.

(3) If dispatched to provide EMS for a patient who requires EMS above the skill level of an advanced EMT, the BLS ambulance shall respond as set forth in this subsection. If the BLS ambulance crew members arrive at the scene before a higher-level EMS provider of an ALS ambulance or ALS squad vehicle, the BLS crew members shall provide EMS to the patient at their skill level, including transportation of the patient to a receiving facility if needed, until higher-level EMS is afforded by the arrival of a higher-level EMS provider, after which the BLS ambulance crew shall relinquish primary responsibility for the patient to the higher-level EMS provider.

(4) When transporting from a sending hospital a patient who requires EMS above the skill level of an advanced EMT, if a registered nurse, physician assistant or physician from the sending or receiving hospital joins the ambulance crew, brings on board the ambulance all equipment and supplies to provide the patient with reasonably anticipated EMS above the skill level of an advanced EMT and attends to the patient during the patient transportation, the minimum staffing requirements for the BLS ambulance are as set forth in paragraphs (1) and (2).

(c) Exceptions.--

(1) The staffing requirements under subsection (b)(2) may be waived or adjusted at the department's discretion. The department shall permit an EMS agency to file for a waiver or exception from the staffing requirements under this subsection for extraordinary reasons as determined by the department on a case-by-case basis and in the best interest of the EMS system and patient care.

(2) This subsection shall expire three years from the date of enactment of this subsection.

(d) Extraordinary applications.--An entity may propose to provide a special operations EMS need that has not been addressed by applying to the department for an EMS agency license to carry out the special operations EMS or, if it is licensed as an EMS agency, the entity may apply to the department to be authorized to provide the special operations EMS under its license. The department shall address each application on an individual basis and may conditionally deny or grant an application as appropriate to protect the public health and safety. The grant of an application shall be subject to compliance with any later-adopted regulations addressing the type of special operations EMS being provided by the entity.

(e) Protocols.--The department may include in its Statewide EMS protocols special operations EMS protocols.

An agency may enter into an agreement with law enforcement to provide blood draw services under this subsection. A paramedic performing a legal blood draw service within the paramedic's scope of practice under this section shall maintain the same liability protections provided for under this chapter. It shall be permissible for a court to allow a law enforcement officer who witnessed the blood draw to testify as to the chain of custody in place of the paramedic who drew the blood.

(c) Prohibition.--Operation by an entity of a stretcher vehicle or wheelchair vehicle to transport a person who is known or reasonably should be known by the entity to require medical assessment, monitoring, treatment or observation during transportation shall constitute unlawful operation of an ambulance for purposes of section 8156(a) and (c) (relating to penalties) and, if used as an ambulance by an EMS agency, shall constitute misconduct in operating an EMS agency under section 8142(a)(7) (relating to emergency medical services agency license sanctions). For purposes of this section, unlawful operation includes, but is not limited to, the transportation of the person to or from a facility, a physician's office or any other location to receive or from which the person received health care services.

Ch. 81 (relating to emergency medical services system)] or regulations promulgated under this chapter, the department [of Health] may issue a written notice to the EMS agency specifying the violation or violations that have been found. The notice shall require the EMS agency to take immediate action to discontinue the violation or to submit a plan of correction to the department, or both, to bring the EMS agency into compliance with applicable requirements. If the nature of the violation is such that the EMS agency cannot remedy the problem immediately and a plan of correction is therefore required, the department may direct that the violation be remedied within a specified period of time. The EMS agency shall submit a plan of correction within 30 days of the department's issuance of the written notice. If immediate corrective action is required, the notice from the department shall request and the EMS agency shall provide prompt confirmation that the corrective action has been taken.

(b) Discretion.--The department shall not afford the EMS agency an opportunity to correct a violation without facing disciplinary charges if the department determines that it is not in the public interest to do so.

(35 Pa.C.S. § 8141)

§ 8142. Emergency medical services agency license sanctions.

(a) Grounds for discipline.--The department [of Health] may discipline an EMS agency or, as applicable, refuse to issue an EMS agency license for any of the following reasons:

(7) Incompetence, negligence or misconduct in operating the EMS agency or in providing EMS to patients.

(8) The licensee is not a responsible person or is not staffed by responsible persons and refuses to remove from its staff the irresponsible person or persons when directed to do so by the department. For purposes of this paragraph, "staff" and "responsible person" shall have the meanings set forth in section 8129(c)(1).

(9) Refusing to respond to an emergency and render EMS because of a patient's race, sex, creed, national origin, sexual preference, age, handicap, medical problem or financial inability to pay.

(10) Conviction of a felony or a crime involving moral turpitude or related to the practice of the EMS agency.

(b) Transfer.--The attending physician or health care provider under subsection (a) shall make every reasonable effort to assist in the transfer of the principal to another physician or health care provider who will comply with the living will or health care decision of the health care agent or health care representative.

§ 5426. Death not suicide or homicide.

The withholding or withdrawal of life-sustaining treatment from a principal or patient resulting in death, in accordance with the provisions of this chapter [20 Pa.C.S. Ch. 54 (relating to health care)], shall not, for any purpose, constitute suicide or homicide.

§ 5431. Liability.

(a) General rule.--A health care provider or another person may not be subject to criminal or civil liability, discipline for unprofessional conduct or administrative sanctions and may not be found to have committed an act of unprofessional conduct as a result of any of the following:

Ch. 54 (relating to health care)].

(2) Complying with a direction or decision of an individual who the health care provider believes in good faith has authority to act as a principal's health care agent or health care representative so long as the direction or decision is not clearly contrary to the terms of an advance health care directive that has been delivered to the provider.

(3) Refusing to comply with a direction or decision of an individual based on a good faith belief that the individual lacks authority to act as a principal's health care agent or health care representative or is not acting in accordance with section 5456(c) (relating to authority of health care agent) or 5461(c) (relating to decisions by health care representative).

belief that the disclosure is authorized, permitted or required by this chapter.

(6) Refusing to comply with a direction or decision of an individual based on a good faith belief that compliance with the direction or decision would be unethical or, to a reasonable degree of medical certainty, would result in medical care having no medical basis in addressing any medical need or condition of the individual, provided that the health care provider complies in good faith with sections 5424 (relating to compliance) and 5462(c) (relating to duties of attending physician and health care provider).

(b) Same effect as if dealing with principal.--Any health care provider and other person acting under subsection (a) is protected and released to the same extent as if dealing directly with a competent principal.

(1) If more than one member of a class assumes authority to act as a health care representative, the members do not agree on a health care decision and the attending physician or health care provider is so informed, the attending physician or health care provider may rely on the decision of a majority of the members of that class who have communicated their views to the attending physician or health care provider.

(2) If the members of the class of health care representatives are evenly divided concerning the health care decision and the attending physician or health care provider is so informed, an individual having a lower priority may not act as a health care representative. (1) The [Pennsylvania Emergency Management] council shall, within one year of the effective date of this act [the Hazardous Material Emergency Planning and Response Act], complete a study of current notification procedures to determine the feasibility of establishing a single notification center and simplified alternative notification processes for State agencies to receive notification of all emergencies involving hazardous or potentially hazardous substances or releases into the air or water or on the land. The council shall study the feasibility of replacing notification of individual State agencies with a single point of contact and simplified alternative notification procedures covering substances regulated by this act [the Hazardous Material Emergency Planning and Response Act], by the act of June 22, 1937 (P.L.1987, No.394), known as The Clean Streams Law, the act of January 8, 1960 (1959 P.L.2119, No.787), known as the Air Pollution Control Act, the act of July 7, 1980 (P.L.380, No.97), known as the Solid Waste Management Act, the act of October 18, 1988 (P.L.756, No.108), known as the Hazardous Sites Cleanup Act, the act of July 6, 1989 (P.L.169, No.32), known as the Storage Tank and Spill Prevention Act, or by any other State statute requiring notification of any State agency of spills and releases into the environment. The study shall consider any impact a single point of contact and alternative notification procedures may have on the regulated community, any enforcement programs within the Department of Environmental Protection or other agencies and notification requirements established in Federal law and make specific recommendations for implementing its findings, including recommended changes to State law. The Hazardous Material Emergency Planning and Response Advisory Committee shall be involved in the development of the study.

(2) The council shall forward a copy of the final study, including a recommended timetable for implementing any recommendations, to the House Conservation Committee and the Senate Environmental Resources and Energy Committee.

Section 207. Establishment of funds.

(a) Hazardous Material Response Fund.--

(1) There is hereby created in the State Treasury a nonlapsing restricted account to be known as the Hazardous Material Response Fund. The fund shall consist of the fees collected under subsections (c), (d) and (e), civil penalties and fines and funds appropriated by the General Assembly. Moneys in the fund and the interest which accrues shall be appropriated annually to PEMA for disbursement and shall be used to carry out the purposes, goals and objectives of SARA, Title III, and the Commonwealth's hazardous material safety program.

(2) PEMA shall administer and allocate moneys in the fund, including all interest generated therein, in the following manner:

(i) Up to 10% may be expended on training programs.

(ii) Up to 10% may be expended for public and facility owner education, information and participation programs.

(iii) Up to 10% may be used for the general administrative and operational expenses of this act.

(iv) The remaining revenue in the fund shall be used as grants to support the activities of counties under this act, as described in section 208.

(b) County emergency response financing.--

(1) The treasurer of each county shall establish a nonlapsing restricted account to be known as the Hazardous Material Emergency Response Account. The account shall consist of revenue from fees authorized by this section, county, Federal or State funds,

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

grants, loans or penalties and any private donations provided to finance the hazardous material safety program. Expenditures from the account shall be authorized by the county consistent with the needs identified in the periodic report prepared in accordance with guidelines established by PEMA. The Hazardous Material Emergency Response Account shall also be utilized by the local emergency planning committee to resolve cost recovery disputes that arise between a person who causes a release of a hazardous material and a volunteer emergency services organization when acting in support of a certified hazardous material response team in accordance with this act. Each volunteer services organization is eligible to receive from the Hazardous Material Emergency Response Account up to \$1,000 per response to cover expenses related to a response if the person who causes a release of a hazardous material cannot be identified or is financially unable to pay costs as defined in section 210(b).

(2) By March 1 of each year, each owner or operator of a facility shall pay to the county treasurer where the facility is located a local hazardous chemical fee of from \$35 to \$75, as established by the county by ordinance, for each hazardous chemical within the meaning of 29 CFR 1910.1200(c) or its successor which is required by section 312 of SARA, Title III, to be listed on the hazardous chemical inventory form (Tier II) which the owner or operator of the facility submits to the local emergency planning committee. Counties shall grant facility owners up to 100% credit toward their chemical fee obligation under this section for training, equipment or other in-kind services donated to the county to support the hazardous material safety program if such training, equipment or in-kind services are accepted by the county. The credit shall be based on the fair market value of equipment donated and the agreed-upon value of training or in-kind services donated.

(3) Counties may establish a program to provide funding through the Hazardous Material Emergency Response Account for certified hazardous material response teams serving the county. This grant program shall not be bound by any dollar limits on assistance to local fire protection services imposed by other statutes.

(c) Hazardous chemical fee.--Each owner or operator of a facility shall pay a fee, to be known as a hazardous chemical fee, of \$10 by March 1 of each year to the council for each hazardous chemical within the meaning of 29 CFR 1910.1200(c) or its successor which is required by section 312 of SARA, Title III, to be listed on the hazardous chemical inventory form (Tier II) which the owner or operator of the facility submits to the council. The fees collected under this subsection shall be deposited by the council into the Hazardous Material Response Fund.

(d) Toxic chemical registration fee.--Each owner or operator of a facility that submits a toxic chemical release form to the Department of Labor and Industry on or before July 1, 1990, as required by section 313 of SARA, Title III, shall pay a \$1,000 registration fee to the Department of Labor and Industry. The registration fees collected under this subsection shall be deposited by the Department of Labor and Industry into the Hazardous Material Response Fund. The Department of Labor and Industry may retain up to 10% of the fees collected for administration of the program and management of the data collected.

(e) Toxic chemical release form fee.--Each owner or operator of a facility shall pay a fee of \$250 on or before July 1, 1991, and the first day of July of every year thereafter, to the Department of Labor and Industry for each toxic chemical which is required by section 313 of SARA, Title III, to be listed on the toxic chemical release form which the owner or operator of the facility submits to the Department of Labor and Industry. The cumulative amount of this fee shall not exceed \$5,000 per facility. The fees collected under this subsection shall be deposited by the Department of Labor and Industry into the Hazardous Material Response Fund. The Department of Labor and Industry may retain up to 10% of the fees collected for administration of the program and management of the data collected.

(f) Emergency planning fee.--By March 1 of each year, each owner or operator of a facility that manufactures, produces, uses, stores, supplies or distributes any extremely hazardous substance in quantities larger than the threshold planning quantities shall be required to pay to the county treasurer where the facility is located an emergency planning fee of up to \$100 as established by the county by ordinance. Counties shall grant facility owners up to 100% credit

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

toward any emergency planning fee obligation under this section for training, equipment or other in-kind services donated to the county to support the hazardous material safety program if such training, equipment or in-kind services are accepted by the county, in addition to those for which a credit is claimed under subsection (b)(2). The credit shall be based on the fair market value of equipment donated and the agreed-upon value of training or in-kind services donated.

* * *

(h) Federal funds, grants or other gifts.--The council is authorized to accept and may deposit into the Hazardous Material Response Fund grants, gifts and Federal funds for the purpose of carrying out the provisions of this act.

* * *

(k) Transportation fee study.--Within one year of the effective date of this act, the council shall report to the General Assembly on the feasibility of establishing a fee on the transporters of hazardous materials regulated under this act. The purpose of this fee would be to supplement the funds provided by fixed facility owners or operators to the Hazardous Material Response Fund.

(l) Status of fund.--The Hazardous Material Response Fund shall not be subject to 42 Pa.C.S. Ch. 37 Subch. C (relating to judicial computer system). (1990, P.L.639, No.165, § 207)

- (2) the revenues collected under section 207(b)(2) and (f);

except that any county emergency management coordinator whose Hazardous Material Emergency Response Account receives less than \$10,000 annually in fees established in this section or meets the requirements of subsection (e)(3) shall be eligible for additional grants equal to county funds specifically appropriated for compliance with this act [the Hazardous Material Emergency Planning and Response Act], not to exceed \$5,000.

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

(e) Payment of grants.--PEMA shall review annually all applications received under this section and may make grants to the counties from the Hazardous Material Response Fund. PEMA shall prioritize the available funds among the eligible applicants based upon the following criteria:

* * *

(2) Compliance with the requirements of SARA, Title III, and the Commonwealth's hazardous material safety program and Emergency Management Services Code with respect to hazardous material releases.

(3) The number of facilities located within the county, or the existence of unique or special circumstances that pose a threat to the health and safety of the general public or the environment, or both. The existence of unique or special circumstances under this section as determined by PEMA shall include an interstate highway, the Pennsylvania Turnpike or any secondary route used by a transporter because of load restrictions on primary routes.

(1990, P.L.639, No.165, § 208)

Section 210. Recovery of response costs.

(a) General rule.--A person who causes a release of a hazardous material shall be liable for the response costs incurred by a certified hazardous material response team or a supporting paid or volunteer emergency service organization, or both. The Commonwealth agency, local agency, regional hazardous material organization, volunteer emergency service organization, or hazardous material transporter, manufacturer, supplier or user that organized the certified hazardous material response team, as identified on the team certification, or supporting paid or volunteer emergency service organizations, that undertakes a response action may recover those response costs in law or an action in equity brought before a court of competent jurisdiction or may proceed under the provisions of subsection (d). Should more than one certified hazardous material response team incur response costs for the same hazardous material release or incident, the organizing entities of those certified hazardous material response teams may file a joint action in law or equity and may designate one entity to represent the others in the law suit.

(b) Amount.--In an action to recover response costs, a Commonwealth agency, local agency, regional hazardous material organization, supporting paid or volunteer emergency service organization, or a hazardous material transporter, manufacturer, supplier or user may include operational, administrative personnel and legal costs incurred from its initial response action up to the time that it recovers its costs. Only those certified hazardous material response teams and supporting paid or volunteer emergency service organizations that are properly trained in accordance with the standards developed under this act [the Hazardous Material Emergency Planning and Response Act] and that are properly requested and dispatched by a legally constituted authority shall be eligible to recover their response costs under this act.

(c) Definitions.--When used in this section, the term "response cost" includes, but is not limited to, the following:

(1) Disposable materials and supplies acquired, consumed and expended specifically for the purpose of the response to the hazardous material release.

(2) Rental or leasing of equipment used specifically for the response, for example, protective equipment or clothing and scientific and technical equipment.

(3) Replacement costs for equipment that is contaminated beyond reuse or repair during the response, for example, self-contained breathing apparatus irretrievably contaminated during the response.

(4) Decontamination of equipment contaminated during the response.

(5) Compensation of paid employees or members of the hazardous material

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

response team and supporting paid or volunteer emergency service organization, to include regular and overtime pay for permanent full-time and other than full-time compensated employees or members.

(6) Special technical services specifically required for the response, for example, costs associated with the time and efforts of technical experts or specialists.

(7) Laboratory and testing costs for purposes of analyzing samples or specimens taken during the response.

(8) Other special services specifically required for the response, for example, utility costs.

(9) Costs associated with the services, supplies and equipment used to conduct an evacuation during the response.

(10) Costs associated with the removal and disposal of hazardous materials.

(d) Arbitration.--

(1) In lieu of bringing an action at law or in equity in a court of competent jurisdiction in the matter of a response cost dispute under subsection (a), the party who is the person who caused a release of a hazardous material and the party who is the certified hazardous material response team, including any volunteer emergency service organizations requested and dispatched by a legally constituted authority, may agree to submit the response cost dispute to binding arbitration as provided in this subsection. By submitting the response cost dispute to arbitration, the parties shall have waived all rights to remedies available under subsection (a) or to any other remedies available at law.

(2) Once the parties agree to submit the response cost dispute to binding arbitration, the local committee shall notify the council and the parties of the request for a board of arbitration and shall request the recommendation of the parties for persons to be appointed to the board. The board of arbitration shall consist of three persons, one to be selected by each of the parties and a third person to be agreed upon by the arbitrators as specified in paragraph (3). Within five days of the request for arbitration, the parties shall submit the names of the arbitrators that they have chosen and the local committee shall appoint those persons to the board of arbitration.

(3) Within five days after their appointment, the two arbitrators shall meet and select a third arbitrator who shall be appointed to the board by the local committee, and who will be chairman of the board of arbitration.

(4) If the two arbitrators fail to select a third arbitrator as provided in paragraph (3), the council shall, within five days, select a third arbitrator who shall be appointed to the board. The person so selected shall not be a member of the council, a member of any local committee or a person or a relative of a person employed by the party or a subsidiary of the party who caused the hazardous material release or who has an ownership or equity interest in the party or subsidiary of the party who caused the hazardous material release.

(5) Upon appointment of the third member, the board shall commence its proceedings and within 30 days shall make its determination, which shall be binding on all parties.

(6) Unless otherwise prescribed in the agreement to arbitrate, the expenses and fees of the arbitrators and other expenses, but not including counsel fees, incurred in the conduct of the arbitration shall be paid as prescribed in the award.

Section 211. Facility and vehicle inspection and testing.

* * *

(c) Emergency situations.--Should a release or threatened release of a known or unknown substance, liquid, mixture, compound, material or product occur or appear to be imminent at a facility or vehicle site which endangers or has the potential to endanger the health, safety and welfare of the public, employees of the facility or the vehicle's owner or operator, or the employees of the owner or operator of the vehicle, the council or the local committee may send qualified representatives or the certified hazardous material response team, or both, to the facility or vehicle site at any time in order to inspect the facility or vehicle and to assess the

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

danger posed by the release or threatened release and to obtain samples or specimens of the substance, liquid, mixture, compound, material or product involved in the release or threatened release and to perform any other incident response activities deemed necessary by the representatives of the council or the local committee or the certified hazardous material response team.

* * *

(e) Qualified person.--For purposes of this section, the council shall develop qualification standards for members of the council, local committees or their representatives who exercise the reporting, inspection and testing authority contained in this section. At a minimum, those qualifications shall include:

(1) Training in inspection and enforcement activities related to enforcing environmental or fire incident investigations.

(2) Training in the handling and recognition of hazardous materials.

(3) Conflict of interest standards and procedures designed to prevent a local committee member or representative from using the authority of this section to gather information on a business competitor or other trade secret information.

(4) Procedures for decertifying a member or representative who was determined to be a qualified representative of the council or local committee.

(1990, P.L.639, No.165, § 211)

Section 212. Annual report.

PEMA shall submit an annual report to the General Assembly by October 1 of each year on the activities it has undertaken to implement this act [the Hazardous Material Emergency Planning and Response Act]. The report shall include, but not be limited to:

(1) An accounting of revenues and expenditures from the Hazardous Material Response Fund and the county Hazardous Material Emergency Response Accounts along with a description of the projects undertaken with these funds and a projection of future activities.

(2) The status of local emergency planning committee activities.

(3) The status of facilities required to comply with this act, including their number, location and the number and amount of chemicals reported.

(4) The number and nature of emergency notifications handled by PEMA.

Subchapter D. Interstate Civil Defense Disaster Compact

§ 7111. Interstate civil defense and disaster compact enacted.

The Interstate Civil Defense and Disaster Compact is hereby enacted into law and entered into with all jurisdictions legally joining therein in the form substantially as follows:

Article 1

The purpose of this compact is to provide mutual aid among the States in meeting any emergency or disaster from enemy attack or other cause (natural or otherwise), including sabotage and subversive acts and direct attacks by bombs, shellfire and atomic, radiological, chemical, bacteriological means and other weapons. The prompt, full and effective utilization of the resources of the respective States, including such resources as may be available from the United States Government or any other source are essential to the safety, care and welfare of the people thereof in the event of enemy action or other emergency, and any other resources, including personnel, equipment or supplies, shall be incorporated into a plan or plans of mutual aid to be developed among the civil defense agencies or similar bodies of the States that are parties hereto. The directors of civil defense of all party States shall constitute a committee to formulate plans and to take all necessary steps for the implementation of this compact.

Article 2

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

It shall be the duty of each party State to formulate civil defense plans and programs for application within such State. There shall be frequent consultation between the representatives of the States and with the United States Government and the free exchange of information and plans, including inventories of any materials and equipment available for civil defense. In carrying out such civil defense plans and programs, the party States shall, so far as possible, provide and follow uniform standards, practices and rules and regulations including:

- (a) Insignia, arm bands and any other distinctive articles to designate and distinguish the different civil defense services.
- (b) Blackouts and practice blackouts, air raid drills, mobilization of civil defense forces, and other tests and exercises.
- (c) Warnings and signals for drills or attacks and the mechanical devices to be used in connection therewith.
- (d) The effective screening or extinguishing of all lights and lighting devices and appliances.
- (e) Shutting off water mains, gas mains, electric power connections, and the suspension of all other utility services.
- (f) All materials or equipment used or to be used for civil defense purposes in order to assure that such materials and equipment will be easily and freely interchangeable when used in or by any other party State.
- (g) The conduct of civilians and the movement and cessation of movement of pedestrians and vehicular traffic prior, during and subsequent to drills or attacks.
- (h) The safety of public meetings or gatherings.
- (i) Mobile support units.

Article 3

Any party State requested to render mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof: Provided, That it is understood that the State rendering aid may withhold resources to the extent necessary to provide reasonable protection for such State. Each party State shall extend to the civil defense forces of any other party State while operating within its State limits under the terms and conditions of this compact, the same powers (except that of arrest, unless specifically authorized by the receiving State), duties, rights, privileges and immunities as if they were performing their duties in the State in which normally employed or rendering services. Civil defense forces will continue under the command and control of their regular leaders but the organizational units will come under the operational control of the civil defense authorities of the State receiving assistance.

Article 4

Whenever any person holds a license, certificate or other permit issued by any State evidencing the meeting of qualifications for professional, mechanical or other skills, such person may render aid involving such skill in any party State to meet an emergency or disaster and such State shall give due recognition to such license, certificate or other permit as if issued in the State in which aid is rendered.

Article 5

No party State or its officers or employees rendering aid in another State pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith.

Article 6

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more States may differ from that appropriate among other States party hereto, this instrument contains elements of a broad base common to all States and nothing herein contained shall preclude any State from entering into supplementary agreements with another State or States. Such supplementary agreements may comprehend but shall not be limited to provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, equipment and supplies.

Article 7

Each party State shall provide for the payment of compensation and death benefits to injured members of the civil defense forces of that State and the representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact in the same manner and on the same terms as if the injury or death were sustained within such State.

Article 8

Any party State rendering aid in another State pursuant to this compact shall be reimbursed by the party State receiving such aid for any loss or damage to or expense incurred in the operation of any equipment answering a request for aid and for the cost incurred in connection with such requests: Provided, That any aiding party State may assume in whole or in part such loss, damage, expense or other cost, or may loan such equipment or donate such services to the receiving party State without charge or cost: And, provided further, That any two or more party States may enter into supplementary agreements establishing a different allocation of costs as among those States. The United States Government may relieve the party State receiving aid from any liability and reimburse the party State supplying civil defense forces for the compensation paid to and the transportation, subsistence and maintenance expenses of such forces during the time of the rendition of such aid or assistance outside the State and may also pay fair and reasonable compensation for the use or utilization of the supplies, materials, equipment or facilities so utilized or consumed.

Article 9

Plans for the orderly evacuation and reception of the civilian population as the result of an emergency or disaster shall be worked out from time to time between representatives of the party States and the various local civil defense areas thereof. Subchapter E. Local Emergency Management Organizations

§ 7501. General authority of political subdivisions.

(a) Establishing emergency management organization.--Each political subdivision of this Commonwealth is directed and authorized to establish a local emergency management organization in accordance with the plan and program of the Pennsylvania Emergency Management Agency. Each local organization shall have responsibility for emergency management, response and recovery within the territorial limits of the political subdivision within which it is organized and, in addition, shall conduct such services outside of its jurisdictional limits as may be required under this part [35 Pa.C.S. Pt. V (relating to emergency management services)].

(b) Declaration of disaster emergency.--A local disaster emergency may be declared by the governing body of a political subdivision upon finding a disaster has occurred or is imminent. The governing body of a political subdivision may authorize the mayor or other chief executive officer to declare a local disaster emergency subject to ratification by the governing body. The declaration shall not be continued or renewed for a period in excess of seven days except by or with the consent of the governing body of the political subdivision. Any order or proclamation declaring, continuing or terminating a local disaster emergency shall be given prompt and general publicity and shall be filed promptly with the agency. The effect of a declaration of a local disaster emergency is to activate the response and recovery aspects of any and all applicable local emergency management plans and to authorize the furnishing of

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

aid and assistance thereunder.

(c) Contracts and obligations.--In carrying out the provisions of this part, each political subdivision shall have the power to enter into contracts and incur obligations necessary to disaster emergency management, response and recovery.

(d) Temporary suspension of formal requirements.--Each political subdivision included in a declaration of disaster emergency declared by either the Governor or the governing body of the political subdivision affected by the disaster emergency is authorized to exercise the powers vested under this section in the light of the exigencies of the emergency situation without regard to time-consuming procedures and formalities prescribed by law (excepting mandatory constitutional requirements) pertaining to the performance of public work, entering into contracts, the incurring of obligations, the employment of temporary workers, the rental of equipment, the purchase of supplies and materials, the levying of taxes and the appropriation and expenditure of public funds. Notwithstanding any other provision of law, the governing body of a political subdivision shall not be required to have a quorum physically present at any one location in order to conduct business if a quorum is otherwise established by the participating members through an authorized telecommunication device.

(e) Employment of personnel.--In order to meet prescribed requirements for eligibility to receive Federal contributions authorized under the provisions of the Federal Civil Defense Act of 1950 (64 Stat. 1245, 50 U.S.C. App. § 2251 et seq.) or any amendment or reenactment thereof, political subdivisions are authorized to avail themselves of services offered by the State Civil Service Commission under the provisions of the act of August 5, 1941 (P.L.752, No.286), known as the "Civil Service Act," in connection with the employment of personnel in local organizations established pursuant to the provisions of this part.

(3) Attend basic and advanced seminars, workshops and training conferences called by the State director and/or official having responsibility for providing the coordinator with in-service training.

Failure to attend the instruction described in this subsection or failure to attend a prescribed training conference for a period of two consecutive years shall be cause for replacement. The State Director of Emergency Management may grant credit toward meeting the requirements of this subsection to appointed local coordinators on the basis of prior experience and training.

(f) Responsibility for training.--Responsibility for the professional in-service training of each coordinator rests with each successive higher political subdivision than the one in which the coordinator is functioning.

When two or more political subdivisions within a county are affected, the county organization shall exercise responsibility for coordination and support to the area of operations. When two or more counties are involved, coordination shall be provided by the [Pennsylvania Emergency Management] agency or by area organizations established by the agency.

Upon the occurrence of any fire, such assistant shall report the same to the Pennsylvania State Police within five days after its occurrence. If the fire appears to the assistant making such inquiry to be of such character and origin as shall require thorough and exhaustive investigation, he shall immediately notify the Pennsylvania State Police and shall, when directed by the Pennsylvania State Police, assist in the making of such investigation. The reports of any such fire shall be made in writing, and in the manner and form prescribed by the Pennsylvania State Police, on the blanks furnished for that purpose. Such reports shall, in every case, contain a statement of: (a) All the facts relating to the cause of such fire that can be ascertained; (b) the extent of the loss and damage to each property; (c) the loss of life and personal injuries caused thereby or resulting therefrom; (d) the amount of insurance upon each property destroyed or damaged; and (e) such other information as may be required by the Pennsylvania State Police.

Section 3. [Inspection of fire menace or hazard] (a) The Pennsylvania State Police, or its assistants, upon the complaint of any person, or whenever it or they shall deem it necessary, shall inspect the buildings and premises within their jurisdiction. Whenever any of the said officers shall find any buildings or structures which, for want of repairs or by reason of age or dilapidated condition or accumulation of waste, rubbish, debris, explosive or flammable substance in any buildings or on premises, constituting a fire menace or hazard, or for any other cause, making it especially liable to fire, and endangering property, and so situated as to endanger other property, it or they shall order the same to be removed or remedied, if the same is reasonably practicable, thereby lessening the danger of fire. Whenever such officer shall find, in any building, combustible or explosive matter, or flammable conditions, which are in violation of any law or ordinance applicable thereto, or are dangerous to the safety of such buildings, thereby endangering other property, it or they shall order the same to be removed or remedied, and such order shall contain a notice that an appeal therefrom may be taken, and shall forthwith be complied with by the owner or occupant of such premises or buildings.

(b) If such order is made by any assistant to the Pennsylvania State Police, such owner or occupant may, within five days, appeal to the Pennsylvania State Police, which shall, within ten days, review such order and file its decision thereon, and unless by its authority the order is revoked or modified, it shall remain in full force and be obeyed by such owner or occupant. Any owner or occupant, who feels aggrieved by any order of the Pennsylvania State Police, or by any decision upholding or modifying any order of any of its assistants, may, within five days after the same has been made or filed by the Pennsylvania State Police, file his petition with the court of common pleas of the county where the property subject to the proceeding is located, praying a review of such order, and it shall be the duty of the court to hear the same at the first convenient day and to make such order in the premises as right and justice may require.

(c) The service of any such order shall be made upon the owner or occupant of the premises to whom it is directed by either delivering a true copy of same to such occupant personally, or by delivering the same to and leaving it with any person in charge of the premises, or, in case no such person is found upon the premises, by affixing a copy thereof in a conspicuous place on the door to the entrance of the said premises. Whenever it may be necessary to serve such an order upon the owner of premises, such order may be served either by delivering to, and leaving with, the said person a true copy of the said order, or if such owner is absent from the jurisdiction of the officer making the order, by mailing such copy to the owner's last known post office address.

(d) Any owner or occupant refusing or neglecting to comply with any final order or notice issued by the Pennsylvania State Police, or under its direction by any inspector or member of the Pennsylvania State Police, shall, upon conviction thereof under summary proceedings instituted before any magistrate, alderman, or justice of the peace in the county where such violations occur, be sentenced to pay a fine of not less than fifty dollars (\$50.00), nor more than two hundred dollars (\$200.00), and in default of the payment of such fine and costs, to be imprisoned in the county prison one day for each dollar of fine and costs unpaid. Upon conviction after hearing, the sentences provided in this act [the State Fire Marshal Law] shall be imposed and shall be final unless an appeal be taken in the manner prescribed by law.

(h) Review of standards.--Three years from the effective date of this section, and every three years thereafter, the commissioner shall undertake a review of the effectiveness of this section based upon incidents of cigarette-caused fires, advances in cigarette fire safety, including improvements in cigarette technology, and the data submitted to demonstrate compliance with the performance standard. § 5306.1. [911] Fund.

(a) Establishment.--There is established in the State Treasury a nonlapsing restricted interest-bearing account to be known as the 911 Fund. Money in the fund and the interest the money accrues is appropriated to the agency to be disbursed by the [Pennsylvania Emergency Management] agency.

(b) Composition of fund.--The following money shall be deposited in the fund:

(1) The surcharge remitted under section 5307 (relating to payment, collection and remittance of surcharge by providers of 911 communications services) and the prepaid wireless surcharge remitted under section 5307.1 (relating to payment, collection and remittance of surcharge by sellers of prepaid wireless telecommunications service).

(2) Any money appropriated by the General Assembly.

(3) Money from any other public or private source.

(4) Interest accrued by the fund.

(c) Use.--

(1) The money in the fund shall be used only for reasonably necessary costs that enhance, operate or maintain a 911 system in this Commonwealth in accordance with the Statewide 911 plan established by the agency. For the purposes of this paragraph, reasonably necessary costs shall be determined by the agency, in consultation with the board, consistent with the following:

(i) The agency shall establish factors for reasonably necessary costs.

(ii) The agency shall provide the factors annually through agency guidelines.

(iii) Notwithstanding any guidelines provided by the agency, use of the fund by a 911 system or the agency to establish, enhance, operate or maintain Statewide interconnectivity of 911 systems or to establish a capital or operating reserve consistent with a 911 system plan shall be deemed reasonably necessary.

(2) Money from the fund shall not be expended on a 911 system that does not conform to the standards and guidance published by the agency.

(3) Money from the fund shall not be transferred for General Fund use by the Commonwealth or counties.

(d) Distribution.--Within 30 days after the end of each quarter, the agency shall determine the amount available from the fund for distribution and make disbursements in accordance with the Statewide 911 plan and this chapter and in accordance with the following:

(1) Not less than 80% of the amount in the fund shall be disbursed to a 911 system through a mathematical formula established by the agency in consultation with the board, of which at least 30% shall solely be based on population.

(2) Up to 15% of the amount in the fund shall be used by the agency to establish, enhance, operate or maintain Statewide interconnectivity of 911 systems, including, but not limited to, the use or obligations of money for debt service related to regional or Statewide interconnectivity. Money under this paragraph may also be used to purchase a Statewide system designed to allow individuals to identify their phone numbers as associated with a person with a physical disability, so that when an individual makes a 911 call, the PSAP has this information.

(3) Three percent of the amount available shall be disbursed equally to the PSAPs of this Commonwealth. Consolidation of PSAPs after the effective date of this paragraph shall not reduce an allocation to a county under this paragraph.

(4) Not greater than 2% of the amount in the fund may be retained by the agency to pay for agency expenses directly related to administering the provisions of this chapter.

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

Any excess shall be added to the amounts available for distribution under paragraph (1). Audits conducted by the agency under this section shall be funded from amounts retained under this paragraph.

(e) Distribution formula considerations.--

(1) The distribution formula established by the agency under subsection (d) shall fairly and proportionately reflect 911 system needs.

(2) The initial distribution formula shall be established and implemented by the agency, in consultation with the board, no later than 18 months following the effective date of this section.

(3) The distribution formula shall be reviewed every two years and may be adjusted annually.

(4) In developing and evaluating the distribution formula, the agency, in consultation with the board, shall consider and may include the following factors that permit the formula to reflect 911 system needs:

(i) Base level costs common to all 911 systems.

(ii) Population and population density.

(iii) Call volume, including definition of what constitutes a call as published by the agency.

(iv) Extenuating factors such as topography, concentrated exposure such as transit or industrial facilities, or cyclical exposures such as high-attendance public events.

(5) In development of the distribution formula, the agency, in consultation with the board, shall consider the 911 system's average reported allowable 911 system costs for the five years immediately preceding the effective date of this section.

(6) Notwithstanding the provisions of paragraph (5), the total annual disbursement from the fund to any one 911 system may not exceed the actual annual costs to enhance, operate or maintain that 911 system in accordance with the Statewide 911 system plan. Actual costs may include amortization or depreciation of allowable capital costs of the 911 system as determined using generally accepted accounting principles and approved plan allocations to capital and operating reserves, if approved by the agency.

(f) Interim distribution formula.--Commencing on the effective date of this subsection, until the board develops and the agency implements a distribution formula under subsection (e), the money available under subsection (d)(1) and (3) shall be distributed to each 911 system as follows:

(1) A share equivalent to 106% times the respective 911 system's average of local exchange telephone carriers surcharge collections under section 5305 (relating to 911 system plan) for the five years immediately preceding the effective date of this section.

(2) A share equivalent to 106% times the respective 911 system's average of VoIP provider's surcharge collections under section 5307 for the five years immediately preceding the effective date of this section.

(3) The remaining amount distributed to each 911 system shall be based on the ratio that its average reported allowable 911 system costs for the five years immediately preceding the effective date of this paragraph bear to the average reported allowable 911 system costs for all 911 systems for the five years immediately preceding the effective date of this paragraph.

(g) Surplus.--

(1) If excess money remains available in the fund after the distribution and balanced disbursements required under subsections (d) and (e), the agency shall distribute the remaining money for the enhancement, operation or maintenance of 911 systems as provided under subsection (d)(1) in this Commonwealth in accordance with the Statewide 911 system plan.

(2) If the fund experiences a surplus as described in this section for eight consecutive quarters, the agency shall provide written notice of the surplus to the General Assembly and the written notice shall include a recommended reduced surcharge for consideration by the General Assembly.

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

(3) The written notice required under paragraph (2) shall be submitted to the General Assembly within 60 days after the end of the eighth consecutive quarter experiencing the surplus.

(h) County or city action required.--A county or city of the third class shall not be eligible to receive funds under this section unless the governing body of the county or city adopts a resolution or ordinance authorizing acceptance of the funds. The county or city shall provide public notice of the intent to adopt the resolution or ordinance. A copy of the resolution or ordinance shall be provided to the agency.

(i) Audits.--

(1) The fund shall be audited in a manner and on a frequency consistent with other restricted receipts accounts administered by the Commonwealth.

(2) The agency shall require a biennial performance audit of each PSAP's use of the disbursements it has received from the fund, including amounts placed in capital or operating reserve consistent with published guidelines established by the agency.

(35 Pa.C.S. § 5306.1)

§ 5306.2. Uniform 911 surcharge.

The surcharge shall be subject to the following:

(1) The surcharge shall be uniform, competitively neutral and in an equal amount for subscribers or consumers of all 911 communications services.

(2) Except as provided under section 5307.1 (relating to payment, collection and remittance of surcharge by sellers of prepaid wireless telecommunications service), the surcharge shall be paid to the State Treasurer for deposit in the [911] fund. The Treasurer may retain up to 1% of the remitted surcharge to pay expenses directly related to the cost of collection.

(3) No subscriber or consumer shall be required to pay more than one surcharge per number or device.

(b) Provider administrative costs.--Each provider collecting the surcharge may retain an amount not to exceed 1% of the gross receipts of surcharges collected as reimbursement for its actual administrative costs.

(c) Collection of surcharge.--The collection of the surcharge by each provider shall be subject to the following:

(1) Providers shall collect the surcharge on behalf of the agency as part of their billing process and shall have no obligation to take any legal action to enforce the collection of the surcharge. Action may be brought by or on behalf of the agency. Upon written request of the agency, each wireless provider shall annually provide a list of the names and addresses of those wireless service customers whose accounts are considered a bad debt as determined by the provider's books and records that have failed to pay the surcharge.

(2) Providers shall not be liable for the unpaid amounts.

(3) If a provider receives a partial payment for a monthly bill from a subscriber, the provider shall apply the payment against the amount the subscriber owes the provider first and shall remit to the State Treasurer the lesser amount, if any, resulting from the application.

(4) The surcharge shall not be:

(i) Subject to taxes or charges levied by the Commonwealth or a political subdivision of this Commonwealth or an intergovernmental agency for 911 funding purposes on a provider, seller or consumer with respect to the sale, purchase, use or provision of a communication service.

(ii) Considered revenue of the provider.

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

(5) Nothing under this chapter shall prevent a provider from recovering costs of implementing and maintaining 911 communications service directly from the provider's subscribers, whether itemized on the subscriber's bill or by any other lawful method.

(6) Funds remaining in a State or county 911 fund prior to the effective date of this section shall only be used for purposes relating to the operation of 911 systems.

(2) The surcharge shall be stated separately in the subscriber billing.

* * *

(b) Multiline telephone systems.--In the case of Centrex or similar multiline telephone system subscribers, except PBX subscribers, the following multipliers shall be applied to determine the rate of the surcharge for each subscriber:

(1) For the first 25 lines, each line shall be assessed the surcharge.

(2) For lines 26 through 100, each line shall be assessed 75% of the surcharge.

(3) For lines 101 through 250, each line shall be assessed 50% of the surcharge.

(4) For lines 251 through 500, each line shall be assessed 20% of the surcharge.

(5) For lines 501 or more, each line shall be assessed 17.2% of the surcharge.

(6) As of August 1, 2015, for each digital transmission link, including primary rate interface service or Digital Signal-1 (DS-1) level service, or equivalent, that can be channelized and split into 23 or 24 voice-grade or data-grade channels for voice communications, that when the digits 9-1-1 are dialed provides the subscriber access to a PSAP through permissible interconnection to the dedicated 911 system, a subscriber's assessments shall be increased to 23 surcharges per transmission link.

(7) Each VoIP provider shall collect the uniform 911 surcharge for the number of VoIP service lines for which the VoIP provider has enabled the capacity for simultaneous outbound calls regardless of actual usage.

(8) Each VoIP provider that remits the surcharge shall certify the accuracy of the remittance annually as required using agency procedures and forms.

(c) Applicability.--The provisions of this section shall not apply to sellers or consumers of prepaid wireless telecommunications service.

(3) The surcharge shall be either separately stated on an invoice, receipt or other similar document that is provided to the consumer by the seller or otherwise conspicuously disclosed to the consumer by the seller.

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

(4) The surcharge is a liability of the consumer and not of the seller or any provider, except that the seller shall be liable to remit any surcharge collected from a consumer as provided under paragraph (6), including the charges that the seller is deemed to collect if the amount of the surcharge has not been separately stated on an invoice, receipt or other similar document provided to the consumer by the seller.

(5) The amount of the surcharge that is collected by a seller from a consumer, whether or not the amount is separately stated on an invoice, receipt or similar document provided to the consumer by the seller, shall not be included in the base for measuring a tax, fee, surcharge or other charge that is imposed by the Commonwealth, a political subdivision or an intergovernmental agency.

(6) The surcharge collected by a seller, less 1.5% that may be retained by the seller to cover administrative costs, shall be remitted to the Department of Revenue at the times provided under Article II of the Tax Reform Code of 1971. The department shall establish payment procedures that substantially coincide with the payment procedures of Article II of the Tax Reform Code of 1971, except the department may require the filing of returns and the payment of the surcharge by electronic means.

(7) The assessment, audit, appeal, collection and enforcement procedures and other provisions of the Tax Reform Code of 1971 shall apply to the surcharge collected and remitted under this section.

(8) The provision of section 5311.1 (relating to immunity) shall apply to prepaid wireless providers and sellers.

(9) The surcharge shall be the only 911 funding obligation imposed regarding prepaid wireless telecommunications service in this Commonwealth. A tax, fee, surcharge or other charge may not be imposed by the Commonwealth, a political subdivision or an intergovernmental agency for 911 funding purposes on a seller or consumer with respect to the sale, purchase, use or provision of prepaid wireless telecommunications service. The surcharge shall not be considered revenue of any seller.

(10) Each seller that remits the surcharge shall certify the accuracy of the remittance annually using the procedures and forms provided by the agency.

(b) Department of Revenue.--The following shall apply to the department:

(1) The department shall establish procedures by which a seller of prepaid wireless telecommunications service may document that a sale is not a retail transaction, which procedures shall substantially coincide with the procedures for documenting sale for resale transactions for sales and use tax purposes under Article II of the Tax Reform Code of 1971.

(2) The department shall pay all remitted surcharges to the State Treasurer for deposit into the fund within 30 days of receipt for use as provided for under this chapter.

§ 5311.18. Temporary residence.

Businesses providing MLTS [multiline telephone system] service to a temporary residence shall permit the dialing of 911, and the MLTS operator shall ensure that the MLTS is connected to the public switched telephone network. § 5311.20. ALI [Automatic location information] database maintenance.

If applicable, MLTS [multiline telephone system] operators must arrange to update the ALI database with an appropriate master street address guide valid address and call-back information for each MLTS telephone, such that the location information specifies the ERL of the caller. These updates must be downloaded or otherwise made available to the ALI database provider as soon as practicable for a new MLTS installation, or within one business day of record completion of the actual changes for MLTS installed before the effective date of this section. The information is subject to all Federal and State privacy and confidentiality laws. The MLTS operator shall audit accuracy of information contained in the ALI database at least once annually.

(35 Pa.C.S. § 5311.22)

§ 5311.23. MLTS [multiline telephone system] signaling.

Section 203. Existing Local Retirement Systems and Compulsory and Optional Membership.--Where a municipality elects to join the system established by this act [the Pennsylvania Municipal Retirement Law], and is then maintaining a retirement or pension system or systems covering its employes in whole or in part, those employes so covered, and employes thereafter eligible to join such pension system, shall not become members of the retirement system established by this act, unless at the time the municipality elects to join the system, the members of each such existing retirement or pension system shall, by the affirmative vote of seventy-five per cent of all the members of each pension system, elect to be covered by the retirement system established by this act. At any time thereafter, within a period of three years after the municipality has elected to join the system, but not thereafter, the members of an existing retirement or pension system may, in like manner, elect to join the system established by this act. In any such case, provisions may be made for the transfer of moneys and securities in its retirement or pension fund or funds, in whole or in part, to the fund established by this act. Securities so transferred shall be only those acceptable to the board. Securities not so acceptable shall be converted into cash, and said cash transferred to the fund created by this act. In any such transfer, provision shall be made to credit the accumulated deductions of each member, at least the amount he has paid into the retirement or pension system of the municipality, which moneys shall be credited against the prior service contributions of such member, or a municipality may turn over to the retirement system created by this act any existing local pension system on a completely funded basis, as to pensioners and pension credits of members related to prior service to the date of transfer, or on a partially funded basis if the municipality pays annually into the retirement system amounts sufficient to completely liquidate the municipality's liability for prior service within a period not to exceed thirty years.

No liability, on account of retirement allowances or pensions being paid from any retirement or pension fund of the municipality, shall attach against the fund, except as provided in the agreement, making a transfer of an existing system in accordance with this section. The liability to continue payment of pensions not so transferred shall attach against the municipality, which shall annually make appropriations from its tax revenues sufficient to pay the same. In cases where workers covered by an existing retirement or pension system elect to join the system created by this act, the election to join shall be deemed to have been made at the time the municipality elected to join the system, and the liabilities of the municipality shall be fixed accordingly.

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

If a municipality elects to join the system under the provisions of this Article II, then each officer other than elected officers, and each municipal employe employed on a full-time basis, except one who is not eligible for Federal Social Security coverage and except one who is covered by an existing retirement or pension system and is exempted as outlined above, shall be required to become a member of the system. Each municipality shall determine whether membership in said system for elected officials and employes hired on a temporary, seasonal or part-time basis shall be compulsory, optional or prohibited. Where membership may be optional with an elected officer or an employe hired on a temporary, seasonal or part-time basis, an election to join the system must be made within one year after the municipality elected to join the system or within one year after the officer or temporary, seasonal or part-time employe first entered the service of the municipality. Officers and employes paid only on a fee basis shall not be eligible to join the system.

When a municipality has established a policy of placing new employes on a probationary status it may elect to refrain from enrolling such employes into the system for a period of up to one year from the date the probationary employe first entered the service of the municipality. In such cases service credits shall not be earned by the employe for probationary time served prior to enrollment.

Notwithstanding any other provision herein, the board may, in its discretion, entertain a request from a municipality to join the system established by this act for those employes who are excluded from local pension plan coverage by virtue of the collective bargaining process or otherwise. The request to join the system must be accompanied by an affirmative vote of no less than three-fourths of those employes not covered by the local pension plan. The benefits to be established may be in accordance with the provisions of this article or any other relevant pension law covering that class of municipality. The other requirements of this section for joining this system shall be observed.

In any such case, provisions may be made for the transfer of moneys and securities in its retirement or pension fund or funds, in whole or in part, to the fund established by this act. Securities so transferred shall be only those acceptable to the board. Securities not so acceptable shall be converted into cash, and said cash transferred to the fund created by this act. In any such transfer, provision shall be made to credit the accumulated deductions of each member, at least the amount he has paid into the retirement or pension system of the municipality, which moneys shall be credited against the prior service contributions of such member, or a municipality may turn over to the retirement system created by this act any existing local pension system on a completely funded basis, as to pensioners and pension credits of members related to prior service to the date of transfer, or on a partially funded basis if the municipality pays annually into the retirement system amounts sufficient to completely liquidate the municipality's liability for prior service within a period not to exceed thirty years.

If a municipality elects to join the system under the provisions of this Article IV, it shall first negotiate a contract with the board, acceptable to both the municipality and the board, which shall set forth all the specific details of municipal and member contribution rates and benefits. The municipality shall then pass an ordinance or resolution electing to join the system, and confirming the terms of the contract by reference thereto. Separate contracts and separate resolutions shall be executed for each class of employes, namely municipal employes, municipal firemen and municipal police in those cases where the municipality elects to bring more than one class of its employes into the system.

When a municipality elects to enroll its municipal employes into the system, then each officer other than elected officers, and each municipal employe thereof, employed on a full-time basis, shall be required to become a member of the system. Each municipality shall determine whether membership in said system for elected officials and employes hired on a temporary, seasonal or part-time basis shall be compulsory, optional or prohibited. Where membership may be optional with an elected officer or an employe hired on a temporary, seasonal or part-time basis, an election to join the system must be made within one year after the municipality elected to join the system or within one year after the officer or temporary, seasonal or part-time employe first entered the service of the municipality. Officers and employes paid only on a fee basis shall not be eligible to join the system.

When a municipality elects to enroll its municipal firemen or its municipal police into the system, then each municipal fireman or each municipal policeman, as defined in section 102 of this act, shall be required to become a member of the system.

When a municipality has established a policy of placing new employes on a probationary status it may elect to refrain from enrolling such employes into the system for a period of up to one year from the date the probationary employe first entered the service of the municipality. In such cases service credits shall not be earned by the employe for probationary time served prior to enrollment. Notwithstanding any other provision herein, the board may, in its discretion, entertain a request from a municipality to join the system established by this act for those employes who are excluded from local pension plan coverage by virtue of the collective bargaining process or otherwise. The request to join the system must be accompanied by an affirmative vote of no less than three-fourths of those employes not covered by the local pension plan. The benefits to be established may be in accordance with the provisions of this article or any other relevant pension law covering that class of municipality. The other

Section 404. Determination of Municipal Liability.--The [Pennsylvania Municipal Retirement] board shall, as soon as may be, determine the present value of the liability of each municipality for any prior service credits it has elected to extend to its original members, and shall establish an amount payable annually over a period not exceeding thirty years, through which payments such prior service liability may be funded. Each municipality shall have the option to spread the payment of such prior service liability over such period of years.

The municipal liability shall be based upon credit for those years of prior service toward the municipal annuity of each original member, for which the municipality has agreed to pay, plus any liability for payment of the member's contributions for the prior service or any portion thereof of each original member which the municipality has agreed to pay.

The board shall also determine, from time to time, the amount which shall be contributed annually by each municipality for service credits of original and new members subsequent to the time the municipality joined the [Pennsylvania Municipal Retirement] system, and the additional amount which shall be contributed annually by each municipality toward a reserve account for disability allowance payable to original and new members, in order that all future service liability may be fully funded on an actuarial basis.

The amounts so determined by the board may be expressed in a percentage of the payroll of the municipality covering its contributing members.

The payments made by the State Treasurer to the treasurer of the municipality from moneys received from taxes paid upon premiums by foreign fire insurance companies for purposes of pension, retirement or disability benefits for municipal firemen shall be used as follows: (i) to reduce the unfunded liability or, after such liability has been funded, (ii) to apply against the annual obligation of the municipality for future service and disability reserve costs, and (iii) to reduce member contributions. It shall be the duty of the governing body to apply such payments in accordance with the provisions of this act.

The payments made by the State Treasurer to the treasurer of the municipality from the moneys received from taxes paid upon premiums by foreign casualty insurance companies for purposes of pension, retirement or disability benefits for municipal policemen shall be used as follows: (i) to reduce the unfunded liability or, after such liability has been funded, (ii) to apply against the annual obligation of the municipality for future service and disability reserve costs, and (iii) to reduce member contributions. It shall be the duty of the governing body to apply such payments in accordance with the provisions of this act.

The cost of making the valuations required by this section and in the transfer of any existing pension system of any municipality, shall be part of the costs of administration of this act.

When any member of the fund shall resign or be dismissed from service there shall be paid to him from the fund a sum of money equal to all dues paid by him into the fund, without interest. When any member of the fund shall die in active service there shall be paid from the fund a sum of money equal to all dues paid by him into the fund, without interest, to his widow, if there be such widow, or in the absence of such widow to such person or persons as he shall have designated on a form prepared and approved by the board for such purpose, or in the absence of such widow and such designation to his estate. When any beneficiary shall die before he has received pension payments equal in amount to his total contributions to the fund, there shall be paid a sum of money equal to the difference between the amount of his said contributions and the amount he shall have received as pension payments, without interest, to his widow, if there be such widow or in the absence of such widow to such person or persons as he shall have designated on a form prepared and approved by the board for such purpose, or in the absence of such widow and such designation to his estate.

In addition when any member of the fund shall die as a result of injuries incurred while in the performance of his duties, there shall be paid to his widow from the fund monthly sums in amounts which, together with any payments received under "The Pennsylvania Workmen's Compensation Act" or "The Pennsylvania Occupational Disease Act," will be equal to fifty per centum of his salary at the time of his death. Such monthly payments shall continue for five hundred weeks, or until the widow shall remarry, or until her death, whichever shall first occur.

In the event there are surviving children but no widow, or after the payments herein provided for the widow have been discontinued by reason of the end of the five hundred week period or her remarriage or death, each unmarried child of the deceased member under the age of eighteen years shall thereafter receive payments equal to twenty-five per centum of the payments above provided for the widow, but in no case shall total payments to one family be more than fifty per centum of his salary at the time of his death. Where there is only one child, the minimum monthly payments shall be sixty dollars. Where the maximum amount is payable, it shall be divided equally among the children entitled thereto. The payments for each child shall terminate upon his reaching the age of eighteen years or his marriage or death: Provided, That the board may continue indefinitely payments to a dependent incompetent child. These payments shall consist of any payments received under "The Pennsylvania Workmen's Compensation Act" or "The Pennsylvania Occupational Disease Act," supplemented by the necessary amounts from the pension fund. In the event there are no surviving children or no widow entitled to receive the payments provided for in this act, any dependent parents of the member shall receive the payments the widow would have received had she survived and not remarried.

Regular employes shall serve at least fifteen days in each month and appear on all payrolls of said bureau of fire in said month in order to be credited for one month's service for pension under this act. In the event, however, that such regular employe served one or more days in any month while serving as a substitute employe prior to becoming a regular employe, such regular employe shall be given a full month's credit for the day or days in every month so served as a substitute: Provided, That the dues for each month so credited are paid in full.

Payments to the widows and children of members killed while on duty shall first be made on and after July 1, 1959.

credit as an employe of the city, with interest at the rate earned by the fund during the period of such prior employment: Provided, That service to be credited which was performed after the effective date of this act shall be paid for at the new rate of contribution. Full payment of such amount shall be a condition precedent to the member receiving credit for all or any part of said period of previous service for eligibility to receive a pension. Such amount shall be collected from the monthly wages of the member over the period of two years in the manner provided in clause (2) of section 9 of this act, or in such manner and period as the board of managers may determine. If, however, any such member shall be injured in the line of duty before he shall have made such full contribution for past service, so long as the disability continues he or she shall be eligible to pension under this act, but any amount which he or she shall not yet have paid to the fund as a contribution for past services under this section at the date of his or her injury shall be paid if the board in its discretion, shall so determine, in such monthly payments as the board may determine, which amounts shall be deducted from his or her pension as and when monthly payments thereof shall be made.

(b) Such surviving spouse shall be entitled to receive payments commencing the first day of the month in which the death of the deceased spouse occurs, and shall continue to and terminate upon the death of such surviving spouse, unless such surviving spouse shall remarry, in which event the board may allocate the pension to dependent children or parents as provided in this act: Provided, however, That in no case shall total payments to a member or his survivors or his estate be less than the deceased member's contribution into the fund.

(c) The word "pension" as used in this section shall be construed to mean the sum of the pension provided by this act plus the amount of service increment, if any, to which the married person retiring shall be entitled.

(d) In the event there is no surviving spouse, or the surviving spouse dies or remarries while receiving payments under this section, and where there are dependent children of the deceased member of the fund, the board may pay to each such dependent child twenty-five per centum of the pension earned by the deceased member until each such child attains the age of eighteen or marries or dies: Provided, That the board may indefinitely continue payments to a dependent incompetent child. Where the sums payable to dependent children under this section are equal to the maximum pension to which the widow would be entitled, it shall be divided equally among the children entitled thereto. In the event there are no surviving children or no widow entitled to receive the payments provided for in this act, any dependent parents of the deceased member shall receive the monthly payments the widow would have received had she survived and not remarried. (d) In the event there is no surviving spouse or the surviving spouse dies or remarries and where there are dependent children of the deceased member of the fund, the board may pay to each such dependent child twenty-five per centum of the pension earned by the deceased member until each such child attains the age of eighteen or marries or dies: Provided, That the board may indefinitely continue payments to a dependent incompetent child. Where the sums payable to dependent children under this section are equal to the maximum pension to which the widow would be entitled, it shall be divided equally among the children entitled thereto. In the event there are no surviving children or no widow entitled to receive the payments provided for in this act, any dependent parents of the deceased member shall receive the monthly payments the widow would have received had she survived and not remarried. In the event that there are no surviving children, widow or dependent parents entitled to receive the payments provided for in this act, the deceased member's contributions or the remainder of his contributions shall be paid to his estate.

Section 9.5. eligible to the benefits of the fund.

Any person previously on retirement who is re-employed and reinstated as a member of the fund shall, at the time of his later retirement, be entitled to any increase in pension which has been provided for by amendments to the law prior to such later retirement.

If, however, any such reinstated member shall be totally and permanently disabled in line of duty before he shall have made such full restitution and before the expiration of the one year period, he shall be eligible to pension under this act [the Second Class City Firemen Relief Law]; but any amount to which he shall have been indebted to the fund at the date of his injury shall be repaid, if the board, in its discretion, shall so require, in such monthly payments as said board may determine, which amounts shall be deducted from his pension as and when monthly payments thereof shall be made.

(1933, P.L.1050, No.242, § 10)

Each member desiring such credit shall be required to pay to the fund an amount equal to five per centum of the salary or wages he or she would have earned had he or she been a member of the bureau of fire during the period of military service, with interest at the rate of five per centum of the amount paid into the fund.

Such service shall include service in the armed forces of the United States or active service in the Pennsylvania State Militia when it has been mobilized for internal police duty whether such armed forces or militia service occurs prior to or during such city service. [Hearing; appeals] Any hearing before the Civil Service Commission to which a person is entitled under the provisions of this act [the act of June 27, 1939, P.L.1207, No.405] shall be held by said commission within a period of fifteen days from the date of the request therefor. Any person aggrieved by the findings of the commission shall have the right to appeal to the court of common pleas of the county.

(1939, P.L.1207, No.405, § 3.3)

Section 4. [Reinstatement] Reinstatements as employees in said bureaus of fire and as fire alarm operators and fire alarm box inspectors in said bureaus of electricity may be made without any restriction or restrictions as to time. No examination other than a physical examination, as directed by the Civil Service Commission, shall be required in any case of reinstatement. Any person so reinstated shall be the lowest in rank in the bureau in which he shall be reinstated, next above the probationers in such bureau. No person employed in a competitive position in any bureau of fire or as a fire alarm operator or as a fire alarm box inspector in any bureau of electricity, in any city of the second class, shall be eligible for

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

promotion from a lower grade to a higher grade until such person shall have completed at least two years' service in said lower grade.
(1939, P.L.1207, No.405, § 4)

Section 5. [Court of inquiry or trial] No employe in the competitive class in any bureau of fire in any city of the second class, except any such employe who has been convicted of a felony and whose appellate remedies have been exhausted shall be removed, discharged, or suspended for any period as a penalty, or reduced in rank or pay without his written consent, except for just cause which shall not be religious or political, nor in any event, except by the decision of a court, either of trial or inquiry, duly determined and certified in writing to the mayor, and approved in writing by the mayor, which court shall be composed of three persons employed in said bureau of fire equal or superior in rank therein to the accused. Such decision shall only be determined by trial of charges, with plain specifications made by or lodged with the director of the department of public safety, of which trial the accused shall have due notice, and at which he shall have the right to be present in person and also by a brother employe or an attorney at law to act as his counsel. The persons composing such court shall be appointed as hereinafter provided, and shall be sworn by the director of the department of public safety to perform their duties impartially and without fear or favor; and the person of highest rank in said court shall have the same authority to issue and enforce process to secure the attendance of witnesses, and to administer oaths to witnesses, as is possessed by any justice of the peace of this Commonwealth. If said persons shall be equal in rank, then the persons composing such court shall select one of their number to exercise said authority. Such charges may be of disability for service, in which case the court shall be one of inquiry, whose decision may be for the honorable discharge from the service of the employe concerned; or of neglect or violation of law or duty, inefficiency, intemperance, disobedience of orders, or unbecoming official or personal conduct, in which cases the court shall be one of trial, and its decision shall authorize the director of the department of public safety to impose fines and pecuniary penalties, to be stopped from pay, or to suspend from pay or duty, or both, for a period fixed by them, not exceeding one year, or to dismiss from the service. It shall be lawful for the director of the department of public safety, at his discretion, to suspend from duty, before trial, any employe charged as aforesaid, until such trial can be had, with or without pay, as such court shall afterwards determine, but no trial shall be delayed for more than one month after the charge has been made.

Any employe in the competitive class in any bureau of fire in any city of the second class convicted of a felony shall be summarily dismissed from employment by the director of the department of public safety.
(1939, P.L.1207, No.405, § 5)

Section 6. [Selection of court; decision, hearing and appeal] The members of such court of inquiry or trial shall be selected as follows: The director of the department of public safety shall in the presence of the employe charged and his brother officer or attorney at law acting as his counsel, as aforesaid, cause the names of at least fifty employes of the bureau of fire, who hold a position in the competitive class, equal or superior in rank to the employe under charges, to be written upon separate slips of paper of the same size, color and texture, and folded or rolled so that the names thereon cannot be distinguished until drawn as hereinafter provided, cause said slips to be placed in a box or other receptacle properly adapted for the drawing therefrom of names by law, as hereinafter provided. Said fifty names so deposited shall be provided as follows: The director of the department of public safety shall supply twenty-five thereof and the employe so charged shall supply twenty-five thereof. When said names shall have been so deposited in said box or receptacle, the same shall be thoroughly shaken by some disinterested person until said slips of paper shall have been thoroughly mixed, and thereupon such disinterested person shall draw therefrom singly and by law seven names, and the director of the department of public safety and the person so charged shall each in order be entitled to exercise alternate challenges until the names of three persons are left and said three persons shall compose said court either of trial or inquiry as the case may be. In the event that

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

there should not be fifty employes of the bureau of fire holding positions in the competitive class, equal or superior in rank to the employe under charges, then the names of all such employes equal or superior in rank to the employe under charges shall be so placed in said box and drawn therefrom and said court of trial or inquiry selected in the manner hereinabove described or as nearly in such manner as may be possible in the circumstances. Any employe so charged may waive by his written consent the selection of a board by agreeing to the board that has already been chosen. Any employe so charged, if he shall demand it in writing, shall be furnished promptly without cost or expense to him, a transcript of the testimony taken before said court of inquiry or trial, duly certified by the official reporter.

After said decision of said court shall have been duly determined, certified in writing to the mayor and approved by the mayor in writing, the director of the department of public safety shall before imposing the penalty so determined, furnish the person so charged with a written statement of the reasons for his said action and shall afford the person so charged a period of at least five days within which to make reply thereto, if he so desires. In every case of such removal, discharge, suspension, reduction or fine, a copy of the statement of the reasons therefor, and the written answer thereto of the person so sought to be penalized, if any, together with a transcript of the proceedings and decision of said trial court shall be furnished forthwith to the Civil Service Commission and entered upon its records. If the employe affected shall demand it, the Civil Service Commission shall upon his written request therefor, grant him a public hearing, which hearing shall be held within a period of fifteen days from his said request. At such hearing, the burden of proof shall be upon the removing officer to justify his action. If the Civil Service Commission shall fail to sustain the action of the removing officer, the person sought to be removed shall be reinstated with full pay for the entire period during which he may have been prevented from performing his usual employment and no charges shall be recorded against him. A written record of all testimony taken at such hearing shall be kept and preserved by the Civil Service Commission, which record shall be sealed and not be available for public inspection unless an appeal be taken by the employe from the action of the commission. Any employe so charged, if he shall demand it in writing, shall be furnished promptly without cost or expense to him, a transcript of the testimony taken before said Civil Service Commission, duly certified by the official reporter. The court shall proceed to hear said appeal upon the record and no additional evidence shall be introduced. The power to suspend shall in no event be for minor or petty offenses or for political or religious reasons.
(1939, P.L.1207, No.405, § 6)

Section 7. [Procedure for reduction in number] If, for reasons of economy, lack of funds, abolition of position or positions, or for any other reason it becomes necessary for any city of the second class to reduce the number of employes of its bureau of fire or the number of fire alarm operators or fire alarm box inspectors in its bureau of electricity, then the city shall follow the following procedure:

First: If there are any employes in its bureau of fire, fire alarm operators or fire alarm box inspectors eligible for retirement under the terms of any pension fund, then such reduction in numbers shall be made by retirement on pension of all the oldest in age and service.

Second: If the number of employes in its bureau of fire, fire alarm operators and fire alarm box inspectors eligible for retirement under the pension fund of said city, if any, is insufficient to effect the reduction in number desired by said city, or if there is no eligible person for retirement, or if no pension fund exists in said city, then the reduction shall be effected by suspending the last man or men, including probationers, that have been appointed. Such removal shall be accomplished by suspending in numerical order, commencing with the last man appointed, all recent appointees until such reduction shall have been accomplished. Whenever the number of such employes in the bureau of fire or fire alarm operators or fire alarm box inspectors in the bureau of electricity shall again be increased in numbers, or if any vacancies occur, the employes suspended under the terms of this act [the act of June 27, 1939, P.L.1207, No.405] shall be reinstated to their former class before any new appointees are appointed.

(1939, P.L.1207, No.405, § 7)

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

Section 7.1. [Penalties] Whoever knowingly makes an appointment or a promotion or a transfer in the competitive class in the bureau of fire in any city of the second class contrary to the provisions of this act [the act of June 27, 1939, P.L.1207, No.405], or wilfully refuses or neglects otherwise to comply with or to conform to any of the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be sentenced to pay a fine of not less than fifty dollars (\$50) nor more than five hundred dollars (\$500), or undergo imprisonment not exceeding six months, or both.

Chapter 10. Cities of the Second Class A

Section 1. [Removal or dismissal] Be it enacted, &c., That no regularly appointed policeman in cities of the second class, and no regularly appointed policeman or fireman in cities of the second class A, shall be removed or dismissed without his written consent, except by the decisions of court, either of trial or inquiry, duly determined and certified in writing to the mayor, which court shall be composed of three persons belonging to the police or fire force equal or superior in official position therein to the accused. Such decisions shall only be determined by trial of charges, with plain specifications made by or lodged with the director of the department of public safety, of which trial the accused shall have due notice, and at which he shall have the right to be present in person and also by a brother officer to act as his counsel. The persons composing such court shall be appointed as hereinafter provided, and shall be sworn by the director of the department of public safety to perform their duties impartially and without fear or favor; and the person of highest rank in such court shall have the same authority to issue and enforce process to secure the attendance of witnesses, and to administer oaths to witnesses, as is possessed by any justice of the peace of this Commonwealth.

Such charges may be of disability for service, in which case the court shall be one of inquiry, whose decisions may be for the honorable discharge from the service of the person concerned; or of neglect or violation of law or duty, inefficiency, intemperance, disobedience of orders, unbecoming official or personal conduct, and, in cities of the second class A, intoxication while on duty, in which cases the court shall be one of trial, and its decision may authorize the director of the department of public safety to impose fines and pecuniary penalties to be stopped from pay, or to suspend from pay or duty, or both, for a period fixed by them, not exceeding one year, or to dismiss from the service: Provided, That in cities of the second class A where the charge is intoxication while on duty and a trial court finds the defendant guilty, the mayor shall suspend the convicted officer for a period of thirty days without pay: Provided, That the defendant has not been convicted of any similar offense within a period of five years last preceding the effective date of this statute [the act of April 14, 1931, P.L.38, No.30].

If the said fireman or policeman shall be convicted a second time on a charge of intoxication while on duty after the effective date of this act, then the mayor shall suspend him for a period of six months without pay, and, upon the third conviction for intoxication while on duty after the effective date of this act, the mayor shall dismiss said fireman or policeman from the service.

If the accused shall have been convicted once within five years last preceding the effective date of this act on a charge of intoxication while on duty, then his first conviction after the effective date of this act on a charge of intoxication while on duty, he shall be suspended for a period of six months without pay, and, upon his second conviction after the effective date of this act on a charge of intoxication while on duty, the mayor shall suspend him for one year without pay, and, upon the third conviction after the effective date of this act on a charge of intoxication while on duty, he shall be dismissed by the mayor from the service.

If the accused shall have been convicted twice within five years last preceding the effective date of this act on charges of intoxication while on duty, then, upon his first conviction after the effective date of this act on a charge of intoxication while on duty, he shall be suspended from

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

the service without pay for a period of one year, and, upon his second conviction after the effective date of this act on a charge of intoxication while on duty, he shall be dismissed from the service.

If the accused shall have been convicted three or more times within five years last preceding the effective date of this act on charges of intoxication while on duty, then, upon his conviction after the effective date of this act on a charge of intoxication while on duty, he shall be dismissed from service.

In all cases involving intoxication while on duty, the sentence shall be imposed by the mayor of said city of the second class A, and a plea of guilty shall be considered a conviction for the purposes of this amendment, and shall be in writing.

It shall be lawful for the director of the department of public safety, at his discretion, to suspend from duty before trial any person charged, as aforesaid, until such trial can be had, with or without pay, as such court shall afterwards determine, but no trial shall be delayed for more than one month after charge has been made.

The finding of the court of trial or inquiry, as aforesaid, shall be of no effect until approved by the mayor, except in cases of conviction for intoxication while on duty in cities of the second class A; upon conviction of intoxication while on duty in such cities, the trial board shall immediately certify its findings to the mayor, who shall thereupon impose sentence on the convicted in the manner herein set forth.

(1931, P.L.38, No.30, § 1)

Section 2. [Court of trial or inquiry in cities of the second class A] The members of such court of inquiry or trial shall be selected as follows, namely: The director of the department of public safety shall, in the presence of the accused and a brother officer acting as his counsel, as aforesaid, cause the names of at least twenty-five members in said police or fire department, equal or superior in rank to the accused, to be written upon separate slips of paper of the same size, color and texture, and folded or rolled so that the names thereon cannot be distinguished until drawn as hereinafter provided, cause said slips to be placed in a box from which the same are to be drawn by lot by some disinterested person until seven names have been drawn therefrom; whereupon the director of the department of public safety and the accused shall each in order be entitled to exercise challenges until only three names are left, and said three persons shall compose said court, either of trial or inquiry, as the case may be.

(1931, P.L.38, No.30, § 2)

[Pension funds] There shall be paid over, as hereinafter provided, to the organization or association constituting and having in charge the distribution of police and firemen's pension funds in every city of the second class A, three per centum (3%) of all city taxes collected by the city, other than taxes levied to pay interest on or to extinguish the debt of the city, or any part thereof, to be divided equally between the police and firemen's association or organization. In addition to the three per centum (3%) of city taxes required to be paid pursuant to this section, moneys shall be appropriated by cities of the second class A to organizations and associations distributing police and firemen's pension funds, whenever necessary to enable the organizations or associations to pay the amounts of minimum pensions prescribed by act of Assembly, pursuant to section 11 of article III of the Constitution of Pennsylvania. In addition to the above payments and appropriations, moneys shall be appropriated by cities of the second class A to organizations and associations distributing police and firemen's pension funds, whenever necessary, to entitle any policeman or fireman who is a member of the pension fund and who served in the armed forces of the United States subsequent to September 1, 1940, and who was not a member of the police or firemen's pension funds prior to such military service, and who commenced employment as a policeman or fireman in a city of the second class A after the date of release from active duty to have full credit for each year or fraction thereof, not to exceed five (5) years of such service upon his payment to the police or firemen's pension fund an amount equal to that which he would have paid had he been a member during the period for which he desires credit computed with reference to the compensation he received upon entry into city service as a policeman or fireman and his current percentage of salary deductions, and an additional amount as the equivalent of the contributions of the city on account of such military service, which amount may be paid in a lump sum or by installments as may be approved by the organizations or associations distributing pension funds to police and firemen.

(1947, P.L.1242, No.507, § 1)

Section 2. [Administration] The organizations herein mentioned shall consist only of such as are by city ordinance designated as the official and authorized organization or association to hold, receive and distribute the funds or moneys for the purpose of pensioning the police or firemen of said cities [of the second class A].

The hours of day service shall not exceed ten, commencing at eight o'clock in the morning; the hours of night service shall not exceed fourteen, commencing at six o'clock in the afternoon. The hours of day service shall not exceed fifty hours in any one calendar week and the hours of night service shall not exceed seventy hours in any one calendar week, unless the hours of day and night service shall be equalized, in which case neither the hours of day or night service shall exceed fifty-six in any one calendar week. (1949, P.L.1489, No.446, § 1)

Section 1. [Minimum pension allowance; increases] (a) Any policeman or fireman who, at the time this reenacting and amending act [the act of September 21, 1959, P.L.919, No.366] becomes effective or thereafter, is a beneficiary under any policemen's or firemen's pension or retirement system which was established by any city of the second class A, or to which any such city has made financial contributions or appropriations shall be paid not less than one hundred forty dollars (\$140.00) per month.

(b) A city of the second class A may grant a cost-of-living increase to persons receiving an allowance from either the police or firemen's pension system, by reason of, and after termination of the services of any member of the retirement systems. The total allowance from the systems shall not exceed one-half of the salary currently paid to a patrolman or fireman of the highest pay grade.

(c) Retired members of the police and firemen's pension funds may receive an increase in their retirement allowance whenever active members of the system receive an increase in salary. The increase in allowance, when granted, shall be one-half of the salary increase paid to a policeman or fireman of the highest pay grade.

(d) Retirement allowance increases or cost-of-living increases shall not be granted unless the police or firemen's pension systems are actuarially sound and able to maintain the increases and allowances to retired members.

(1951, P.L.1254, No.295, § 1)

Section 2. [Funding] The annual appropriation made by such city, whether or not it retains its classification as a city of the second class A, shall be sufficient, when added to the contributions made by members during such year, sums received from tax distributions, and income from investments, to pay in full the retirement allowance payable during such year.

(1951, P.L.1254, No.295, § 2)

Section 3. [Applicability] The provisions of this act [the act of August 17, 1951, P.L.1254,

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

No.295] shall not be applied so as to result in a reduction of the monthly payments to any beneficiary now receiving such payments.
(1951, P.L.1254, No.295, § 3)

Section 4. [Increase] Any increase in pension payment received by any person under the provisions of this act [the act of August 17, 1951, P.L.1254, No.295] shall be deemed cost-of-living increases, and shall not be construed as a permanent and binding obligation of the pension fund which will, in perpetuity, entitle present and future pensioners to secure pensions predicated upon such increases. Such increased pensions shall be subject to revision by the General Assembly in the event of a decline or a rise in the cost of living. In no event shall any decrease in living costs result in decreasing the pension payments in effect prior to the passage of this act.
(1951, P.L.1254, No.295, § 4)

Section 1. [Fund authorized] In addition to the authority which cities of the second class A now have to provide by ordinance for a fund for the care, maintenance and relief of aged, retired, disabled, or injured policemen or firemen and the families of such as may be injured or killed in the service, authority is now given for such cities to provide by ordinance for a fund for aged widows of former policemen or firemen who were retired on pension at the time of their death.

Chapter 11. Cities of the Third Classification

Subchapter A. General Provisions

Section 102. Purpose and legislative intent.

* * *

(b) Legislative intent.--The General Assembly finds and declares as follows:

* * *

(3) Policies of certain municipalities are so ineffective and the financial conditions so severe that the provision of vital and necessary services is threatened.

* * *

(1987, P.L.246, No.47, § 102)

Section 252. Plan not affected by certain collective bargaining agreements or settlements.

(a) General rule.--Except as provided in subsection (b), a collective bargaining agreement or arbitration settlement executed after the adoption of a plan shall not in any manner violate, expand or diminish its provisions.

(b) Arbitration settlements for policemen and firemen.--An arbitration settlement rendered under the act of June 24, 1968 (P.L.237, No.111), referred to as the Policemen and Firemen Collective Bargaining Act, may deviate from the plan, but only if the arbitration settlement:

(1) except as set forth in subsection (b.1), will not cause the distressed municipality to exceed any limits on expenditures for individual collective bargaining units imposed under the plan;

(2) will not further jeopardize the financial stability of the distressed municipality, as measured by the criteria set forth in section 201; and

(3) is not inconsistent with the policy objectives set forth in section 102(a) to relieve the financial distress of the distressed municipality.

(b.1) Exception.--Subsection (b)(1) shall not apply to a limit on expenditures for an individual bargaining unit that is determined to be arbitrary, capricious or established in bad faith.

(c) Hearing before board of arbitration and expert testimony.--The issue of whether an arbitration settlement deviating from the plan satisfies the criteria under subsection (b) and any

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

exception under subsection (b.1) must be determined by a board of arbitration appointed under the Policemen and Firemen Collective Bargaining Act and reflected in findings of fact that are supported by substantial evidence and consistent with this section. During the hearing, the testimony of experts in municipal finance, called by the distressed municipality or the collective bargaining organization, is admissible as evidence before the board. An arbitration settlement deviating from the plan must be supported by the credible testimony of an expert in municipal finance that the arbitration settlement satisfies the criteria in subsection (b) and any exception under subsection (b.1). For purposes of this subsection, the term "expert in municipal finance" means an individual holding an advanced degree who has at least eight years of experience in issues relating to municipal finance.

(d) Review by coordinator.--An arbitration settlement deviating from the plan under subsection (b) must be provided to the coordinator by the chairman of the board of arbitration within 48 hours of issuance. The coordinator shall review the arbitration settlement to determine whether it violates this section.

(e) Appeal.--The distressed municipality, collective bargaining organization and the coordinator or secretary have the right to appeal to Commonwealth Court from an arbitration settlement which deviates from the plan under subsection (b).

(1) An appeal must be commenced not later than 30 days after issuance of the arbitration settlement.

(2) The record of the arbitration settlement becomes part of the record on appeal. The court may also supplement the record.

(3) To the extent an appeal alleges that an arbitration settlement violates this section, the standard of review governing an appeal from an arbitration settlement governed by this section shall be de novo. The court shall not be bound by the factual or legal conclusions of the board of arbitration. Nothing in this subsection shall be construed to otherwise affect the scope or standard of review applicable to certiorari review of arbitration awards.

(4) The coordinator's decision setting a limit on expenditures for an individual collective bargaining unit under section 241(11) shall not be disturbed on appeal unless the limit is determined to be arbitrary, capricious or established in bad faith.

(a) Formation.--The [service district] administrator shall, within 90 days following appointment and in consultation with the department [of Community and Economic Development], develop an essential services plan to provide essential services after the date of disincorporation. The essential services plan shall provide for:

(1) Negotiation of contracts for the provision of vital and necessary services, not otherwise provided by an authority, as defined under Chapters 6 and 7. If the municipality participates in a regional police or fire department through an intergovernmental cooperation agreement, the essential services plan may provide for continued service from that regional department by contract or by renegotiating the intergovernmental cooperation agreement.

(2) Local emergency management in accordance with the plan and program of the

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

Pennsylvania Emergency Management Agency. The administrator shall consult with the emergency management organization of the county where the district is located to develop a plan which serves the district in a substantially similar manner as plans required for a political subdivision under 35 Pa.C.S. Ch. 75 Subch. A (relating to general provisions). The plan shall include a procedure for a declaration of a disaster emergency to be made in the district and the designation of a local coordinator of emergency management. (3) For payment of pensions to members for permanent injury incurred in service and to families of members killed or who die in service, the amount and commencement of the payment of pensions shall be fixed by regulations of the board of managers. These regulations shall not take into consideration the amount and duration of workers' compensation allowed by law. Payments to surviving spouses of members retired on pension or killed in service on or after January 1, 1960, or who die in service on or after January 1, 1968, shall be the amount payable to the member or which would have been payable had the member been retired at the time of the member's death.

(1) A service increment shall be the sum obtained by computing the number of whole years after having served the minimum required by this chapter during which a contributor has been employed by the city and paid out of the city treasury, including credit for military service as provided in section 14321 (relating to retirement and final discharge), and multiplying the number of years by an amount equal to 0.025% of the retirement allowance which has become payable to the contributor in accordance with the provisions of this chapter. In computing the service increment, no employment after the contributor has reached 65 years of age shall be included and no service increment shall be paid in excess of \$100 per month.

(2) After September 18, 1968, each contributor shall pay into the pension fund a monthly sum in addition to the contributor's pension contribution which shall not exceed the sum of \$1 per month, provided that the service increment contribution shall not be paid after a contributor has reached 65 years of age.

(3) Any individual who is a member of the department on September 18, 1968, and who has reached 65 years of age shall have the individual's service increment computed

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

on the years of employment prior to the member reaching 65 years of age.

(4) Service increment contributions shall be paid at the same time and in the same manner as pensions and may be withdrawn in full, without interest, by individuals who leave the employment of the city, subject to the same conditions by which retirement contributions may be withdrawn, or by individuals who retire before becoming entitled to any service increment.

(5) All members of the fire department who are now contributors to the pension fund and all those employed by the city after September 18, 1968, if required to become contributors to the pension fund, shall be subject to the provisions of this chapter.

(6) After June 19, 2002, a city may agree to make service increment payments in excess of \$100 per month as long as the payments do not exceed \$500 per month, and, in computing the service increments, no employment after the contributor has reached 65 years of age shall be included, provided that any agreement to provide an increase in service increment payments shall include a proportionate increase in the amount each contributor shall pay into the retirement fund under paragraph (2), not to exceed \$5 per month.

(b) Uniform scale.--Increases made pursuant to this section shall be in conformity with a uniform scale, which may be based on the cost of living, but the total of the allowances shall not, at any time, exceed one-half of the current salary being paid firefighters of the highest pay grade.

the merit and fitness of the individuals examined to discharge the duties of the employment sought by them. All examinations shall be open to all applicants who have the minimum qualifications required by the rules and regulations. Each applicant for examination for an original position shall:

- (1) be subject to the regulations adopted by the commission;
- (2) either before or after the written examination, submit to a physical fitness or agility examination that is job-related and consistent with business necessity;
- (3) if made a conditional offer of employment, be given a physical and psychological medical examination in accordance with section 643; and
- (4) be subject to a background investigation. Background investigations may be restricted to those candidates on an eligibility list or those to be certified to the board of commissioners for appointment in accordance with section 638.

(a.1) An applicant for promotion shall be subject to the regulations adopted by the commission and to examination and selection in accordance with section 642. A physical fitness or agility examination that is job related and consistent with business necessity and physical and psychological medical examinations may, but need not, be required for promotions.

(b) Public notice of the time and place of every examination, together with the information as to the kind of position to be filled, shall be given by publication once in a newspaper of general circulation at least two weeks prior to each examination, and a copy of the notice shall be prominently posted in the office of the commission or other public place.

(c) The commission shall post in its office the eligibility list containing the names and grades of those who have passed the examination.

- (2) is physically unfit for the performance of the duties of the position or employment for which the applicant has applied;
- (3) is illegally using a controlled substance as defined in the Controlled Substances Act (Public Law 91-513, 21 U.S.C. § 802);

At the public hearing, the applicant or individual aggrieved may appear with or without counsel and the commission shall take testimony and review the commission's refusal to provide the examination or certification. The deliberations of the commission regarding the matter, including interim rulings on evidentiary or procedural issues, may be held in the nature of a closed executive session. The commission's disposition of the

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

matter shall constitute official action which shall occur at a public meeting held pursuant to 65 Pa.C.S. Ch. 7 (relating to open meetings) and the commission's decision on the matter shall be final.

(1931, P.L.1206, No.331, § 637)

Section 638. Eligibility List and Manner of Filling Appointments.--(a) At the completion of the testing process, including a physical agility or other examination, with the exception of a background investigation to be conducted after the establishment of an eligibility list and physical and psychological medical examination under section 643, the commission shall rank the candidates who have satisfied the minimum requirements for appointment on an eligibility list. The eligibility list shall contain the names of individuals eligible for appointment listed from highest to lowest based on their scores on the examinations administered by the commission and any points for which the applicant was entitled by virtue of 51 Pa.C.S. Ch. 71 (relating to veterans' preference). The eligibility list will be valid for one year from the date the commission formally adopts the eligibility list. Prior to expiration of the one-year period, the commission may extend the validity of the eligibility list for up to an additional twelve (12) months by a majority vote of the commission at a duly authorized commission meeting. In the absence of a lawful extension by the commission, the list shall expire.

(b) Except as provided under subsection (c), an original position or employment in the police force or as a paid firefighter, except for the chief of police or chief of the fire department or an equivalent official, shall be filled only in the following manner:

(1) The board of commissioners shall notify the commission of a vacancy which is to be filled and shall request the certification of an eligibility list.

(2) For each vacancy, the commission shall certify three individuals from the eligibility list, or a fewer number of individuals if three individuals are not available, who have received the highest average for the vacancy.

(3) The board of commissioners shall make a conditional appointment from the certified individuals by the commission based solely on the merits and fitness of the certified individuals, unless the board of commissioners objects to the commission regarding one or more of the certified individuals for a cause specified under section 637.

(4) If any objections are sustained by the commission under paragraph (3), or if the conditional appointee is determined to be unqualified in accordance with the procedures set forth under section 643, the commission shall strike the name of the individual from the eligibility list and certify the next highest individual from names stricken from the eligibility list.

(b.1) The procedure under subsection (b) shall be used to fill each subsequent vacancy that occurs in the same or another position.

(c) A vacancy in an existing position in the police force or as a paid firefighter which occurs as a result of retirement, resignation, disability or death may be filled by the board of commissioners by the reappointment or reinstatement of a former employe of the police force or fire department who had previously complied with this section. No examination, other than a physical examination as directed by the civil service commission, shall be required in a case of reappointment or reinstatement to the force or department with which the employe previously served, except at the discretion of the board of commissioners or as otherwise required by law.

(d) In the case of a vacancy in the office of chief of police or chief of the fire department or equivalent official, the board of commissioners may nominate an individual to the commission. The commission shall subject the nominee to a noncompetitive examination. If the nominee is certified by the commission as qualified, the nominee may be appointed to the position and shall be subject to the provisions of this subdivision.

(1931, P.L.1206, No.331, § 638)

Section 639. Age; Applicant's Residence.--No individual shall be eligible to apply for examination unless the individual is at least 18 years of age at the date of application. The board of commissioners may accept applications from nonresidents of the township [of the first class] and may require nonresident police officers and nonresident paid firefighters to become residents of the township after appointment to the positions. The rules and regulations of the

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

civil service commission shall reflect the residency requirements of the board of commissioners or a collective bargaining agreement or award.
(1931, P.L.1206, No.331, § 639)

Section 640. Probationary Period.--(a) An original appointment to a position in the police force or as a paid firefighter shall be for a probationary period of not less than six months and not more than one year, but during the probationary period an appointee may be dismissed only for a cause specified in section 637 or because of incapacity for duty due to the use of alcohol or drugs.

(b) If, at the close of a probationary period, the conduct or fitness of the probationer has not been satisfactory to the board of commissioners, the probationer shall be notified in writing that the probationer will not receive a permanent appointment and the appointment shall cease. If the probationer is not notified or dismissed in accordance with this section, the probationer's retention shall be equivalent to a permanent appointment.

(c) The decision of a township to suspend or discharge a probationer shall be final and shall not be subject to the hearing provisions under section 645. The decision of a township to suspend or discharge a probationer shall be rendered in accordance with 65 Pa.C.S. Ch. 7 (relating to open meetings).
(1931, P.L.1206, No.331, § 640)

Section 641. Provisional Appointments.--(a) If there are urgent reasons for the filling of a vacancy in a position in the police force and there are no names on the eligibility list for the appointment, the board of commissioners may nominate an individual to the commission for a noncompetitive examination. If the nominee is certified by the commission as qualified after the noncompetitive examination, the nominee may be provisionally appointed to fill the vacancy.

(b) Within 90 days of the provisional appointment under subsection (a), the commission shall hold a competitive examination, certify an eligibility list and make a regular appointment to the position in accordance with section 638 from the names submitted by the commission. Nothing in this section shall be construed to prevent the appointment without an examination of individuals temporarily as police officers in cases of riot or other emergencies or firefighters in emergency cases.
(1931, P.L.1206, No.331, § 641)

Section 642. Promotions.--(a) A promotion shall be based on merit to be ascertained by an examination to be prescribed by the commission. All questions relative to a promotion shall be practical in character and fairly test the merit and fitness of individuals seeking promotion.

(b) The board of commissioners shall notify the commission of a vacancy on the police force or fire department which is to be filled by promotion and shall request the certification of an eligibility list.

(c) The commission shall certify for each vacancy the names of three individuals on the eligibility list who have received the highest average in the last promotion examination held within a period of two years preceding the date of the request for the eligibility list. If three names are not available, the commission shall certify the names remaining on the eligibility list. The board of commissioners shall make an appointment from the names certified, based solely on the merits and fitness of the candidate, unless the board of commissioners make objections to the commission regarding any individual on the eligibility list for any reason provided under section 637.

(d) The board of commissioners may determine in each instance whether an increase in salary constitutes a promotion.
(1931, P.L.1206, No.331, § 642)

Section 643. Physical and Psychological Medical Examinations.--(a) An applicant selected from the eligibility list shall receive a conditional offer of employment. The offer of employment shall be conditioned upon the conditional employee undergoing a physical and psychological medical examination and a determination that the conditional employee is

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

capable of performing all the essential functions of the position. Physical medical examinations shall be conducted under the direction of a physician or other qualified medical professional. Psychological medical examinations shall be conducted under the direction of a psychiatrist or psychologist.

(b) The physician, other qualified medical professional, psychiatrist or psychologist shall be appointed by the board of commissioners and shall render an opinion as to whether the conditional appointee has a physical or mental condition which calls into question the individual's ability to perform all of the essential functions of the position for which the individual was conditionally appointed.

(c) If the opinion rendered by the physician, other qualified medical professional, psychiatrist or psychologist calls into question the conditional appointee's ability to perform all essential functions of a position, an individual designated by the board of commissioners shall meet with the conditional appointee for the purpose of having one or more interactive discussions on whether the conditional appointee can, with or without reasonable accommodation, perform all the essential functions of the position.

(d) If, at the conclusion of the interactive discussion conducted under subsection (c), the board of commissioners determine that the conditional appointee is not qualified, the board of commissioners shall give written notice to the conditional appointee and the commission.

(e) Nothing in this subdivision shall be construed to authorize physical or psychological medical examinations prior to conditional appointment.

(f) As used in this section, the following words and phrases shall have the meanings given to them in this subsection unless the context clearly indicates otherwise:

"Medical examination" shall mean any examination, procedure, inquiry or test designed to obtain information about medical history or a physical or mental condition which might disqualify an applicant if it would prevent the applicant from performing, with or without a reasonable accommodation, all of the essential functions of the position.

* * *

"Qualified medical professional" shall mean an individual, in collaboration with or under the supervision or direction of a physician, as may be required by law, who is licensed:

(1) as a physician assistant pursuant to the act of December 20, 1985 (P.L.457, No.112), known as the "Medical Practice Act of 1985," or the act of October 5, 1978 (P.L.1109, No.261), known as the "Osteopathic Medical Practice Act"; or

Section 644. Removals.--(a) An individual employed in a police or fire force of a township may not be suspended without pay, removed or demoted except for the following reasons:

(1) Physical or mental disability affecting the individual's ability to continue in service, in which case the individual shall receive an honorable discharge from service.

(2) Neglect or violation of any official duty.

(3) Violation of any law of this Commonwealth, if the violation constitutes a misdemeanor or felony.

(4) Inefficiency, neglect, intemperance, disobedience of orders or conduct unbecoming an officer.

(5) Intoxication while on duty.

(6) Engaging or participating in the conduct of a political or election campaign otherwise than to exercise the individual's own right of suffrage, except that this clause shall only apply to a police officer while on duty or in uniform or while using township property.

(7) Engaging or participating in the conduct of a political or election campaign for an incompatible office under section 1401.

(a.1) An individual employed by a police or fire force may not be removed for religious, racial or political reasons.

(a.2) A written statement of charges made against an individual employed shall be

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

furnished to the individual within five days after the same statement of charges are filed with the commission. The individual shall have 10 days from the date of receiving the notice to submit a written request for a hearing to the commission under section 645.

(b) If, for reasons of economy or other reasons, it shall be deemed necessary by a township to reduce the number of paid employes of the police or fire force, the township shall furlough the individual, including a probationer, last appointed to the respective force. The removal shall be accomplished by furloughing in numerical order commencing with the individual last appointed until the reduction shall have been accomplished. If the police or fire force shall again be increased, the employes furloughed shall be reinstated in the order of their seniority in the respective service. This subsection, as to reductions in force, is not applicable to a chief of police or fire chief.
(1931, P.L.1206, No.331, § 644)

Section 645. Hearings on Dismissals and Demotions.--(a) An individual suspended, removed or demoted may make written answers to charges filed against the individual not later than the day scheduled for the hearing. The commission shall grant the individual a hearing which shall be held within a period of ten days from the filing of written charges, unless continued by the commission for cause at the request of the board of commissioners or the accused. The failure of the commission to hold a hearing within ten days from the filing of the written charges shall not result in the dismissal of the charges filed.

(b) At a hearing, the individual against whom the charges are made may be present in person and by counsel. The board of commissioners, or the chief of police or fire chief, as applicable, when the board of commissioners is not in session, may suspend the individual without pay pending the determination of the charges against the individual, but if the commission fails to uphold the charges, the individual sought to be suspended, removed or demoted shall be reinstated with full pay for the period during which the individual was suspended, removed or demoted, and no charges shall be officially recorded against the individual's record.

A stenographic record of all testimony taken at the hearings shall be filed with and preserved by the commission, which record shall be sealed and not be available for public inspection if the charges are dismissed.

(c) All parties shall have immediate right of appeal to the court of common pleas of the county, and the case shall there be determined as the court deems proper. No order of suspension made by the commission shall be for a longer period than one year. The appeal shall be taken within 30 days from the date of entry by the commission of its final order and shall be by petition. Upon the appeal being taken and docketed, the court of common pleas shall schedule a day for a hearing and shall proceed to hear the appeal on the original record and additional proof or testimony as the parties concerned may desire to offer in evidence. The decision of the court affirming or reversing the decision of the commission shall be final and the employe shall be suspended, discharged, demoted or reinstated in accordance with the order of the court.

(d) The board of commissioners and the individual sought to be suspended, removed or demoted shall at all times have the right to employ counsel before the commission and upon appeal to the court of common pleas. Unless the board of commissioners or the individual sought to be suspended, removed or demoted requests that the proceedings before the commission be open to the public, the proceedings before the commission under this section shall be held in the nature of a closed executive session that shall not be open to the public. The request shall be presented to the commission before the civil service hearing commences. The deliberations of the commission, including interim rulings on evidentiary or procedural issues, may be held in private and shall not be subject to a request for being open to the public by the board of commissioners or the individual sought to be suspended, removed or demoted. The commission's disposition of the disciplinary action shall constitute official action which shall occur at a public meeting held under 65 Pa.C.S. Ch. 7 (relating to open meetings).

(e) In any case in which a police officer or firefighter who is a member of a bargaining unit is subject to suspension, discharge or discipline, the police officer or firefighter shall have the

PENNSYLVANIA LAWS RELATING TO EMERGENCY SERVICES

option of challenging the suspension, discharge or discipline imposed by using the procedures provided in this section or by a proceeding in grievance arbitration. A choice to proceed either by the procedures provided for in this section or by grievance arbitration shall foreclose the opportunity to proceed in the alternative method.

Present Employees Exempted.--All appointments in the police or fire forces of townships [of the first class], including the chief of police or equivalent official, prior to the creation of a commission, shall continue to hold their positions and shall not be required to take any examination under the provisions of this act except that which may be required for promotion. Chapter 2. Commonwealth Assistance

Subchapter A. Fire and Emergency Medical Services Loan Program

§ 7361. Scope of subchapter [35 Pa.C.S. Ch. 73 Subch. E (relating to fire and emergency medical services loan program)].

This subchapter relates to volunteer fire companies and emergency medical services companies.
(35 Pa.C.S. § 7361)

§ 7362. Legislative findings and declaration of purpose.

(a) Findings.--The General Assembly finds that:

(1) Under the provisions of section 7(a)(3) of Article VIII of the Constitution of Pennsylvania, the voters of the Commonwealth approved by referenda on November 4, 1975, the incurring of indebtedness of \$10,000,000 and on November 3, 1981, approved the incurring of an additional \$15,000,000 of indebtedness and on November 6, 1990, approved the incurring of an additional \$25,000,000 of indebtedness for loans to volunteer fire companies, volunteer ambulance services and volunteer rescue squads for the purpose of establishing or modernizing facilities to house firefighting apparatus equipment, ambulances and rescue vehicles and for purchasing new firefighting apparatus equipment, ambulances and rescue vehicles, protective and communications equipment and any other accessory equipment necessary for the proper performance of such organizations' duties.

(2) Under the provisions of section 7(a)(3) of Article VIII of the Constitution of Pennsylvania, on November 5, 2002, the voters of this Commonwealth approved by referendum the incurring of indebtedness for the establishment of a program that utilizes capital and other related methods to enhance and improve the delivery of volunteer fire and volunteer emergency services in this Commonwealth. The General Assembly further finds that the use of up to \$50,000,000 of such indebtedness to expand the existing program providing for loans to volunteer fire companies, volunteer ambulance services and volunteer rescue squads as authorized under this subchapter [35 Pa.C.S. Ch. 73 Subch. E (relating to volunteer fire company, ambulance service and rescue squad assistance)] is an appropriate use of such indebtedness.

(b) Purpose.--The General Assembly has determined that fire companies and emergency medical services companies are most in need of loans. The General Assembly intends that the loans provided under this subchapter be used to replace outmoded or unsafe equipment and buildings of fire companies and emergency medical services companies to meet an increasing demand for a higher level of service in the communities which they serve.
